## STATUS OF FINANCIAL PROCEDURE RULES

These Financial Procedure Rules apply to every Member and officer of the authority and anyone acting on its behalf. These Financial Procedure Rules supercede all other Financial Procedure Rules and financial standing orders issued previously.
- Nothing in these Financial Procedure Rules shall be construed as overriding the provisions of legislation or any subordinate regulations from time to time in force.
- The Financial Procedure Rules identify the financial responsibilities of the Full Council, Cabinet and overview and scrutiny Members, the Head of Paid Service (Chief Executive), the Monitoring Officer, the Chief Finance Officer, and Directors. Directors should maintain a written record where decision making has been delegated to Members of their staff, including seconded and interim staff. Where decisions have been delegated or devolved to other responsible officers, such as nominated Budget Holders, references to the Director in the Financial Procedure Rules should be read as referring to them.
- All Members and staff have a general responsibility for taking reasonable action to provide for the security of the assets under their control, and for ensuring that the use of these resources is legal, is properly authorised, provides value for money and achieves best value.
- All Members and staff must conduct themselves with the highest standards of integrity and must do their utmost to ensure that suspicions do not arise concerning improper motivation and avoid conflicts of interest.
- The Chief Finance Officer is responsible for maintaining a continuous review of the Financial Procedure Rules and submitting any additions or changes necessary to the Full Council for approval. The Chief Finance Officer is also responsible for reporting, where appropriate, breaches of the Financial Procedure Rules to the Council and/or to the Cabinet.
- The issuing of these Financial Procedure Rules does not preclude the issuing of further instructions on financial matters by the Chief Finance Officer who must be consulted on any aspects of financial administration not contained within these Financial Procedure Rules.
- The authority's financial procedures, setting out how the Financial Procedure Rules will be implemented, are contained in the appendices to the Financial Procedure Rules. Detailed procedure notes issued by the Chief Finance Officer in accordance with these Financial Procedure Rules have the same status as the Financial Procedure Rules and therefore must be complied with as if they were contained within the Financial Procedure Rules.
- Directors are responsible for ensuring that all staff in their service areas are aware of the existence and content of the authority's Financial Procedure Rules and other internal regulatory documents and that they comply with them.

- The Chief Finance Officer is responsible for issuing advice and guidance to underpin the Financial Procedure Rules that Members, officers and others acting on behalf of the authority are required to follow.

- 4.7 To sign and date the statement of accounts by the statutory deadline, stating that it presents a true and fair view of the financial position of the authority at the accounting date and its income and expenditure for the year ended 31 March 20xx.

### **Responsibilities of Directors**

- 4.8 To comply with accounting guidance provided by the Chief Finance Officer and to supply the Chief Finance Officer with information when required.

## Appendix B

### Financial Planning and Management

#### **1 BUDGETING**

##### **Format of the Budget**

##### **Why is this important?**

- 1.1 The format of the budget determines the level of detail to which financial control and management will be exercised. The format shapes how the rules around virement operate, the operation of cash limits and sets the level at which funds may be reallocated within budgets.

##### **Key controls**

- 1.2 The key controls for the budget format are:
- a) the format complies with all legal requirements
  - b) the format reflects the accountabilities of service delivery.

##### **Responsibilities of the Chief Finance Officer**

- 1.3 To advise the Cabinet on the format of the budget that is approved by the Full Council.

##### **Responsibilities of Directors**

- 1.4 To comply with accounting guidance provided by the Chief Finance Officer.

##### **Budget Monitoring and Control**

##### **Why is this important?**

- 1.5 Budget management ensures that once the Full Council has approved the budget, allocated resources are used for their intended purposes and are properly accounted for. Budgetary control is a continuous process, enabling the authority to review and adjust its budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.
- 1.6 By continuously identifying and explaining variances against budgetary targets, the authority can identify changes in trends and resource requirements at the earliest opportunity. The authority itself operates within an annual cash limit, approved when setting the overall budget. To ensure that the authority in total does not overspend, each service is required to manage its own expenditure within the cash-limited budget allocated to it.

- 1.7 For the purposes of budgetary control by managers, a budget will normally be the planned income and expenditure for a service area or cost centre. However, budgetary control may take place at a more detailed level if this is required by the Director's scheme of delegation.

### **Key controls**

- 1.8 The key controls for managing and controlling the revenue budget are:
- a) Budget Holders should be responsible only for income and expenditure that they can influence
  - b) there is a nominated Budget Holder for each cost centre heading
  - c) Budget Holders accept accountability for their budgets and the level of service to be delivered and understand their financial responsibilities
  - d) Budget Holders follow an approved certification process for all expenditure
  - e) income and expenditure are properly recorded and accounted for
  - f) performance levels/levels of service are monitored in conjunction with the budget and necessary action is taken to align service outputs and budget.

