To be part of a community and to become	
involved locally with local people. We are	
currently in refuge and me and my child	
attend the nursery and also different groups.	
It has helped me feel part of a group help me	
to feel accepted as a person again after	
coming out of an abusive relationship. I can't	
describe how welcomed I have felt how	
included and supported by staff and also	
other parents. If it wasn't for this centre I do	
not like to think what I would have done. It	
has given me hope and a life that I feel I can	
go forward and pass the positives onto my	
daughter. I have had parenting support and	
staff have gone out of their way to help me.	1

at school but now take my nearly 2 year old	
son to help develop his confidence and to	
make new friends. I have also used the	
children's centre when they have had short	
courses. These courses have helped me	
make new friends and also given me a wide	
range of information to help when bringing	
up my children!!! I also use it to see health	
visitors to get information regarding my	
children. This childrens centre is within

children's centre key in supporting me in my	
role as a parent. I access the services for	
health and parenting advice, emotional	
support, a chance to meet other	
parents/carers and their children and gain	
peer support, ideas for activities to aid my	
children's learning and development and an	
opportunity to participate in positive	
activities with my children. Hamstel	
Children's Centre has been vital to me	
coping as a parent and has provided me with	
a place to feel welcomed, supported and has	
enabled my relationship with my children to	
be positive, even when I have faced very	
difficult life circumstances. The expertise of	
the staff and the relationship I have built	
with them is invaluable.	1
Because I trust the staff and the advice they	
give. I saw my midwife at HCC when I was	
pregnant and will continue to go there for	
advice and social classes such as Mum and	
baby groups.	1
Both my children attend the nursery and I,	
my husband and our children - individually	
all together - attend courses, outings, groups

Hamstel Childrens Centre is the only centre	
in South Essex that has the space and the	
time available to offer our group a place to	
meet. The outdoor play area is great. Staff	
are supportive of our group and always keen	
to learn from us about less mainstream	
practices such as using cloth nappies.	1
Hamstel is a wonderful, purpose-built facility	
offering a range of sessions and friendly,	
helpful staff. It is also a short walk from	
where we live. When I had my first child at	
the end of 2011 it was a lifeline and I went	
there at least once a week for breastfeeding	
support, as well as weighing clinic, baby	
massage, baby yoga, baby led weaning, etc. I	
am pregnant again and I currently attend	
antenatal midwife appointments at Hamstel.	1
Hamstel's children's centre has always	
offered support to myself and my family and	
the staff are always helpful and trust worthy.	
I use the baby weigh in clinic as well as the	
breast feeding clinic. I have attended many	
courses at the centre which have been	
invaluable to me and have helped support	
my family. I don't think I would be able to	1

I AM WORKING PARENT I HAVE CHILD WHO	
NEEDS CHILDCARE WHILE IAM AT. I THINK IT	
WILL VERY DISTRESSING FOR ME AND CHILD	
IF THIS CENTRE HAS TO BE SHUT BECAUSE	
OF CUTS BACK. THIS CENTRE IS USED BY SO	
MANY WORKING PARENTS WHO USES THE	
CHILD CARE. HAMSTEL CHILDREN CENTRE	
DOES NOT PROVIDE CHILDCARE SO WHAT	
WOULD BE THE POINT OF KEEPING IT OPEN	
WHEN THEIR SERVICES THEY PROVIDE CAN	
BE PROVIDED BY TEMPLE SUTTON CHILDREN	
CENTRE I THINK SOME COMMON SENSE IS	
REQUIRED HERE , YOU NEED TO THINK	
ABOUT THE COMMUNITY AND THE PEOPLE	
WHO USES TEMPLE SUTTON CHILDREN	
CENTRE THE IDEA OF CLOSING DOWN IS	
JUST RIDICULOUS. WHAT ABOUT THE STAFF	
WHO WORK THERE WHO HAVE WORKED SO	
HARD TO KEEP IT OUSTANDING AND	
PROVIDE GREAT CHILDCARE TO SO MANY	
CHILDREN THINK ABOUT WHERE WILL ALL	
THOSE CHILDREN GO , YOU CAN NOT SEND	
THEM TO HAMSTEL BECAUSE THEY DO NOT	
PROVIDE CHIDCARE FOR WORKING	
PARENTS.	1
	±

I attend clubs with my son and he attends	
, the children's centre day care 3 days a week	
at temple Sutton	1
I attend the breastfeeding support group	
weekly and other sessions occasionally.	1
i attend the english and maths course run by	
southend adult community college and my 8	
month daughter uses the creche while i	
attend. Also me and my daughter attend lots	
of the groups that are held	1
I cannot over emphasise the importance of	
the children's centre in supporting me as a	
lone parent. I have garnered advice, support	
and friendship through the centre not simply	
for my parenting but for my own needs.	
When I first started to use the centre I was	
living in the women's refuge. The centre	
helped me with housing, childcare and	
developing support systems. I now have a	
job and am about to train to be a social	
worker.	1
I currently work in the baby room at temple	
Sutton children centre. I am a key person of	
childcare children and crÃ <sup>°</sup> che children that	
attend the nursery while their parents are	
ad. As a key person I build up a relationship	
with the parents and children and carry out	
observations, set targets and plan actives for	
all my key group. The crÃ <sup>°</sup> che children are	
treated the same as if they were childcare	
children. I have also used the groups with	
nursery children such as smile and baby	
weighing. Having baby weighing in the	
centre gives opportunities for working	
parents to still get their babies weighed as	
practitioners can take them to get weighed	
or ask advice of health visitors at the parents	
request. In the baby room we currently have	
baby's crÃ <sup>°</sup> ches for literacy, numeracy, ESOL	
and MOTO.	1
I do not, but there was no option for me to	<u>.</u>

i have 2 and 1 akildren what are 4 we ald and	
i have 2 small children who are 4yrs old and	
they have been going to temple since they	
were 2, the centre has been a god send for	
me as they have helped my children develop	
into outgoing little girls. it has also given me	
as a mum the confidence to meet new	
people and know that other people are just	
like me in the same situation the staff at	
temple are great and are always on hand	
whenever you need them i would never	
have taken my children any where else other	
than temple	1
I have been present from the opening of the	
clinic as I do the Baby clinic each Tuesday. I	
have seen the numbers increase weekly until	
we have been seeing over 100+ babies	
during a session (the average number being	
10-15 per session). I also do the baby	
massage classes. Due to increased demand I	
do 2 classes back to back in an attempt to	
meet this demand. These are extremely	
popular classes	1
I have completed a voluntary placement	
there while I was completing my level 2 and	
3 childcare cache course. Of which I am now	
studying at university and doing placement	
within this setting. I also attend many of the	
groups they provide within the setting. As I	
am crb checked through this setting I help	
with groups and help with swimming lessons	
for the children aged 3-4 who attend this	
setting.	1
I have use it to get my daughter weighed

