### 1. Purpose of Report

To advise the Traffic and Parking Working Party of a new policy to be referred to Cabinet for consideration.

### 2. Recommendation

2.1 That the Traffic and Parking Working Party note the proposed policy.

### 3. Background

3.1 Waiting restrictions are the area of our work most likely to generate opinions and is also responsible for high member workloads.

3.2 While the majority of proposals are made for safety or traffic flow reasons, we do try to accommodate other requests where possible and this can often generate future problems such as a lack of consistency and appropriateness of certain restrictions to resolve issues.

3.3 In order to maintain a consistent approach it is suggested that the Policy outlined in Appendix1 be agreed.

### 4. Background Papers
