Westborough	WS	Booth 2, Westcliff Free Church, Ronald Park Avenue, (Formerly Alexander Free Church)	No change - this polling station is considered to be appropriate

NOTE 1: Polling Districts WCZ and WDZ are split at election time to comply with the Electoral Commission guidance on the numbers of voters allocated to a ballot box (i.e. should not be greater than 2500). Each polling district will be split to create new smaller polling districts to regularise these arrangements on a permanent basis. The polling station for the new polling districts created from WCZ will be a double station at the John Wesley Hall. In respect of St Aidan's Church Hall, as the number of net voters (for 2014 elections) was close to the 2500 voter threshold, it is proposed to create a double polling station with two new polling districts from WDZ. These proposals are illustrated in Proposal Map 1.

NOTE 2: The polling district boundary between EB and ED will be amended to enable electors to be allocated to a more appropriate polling station. The polling stations for both these polling districts will remain unchanged. These proposals are illustrated in Proposal Map 2.

NOTE 3: The polling district boundary between EEZ and EFZ will be amended to ensure a more equal balance of electors within each polling district. The polling station will remain unchanged. These proposals are illustrated in Proposal Map 3.

NOTE 4: Polling District WQ is split at election time to comply with the Electoral Commission guidance on the numbers of voters allocated to a ballot box. The polling district will therefore be split to create two new smaller polling districts to regularise these arrangements on a permanent basis. The polling station for the new polling districts will remain as a double station at St Andrews Church Hall, Electric Avenue. These proposals are illustrated in Proposals Map 4.