### **Responsibilities of the Chief Finance Officer**

- 1.9 To establish an appropriate framework of budgetary management and control that ensures that:
- a) budget management is exercised within annual cash limits unless the Full Council agrees otherwise
  - b) each Director has available timely information on receipts and payments on each budget which is sufficiently detailed to enable managers to fulfil their budgetary responsibilities
  - c) expenditure is committed only against an approved budget head
  - d) all officers responsible for committing expenditure comply with relevant guidance, and the Financial Procedure Rules
  - e) each cost centre has a single named Budget Holder, determined by the relevant Director. As a general principle, budget responsibility should be aligned as closely as possible to the decision-making processes that commits expenditure
  - f) significant variances from approved budgets are investigated and reported by Budget Holders regularly.
- 1.10 To administer the authority's scheme of virement.
- 1.11 To submit reports to the Cabinet and to the Full Council, in consultation with the relevant Director, where a Director is unable to balance expenditure and resources within existing approved budgets under his or her control.
- 1.12 To prepare and submit reports on the authority's projected income and expenditure compared with the budget on a regular basis.

## **Responsibilities of Directors**

- 1.13 To maintain budgetary control within their departments, in adherence to the principles in 1.9, and to ensure that all income and expenditure are properly recorded and accounted for.
- 1.14 To ensure that an accountable Budget Holder is identified for each item of income and expenditure under the control of the Director (grouped together in a series of cost centres). As a general principle, budget responsibility should be aligned as closely as possible to the decision-making that commits expenditure.
- 1.15 To ensure that spending remains within the service's overall cash limit, and that individual budget heads are not overspent, by monitoring the budget and taking appropriate corrective action where significant variations from the approved budget are forecast.
- 1.16 To ensure that a monitoring process is in place to review performance levels/levels of service in conjunction with the budget and is operating effectively.
- 1.17 To prepare and submit in conjunction with the Chief Finance Officer reports to Cabinet on the service's projected expenditure compared with its budget.
- 1.18 To ensure compliance with the scheme of virement.
- 1.19 To agree with the relevant Director where it appears that a virement proposal may impact materially on another service area or Director's level of service activity.

## **Budget Preparation and Medium-term Planning**

### **Why is this important?**

- 1.20 The authority is a complex organisation responsible for delivering a wide variety of services. It needs to plan effectively and to develop systems to enable scarce resources to be allocated in accordance with carefully weighed priorities. The budget is the financial expression of the authority's plans and policies.
- 1.21 The revenue budget must be constructed so as to ensure that resource allocation properly reflects the service plans and priorities of the Full Council. Budgets (spending plans) are needed so that the authority can plan, authorise, monitor and control the way money is allocated and spent. It is illegal for an authority to budget for a deficit.
- 1.22 Medium-term planning (or a three- to five-year planning system) involves a planning cycle in which managers develop their own plans. As each year passes, another future year will be added to the medium-term plan. This ensures that the authority is always preparing for events in advance.

### **Key controls**

- 1.23 The key controls for budgets and medium-term planning are:

- a) specific budget approval for all expenditure
- b) Budget Holders are consulted in the preparation of the budgets for which they will be held responsible and accept accountability within delegations set by the Cabinet for their budgets and the level of service to be delivered
- c) a monitoring process is in place to review regularly the effectiveness and operation of budget preparation and to ensure that any corrective action is taken.

### **Responsibilities of the Chief Finance Officer**

- 1.24 To prepare and submit reports on budget prospects to the Cabinet, including resource constraints set by the Government, in accordance with the approved budget timetable. Reports should take account of medium-term prospects, where appropriate.
- 1.25 To determine the detailed form of revenue estimates and the methods for their preparation, consistent with the budget approved by the Full Council, and after consultation with the Cabinet and Directors.
- 1.26 To prepare and submit reports to the Cabinet and Full Council on the aggregate spending plans of the Council and on the resources available to fund them, identifying, where appropriate, the implications for the level of council tax or housing rent levels to be levied in accordance with statutory timetables.
- 1.27 To advise on the medium-term implications of spending decisions.
- 1.28 To encourage the best use of resources and value for money by working with Directors to identify opportunities to improve economy, efficiency and effectiveness, and by encouraging good practice in conducting financial appraisals of development or savings options, and in developing financial aspects of service planning.
- 1.29 To advise the Full Council on Cabinet proposals in accordance with his or her responsibilities under section 151 of the Local Government Act 1972.

### **Responsibilities of Directors**

- 1.30 To prepare estimates of income and expenditure, in consultation with the Chief Finance Officer, to be submitted to the Cabinet, in accordance with statutory deadlines.
- 1.31 To prepare budgets that are consistent with any relevant cash limits, with the authority's annual budget cycle and with guidelines issued by the Cabinet. The format should be prescribed by the Chief Finance Officer in accordance with the Full Council's general directions.
- 1.32 To ensure prior approval by the Full Council for new proposals that:
  - a) increase the budgetary requirement in current or future years, or
  - b) change existing policies, initiate new policies or cease existing policies, or
  - c) materially extend or reduce the authority's services.

A report on new proposals should explain the full financial implications, following consultation with the Chief Finance Officer. Unless the Full Council has agreed

otherwise, Directors must plan to contain the financial implications of such proposals within their cash limit.

