PRE-CABINET SCRUTINY ITEMS

None

ITEMS CALLED-IN FROM THE FORWARD PLAN

None

OTHER SCRUTINY MATTERS

- 27 In-depth Scrutiny Project - 'To investigate the case for additional enforcement resources for Southend'**
- 28 Exclusion of the Public**

To agree that, under Section 100(A)(4) of the Local Government Act 1972, the public be excluded from the meeting for the items of business set out below on the grounds that they involve the likely disclosure of exempt information as defined in Part 1 of Schedule 12A to the Act, and that the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

PART II ITEMS REFERRED DIRECT FROM CABINET
Tuesday, 10th January, 2017

- 29 Standing Order 46 - Confidential Sheet**
Minute 607 (Report circulated separately – Agenda Item 18 refers)
Referred direct by Cabinet

To: The Chairman & Members of Place Scrutiny Committee:

Councillor K Robinson (Chairman),
Councillors P Wexham (Vice-Chairman), M Assenheim, A Bright, D Burzotta, T Callaghan,
M Davidson, F Evans, N Folkard, J Garston, S Habermel, D Jarvis, D Kenyon, H McDonald,
D McGlone, M Terry and C Willis

SOUTHEND-ON-SEA BOROUGH COUNCIL

Meeting of Place Scrutiny Committee

Date: Monday, 28th November, 2016
Place: Committee Room 1 - Civic Suite

4

Present: Councillor K Robinson (Chair)
Councillors P Wexham (Vice-Chair), A Bright, D Burzotta,
T Callaghan, M Davidson, F Evans, N Folkard, J Garston,
S Habermel, D Jarvis, D Kenyon, H McDonald, D McGlone, M Terry,
C Willis and R Woodley*
*Substitute in accordance with Council Procedure Rule 31.

In Attendance: Councillors J Lamb, A Holland, M Flewitt and T Cox (Executive Councillors)
Councillors C Mulroney and C Nevin
J K Williams, Cooney, S Dolling, P Geraghty, D Patel, Z Ali and T Row

Start/End Time: 6.30 - 9.45 pm

477 Apologies for Absence

Apologies for absence were received from Councillor Assenheim (Substitute: Councillor Woodley).

478 Declarations of Interest

The following interests were declared at the meeting:

(a) Councillors Cox, Flewitt, Holland and Lamb (Executive Councillors) – interests in all the called-in/referred items; attended pursuant to the dispensation agreed at Council on 19th July 2012, under S.33 of the Localism Act 2011.

479 Questions from Members of the Public

The Executive Councillor for Enterprise, Tourism and Economic Development and the Executive Councillor for Traffic, Waste and Cleansing responded to written questions from Mr Webb.

480 Minutes of the Meeting held on Monday 10th October 2016

Resolved:-

That the Minutes of the Meeting held on Monday 10th October 2016 be received, confirmed as a correct record and signed.

481 Monthly Performance Report

The Committee considered the Monthly Performance Report (MPR) covering the period to end September 2016, which had been circulated recently.

Resolved:-

That the report be noted.

Note:- This is an Executive Function.

Executive Councillor:- As appropriate to the item.

482 In-depth Scrutiny report - 20mph speed restrictions in residential streets

The Committee considered Minute 441 of the meeting of Cabinet held on 8th November 2016, which had been called-in for scrutiny, together with the report of the Chief Executive presenting the in-depth scrutiny project – ‘20mph Speed Restrictions in Residential Streets’.

Resolved:-

That the following decision of Cabinet be noted:

“That the report be received and noted.”

Note:-This is an Executive function

Executive Councillor :- Cox

483 Gambling Policy

The Committee considered Minute 452 of the meeting of Cabinet held on 8th November 2016 which had been called-in for scrutiny, together with the report of the Deputy Chief Executive (Place) setting out the draft revised statement of Gambling Licensing Policy as the basis for formal consultation.

Resolved:-

That the following decision of Cabinet be noted:

“That the draft revised Policy document be endorsed for the purposes of consultation.”

Note:-This is a Council function

Executive Councillor :- Flewitt

484 PVX Policy

The Committee considered Minute 453 of the meeting of Cabinet held on 8th November 2016 which had been called-in for scrutiny, together with the report of the Deputy Chief Executive (Place) proposing amendments to the existing Permanent Vehicular Crossing (PVX) Policy in light of the outcome of the review.

The Executive Councillor for Transport, Waste and Cleansing gave the following two assurances:

- (a) The new policy would be reviewed after 18 months in operation; and
- (b) During the next 18 months, consideration would be given to the possibility of a Council ground maintenance trading company undertaking PVX work.