Lhous used Temple Sutton Childrens control	
I have used Temple Sutton Childrens centre	
for my 2 youngest children. Both have	
attended nursery there and I have also	
attended various courses during which the	
children have been able to use the creche	
facilites offered - a godsend! This has helped	
tremendoulsy when starting school as the	
site has familiarity to them and they make	
friends with other children going on to the	
same school. I wish it had been there when I	
had my eldest child as it would have been	
lovely to have had somewhere within	
walking distance to go, as I felt very isolated	
as a new mum during this time.	1
I have used the centre for a study day - also i	
could be asked to help at the weekly baby	
clinic (this clinic is very busy and sees many	
parents - not only do they get professional	
advice and support - this may be the only	
time they can meet up with only families -	
this is very important as many feel isolated	
and lonely	1
	-
I have watched with great interest, my	
granddaughter grow and develop under the	
caring and supportive team from Temple	
Sutton. Being only 2 and a half years old, she	
has flourished and gained in self- confidence	
and actively looks forward to her sessions at	
the centre. She has learnt to share, turn	
take, participate in small group and whole	
groups activities and above all make friends.	
I consider the centre and essential part of	
the local community providing invaluable	
support to parents across the area, some of	
whom come from difficult backgrounds and	
are isolated at home or bringing their child	
up on their own. It is imperative that this	
centre remains open. It is highly successful,

I moved new to the area and find it is a nice way of meeting new parents and also for my children to meet other kids I take my 3 year old to creative fun every Friday. I have been doing this for around 1 year now, I also take my six year old to holiday activities that they have. I take my children to different groups there baby massage, messy play, dance	1 1 1
I take my son of 21 months to the Busy Bees and Messy play on a Monday and Friday and also take him to get weighed monthly and to get information from staff/health visitors.	1
I use Temple Sutton mainly for childcare now. But before I returned to work and still on my days off I go to the centre to partake in the fantastic activities that they run.	1
I use the centre for childcare so I can work we also use it to gain information of local events and clubs. We also attend the groups run like messy club cooking and Singing as I feel these groups give our children a better start in life with their mental and physical development	1
I use the the weigh in facilities, messy play groups. I like the fact that the staff at TSCC make you feel as if your important and know you and your children by first name. They are always on hand to answer questions and help where required. The nursery facilities are wondeful and i feel very relaxed that my children are attending weekly sessions here and learning to interact with other children and beginging to learn life skills in a very relaxed enviroment.	1

would have coped without them!! My son	
was diagnosed with Global developmental	
delay. Staff have and still are very supportive	
and very understandingThe children's	
centre has been a huge part if our lives, it	
would be such a shame to close a very	
supportive and caring centre	1
I work there	3
I work there!	1
I work there, and use the centre in the	
holidays when I look after my niece	1
I work there, I also use some services with	
my two children.	1
Immunisations	1
Initially when my son was first born I used	
the centre heavily and on a weekly basis for	
weigh ins, Delta group, Henry group, messy	
play sessions, baby massage and Smile	
sessions. Now that I have returned to work	
my son attends the children's centre nursery	
three days a week.	1
introducing and helping young teenage	
parents access community services and	
liaising with centre staff, especially outreach	
worker to help this client group maintain	
contact and levels of new relationships with	
other professionals	1
It gives my child the best start in life, Temple	
Sutton offere lots of programmes for	
children and parents	1
It gives the child a head start when they	
begin school at 4/5. Gives them chance to	
mix with other children and hopefully get	
some friends when they move up the	
reception.	1
It helps my son socialise amongst other	
children, provides us with activities to do as	
a family. Helps us meet other mums and	
dads and make new friends. Introduces new	
ideas on how to entertain out children	1

It is a very good childrens centre and my	
daughter also went there. Also it is local to	
where I live.	1
it is central and the staff are well respected	1

It is very close to me, and love the staff and	
friendly environment. My little girl loves the	
fun activity groups and I like and find very	
helpful the health visitors, delta and the	
weaning groups	1
It is walking distance from home. It adjoins	
the junior school my daughter will attend.	
The playgroup is excellent	1
It means that my daughters can socialise	
with other children and I can socialise with	
other adults. The activities are fun and	
educational and it's something my daughter	
looks forward to every Friday (my only day	
with both daughters)	1
	1
It provides a varity of activities my child	
wants to do at appropriate times for us. It is	
also my local children's centre and has	
extremely friendly & helpful staff who have	
made my daughter feel very welcome when	
ever we go to the centre for activities or

It's a convenient, inexpensive way to	
socialise for myself as well as my baby to try

its invaluable as a working parent to be able	
to leave my child with those i trust. It is also	
extremely important for him to mix with	
children his age.	1

My daughter attends Temple Sutton nursery	
2 days a week, in the nursery. This has	
allowed me to return to work. I have also	
used the children centre services. My	
daughter will also start at Temple Sutton	
pure school next year.	1
My daughter attends the nursery and	
absolutely loves it!	1
my daughter goes to nursery three times a	
week and has been going since she was 6	
months and i use courses they provide which	
have been very helpful for me	1
My daughter is currently at nursery there,	
however prior to this we have attended	
music groups, weaning courses, baby	
massage courses as well as breast feeding	
support and baby weigh-ins and advice.	1
My son and grandaughter go to nursery	
here. Weve had a couple of rough patches as	
a family and the centre has helped guide us	
through	1

My son and I attend at least one activity every school holiday. It breaks up the school holidays, is good value for money and Hamstel always offer a wide range of fun activities. The staff are really friendly and approachable plus I like the centre as it's clean and airy and it's a few minutes walk from my house!	1
My son attends nursery here, and I attend	
courses to. I chose to send my son to Temple	
Sutton as both my younger brothers were	
students here and enjoyed it very much.	
They left school with good grades, a very	
good education and a positive attitude	
towards learning, I believe this is due to their	
time growing with Temple Sutton!	1
My son attends the daycare and I attend	
clubs -at temple Sutton	1
My son attends the nursery at temple Sutton	
we also attend some of the classes at the	
children's centre such as messy play.	1
My son attends the nursery twice a week	
and has done since he was 3 months old.	1
my son enjoys other child company its right	
near my house and every one is so friendly	1
My son goes to nursery here. The nursery is	
fantastic and my son has just had an	
assessment done on him and he is 13	
months ahead of his age. Shutting down this	
centre is a tradegdy.	1
my son has been full time at the nursery at	
Temple Sutton children's centre, i am very	
happy with the nursery and also use some of	
the children's Centre courses for babies and	
the weigh in clinic. Temple Sutton nursery is	
a valuable resource for our community and i	
would not be able to travel to Hamstel	
school. the staff are highly trained and are	
very passionate about the care of our	
children.	1
My son has dietry needs and therefore we	
are requested by our dietician to have him	
weighed on a regular basis	1

