3 & LST	F - Better Sustainable Transport and Mobility Mar	nagement [ACTION A] C10384 £450k											
	Contra-flow cycling in one way streets	contraflow cycling, preliminary assessments along St. Mary's Road, Sutton Road, Stock Road.	15		25								
	Queensway enhancements including cycle route	Public realm type enhancements to Queensway from Victoria Avenue to A13.	40		125						179	1	
	Leigh on Sea cycle parking	Installation of cycle parking stands at various locations yet to be determined and to be agreed with Cabinet and Ward Members - Identified shortfall of onstreet cycle parking to serve shopping areas etc.	10										
	Prittle Brook Cycleway	Completion of the cycleway. Link from Eastwood Road into Befairs via the visitor centre. To complete the link into Belfairs by improving existing two access points off Eastwood Road and utilising existing footway in Eastwood Road.	125									250	
	Belfairs Woodland Project	Access route to Belfairs Woodland Project - See C10502 for other Project (Louise Morris)	123		75							230	
	Sustainable Transport link with A13 ITS project	Match funding for LSTF. Upgrading traffic systems to improve driver information and journey reliability.	180										
	Raised Bus Boarders	Creating level boarding points to meet disability requirements and improve for low floor bus fleet at new bus shelter sites	25										
	Upgraded and contribution to new crossings	Part of traffic, road safety and parking work programme.	55										
	TOTAL AVAILABLE		450	-	225	-	-	-	-	-	179	250	1,10
3 & LST	F - Better Networks and Traffic Management Sche	emes [ACTION B] C10513 £600k											T
or sche	emes												
	Airport Access - Harp House Improvements (public transport, walking and TM)	Highway Improvements to Harp House Roundabout to reduce congestion and improve access for non motorised users. Supporting JAAP access improvements and A127 major schemes traffic management. The JAAP identifies the need for improvements at the roundabout and the entrance to the airport and retail park. Access for pedestrians and bus users requires improvement and creation of a local "interchange" linking bus routes, X30 and rail station.	250		175								
	Minor Schemes and TROs	For details see Appendix 2 - This is part of the Capital Programme of traffic, road safety and parking work schemes 2013/14.	150										
	Accident Remedial Schemes and Road Safety	For details see Appendix 2 - This is part of the Capital Programme of traffic, road safety and parking work schemes 2013/14.	150										
	Parking Schemes	For details see Appendix 2 - This is part of the Capital Programme of traffic, road safety and parking work schemes 2013/14.	50