Resolved:-

That the following decisions and recommendations of Cabinet be noted:

“1. That the issues identified in Section 5 of the submitted report relating to the PVX Policy, process and procedures, be noted.

2. That the amendments to the PVX Policy set out in paragraphs 5.2(a)-(d) of the report, be approved.

3. That the matters that are not considered to amount to exceptional circumstances, set out in paragraph 5.5 of the report, be approved.

4. That the approach to refusing applications set out in paragraph 5.6 of the report, be approved.

5. That the approach to exceptional circumstances set out in paragraph 5.8 of the report, be approved (acknowledging that each application is different and each exceptional circumstances case will be considered on its own merits).

6. That the recommendations in Paragraph 5.9 of the report be approved (i.e. no changes to remaining policy or criteria).

7. That the approach to fees set out in paragraph 5.11 of the report, be approved.

Recommended:-

8. That the exceptional circumstances PVX applications be included as part of the terms of reference of both the Traffic and Parking Working Party and Cabinet Committee, so as not to preclude the democratic process, with the Cabinet Committee having full delegated powers to determine the applications and that the call-in process shall not apply to the decisions of the Committee to ensure that the applications are dealt with in a timely manner.

9. That, accordingly, the following amendments be made to the Constitution:

(a) Part 3 Schedule 2 – Terms of Reference of Traffic and Parking Working Party. Add the following to the terms of reference of the working party under paragraph 3.6.3: (c) To consider exceptional circumstances PVX applications and make appropriate recommendations to the Cabinet Committee.

(b) Part 3 Schedule 2 – Terms of Reference of Cabinet Committee. Add the following at the end of the terms of reference to the Cabinet Committee under paragraph 2 (b): The Cabinet Committee will consider the recommendations from the Traffic and Parking Working Party in respect of exceptional circumstances PVX applications and determine such applications. The decisions will not be available for call-in.

(c) Part 4(e) – Call-in. Add the following to the list of exceptions to the call-in process under paragraph 15(e): (iv) in respect of exceptional circumstances PVX applications determined by the Cabinet Committee.”

Note:-The decisions in 1-7 above constitute an Executive function. The decisions in 8 and 9 above constitute a Council function.
Executive Councillor :- Cox

485 125th Anniversary Celebrations

The Committee considered Minute 454 of the meeting of Cabinet held on 8th November 2016 which had been called-in for scrutiny, together with the report of the Deputy Chief Executive (Place) proposing a programme of events in 2017 celebrating both the 125th anniversary of the Borough Charter for Southend-on-Sea and the centenary of Priory Park.

In response to a question regarding the funding of these celebrations in the current financial climate, the Executive Councillor for Culture, Tourism and the Economy drew the Committee’s attention to paragraph 6.2 of the report and gave her assurances that:

- (a) the Council would attempt to attract as much sponsorship as possible; and
- (b) a report will be submitted to the next meeting of the Committee back to the Committee on the progress of such sponsorship.

Resolved:-

That the following recommendations of Cabinet be noted:

- “1. That the proposed series of celebrations to mark the 125th anniversary of the signing of the Borough Charter and the centenary of Priory Park, be approved.
2. That the nationally significant award of Poppies: Wave exhibition to Shoeburyness which will form part of the year’s celebrations, be noted.
3. That one-off financial support of the collective activity up to £580k and funded from the Business Transformation Reserve across 2016/17 and 2017/18, be approved.”

Note:-This is a Council function
Executive Councillor :- Holland

486 Standing Order 46

The Committee considered Minute 456 of the meeting of the meeting of Cabinet held on 8th November 2016 which had been called-in for scrutiny. This concerned item 1.1 regarding the Pier Entrance and 21 Pier Arches only.

Resolved:-

That the submitted report be noted.

Note:- This is an Executive Function
Executive Councillor:- As appropriate to the item.

487 Growth Strategy

(This is a pre-Cabinet Scrutiny item.)

The Committee received a report by the Deputy Chief Executive (Place) and presentation by the Director of Regeneration and Business Development by way of pre-Cabinet scrutiny. This updated Members on the empirical evidence base and trends which are shaping Southend's economic growth and sought Members' views on the key principles and approaches which the new Economic Growth Strategy (2017-2022) will be predicated on.

The Director offered to provide a separate briefing for Members to interrogate the data set out in Appendix 1 to the report should it be required.

Resolved:-

1. That the evidence base and resulting findings are noted.
2. That the report be noted and endorsed for submission to Cabinet for consideration with the following comments:
 - Reflect employment opportunities and trends in neighbouring authorities which have a material effect on the Borough, such as the airport and aviation businesses, to give a more holistic picture of employment for Southend residents;
 - Explore the role of fisheries in Southend's economy to better understand its economic impact and opportunity
 - Reflect, where possible within the limitations of the data available, that retirement age is increasing and therefore working age population is generally now exceeding 64.