- 1.33 To agree with the relevant Director where it appears that a budget proposal may impact materially on another service area or Director's level of service activity.
- 1.34 To integrate financial and budget plans into service planning, so that service plans are fully costed and can be incorporated into medium term budget forecasts.
- 1.35 In consultation with the Chief Finance Officer and in accordance with the laid-down guidance and timetable, to prepare detailed draft revenue and capital budgets for consideration by the Cabinet, including proposals for the setting of fees and charges.
- 1.36 When drawing up draft budget requirements, to have regard to:
  - a) Spending patterns and pressures revealed through the budget monitoring process
  - b) Legal requirements
  - c) Policy requirements as defined by the Full Council in the approved policy framework
  - d) Initiatives already under way.

## **Resource Management**

### **Why is this important?**

- 1.37 A mismatch often exists between available resources and required resources. A common scenario is that available resources are not adequate to fulfil need/desire. It is therefore imperative that needs/desires are carefully prioritised and that resources are utilised to fulfil all legal responsibilities and minimise the level of waste, inefficiency or loss. Resources may include staff, money, equipment, goods and materials.

### **Key controls**

- 1.38 The key controls for resource management are:
  - a) resources are acquired in accordance with the law and using an approved authorisation process
  - b) resources are used only for the purpose intended, to achieve the approved policies and objectives, and are properly accounted for
  - c) resources are securely held for use when required
  - d) resources are used with the minimum level of waste, inefficiency or loss for other reasons.

### **Responsibilities of the Chief Finance Officer**

- 1.39 To advise on methods available for the funding of resources, such as grants from central government and borrowing.
- 1.40 To assist in the allocation of resources to Budget Holders.

## **Responsibilities of Directors**

- 1.41 To work within budget limits and to utilise resources allocated in the most efficient, effective and economic way.
- 1.42 To identify opportunities to minimise or eliminate resource requirements or consumption without having a detrimental effect on service delivery.

## **Capital Programmes**

### **Why is this important?**

- 1.43 Capital expenditure involves acquiring or enhancing fixed assets with a long-term value to the authority, such as land, buildings, and major items of plant, equipment or vehicles. Capital assets shape the way services are delivered in the long term and create financial commitments for the future in the form of financing costs and revenue running costs.
- 1.44 The Government places strict controls on the financing capacity of the authority. This means that capital expenditure should form part of an investment strategy and should be carefully prioritised in order to maximise the benefit of scarce resources.

### **Key controls**

- 1.45 The key controls for capital programmes are:
  - a) Sufficient regard being given to the Capital Strategy adopted by the Full Council
  - b) Specific approval by the Full Council for the programme of capital expenditure following recommendation by the Cabinet
  - c) A scheme and estimate, including project plan, progress targets and associated revenue expenditure is prepared for each capital project, for approval by the relevant Director
  - d) Proposals for improvements and alterations to buildings must be approved by the appropriate Director
  - e) Capital procurements should be in accordance with Contract Procedure Rules.
  - f) The development and implementation of asset management plans
  - g) Accountability for each proposal is accepted by a named manager
  - h) Monitoring of scheme progress in conjunction with expenditure and comparison with approved budget.

## **Responsibilities of the Chief Finance Officer**

- 1.46 To prepare capital estimates jointly with Directors and to report them to the Cabinet for approval. The Cabinet will make recommendations on the capital estimates and on any associated financing requirements to the Full Council.
- 1.47 To prepare and submit reports to the Cabinet on the projected income, expenditure and resources compared with the approved estimates.

- 1.48 To issue guidance concerning capital schemes and controls, for example, on project appraisal techniques. The definition of 'capital' will be determined by the Chief Finance Officer, having regard to government regulations and accounting requirements.

### **Responsibilities of Directors**

- 1.49 To comply with guidance concerning capital schemes and controls issued by the Chief Finance Officer.
- 1.50 To ensure that all capital proposals have undergone a project appraisal in accordance with guidance issued by the Chief Finance Officer.
- 1.51 To ensure that all capital procurements are added to the annual procurement plan.
- 1.52 To ensure that adequate records are maintained for all capital contracts.
- 1.53 To proceed with projects only when there is adequate provision in the capital programme and with the agreement of the Chief Finance Officer, where required.
- 1.54 To obtain authorisation from the Cabinet for individual schemes where the estimated expenditure exceeds the capital programme provision.
- 1.55 To prepare and submit reports, jointly with the Chief Finance Officer, to the Cabinet, of any variation in contract costs greater than the approved budget. The Cabinet may meet cost increases by virement from savings elsewhere within their capital programme, save that there can be no transfer of approved budgets between the General Fund and the Housing Revenue Account.
- 1.56 To ensure that credit arrangements, such as leasing agreements, are not entered into without the prior approval of the Chief Finance Officer and, if applicable, approval of the scheme through the capital programme.