Mu Can is supplied at the Tanada Cutton	
My Son is enrolled at the Temple Sutton	
children's centre and he absolutely loves it. I	
cannot imagine him being at any other	
facility. As a former pupil it's upsetting to	
hear that such a well established centre is	
seeing the cut	1
My wife and I both work full time and pay	
for the childcare facilities at Temple. We	
chose this facility as it had really good Ofsted	
reports. Our daughter has been going since	
she was 9 months and is now 2 1/2, she	
really enjoys it there and we think the skill,	
fun and learning she achieves from the staff	
is fantastic.	1
My wife takes our children to Hamstel	
children's centre up to 4x a week. It has	
helped her as a parent because of support	
from staff and friends, it has given her a	
chance to make friends with other mums.	
My children enjoy the different groups and	
activities and it is nice to know they are	
enjoying playing in a safe environment	1

The centre ensures the best possible start in	
life for my child. She benefits greatly from	
the wide range of activities on offer and is	
encouraged to socialise, express herself,	
develop and form new friendships. She has	
gained greatly in confidence and has a	
positive outlook on life, thanks go kin part to	
the caring, supportive staff at Temple	
Sutton. It is essential that the centre remains	
open as this centre is based centrally to	
Suthend, is easily accessible, well maintained	
resourced well and has friendly well-trained	
staff on hand to assist young parents and	
their children. A better start in life can not	
be underestimated.	1
The excellent quality of the facilities and	
staff at Hamstel. The breastfeeding support	
and exercise class as I have a medical	
condition that is helped by the class.	1
The main reason is to build up my children's	
skills and confidence interacting with other	
people also learning different things. lovely	
staff, big play area outside and the children	
get to meet different kids from different	
rooms. they take kids out for walk, trips.	
cooking painting like some other nursery's	
don't!! staff allow the kids to join in or help	
what ever jobs they doing i.e. paperwork,	
getting table ready for drawing, painting, any	
activities. staff are very involved with kids	
and they never push them away!! get	
Constance updates what happening each	
week/ month within walking distance from	
my home. staff are always there for you	
when needed or any advice needed. very	
highly secure when other members of family	
pick kids up for the parents (i def	
recommend their safety!!) i have also	
recommended other mums temple Sutton	
children center which 5 mums send their	
kids/ babies there now!! they contact you	
ASAP if child unwell, unlike other nursery	
they don't!! (will not name the other nursery	
as i have had arguments with them!!)	1

The main reasons that they are accessible and flexible to needs of child and parent and provide friendly and creative , multiple learning and interactive play in a range of weekly activities which are really enjoyable and AFFORDABLE . The staff are always friendly and happy to help in anyway they can .	1
The program's on offer - milky Mondays and	
the bumps and babies exercise class are my	
favourite and the only exercise class I can go	
to as I breast feed.	1
The services and support they offer as well	
as the social interaction with other parents	
and children	1
The staff are friendly and offer good advice.	
Its close to my home. Theres lots of things	
for myself & child to do.	1
The support and guidance myself and my	
daughter have from temple Sutton is past	
amazing The friendly approachable staff	
have supported us both through some very	
difficult times This children's centre brings	
the while community together I know as a	
parent I can pop in and have a chat to the	
staff always willing to give us parents and	
children time and support I always feel	
welcome here The adult classes we enjoy as	
well It brings us parents closer, Get to know	
other parents in the community, As a	
disabled parent this is local to me and within	
walking distance Our community will suffer I	
personally can't travel far alone due to my	
disability so closing temple Sutton means I	
will hardly go out.	1
They are able to offer me childcare and	-
provide excellent services such as baby	
weigh in, baby massage and first aid	1
They have help my sin catch up in the areas	
he is underdeveloped	1
This centre is the nearest to my home.	1
To access families and to deliver services	1
To allow my child to develop skills in social	
groups to learn and play with other children	1
o. cape to rearring play with other children	

To allow my daughters to do the various	
activities, make friends, learn new things and	
to meet other parents. The activities are so	
well run and very good value for money. It	
would be such a shame to see these go. They	
are always busy and the local community	
rely on these services.	1
To attend a range of activities and access	-
adult learning	1
To attend fun activities with my children and	-
to get out and meet other people.	1
To gain better idea of how to support my	-
child in their learning, to make new friends,	
share ideas with different parents. Initially	
when started visiting TSCC I was new to the	
area and it was a way of making new friends	
and finding out about the area and what it	
had to offer.	1
To gather information prior to children	
starting school	1
to get advice and to get baby weighed	1
To get my baby weighed and have a chat

To meet other mums, for my children to mix

different things	1
To meet other parents, for me to not feel	
isolated and other children for my children	
to play with. Lots of classes, information and	
activities & baby weigh which I would not be	
able to do otherwise. I use both centres	
regularly. Both these centres are valuable to	
us. Don't close either!!!!!	1
To meet others and share experiences with	
my child	1
To partake in the various activities and	
sessions for babies to enhance their	
development, at the same time as enabling a	
social environment to meet up with other	
mums.	1
To participate in activities for children that	
are run by the centre.	1
To provide dance & drama activities for	
families in the local area during school	
holidays & less often after school sessions	1
To provide my child with the best possible	
care available to enable me to then focus on	
being effective and successfull at my work.	
The reason why I chose Temple Sutton	
Childrens Centre was exactly this reason. The	
School and childrens centre has an exellent	
reputation that continues to grow mainly	
due to the leadership and dedication of all	
the staff. Temple Sutton excells in all areas	
of childcare, embrasing every child and	
carer/parent with respect and specialised	
support where needed for families	
experiencing particular challenges. It is vital	
to the whole community.	1

