

East of England Ambulance Service

Andrew Morgan, interim Chief Executive will be in attendance for this item and has been invited to provide the following information:

- (a) To briefly outline the Ambulance Service in the new health and care system;
- (b) To outline service pressures;
- (c) To outline level of service locally; and
- (d) To outline improvements in service to patients.

At the meeting, the Trust will also take questions from the Scrutiny Committee. The following questions have also been submitted to date for response:

- (a) Why should we or the public have confidence in the Trust?
- (b) Ambulance turnaround times at Southend Hospital – could the Trust outline what actions are being taken about the negative performance / non compliance with the performance target and the possible reasons for this?
- (c) What do you see as the main constraints on the service in the next few months?