### **Emergency and Urgent Expenditure (Council Procedure Rule 46)**

- 1.57 Nothing in these Financial Procedure Rules shall prevent the Chief Executive, a Director or Head of Service from incurring expenditure outside of the budgetary framework which is essential to meet any immediate needs created by a sudden emergency, or which is referable to Section 138 of the Local Government Act 1972, or which is outside the Council's control (e.g. by order of the Courts or any other body with an equivalent power), or which has some other overriding urgency, subject to:
- a) It not being practical to convene a quorate meeting of the Full Council
  - b) The Chairman of the relevant Scrutiny Committee, or in his or her absence the Chairman of the Council, or in his or her absence the Vice-chairman of the Council, agreeing that the expenditure is a matter of urgency
  - c) The matter has first been discussed with the Chief Executive & Town Clerk and the Chief Finance Officer
  - d) The reasons why it was impractical to convene a quorate meeting of the Full Council under 1.57(a) and the consent under 1.57(b) being noted on the record of the decision

- 1.58 Following the decision to incur expenditure outside of the budgetary framework on the grounds of urgency, the relevant Portfolio Holder will provide a full report to the next available Full Council meeting explaining the decision, the reasons for it and why the decision was treated as a matter of urgency. The report will also set out the level of expenditure incurred or likely to be incurred under the decision and proposals for the mitigation of the expenditure by the deferment of other expenditure where possible.

## **2 MAINTENANCE OF RESERVES**

### **Why is this important?**

- 2.1 The local authority must decide the level of general reserves it wishes to maintain, based on the advice of the Chief Finance Officer, before it can decide the level of council tax. Reserves are maintained as a matter of prudence. They enable the authority to provide for unexpected events and thereby protect it from overspending, should such events occur. Reserves for specific purposes may also be maintained, such as the purchase or renewal of capital items.

### **Key controls**

- 2.2 To maintain reserves in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom* (CIPFA/LASAAC) and agreed accounting policies.
- 2.3 For each reserve established, the purpose, usage and basis of transactions should be clearly identified.
- 2.4 Authorisation of appropriation to and from reserves by the appropriate Director in consultation with the Chief Finance Officer.

### **Responsibilities of the Chief Finance Officer**

- 2.5 To advise the Cabinet and the Full Council on prudent levels of reserves for the authority.

### **Responsibilities of Directors**

- 2.6 To ensure that resources are used only for the purposes for which they were intended.

## **3 MANAGING EXPENDITURE**

### **Scheme of Virement**

#### **Why is this important?**

- 3.1 The scheme of virement is intended to enable the Cabinet, Directors and their staff to manage budgets with a degree of flexibility within the overall policy framework determined by the Full Council, and therefore to optimise the use of resources.

3.2 The scheme of virement empowers the Directors to manage the resources under his or her control, and therefore to be accountable to the Cabinet and Full Council for their financial performance.

### **Key controls**

3.3 Key controls for the scheme of virement are:

- a) it is administered by the Chief Finance Officer within guidelines set by the Full Council. Any variation from this scheme requires the approval of the Full Council
- b) the overall budget is agreed by the Cabinet and approved by the Full Council. Directors and their nominated Budget Holders are therefore authorised to incur expenditure in accordance with the estimates that make up the budget. The rules below cover virement; that is, switching revenue resources within approved portfolio service budgets or between pay and non-pay budget headings, or capital expenditure between approved capital projects. For the avoidance of doubt, the Chief Finance Officer will maintain a list of approved portfolio service headings and approved capital projects.
- c) virement does not create additional overall budget liability. Directors are expected to exercise their discretion in managing their budgets responsibly and prudently. For example, they should aim to avoid supporting recurring expenditure from one-off sources of savings or additional income, or creating future commitments, including full-year effects of decisions made part way through a year, for which they have not identified future resources. Directors must plan ahead to fund such commitments from within their own budgets.
- d) virement between budgets of the Housing Revenue Account and the General Fund, and between revenue and capital budgets is prohibited.

3.4 Where an approved budget is a lump-sum budget or contingency under the control of the Chief Finance Officer, intended for allocation during the year, its allocation will not be treated as a virement, provided that the amount is used in accordance with the purposes for which it has been established.

### **Responsibilities of the Chief Finance Officer**

3.5 To prepare jointly with the Director a report to the Cabinet where cumulative virements on any single approved portfolio service budget, between pay and non-pay budgets within any single approved portfolio service budget, or on any single approved capital project, in excess of £50,000 are proposed.

3.6 To maintain a list of approved portfolio service headings.

3.7 To maintain a list of approved capital projects.

3.8 To maintain a register of approved virements.

3.9 To monitor that any allocation of an approved budget that is a lump-sum budget or contingency intended for allocation during the year is in accordance with the purposes for which it was established and the Cabinet approved scheme for its release. Where

any proposed allocation falls outside of these conditions, the allocation will be deemed to be a virement and treated accordingly.

### **Responsibilities of Directors**

- 3.10 A Director may exercise virement on budgets under his or her control for amounts up to £5,000 following notification to the Chief Finance Officer.
- 3.11 A Director may exercise virement on budgets under his or her control for amounts between £5,000 and up to £50,000 subject to the approval of the Chief Finance Officer.