A stine Manuel Class Duesette dive survey	
Active Mums Class, Breastfeeding group	
including link between ante-natal	
appointments and Delta classes and the	
breastfeeding group, toddler activities,	
various classes such as healthy eating, out	
reach work in Hamstel area	1
Active mums, weighing, first aid, messy play,	
delta, Henry, baby massage, baby yoga	1
All	9
all baby services or as many as possible	1
all courses nothing to change all support	
groups DELTA for future mums healthcare	
weighins	1
all courses and support groups	1
All current services especially nursery.	1
<u> </u>	
All of Hamstels services need to be retained.	
The groups and activities help a wide range	
(and huge number) of people and for many it	
really is their only means of support as a	
parent. The large space at Hamstel allows for	
lots of people to attend where the small	
rooms at temple Sutton will lead to people	
being turned away or only being able to	
'book' a place on a group. When people are	
coming for support they shouldn't be made	
to feel as though they need to book in.	
Hamstel is more accessible by public	
transport/walking.	1
All of the Hamstel Children's Centre services	1
should be retained.	1
All of the services we visit Hamstel road for	1
are important. The purpose built building	
provides an excellent place for us to attend	
the variety of classes on offer. Active mums,	
yoga, massage, baby lead weaning, weigh	
and stay to name a few.	1
All of them	3
All of them as at present	1
All of them!	1
All of them!! They are all great :)	1
All of them. HCC helps and supports a lot of	
local parents, I think it would be mistake to	
take away this foundation of support,	
especially from the younger mums in the	
area who rely on of the staff of HCC.	1

All services	2
All services are much in demand and used on	
a regular basis	1
All services currently avaialable and more to	
meets the increasing needs of the local	
community	1
	-
All services offered by Hamstel need to	
retained. The antenatal clinic needs to be	
retained and run at the same time as the	
Breastfeeding group to ensure mums to be	
have access to good midwifery care and	
breastfeeding support during and after their	
pregnancies. Delta groups need to be run.	
Weighing clinic for huge amounts of babies	
needs to continue. Baby and toddler groups,	
the cooking groups. There's no services	
offered by Hamstel that can be lost, they	
help too many families. Having a large	
purpose built and extremely busy centre	
close in place of keeping open a smaller less	
attended centre with staff who aren't multi	
skilled open just makes no sense. Temple	
have a waiting list for nursery places.

All the services offered at Hamstel children's	
centre need to be retained. The centre	
offers services from pregnancy through	
babyhood, toddler years and into childhood.	
In addition to all the services offered for	
children they also offer many services for	
parents that are necessary for so many	
families. To lose any of the services will

I do not use Hamstel children's centre myself but from looking into both centres, what they offer, location etc it makes more sense to keep the larger more central centre. Temple Sutton nursery could offer more places in their nursery (which I am told always has a waiting list!) and Hamstel could quite easily take on the extra families where the same cant be said for temple, its simply not big enough to be able to deal with all the Hamstel families. Hamstel offers more groups and activities than temple Sutton and none can be lost. Also makes so much sense to have the centre run by a health provider when so many things the families need are health based. The groups all lead on from one another starting from the midwifery care right up to preschool groups and summer/after school activities for older children. Hamstel is easier to get to when using public transport and walking and also better parking in nearby roads for those who do drive to the centre. The council need to look at the bigger picture rather than just going by numbers of who chose what option. 1 I DO NOT USE HAMSTEL CHILDRENS CENTRE, AND DO NOT WANT TO SEE ANY SERVICES RETAINED. THE SCHOOL NEEDS TO OPEN MORE CLASSROOMS AND IT WILL BENEFIT THE CHILDRENS CENTRE, IF THAT WAS TURNED INTO A NURSERY. 1 I do not use hamstel children's centre, I used the temple sutton one when my son was very young. I would like to see child care for infants so people can go to work and be able to admit the child from 3-6 months onwards. 1 i do not use hamstel childrens centre. 1

I do not use the centre	1
I do not use the Hamstel Childrens Centre. I	
am however a previous pupil of Temple	
Sutton, as are many of my friends and family	
members.	1
I do not wish to see either Children's Centre	
closed. Both have a vital role within the	
communities they serve, where need is	
great.	1

Temple Sutton Children's Centre. I am not in	
favour of the retention of the Hamstel	
centre, primarily since Temple Sutton was a	
Phase 1 centre and therefore was a priority	
centre for the area and it's position in the	
town. Additionally, parents who access	
childcare at regardless of their postcode, are	
able to access centre services as identified	
by dedicated staff, together with those	
parents of the nursery children within	
Temple Sutton's catchment . So a greater	
number of children are helped at Temple	
Sutton's centre, both within the reach area	
and beyond and parents in Temple Sutton's	
catchment area are priority in their need for	
support (as in being a phase 1 centre area.)	
Their services have been tailored to the local	
community over a 7 year period and after an	
outstanding Ofsted report have clearly	
supported their centre users over and above	
it's expectations and should be allowed to	
continue with this work. The staff are a	
completely united group of professionals	
who work collaboratively to support one	
another. Such a staffing unit has been in	
place since the centre's beginnings and it's	
expertise should not be taken lightly, nor	
ignored. The school works directly with the	1

I think all the services provided by Hamstel Childrens Centre should be retained. Each of these activitiesplay a vital part to the local community	1
I think that both childrens centres need to	
be retained, as they are both very popular.	
However if I had to chose i would chose	
temple Sutton Childrens Centre, and chose	
all services to be retained, and Temple	
Sutton Childrens centre to be extended.	1

It is vital we retain all the services currently on offer with a view to keep consultating with the public and reviewing/evaluating to ensure we are serving our community appropriately. We also have new groups due to start September around healthy lifestyles, postnatal, depression, parenting support and the EYFS. We also have many families requiring 1-1 support and CP cases ongoing. am also concerned that a vast number of families who use both centres expected to merge will not fit into TSCC space. Services can be run off site however limited outcomes are attained due to time allocation and space for privacy. this also incurs rental costs, set up and clear down time. Our Sept staff are also trained & qualified to facilitate many services ourselves, which lowers costs of hire and limits waiting time for services to run. We also take these skills into the home if we are unable to run a group. For health to be lost as a main provider will have anegative impact on all CC's across the borough, as the relationship is building and beginning to become robust which has taken some time. 1 learn and play - for intergration with other children Support - staff are easy to talk and very knowledgeable 1 Learn and play, cooking and crafting 1

All of Temple Sutton's Services are very	
useful in particular MOTO	1
· · ·	
All of the current services maintained and	
run to the same standards, with the current	
staffing arrangenent remaining in place.	1
All of the services as these are vital to the	-
surrounding community. Without the	
services that are offered by Temple Sutton	
to such a high standard my wife and I would	
not have been able to cope following the	
birth of our triplets. The centre were	
instrumental in seeing us through very	
difficult times.	1
All of the services as they are all so valuable	-
and needed, if people wanted to go to	
hamstel they would. Clearly people prefer	
tscc as this is where they go to and want to	
keep going to	1
All of the services that Temple Sutton	-
currently provide should be retained	
regardless of the decisions surrounding	
other centres.	1
All of the services that we provide are used	-
to capacity and therefore I would want to	
see all of them continued and expanded to	
fit the current need of the local community	
and beyond.	1
All of the services they currently provide	1

