The Working Party considered the most recent version of the Council's Digital Strategy for 2014-17. The first draft of the strategy was considered by the Working Party at its meeting on 29th September 2014.

Members asked a number of questions which were responded to by officers. Members also made the following comments:-

- This was a comprehensive strategy and officers need to ensure it links up across the whole Council and where possible with the Council's partners (e.g. health, etc);
- cross-referencing the strategy to other policies and Council strategies;
- Ensure that residents continue to receive services by traditional methods (e.g. face-to-face, telephony, etc);
- The need to be explicit on the implications and risks of the strategy.

Resolved:

That Cabinet be recommended to adopt the Digital Strategy 2014-17 and the actions contained therein.
