THE PLANNING PROCESS

2. The planning cycle is based on the Skills Funding Agency (SFA) and the Education Funding Agency (EFA) business year, 1 August to 31 July, while taking account also of financial and calendar years.
3. The planning process embraces the entire provision made by the College, however funded.
4. The purpose of the planning process is to determine what changes are needed to the existing broad pattern of provision in order that it may meet more effectively the changing needs of the economy and population of the Authority’s area.
5. The planning process will have regard to the general educational character of the College as determined from time to time by the Authority in consultation with the Governing Body.

6. The Authority will determine each year, in discussion with the College, how in broad terms, the pattern of provision made by the College is to contribute to meeting the needs of the area.

THE BUDGET

7. The Authority will determine the total gross funds required for the proposed level of activity of the College, based on the SFA and EFA allocations. In exercising these functions, the Governing Body may make different arrangements for the different kinds of provision. In setting tuition fee levels, the College shall have regard to the income target set by the College, and the anticipated effect of fee levels on numbers of enrolments.
10. This Scheme does not provide for a contingency fund from council reserves. The Governors are expected to set aside funds from within the delegated budget to meet unforeseen in-year increases.