All of them, as our parents benefit from	-
everything we do, as has been proved by our	
outstanding Ofsted!	1
	1
All of them, as they all offer different things	
& help the community. Mary & Becca's work	
is invaluable & I have seen the difference	
they have made to many people. There	
experience has enabled them to identify	
people in need & at risk. They have built up a	
trust with many people because of their	
caring ways & I cannot stress enough how	
important it is to keep the centre & their	
good work continuing. We have also seen	
many people come through the centre,	
accessing the adult learning & go on to get	
jobs. Our ESOL group has had great success	
with a very solid on going class, all	
completing exams this year, as the centre has	
provided a less intimidating place to	
learn.Add to this, an OUTSTANDING ofsted &	
7 years of established services & experience,	
it does not make sense to shut this centre!!	1
All of them, it has such a good reputation.	1
All of them. Although I do not access all of	-
the groups they run I hear people talking	
about the groups they attend so can see the	
benefits.	1
All of them. Each are valuable	1

All services - I don't think they should be

All the services need to be retained, and the	
services at Hamstel Childrens centre, need	
to be merged with Temple Sutton Childrens	
centre. Due to the influx of children it will	
benefit hamstel, to extend their nursery into	
the children centre	1
all the services retained, and Temple Sutton

I am not a user	1
I am not a user of the centre	1
I am not currently a user	1
I am not, but as they are not run by health	
they always have lots of activities for their	
community	1
, I attended the Numeracy and Literacy and	
passed both. The baby weighing, as even	
though my son is 4 years old I still take him	
there to be weighed so that I can keep an	
eye on his weight and speak to the Health	
Visitor of any concerns I have. Of course the	
childrens centre until my son moves up to	
reception in September, this would be a big	
disappointment if Temple Sutton Childrens	
Centre was to close. The staff are excellent	
there and very helpful and caring and this	
should not be happening.	1
should not be huppening.	-

I believe every service offered by Temple	
sutton Childdrens Centre should be retained,	
as all are so valued	1
I can't really choose, all the services they	
offer are beneficial to the local community!!	1
I don't use the centre. From what I have	
seen they don't offer anywhere near as	
many activities as Hamstel so I'm sure	
Hamstel could take on their services no	
problem by creating extra groups or linking	
in with their existing activities	1
I feel that merging could change the care	
standards that are currently in place. So the	
service of friendly caring helpful staff being	
the most important	1
I have used many of the services made	
available by Temple Sutton's children's	
centre and would like to see these all made	
available as they have aides me incredible	
amounts, allowed me to gain qualifications,	
boosted my confidence, and my child's	
learning has improved majorly!	1
I only feel confident to access the services	-
within Temple Sutton Children's Centre as I	
have built a good relationship with staff	
there	1
I personally would not use the services but	-
while visiting my sister and if taken unwell	
would go to st lukes health centre which I	
have done	1
I totally disagree with merging the centres.	-
This is a deprived area of Southend, without	
these range of services offered at different	
venues both vulnerable children and families	
will suffer. The support offered by the	
children's centres is crucial.	1
I want to keep all the children's activities and	-
all ages of class room childcare!	1
I would like all services that are currently in	-
operation now kept.	1
I would like all the services retained at	<u> </u>
temple sutton childrens centre, as I would be	
unable to get to Hamstel Childrens centre,	
due to personal reasons and have	
confidence in the staff at Temple Sutton Childrens centre.	1
childrens centre.	L

I would like childcare to remain available for 0-5 year olds with its services as Hamstel's services are very limited as they do not offer creche and only have nursery available for funded children at pre-school age Just to clarify Temple Sutton Children's Centre have a lot more to offer as a children's centre and should remain with all of their services as parents will feel a huge loss if they're	
removed. I know from using both centre's and what they both offer that a lot of services will not be available to many parents if Hamstel Children's Centre is	
retained!	1
I would like to see all services retained, as they are all very popular.	1
I would like to see the children's groups, support groups, adult courses and childcare	1
provision to stay as they are.	1
I would like to see the weigh in facilities to remain as this brings a wide variety of mothers together in a relaxed enviroment where you are able to meet like minded people and disscuss issues. The messy play is great for getting older children out and helping then to intergarate with other children and enable them to learn to share and interact. I do not use the groups for young mothers but i see the benifits that these have when at the centre and the staff are fantastic at dealing with these mums and many issues that come with this. I would ot like to see any of them merged as I do not want Temple Sutton CC to shut	1
I wouldn't like to see temple Sutton loose	
any of the services	1
If the centre's are merged I would not attend any services as I have a close bond now with the fantastic staff at Temple Sutton which due to past experiences. It has taken me a while to build trusting relationships again.	1
keep all the children center as i will continue	
to use when my next child comes along Leave it as it is.	1

MOTO to support single mothers so they can

listening to others experiences and can

improve parents qualifications to give them	
better work opportunities. ESOL to give	
support to parents with English as a second

confident engaging in the community it will	
also increase their job prospects. Baby

My concern is can hamstel offer as much	
outreach that temple sutton do! This was	
graded as outstanding by ofsted, they	
recognised that it takes time to build	
vulnerable people's trust and by outreach	
and services within the centre families were	
achieving better outcomes and support. We	
have help carers of young children with	
mental health issues, domestic abuse and	
post natural depression. Some children in	
southend may slip through the net without	
the extra support children centres offer.	
With our centre offering child care for so	
many children in southend with have first	
contact with this parents and without the	
services available I think there will be so	
many families isolated. This may then create	
bigger issues later on.	1

large family and they are always	
accommodating my older children -	
reasonable and affordable. The centre also	
runs forest school sessions which my child	
has attended on a number of occasions - this	
is where she flourishes as she really enjoys	
learning outdoors best. This is one of the	
reasons why we chose to still attend this	
Centre even though it is a longer walk than	
others as other Centre's do not provide	
outdoor learning opportunities. On a	
personal note, the Centre and Childcare staff	
were invaluable in supporting me through a	
very difficult time when my child suffered a	
horrific burn at home. This resulted in her	
being away from the Centre for a number of	
weeks - their support was overwhelming	
sending her favourite toys/books from the	
Centre to us at home and to play with at

Allocate extra funds from another sector	
with a budget from the council, instead of	
taking vital services away from some of the	
most deprived and vulnerable families in the	
whole of the borough.	1

