PARTNERSHIP SCHEME**

**Agenda
Item No.**

**Nomination of and voting on any additional representatives
from other groups to join the Forum as members**

The Terms of Reference of the Forum allow members of the Forum to nominate additional representatives from other groups to join the Forum for future meetings. Any additional members would be subject to a vote of the Forum, requiring a majority for additional members to be confirmed. At the initial meeting of the Forum there was a proposal for the Campaign for Better Transport (CBT) to join the Forum, and the Forum then voted on this proposal which was passed.

At this Forum meeting Southend-on-Sea City Council will be proposing that the Mid and South Essex NHS Foundation Trust join the Forum. It may be that a Forum member (or members) will also propose that other organisations be admitted to membership of the Forum. In all such cases a vote of the Forum members will take place at the meeting.