## Appendix C

### Risk Management and Control of Resources

#### 1 RISK MANAGEMENT

##### Why is this important?

- 1.1 All organisations, whether private or public sector, face risks to people, property and continued operations. Risk is the chance or possibility of loss, damage, injury or failure to achieve objectives caused by an unwanted or uncertain action or event. Risk management is the planned and systematic approach to the identification, evaluation and control of risk. Its objectives are to secure the assets of the organisation and to ensure the continued financial and organisational well-being of the organisation. In essence it is, therefore, an integral part of good business practice. Risk management is concerned with evaluating the measures an organisation already has in place to manage identified risks and then recommending the action the organisation needs to take to control these risks effectively.
- 1.2 It is the overall responsibility of the Cabinet to approve the authority's risk management policy statement and strategy, and to promote a culture of risk management awareness throughout the authority.

##### Key controls

- 1.3 The key controls for risk management are:
- a) Procedures are in place to identify, assess, prevent or contain material known risks, and these procedures are operating effectively throughout the authority
  - b) A monitoring process is in place to review regularly the effectiveness of risk reduction strategies and the operation of these controls. The risk management process should be conducted on a continuing basis
  - c) Managers know that they are responsible for managing relevant risks and are provided with relevant information on risk management initiatives
  - d) Provision is made for losses that might result from the risks that remain
  - e) Procedures are in place to investigate claims within required timescales
  - f) Acceptable levels of risk are determined and insured against where appropriate
  - g) The authority has identified business continuity plans for implementation in the event of disaster that results in significant loss or damage to its resources.

##### Responsibilities of the Head of Paid Service (Chief Executive and Town Clerk)

- 1.4 To promote the authority's risk management policy statement and strategy.

##### Responsibilities of the Head of People and Policy

- 1.5 To prepare the authority's risk management policy statement and strategy in conjunction with the Directors and the Chief Finance Officer.

### **Chief Finance Officer**

- 1.6 To include all appropriate employees of the authority in a suitable fidelity guarantee insurance.
- 1.7 To effect corporate insurance cover, through external insurance and internal funding, and periodically review the same.
- 1.8 To negotiate all claims in consultation with other officers, where necessary.

### **Responsibilities of Directors**

- 1.9 To notify the Chief Finance Officer immediately of any loss, liability or damage that may lead to a claim against the authority, together with any information or explanation required by the Chief Finance Officer or the authority's insurers. Only the Chief Finance Officer may negotiate settlement of claims.
- 1.10 To take responsibility for risk management, having regard to advice from the Chief Finance Officer and other specialist officers (eg crime prevention, fire prevention, health and safety).
- 1.11 To ensure that there are regular reviews of risk within their service areas.
- 1.12 To notify the Chief Finance Officer promptly of all new risks, properties or vehicles that require insurance and of any alterations affecting existing insurances. In particular notice shall be given of the following:
  - a) The acquisition of property or other assets whether by ownership, lease agreement, hiring or loan. The Director concerned is responsible for maintaining current valuations
  - b) Any matters arising from the Council's position as an employer or enabler of voluntary labour
  - c) Any matters arising from the carrying out of the Council's functions and services or those in which the Council has an interest.
- 1.13 To consult the Chief Finance Officer and the Head of Legal Services on the terms of any indemnity that the authority is requested to give.
- 1.14 To ensure that employees, or anyone covered by the authority's insurances, do not admit liability or make any offer to pay compensation that may prejudice the assessment of liability in respect of any insurance claim.

### **Responsibilities of the Audit Committee**

- 1.15 To assess and approve the corporate risk arrangements and monitor the effective development and operation of good practice risk management and corporate governance arrangements across the Council.

## **2 INTERNAL CONTROLS**

### **Why is this important?**

- 2.1 The authority is complex and beyond the direct control of individuals. It therefore requires internal controls to manage and monitor progress towards strategic objectives.
- 2.2 The authority has statutory obligations, and, therefore, requires internal controls to identify, meet and monitor compliance with these obligations.
- 2.3 The authority faces a wide range of financial, administrative and commercial risks, both from internal and external factors, which threaten the achievement of its objectives. Internal controls are necessary to manage these risks.
- 2.4 The system of internal controls is established in order to provide measurable achievement of:
  - a) Efficient and effective operations
  - b) Reliable financial information and reporting
  - c) Compliance with laws and regulations
  - d) Risk management.

### **Key controls**

- 2.5 The key controls and control objectives for internal control systems are:
  - a) Key controls should be reviewed on a regular basis and the authority should make a formal statement annually to the effect that it is satisfied that the systems of internal control are operating effectively
  - b) Managerial control systems, including defining policies, setting objectives and plans, monitoring financial and other performance and taking appropriate anticipatory and remedial action. The key objective of these systems is to promote ownership of the control environment by defining roles and responsibilities
  - c) Financial and operational control systems and procedures, which include physical safeguards for assets, segregation of duties, authorisation and approval procedures and information systems
  - d) An effective internal audit function that is properly resourced. It should operate in accordance with the United Kingdom Public Sector Internal Audit Standards and with any other statutory obligations and regulations.