Allow outside agencies to hire centre for	
other classes. When I go to the centre the	
mother's are itching for more activities even	
with a cost.	1
	1
Ask for donations and charge more for the	1
food they offer	1
ask for donations, volunteers.	1
Ask mums to volunteer / give a couple of	
hours a week maybe?	1
Ask parents to contribute old baby toys	
Withdraw hot meals, though this may be	
given some consideration as this may be the	
only nutritious meal of the day for some	
children, though I would be prepared to	
supply child with packed lunch in order to	
retain outstanding care.	1
Ask private local businesses to buy in to the	
centre and sponsor courses and offer	
support/ create networking ie baby shops	
hold a nursery there -if there is enough	
space! would definately pay to leave my	
child there add more alternative courses	
there ie councilling courses, life coaching,	
physio therapy for children (all private but	
will bring in revenue for the centre cut costs	
somewhere else	1
Ask the children centres to run fund raising	
events and perhaps cut some funding rather	
than close them.	1
asked parent to contribute to any activities,	
days out party's etc	1

cancel the building plans of a new rowing club in leigh for 70 members and save £350,000	1
Charge a little for the services offered that	
are currently free.	1
Charge a little more for each of the activities	
as these are always popular and are always	
fully booked within a short space of time as	
soon as they are advertised.	1
Charge a small fee.	1
Charge simpletons to use the services	
available?	1
Children are our future, so let's not skimp on	
their education. We will do them and	
ourselves a great disservice if we do.	1
CHILDREN need the most budget of all!	
Cutting children's budgets will only lead to	
problems in the future. Find somewhere else	
to make savings - scrap camera cars for one,	
and the useless building projects, like a new	
library - we have a perfectly good one	
already!	1
Children's centre activities and courses	
should be overseen by a lead practitioner	
responsible for making sure courses are	
promoted & available to all. Courses such as	
baby massage are not promoted centrally. I	
think this would help parents make informed	
choices of where to access support. Perhaps	
an app for parents could cut costs as most	
people have smart phones. To be honest, my	
experience is services are not well promoted	
across southend and a more cohesive	
approach is required. Someone like Imelda	
Callowhill could coordinate & oversee	
services to cut costs across the borough	1

	1
Children's Centres were established so all	
families could access them and improve	
outcomes for themselves and their children.	
I don't feel that you can put a price on this -	
each Children's Centre is unique and serves	
it's local community. The community at	
Temple Sutton and Hamstel are completely	
different and therefore both should be	
retained in order that they can best serve	
their families and make a difference. Temple	
Sutton was one of the first CC to be	
established in Southend and has received	
two outstanding Ofsted reports - this speaks	
volumes and it would be detrimental to	
families if an outstanding service is then	
taken away.	1
children's education and health cannot have	
a price put upon it and maybe money that is	
spent elsewhere could be diverted to help	
shape the county's future. Less money spent	
on over paid consultants to tell the council	
things they already know!	1
Close another centre but not temple Sutton	1
Close Hamstel and ask parent to volunteer	
more.	1
Close hamstel cc and keep temple. Its bigger	
and more capacity	1
Close Hamstel Childrens Centre	1

Close Hamstel Children's Centre - the	
Temple Sutton centre's rooms would never	
be viable for childcare - they are isolated, do	
not offer adequate security, only have 1	
toilet and sink, and a wholly inadequate	
outdoor area. The size means the groups	
would not be viable as childcare. In contrast	
the Hamstel Centre rooms are perfectly	
suited for a nursery - good outdoor space, of	
a useful size, more toilets, proper kitchen	
area. Services will of course deteriorate	
because of these cuts, meaning vulnerable	
families will need more costly support in the	
future, . But that is the short-sightedness of	
cutting the children's centre budget in the	
first place. Leave it to schools, social care	
and YOS to deal with in a few years.	1
Close hamstel children's centre!!!!	1

Don't spend so much elsewhere.
Don't waste so much money elsewhere in
the councils budget for example the high st
and seafront upgrades were a waste of
council tax. More money should be invested
in children not less. 1
Ensure proper pricing structure stop wasting
money on consultations clearer knowledge
and understanding of where budgets are
spent and who pays for what 1
ensure services are not doubled between
the nearest two childrenc centres 1
Ensure there are less duplication of services.
Encourage the Children's Centre's to all work
more closely together. It feels they work
seperately at present & almost in
competition with each other rather than
coordinating activities together. 1
For both of the children's centre's to work in
partnership but Temple Sutton to hold the
majority of services and Hamstel to
sometimes hold services but not as frequent
as Temple Sutton e.g. baby weighing to cut
down costs. 1

For Temple Sutton to hold the majority of	
beneficial services as they had an	
outstanding oftsed report and Hamstel to	
hold some small services to cut down on	
costs.	1
From what I have heard from other	1
professionals the centre is run to a very high	
standard - providing much needed care for	
the surrounding community - I am sure it will	
provide the same needs for the families at	
Temple Sutton without causing too many	
changes	1

Hamstel parents are looking to set up a	1
fundraising/PTA	1
Hamstel parents have lots of ideas according	1
to the paper	1
Hamstels parents and volunteers will be	1
happy to set up a fundraising committee to	
raise extra funds for their children's centre.	
Closing a larger purpose built centre is only	
going to cost the council more in the long	
run where support is going to be needed	
from other areas (health visitors, social	
services etc)	1
Have donations for groups	1
have the air show and use the revunue from	-
that to fund the centres.	1
Hire rooms (eg childrens parties) After	-
school clubs	1

i do not understand the budget system really to comment but more energy saving, or investment from local businesses or fundraising or even very small ?p increase in tax from families that use the centers.	1
I do not, I do however think the wellbeing of the communities children should be placed above the priority of budget, in which case Temple Sutton will remain unchanged.	1
I don't believe you should be making any savings at all from the Children's Centre budget. Without the services they provide many families will become a problem to the local community as they get older. Inevitably this will cause far greater financial and social strain to the council budget than if help is provided now whilst the families are still young. Prevention is better than cure - a cliche but still very true.	1
i dont but if people got together and spoke about it i would come along and give me thoughts	1
I don't know I'm afraid, as I have no insight into the running and budgeting of the centre or of the funding bodies.	1
I don't know the finances well enough to comment but if you publish current expenditures I would happily do so	1
I don't really have enough knowledge on the matter to give this question a proper answer I dont understand why the saving has to	1
made from childrens centres? Stupid government.	1