Note:- This is an Executive Function
Executive Councillor:- Holland

488 In-depth Scrutiny Project - 'To investigate the case for additional enforcement resources for Southend'

The Committee received an oral update on the progress that had been made in respect of the agreed joint in-depth scrutiny project for 2016/17 entitled 'To investigate the case for additional enforcement resources for Southend'.

Resolved:-

That the progress be noted.

Note:- This is a Scrutiny Function.

489 Exclusion of the Public

Resolved:-

That, under Section 100(A)(4) of the Local Government Act 1972, the public be excluded from the meeting for the items of business set out below, on the grounds that they would involve the likely disclosure of exempt information as defined in Part 1 of Schedule 12A to the Act and that the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

490 Waste Management PFI

The Committee considered Minute 458 of the meeting of Cabinet held on 8th November 2016 which had been called-in for scrutiny, together with the report of the Deputy Chief Executive (Place) on the above.

Resolved:-

That the following decision of Cabinet be noted:

“That the recommendations in the submitted report, be approved.”

Note:-This is an Executive Function
Executive Councillor:- Cox

Chairman: _____

Southend-on-Sea Borough Council

Report of Chief Executive and Town Clerk
To

5

Cabinet
On
19th January 2017

Report prepared by:
Louisa Bowen – Senior Business Management Advisor

Corporate Performance Management – 2017/18
People; Place; Policy and Resources Scrutiny Committees
Executive Councillor: Councillor Lamb
A Part 1 Public Agenda item

1. Purpose of Report

- 1.1. To agree the Council's corporate approach to performance management for 2017/18.

2. Recommendations

It is recommended that:

- 2.1. **Cabinet agrees the Corporate Priority Performance Indicators, monitored via the Monthly Performance Report (MPR), for 2017/18 – as set out at Appendix 1.**
- 2.2. **The MPR also includes a small basket of indicators relating to areas where the Council does not have lead responsibility or direct control, as outlined in paragraph 4.3.**
- 2.3. **Cabinet agrees the Corporate Priority Actions, to support implementation of the Council's 2017/18 Corporate Priorities – as set out at Appendix 2.**

3. Background

- 3.1. The Council's approach to corporate performance management and Corporate Priority Actions and measures is reviewed each year to ensure that the most appropriate ones are identified for future monitoring.
- 3.2. The Council's Corporate Management Team reviewed the current basket of Corporate Indicators and has agreed to identify 34 performance indicators (as set out at Appendix 1) and 52 Corporate Priority Actions (as set out at Appendix 2). This is of similar scale to 2016/17.

- 3.3. As in previous years, it may be necessary to adjust indicators, actions and targets (and in some cases set targets) in the light of quarter 4 (January-March) information. It is, therefore, suggested that the Chief Executive, in consultation with the Leader of the Council and relevant portfolio holders, is authorised to finalise the list as further information becomes available.

4. Corporate Performance Indicators

- 4.1. Appendix 1 outlines the proposed Corporate Performance Indicators for 2017/18. In selecting the basket of indicators, a number of factors have been taken into consideration, including:
- They are a priority for residents;
 - They require particular focus for 2017/18;
 - They are timely (ideally they can be reported regularly, ideally monthly);
 - They can be monitored with minimal administrative effort;
 - There are a spread of indicators that cover customers, staff, finance and key projects.
- 4.2 The 34 proposed Corporate Performance Indicators breakdown against current Departments as:
- 20 People (8 Adult Services and Housing; 7 Children's Services; 2 Learning Services) including 3 from Public Health
 - 9 Place (4 Public Protection; 3 Planning; 2 Culture)
 - 5 Department of the Chief Executive (1 Transformation; 2 Finance & Resources; 2 Customer Services).
- 4.3 It is also recommended that a basket of indicators are included in future MPRs to assess performance in areas of importance for the Council, but which the Council does not necessarily have lead responsibility or are able to have direct impact. These include: community safety (potentially revising the basket of 10 British Crime Survey indicators), health related indicators (such as A&E waiting times) and economic development related indicators. This is intended to provide focus for the Council in assessing performance of local partners and the local economy, including aiding members in undertaking their scrutiny function.
- 4.4 Targets for indicators take into account that, where possible, they are stretching but achievable, but also the potential impact of budget reductions and the economic climate. It should be noted, however, that some of the targets, particularly those relating to adult and children's services indicators, are extremely challenging and may be difficult to achieve. They do, however, reflect the ambitions required in the service areas.

5. Corporate Priority Actions

- 5.1 The proposed 2017/18 Corporate Priority Actions are attached at Appendix 2. These will be included in the 2017/18 service plans, which are currently being developed.