### **Responsibilities of the Chief Finance Officer**

- 2.6 To assist the authority to put in place an appropriate control environment and effective internal controls which provide reasonable assurance of effective and efficient operations, financial stewardship, probity and compliance with laws and regulations.

## **Responsibilities of Directors**

- 2.7 To manage processes to check that established controls are being adhered to and to evaluate their effectiveness, in order to be confident in the proper use of resources, achievement of objectives and management of risks.
- 2.8 To review existing controls in the light of changes affecting the authority and to establish and implement new ones in line with guidance from the Chief Finance Officer. Directors should also be responsible for removing controls that are unnecessary or not cost or risk effective – for example, because of duplication.
- 2.9 To ensure staff have a clear understanding of the consequences of lack of control.

## **3 AUDIT REQUIREMENTS**

### **Internal Audit**

#### **Why is this important?**

- 3.1 The requirement for an internal audit function for local authorities is implied by section 151 of the Local Government Act 1972, which requires that authorities “make arrangements for the proper administration of their financial affairs”. The Accounts and Audit Regulations 2015, more specifically require that a “relevant authority must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance”.
- 3.2 Accordingly, internal audit is an independent and objective appraisal function established by the authority for reviewing the system of internal control. It examines, evaluates and reports on the adequacy of internal control as a contribution to the proper, economic, efficient and effective use of resources.

#### **Key controls**

- 3.3 The key controls for internal audit are:
  - a) That it is independent in its planning and operation
  - b) The Chief Internal Auditor has direct access to the Head of Paid Service, all levels of management and directly to elected members
  - c) The internal auditors comply with the United Kingdom Public Sector Internal Audit Standards

### **Responsibilities of the Chief Finance Officer**

- 3.4 To ensure that internal auditors have the authority to:
  - a) Access authority premises at reasonable times
  - b) Access all assets, records, documents, correspondence and control systems
  - c) Receive any information and explanation considered necessary concerning any matter under consideration

- d) Require any employee of the authority to immediately account for cash, stores or any other authority asset under his or her control
- e) Access records belonging to third parties, such as contractors, when required
- f) Directly access the Head of Paid Service, the Cabinet and the Audit Committee.

Pursuant to this regulation, the same access rights apply to the Chief Finance Officer in relation to the internal control of the Council.

3.5 To approve the strategic and annual audit plans prepared by the Chief Internal Auditor, which take account of the characteristics and relative risks of the activities involved.

3.6 To ensure that effective procedures are in place to investigate promptly any fraud or irregularity.

#### **Responsibilities of the Chief Internal Auditor**

3.7 Whenever appropriate, to consult with the relevant Director on the timing and nature of audits to avoid unnecessary service disruption.

3.8 To consult with the relevant Director on the findings and recommendations of an audit prior to publication.

#### **Responsibilities of Directors**

3.9 To ensure that internal auditors are given access at all reasonable times to premises, personnel, documents and assets that the auditors consider necessary for the purposes of their work.

3.10 To ensure that auditors are provided with any information and explanations that they seek in the course of their work.

3.11 To consider and respond promptly to recommendations in audit reports.

3.12 To ensure that any agreed actions arising from audit recommendations are carried out in a timely and efficient fashion.

3.13 To notify the Chief Finance Officer immediately of any suspected fraud, theft, irregularity, improper use or misappropriation of the authority's property or resources. Pending investigation and reporting, the Director should take all necessary steps to prevent further loss and to secure records and documentation against removal or alteration.

3.14 To ensure that new systems for maintaining financial records, or records of assets, or changes to such systems, are discussed with and agreed by the Chief Internal Auditor prior to implementation.

3.15 To arrange for procedural and operational notes to be issued to all members of staff operating financial systems or procedures, such notes to be subject to the approval and retention of the Chief Finance Officer.

- 3.16 To ensure that the duty of providing information, calculating, checking and recording sums due to or from the Council shall be separated as completely as possible from the duty of collecting or disbursing those sums.

### **External Audit**

#### **Why is this important?**

- 3.17 The external auditor has rights of access to all documents and information necessary for audit purposes.
- 3.18 The Local Audit and Accountability Act 2014 makes the Comptroller and Auditor General responsible for the preparation, publication and maintenance of the Code of Audit Practice. The Code sets out what local auditors are required to do to fulfil their statutory responsibilities under the Act.
- 3.19 The authority's accounts are scrutinised by external auditors, who must be satisfied that the statement of accounts gives a 'true and fair view' of the financial position of the authority and its income and expenditure for the year in question and complies with the legal requirements.

#### **Key controls**

- 3.20 External auditors are appointed by the Audit Commission (subsequently Public Sector Audit Appointments Limited), normally for a minimum period of five years. The Comptroller and Auditor General prepares a code of audit practice, which external auditors follow when carrying out their audits.

