

Appendix 4 – SLTDA Proposal Letter

Dear Mr Robinson

22 May 2013

I am writing to confirm that we, the Southend Licensed Taxi Drivers Association, would like the following fare increase (as agreed at recent meeting) to be applied to our meters for this year.

1. The current flag to remain unchanged at £2.80.
2. The yardage on the first tariff to be reduced by 4% from its current 203.83 yards down to 195.68 yards.
3. The Yardage on the second tariff to be reduced by 4% from its current 152.93 yards down to 146.81 yards.
4. The waiting time to remain the same.
5. The extras to remain the same.
6. The second tariff to start when the metre shows £8.20 on the face.
7. The holding basket to include this years' tariff increase of 2%, making the 14p already in there for the face plus 5.6p from this year equal to 19.6p to be retained for future use, and the 11.8p already there for the extra's plus the 0.8p from this year equal to 12.6p to be retained for future use, and the 11% already there plus the 2% from this year making a total of 13% and after taking this years' 4% out, making a total of 9% to be retained for use at a later date.

All figures achieved under the agreed pick up formula using significant figure calculations to 2 decimal places.

I trust this will be dealt with promptly, and would respectfully request confirmation of receipt of this email

Yours Sincerely

Ted Preedy (Secretary SLTDA)
