Scheme Type	<u>Description</u>	Sub type		
Assistive Technologies	Using technology in care processes to supportive self-management, maintenance of independence and more efficient and effective delivery of care. (eg. Telecare, Wellness services, Digital participation services).	Telecare Wellness services Digital participation services Other		
2. Care navigation / coordination	A service to help people find their way to appropriate services and support and thus also support self-management. Also, the assistance offered to people in navigating through the complex health and social care systems (across primary care, community and voluntary services and social care) to overcome barriers in accessing the most appropriate care and support. This is often as part of a multi-agency team which can be on line or use face to face care navigators for frail elderly, or dementia navigators etc. This includes approaches like Single Point of Access (SPoA) and linking people to community assets.	Care coordination Single Point of Access Other		
3. Carers services	Supporting people to sustain their role as carers and reduce the likelihood of crisis. Advice, advocacy, information, assessment, emotional and physical support, training, access to services to support wellbeing and improve independence. This also includes the implementation of the Care Act as a sub-type.	Carer advice and support Implementation of Care Act Respite services Other		
4. DFG - Adaptations	The DFG is a means-tested capital grant to help meet the costs of adapting a property; supporting people to stay independent in their own homes.			
5. DFG - Other Housing	This covers expenditure on housing and housing-related services other than adaptations; eg: supported housing units.			
6. Domiciliary care at home	A range of services that aim to help people live in their own homes through the provision of domiciliary care including personal care, domestic tasks, shopping, home maintenance and social activities. Home care can link with other services in the community, such as supported housing, community health services and voluntary sector services.	Dom care packages Dom care workforce development Other		
7. Enablers for integration	Schemes that build and develop the enabling foundations of health and social care integration encompassing a wide range of potential areas including technology, workforce, market development (Voluntary Sector Business Development: Funding the business development and preparedness of local voluntary sector into provider Alliances/ Collaboratives) and programme management related schemes. Joint commissioning infrastructure includes any personnel or teams that enable joint commissioning.