I suggest you make the consultaion one	
which is fair and open to all tio access. As a	
non user of a Children Centre I have been	
given no option to respond as a resident of	
Southend with a view. I would prefer not to	
have to choose either Option A nor Option B	
as neither meet the needs of the community	
in that area. There is not enough space to be	
able to put forward my proposals in any	
detail due to the lack of thought and	
foresight of this consulation document.	1
I think by closing the lesser used centres like	
the one in Shoebury you could make the	
required savings. However it is a shame that	
there are required budget cuts to this	
important service that so many rely on.	1
I think that the council should look at the	
areas on which these facilities are placed	
and who in the community it serves as	
Temple Sutton has been in operation for the	
longest with Hamstel only opening 3 years	
ago, Temple Sutton have built a successful	
and fun loving center serving all aspects of	
the community and offering supportto many	
families. The facilities at Temple Sutton far	
out way those of Hamstel and I believe	
Hamstel school would benefit the extra	
space for pre school children, also it would in	
able Hamstel school to concentrate on	
getting their school away from special	
measures without the added worry of the	
center and its issues.	1
I think the main concern is the children and	
their families and how this can affect	
them!!!	1
If I had the detailed budget and specific	
information related to children's centre, I	
would be more able to answer this question.	1
If we can see a break down of how the	
money is spent then maybe yes. This	
information has not been forthcoming.	
However we are committed to raising	
money to ensure the future of Hamstel	1

If you stop digging up pavements and roads	
that are fine instead of taking services from	
our children!! The children benefit a lot from	
the services Temple Children's Centre	
provides along with support for parents! I	
am not fussed in the slightest if Hamstel	
closes and I have used that centre! I am	
passionate about Temple because the staff	
are passionate about the Centre and every	
child that attends the nursery! If you want to	
make cuts to save money please leave	
Temple Sutton Children's Sutton open and	
close Hamstel!	1
I'm not fully versed in yhe the budget as is so	
its hard to say.	1
· · · ·	
Increase the suggested donation for groups	
and activities, merge individual services	
offered such as baby weighing clinics	1
Initially, I thoought the propsal was to close	
one of the centres and merge them. But I	
can not understand how this will work. Both	
are full of babies and toddlers and you are	
only allowed a ration of staff to children.	
With this I am unsure how a merger and	
closure will facilitate the numbers into the	
ration and class room capacities.	1
Is it from the CC budget? As Health provide	
the CC at Hamstel.	1
It's unfair to open these centres then close	
them.	1
Keep it as it is, maybe cut down the	
bureaugracy and having fewer managers but	
leave the centre as it is.	1
Keep the temple Sutton and close hamstel	1
Keep them open and in the long term the	
savings will be made through educating	
families on issues such as health and	
eduction	1
Lease Hamstel Children's Centre to Health as	
this covers all their services offered.	1
Less holiday trips that require transport,	
asking parents/carers to donate art	
resources such as empty yogurts pots,	
newspaper, paint, glitter, paper	1
Loan rooms to external (children's partys)	1
	-

Look at other children's centres that are	
near one another too. Charge SEPT rent for	
running their services within a children	
centre	1
Look at were other money is being 'wasted'	
by the council, rowing clubs, cafe in warrior	
square, unwanted sea wall!! Put the money	
where it is needed, in our children's	
centres!!	1
Look into utilisation of the site and services	-
for extended opening. Previously there were	
weekend groups that ran community	
services from there. In the very near future	
there will be a food bank set into the	
community which will increase footfall	
nearby and quite possibly open up more	
options for community engagement	1
Look outside the children's budget. They are	-
our future. What about councillor's	
expenditure.	1
Lottery funding, sponsors from local	-
businesses, forming a proper fundraising	
committee within Hamstel children's centre	
with the parents/staff (similar to the friends	
of Hamstel school PTA)	1
make cuts elsewhere e.g. stop giving out	-
blue bins when not needed.	1
Make cuts in other sectors that do not harm	-
the support for children and families in the	
poorest area's.	1
Make the savings from another budget!	-
Children are the most important part of	
society, if they lose out and their parents	
lose out on support what sort of society will	
our future see? Children's centres are vital	
for our local communities and for families	
who often struggle with social activities, lack	
of support and advise and childcare. Don't	
sacrifice these families to save money, no	1
price is worth paying.	1
Making savings in Children's Centres is a	
false economy - it is important to help the	
families whilst they are still young, before	
the problems have escalated to such an	
extent that the social and economic	1
consequences will be huge.	1

maybe open 3-4 days a week and run the	I

No I haven't! This has made me & a lot of	
others very angry that you should cut	
services like this from socially deprived areas	
such as St. Lukes, Cluny Square etc.; when	
clearly you have wasted a disgraceful	
amount of taxpayers money on so called

how to develop existing services. These	
services could be used to signpost families. If	
children's centre buildings have to be closed,	
these buildings (churches etc)/facilities could	
be used to reduce cost and make services	
more mobile.	1

children	1
Stop classes for people who have children,	
but don't know how to look after them. or	
make them fee orientated classes.	1
Stop funding other unnecessary	
"improvements" in the area. The children	
are our future and should be our priority.	
Not spy cars, sea walls and big wooden	
blocks at the side of the roads.	1
Stop over-heating the building in winter.	1
Stop rebranding services and consequent	
costs of changing all paperwork/ headed	
paper etc.	1

Stop spending money our money ruining southend seafront and feeding money into	
parking fee.sbc is greedy, spend money on	
things that count in this community ,our	
future or children	1
Stop spending the town's money on	-
unnecessary projects such as new food	
waste bins & vic plaza statue. this money has	
been spent now but there is no sense of	
priority in the councils spending and we (the	
residents of southend) are made to suffer by these decisions	1
these decisions	1
STOP THINKING OF THE MONEY AND START	
THINKING HOW THIS IS GOING TO AFFECT	
CHILDREN AND THEIR FAMILIES!!!!	1
Stop wasting money in other areas of the	
Borough, namely Victoria plaza and the sea	
front! I think educating children and adults	
should be fundamental in maintaining a	
sivalised society. Given the catchment area	
for temple Sutton a considerable amount of	
children will slip through the net who should	
otherwise be protected. Parents will not be	
educated either thus maintaining a self full	
filing profficy of ill educated individuals.	1
stop wasting money on blue bins, buildings	
that are never used and most of all silly	
wages all that money could be used for	
better things i.e children centres that are	
being used on a daily basis and the	
importance to that is everyone is learning	1
Stop wasting money on excessive spending	
on things in the community that are not	
needed .	1
stop wasting money, throughout Southend,	
e.g. blue bins not needed, nothing wrong	
with my old one. Shared space etc.	1
Subscription fees or joining fee maybe	
charge more for some of the groups. Recycle	
more. Have more volunteers to help out,	
parent/grandparents helpers. Fund raisers.	
Hire out the rooms to schools or college	
groups when not in use to use the space to	
make money.	1

