

Council – 20 March 2025

Petition

Beach Avenue, Leigh-on-Sea and New Parking Restrictions

Prayer of the Petition

We the undersigned petition the Council to:

1. Review the parking restrictions with full consultation with the residents in Beach Avenue.
2. Justify why a more onerous parking restriction implemented on 18/02 is more beneficial to the traffic flow and parking of the road and immediate adjoining roads than the previous 10-4 restriction.
3. Consider more flexible previous restrictions for weekend parking.
4. Consider again the effect commuter parking has on Beach Avenue and the other measures in place in neighbouring roads.
5. With full consultation consider a residents parking scheme for just the West side of Beach Avenue with a simple windscreen identifier issued to Beach Avenue residents only.
