9th September 2010

Agenda
Item No.

Report prepared by: Cheryl Hindle-Terry, Team Leader
(Traffic Management and Road Safety)

Traffic Management and Road Safety Work Programme – 2010/11

Portfolio Holder – Councillor Mark Flewitt

A Part 1 Public Agenda Item

1. Purpose of Report

To inform Members of the work programme currently being undertaken by the Traffic Management and Road Safety Team.

2. Recommendation

2.1 That the Traffic and Parking Working Party note the report and programme.

3. Background

3.1 The general works programme for the Traffic Management and Road Safety Team (formerly Demand Management) are agreed each year by way of revenue or capital funding requests and reported to the Cabinet for any authorisations to advertise associated Traffic Regulation Orders.

3.2 Historically, much of the works have been responsive however following successful approval of additional funding, we are now able to initiate a proactive works programme.

3.3 While we will continue responding to identified issues we are able to properly plan a forward programme of works for the next year.

3.4 This new method of working will enable Ward Members to be aware of proposals within their area and advise their residents accordingly.

3.5 An action plan based on the attached work programme will be developed and further reports seeking approval of schemes and investigations will be presented to the Committee as required.

3.6 The programme is set out in Appendix 1 to this report.

4 Appendices

4.1 Appendix 1 – Work Programme for 2010/11