Take on prompt from local colleges and	
volunteers maybe? Of course all crb checked	
etc!	1
Temple have already shown they can make	
cost savings through loosing the manager's	
post. Perhaps the council should consider	
loosing the planned and unwanted	
development of the sea wall in Shoebury?	1
The answer lies in the funding allocated to	
council services. Until children centre	
services are once again seen as an	
investment in the future of our children, the	
last 7 years will not have been in vain and	
future progress can be made before it is too	
late.	1
The budget is daft we as the users of the	
centre are suffering I don't go out much but	
have the confidence to attend temple Sutton	
once or twice a week, normally I'd just sit	
indoors and feel down	1
The childrens centre runs on to a tight	
budget from my experience. However, I am	
sure that there are ways to reduce costs by	
driving more efficient use of resources	
within the centre without detrement to the	
centres. Further funding could be generated	
by widening the services offered to more	
people and offer some of the services	
available to people on a privately paid for	
basis at weekends where parents not on low	
incomes could also benefit from vital	
information and support. Offering the	
facilities out to local groups to rent the	
rooms etc when not in use could bring in	
revenue, look more closely at how the	
school and centre can work closer to remove	
duplication in budgets, ask users of the	
centre for small donations when they	
receive services where they can, allow the	
rooms to be used at weekend by groups or	
clubs on a rented basis.	1

The council needs to show the whole	
breakdown of the budget and current costs	
involved in the childrens centres. I am	
suprised at the low cost many of the	
activities have attached to them and I	
believe that these could be raised by 5 -	
10%. I owuld alos not be adverse to the	
centres requesting additional donations, as I	
am sure those that can add a £1 etc would	
be willing to. Have savings been looked at in	
the way of Energy suppliers and insurance	
premiums etc? The alternative is also to look	
at reducing costs elsewhere, especially the	
current salaries that are earned by certain	
councillors (some believe that they are	
worth more than the PM). Priority has to be	
made for children, especially as nowadays	
parents are forced to work to enable to	
provide for their children and to be less	
burden to the state.	1
The council to invest money in facilities that	-
residents need and not on revamping roads	
ie Victoria avenue	1
The knock on effect of putting in place	
suitable building blocks should be very	
financially effective.	1
The savings will be the same as long as a CC	
closes. I propose the cc to close is TSCC and	
use this space to expand the nursery	
therefore increasing income.	1
The Temple Sutton services can be moved to	
HCC, less people use it so it won't be a	
drastic change for too many people.	1
There is a growing need for early	
interventive services especially to those	
most in need especially in crisis times more	
investment in the under 5's and spend less	
investment in the under 5's and spend less	1

To consider the July 2013 proposal put forward by the three Headteacher's of Hamstel Infant School and Nursery, Hamstel Junior School and Temple Sutton Primary School entitled: Proposal in response to the Second Children's Centre consultation by the Headteachers of Hamstel Infant School and Nursery, Hamstel Junior School and Temple Sutton Primary School. Including the supporting action plans, success criteria and benefits	1
To have to join the centre and pay a small fee each month. To do fund raisings Bake	
sales Clothes sales	1
to look for lottery funding and other funding grants which will help communities towards managing anti social behaviour and good parenting in the future, if the money is not invested now it will cost more in the future for other services involved with families who have social issues. i feel that funding should be awarded each year based on outcomes, to reduce cost so that the council only pay for quality services like temple Sutton Children's Centre.	1
To reduce the budgets across all centres a little more and find out what services are most important to each centre to avoid duplication.They can then use their budget to run just what is required in their area. As some centre's will require additional money spent on them to house what is preposed to be run if imalgamation or mergers take place I don't see how this will save money. Turn the heating down I always find the rooms very warm	1

Unfortunately not but by cutting such valuable services you are putting many parents in a vulnerable position. Without Temple Sutton helping me after the birth of my first child I believe I would have suffered from post natal depression which would have been detrimental to myself and my baby. Costs need to be cut elsewhere. Children are the most important future we have and we can't let them down at the first hurdle by removing invaluable staff and services such as they are at Temple Sutton. I can't recommend them highly enough.1Unfortunately, no. Charging, or increasing the minimal charges made for it's services, could well disclude those who are most in need of it's services. what and to cond my conto and Tompla
what one to send my son to and Temple
Sutton was far superior 1
Use the facilities for a wider range of
purposes for example more classes focused
in children by external groups as a
preference to church halls this would
generate an income for the centre and open
up more variaty for people that attend for
example baby sensory, jo jingles nct etc 1
Volunteer work, charity fund for the centre,
sponsors. 1

We are trying to impoved or this at the moment We currently pay ģ2 for Friday Fun, I would	1
be prepared to pay £2.50-3	1
Why don't you use the budget that you spent on the wicker tea cups etc on the child care. It amazes me what the council spends its money on instead of looking to the boroughs future and giving each child and family a fairer chance of succeeding in life	1
Why pay out more to hire extra halls with savin hamstel when temple is runnin the groups anyway and and has the room there	1
Without going to veiw the area I am unable to say but I do know that the centre is needed both for the children and parents and has been run very successfully since it	
was opened	1
Without knowing how savings have been	
calculated and from what areas it is not	
possible to comment as an informed	
individual.	1
Yes	1
YES SPEND THE MONEY IN THE RIGHT PLACES AND I DO NOT THINK CUTTING BACK ON CHILDCARE IS GOING TO HELP THE COMMUNITY. CUT BACK SOME WHERE ELSE AND LEAVE THE CHILDREN CENTRES THEY ARE NEEDED BY THE COMMUNITY I THOUGHT THIS GOVNMENT IS TRYING TO GET PEOPLE BACK TO WORK HOW CAN THIS HAPPEN IF PEOPLE ARE GOING TO LOSE THEIR JOBS BY THESE CLOSURES yes stop building multi millions libraries and	1
mending things that aren't broke .	1

Yes. there is a proposal that has been put forward by the Hamstel Schools and Temple Sutton School. I believe that this is a viable proposal that should be considered seriously. It out; lines the need to retain services but to re-locate the SEPT services from the Hamstel building elsewhere, which is considered within the proposal. This is a very limited opportunity to be able to make further comments.	1
You could ask for more money for the activities that are planned, as some of them are good and cheap, but if you increased the cost a little, then I feel you will still get the response for people/children to go and would be getting that little extra for the activity. What type of budget is given anyway for the centre???	1
You could charge higher fees, particularly charge childminders a per child fee for	
attending groups as they attend with large groups of children and pay per family: they are being paid to keep these chilrden entertained and look after them and so if passing off this resposibility they should be charged for it.	1
You shouldn't be cutting budgets but	
investing in the youth	1