#### **Responsibilities of the Chief Finance Officer**

- 3.21 To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets that the external auditors consider necessary for the purposes of their work, including records belonging to third parties, such as contractors, when required
- 3.22 To ensure there is effective liaison between external and internal audit.
- 3.23 To work with the external auditor and advise the Full Council, Cabinet, Audit Committee and Directors on their responsibilities in relation to external audit.

#### **Responsibilities of Directors**

- 3.24 To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets which the external auditors consider necessary for the purposes of their work.
- 3.25 To ensure that all records and systems are up to date and available for inspection.

## **4 PREVENTING FRAUD AND CORRUPTION**

### **Why is this important?**

- 4.1 The authority will not tolerate fraud and corruption in the administration of its responsibilities, whether from inside or outside the authority.
- 4.2 The authority's expectation of propriety and accountability is that Members and staff at all levels will lead by example in ensuring adherence to legal requirements, rules, procedures and practices.
- 4.3 The authority also expects that individuals and organisations (eg suppliers, contractors, service providers) with whom it comes into contact will act towards the authority with integrity and without thought or actions involving fraud and corruption.

### **Key controls**

- 4.4 The key controls regarding the prevention of financial irregularities are that:
  - a) The authority has an effective anti-fraud and corruption policy and strategy, and maintains a culture that will not tolerate fraud or corruption
  - b) The authority has an effective anti-money laundering policy and strategy
  - c) All Members and staff act with integrity and lead by example
  - d) Senior managers are required to deal swiftly and firmly with those who defraud or attempt to defraud the authority or who are corrupt
  - e) High standards of conduct are promoted amongst members by the standards committee
  - f) The maintenance of a register of interests in which any hospitality or gifts accepted must be recorded
  - g) Whistle blowing procedures are in place and operate effectively

### **Responsibilities of the Chief Finance Officer**

- 4.5 To develop and maintain an anti-fraud and anti-corruption policy
- 4.6 To maintain adequate and effective internal control arrangements.
- 4.7 To ensure that all suspected irregularities are reported to the chief internal auditor, the Head of Paid Service, the Audit Committee and the Cabinet.

### **Responsibilities of Directors**

- 4.8 To actively apply the requirements of the Anti-Fraud & Corruption Policy and Strategy, the Anti-Money Laundering Policy and Strategy and Whistleblowing Policy
- 4.9 To ensure that all suspected irregularities are reported to the chief internal auditor.
- 4.10 To instigate the authority's disciplinary procedures where the outcome of an audit investigation indicates improper behaviour.

## **5 ASSETS**

### **Security**

#### **Why is this important?**

- 5.1 The authority holds assets in the form of property, vehicles, equipment, furniture and other items worth many millions of pounds. It is important that assets are safeguarded and used efficiently in service delivery, and that there are arrangements for the security of both assets and information required for service operations. An up-to-date asset register is a prerequisite for proper fixed asset accounting and sound asset management.

#### **Key controls**

- 5.2 The key controls for the security of resources such as land, buildings, fixed plant machinery, equipment, software and information are:
- a) Resources are used only for the purposes of the authority and are properly accounted for
  - b) Resources are available for use when required
  - c) Resources no longer required are disposed of in accordance with the law and the Financial Procedure Rules of the authority so as to maximise benefits
  - d) An asset register is maintained for the authority, assets are recorded when they are acquired by the authority and this record is updated as changes occur with respect to the location and condition of the asset
  - e) All staff are aware of their responsibilities with regard to safeguarding the authority's assets and information, including the requirements of the Data Protection Act as set out in the Council's Data Protection Policy and software copyright legislation
  - f) All staff are aware of their responsibilities with regard to safeguarding the security of the authority's computer systems, including maintaining restricted access to the information held on them and compliance with the authority's computer and Internet security policies.

#### **Responsibilities of the Chief Finance Officer**

- 5.3 To ensure that an asset register is maintained in accordance with good practice for all fixed assets. The function of the asset register is to provide the authority with information about fixed assets so that they are:
- a) Safeguarded
  - b) Used efficiently and effectively
  - c) Adequately maintained.

- 5.4 To receive the information required for accounting, costing and financial records from each Director.
- 5.5 To ensure that assets are valued in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom* (CIPFA/LASAAC).

### **Responsibilities of Directors**

- 5.6 The appropriate Corporate Directors / Heads of Service shall maintain a property database in a form approved by the Chief Finance Officer for all properties, plant and machinery and moveable assets currently owned or used by the authority. Any use of property by a department or establishment other than for direct service delivery should be supported by documentation identifying terms, responsibilities and duration of use.
- 5.7 To ensure that lessees and other prospective occupiers of council land are not allowed to take possession or enter the land until a lease or agreement, in a form approved by the Director in consultation with the Chief Finance Officer, has been established as appropriate.
- 5.8 To ensure the proper security of all buildings and other assets under their control.
- 5.9 Where land or buildings are surplus to requirements, a recommendation for sale should be the subject of a joint report by the Director and the Chief Finance Officer.

