7. Representations Summary

Since the agenda has been published a consultation response has been received from Essex County Fire and Rescue which makes the following summarised comments:

- More detailed observations on access and facilities for the Fire Service will be considered at Building Regulation consultation stage.
- It is the responsibility of anyone carrying out building work to comply with the relevant requirements of the Building Regulations.
- The applicant is reminded that additional water supplies for fire fighting may be necessary for this development.

Since the submission of the Enforcement Report a retrospective planning application has been received under reference 18/00250/FUL to 'erect a pergola in the rear yard.' No application has been received in respect of the raised platform.

To date there have been 11 objections to the above planning application from local residents. Concerns raised are:

- The use of the structure by patrons which causes excessive noise and anti-social behaviour.
- The previous use of the area was as a bin storage which has now meant the bins have been displaced to the pavement.

This planning application is due for determination by 10th April 2018.