- 5.18 To record all disposal or part exchange of assets that should normally be by competitive tender or public auction, unless, following consultation with the Chief Finance Officer, the Cabinet agrees otherwise.
- 5.19 To ensure that all employees are aware that they have a personal responsibility with regard to the protection and confidentiality of information, whether held in manual or computerised records. Information may be sensitive or privileged, or may possess some intrinsic value, and its disclosure or loss could result in a cost to the authority in some way.

## **Inventories**

### **Responsibilities of Directors**

- 5.20 To maintain inventories and record an adequate description of furniture, fittings, equipment, tools, plant and machinery above £500 in replacement value used by their service area.

In all cases disposal should ensure that the best price is obtained, bearing in mind other factors, such as environmental issues

- 5.27 To seek Cabinet approval to the write-off of redundant stocks and equipment in excess of a predetermined sum.

### **Intellectual Property**

#### **Why is this important?**

- 5.28 Intellectual property is a generic term that includes inventions and writing. ### **Moveable Asset Disposal**

#### **Why is this important?**

- 5.33 It would be uneconomic and inefficient for the cost of assets to outweigh their benefits. Obsolete, non-repairable or unnecessary resources should be disposed of in accordance with the law and the Financial Procedure Rules of the authority.

#### **Key controls**

- 5.34 Assets for disposal are identified and are disposed of at the most appropriate time, and only when it is in the best interests of the authority, and best price is obtained, bearing in mind other factors, such as environmental issues. For items of significant value, disposal should be by competitive tender or public auction.
- 5.35 Procedures protect staff involved in the disposal from accusations of personal gain.

### **Responsibilities of the Chief Finance Officer**

- 5.36 To issue guidelines representing best practice for disposal of assets.
- 5.37 To ensure appropriate accounting entries are made to remove the value of disposed assets from the authority's records and to include the sale proceeds if appropriate.

### **Responsibilities of Directors**

- 5.38 To seek advice from purchasing advisors on the disposal of surplus or obsolete materials, stores or equipment.
- 5.39 To ensure that income received for the disposal of an asset is properly banked and coded.

## **6 STAFFING**

### **Why is this important?**

### **Key controls**

- 6.2 The key controls for staffing are:
  - a) An appropriate staffing strategy and policy exists, in which staffing requirements and budget allocation are matched
  - b) Procedures are in place for forecasting staffing requirements and cost

## Appendix F

### External Arrangements

#### 1 PARTNERSHIPS

##### Why is this important?

- 1.1 Partnerships are likely to play a key role in delivering community strategies and in helping to promote and improve the well-being of the area. Local authorities are working in partnership with others – public agencies, private companies, community groups and voluntary organisations. Local authorities still deliver some services, but their distinctive leadership role is to bring together the contributions of the various stakeholders. They therefore need to deliver a shared vision of services based on user wishes.
- 1.2 Local authorities will mobilise investment, bid for funds, champion the needs of their areas and harness the energies of local people and community organisations. Local authorities will be measured by what they achieve in partnership with others.

##### General

- 1.3 The main reasons for entering into a partnership are:
- a) the desire to find new ways to share risk
  - b) the ability to access new resources
  - c) to provide new and better ways of delivering services
  - d) to forge new relationships.
- 1.4 A partner is defined as either:
- a) an organisation (private or public) undertaking, part funding or participating as a beneficiary in a project, or
  - b) a body whose nature or status give it a right or obligation to support the project.
- 1.5 Partners participate in projects by:
- a) acting as a project deliverer or sponsor, solely or in concert with others
  - b) acting as a project funder or part funder
  - c) being the beneficiary group of the activity undertaken in a project.
- 1.6 Partners have common responsibilities:
- a) to be willing to take on a role in the broader programme appropriate to the skills and resources of the partner organisation
  - b) to act in good faith at all times and in the best interests of the partnership's aims and objectives
  - c) be open about any conflict of interests that might arise
  - d) to encourage joint working and promote the sharing of information, resources and skills between public, private and community sectors

- e) to hold confidentially any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature
- f) to act wherever possible as ambassadors for the project.

## **2 EXTERNAL FUNDING**

### **Why is this important?**

- 2.1 External funding is potentially a very important source of income, but funding conditions need to be carefully considered to ensure that they are compatible with the aims and objectives of the authority. Local authorities are increasingly encouraged to provide seamless service delivery through working closely with other agencies and private service providers. Funds from external agencies such as the National Lottery and Government departments provide additional resources to enable the authority to deliver services to the local community. However, in some instances, although the scope for external funding has increased, such funding is linked to tight specifications and may not be flexible enough to link to the authority's overall plan.

### **Key controls**

- 2.2 The key controls for external funding are:
- a) to ensure that key conditions of funding and any statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood
  - b) to ensure that funds are acquired only to meet the priorities approved in the policy framework by the Full Council

Arrangements should be in place to ensure that any risks associated with this work is minimised and that such work is intra vires.