6. Reasons for Decision

To ensure measures and targets are in place by which the Council can assess its

performance against its agreed Corporate Priorities.

Other Options

1. Significantly increasing the numbers of performance measures and indicators. This would place significant pressure on available resources to undertake the necessary monitoring, and would result in diverting resources from other priority areas.

2. Not identifying any Corporate Priority Actions or Indicators. This would leave the Council unable to monitor its performance against its key priorities or to assess whether resources are appropriately allocated.

7 Reasons for Recommendations

7.1 To identify corporate measures and targets against which the Council's performance can be monitored and managed effectively.

8 Corporate Implications

8.1 Contribution to Council's Vision & Corporate Priorities

The Council's corporate priorities help ensure that the Council's work reflects community and organisational needs and as such are a critical element of robust business planning arrangements. The proposed indicators and actions will enable residents and others to monitor and comment upon Council performance. Actions and indicators are also included in service plans.

8.2 Financial Implications

The Corporate Priorities help steer budget discussion and thereby help determine where resources will be allocated. Performance against the proposed measures throughout the year will help determine whether financial resources need to be redeployed to meet the priorities.

8.3 Legal Implications

There is no statutory duty to produce corporate priority indicators or actions, although it is considered good practice as part of strategic business planning.

8.4 People Implications - None

8.5 Property Implications - None

8.6 Equalities and Diversity Implications

The Council's Corporate Priorities have been identified to reflect local needs and the corporate priority indicators are selected to monitor progress against these.

8.7 Risk Assessment

Regular monitoring of performance against the Council's priorities will enable appropriate action to be taken to address any performance issues arising during the year.

8.8 Value for Money

Effective performance management is central to assessing whether the council is providing Value for money services, by enabling year on year and organisational benchmarking.

8.9 Community Safety Implications - None specific

8.10 Environmental Impact - None specific

9 Background Papers

2016/17 Monthly Performance Report

10 Appendices

Appendix 1 – Corporate Priority Performance Indicators for 2017/18

Appendix 2 - Corporate Priority Actions for 2017/18

Corporate Priority Performance Indicators for 2017/18

Report of Corporate Management Team
to
Cabinet
on
19 January 2017

Report prepared by: Joe Chesterton
Director of Finance and Resources

Draft Capital Programme 2017/18 to 2020/21
All Scrutiny Committees
Executive Councillor: Councillor Lamb
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 The purpose of this report is for Members to consider a draft programme of capital projects for the period 2017/18 to 2020/21 that can be submitted to Council for approval.

2. Recommendation

That the Cabinet:

- 2.1 Note the current approved Programme for 2017/18 to 2019/20 of £125.4m (Appendix 1);**
- 2.2 Note the changes to the approved Programme as set out in Appendix 2;**
- 2.3 Consider and approve the proposed new schemes and additions to the Capital Programme for the period 2017/18 to 2020/21 totalling £59.1m of which £52.9m is for the General Fund and £6.2m for the Housing Revenue Account (Appendices 6 and 7);**
- 2.4 Consider and approve the proposed schemes subject to external funding approval for the period 2017/18 to 2020/21 totalling £42.6m (Appendices 2 and 7);**
- 2.5 Note that the proposed new schemes and additions (Appendices 6 and 7) and other adjustments (Appendix 2) will result in a proposed capital programme (excluding schemes subject to external funding approval) of £185.8m for 2017/18 to 2020/21 (Appendix 8);**
- 2.6 Note that, of the total programme of £185.8m for the period 2017/18 to 2020/21, the level of external funding supporting this programme is £58.2m (paragraph 7.1).**

2.7 Note that a final review is being undertaken on the 2016/17 projected outturn and that the results will be included in the report to Cabinet on 14 February 2017;

2.8 Refer this report as approved to all Scrutiny Committees and then to Budget Cabinet on 14 February 2017.

3. Background

3.1 Capital expenditure is defined as expenditure incurred on the enhancement, acquisition or creation of assets needed to provide services, such as houses, schools, vehicles etc. This is in contrast to revenue expenditure which is spending on the day to day running costs of services such as employee costs and supplies and services. Capital grants, borrowing and capital receipts can only be spent on capital items and cannot be used to support the revenue budget. However, it should be noted that revenue funding can be used to support capital expenditure.

3.2 Under the Local Government Act 2003, from 1 April 2004, each authority can determine how much it can borrow within prudential limits (unsupported borrowing). The Government does have powers to limit the aggregate for authorities for national economic reasons, or for an individual authority.

3.3 Unsupported borrowing is not specifically financed by capital grant and no longer as a separate stream in the Government revenue grant. However, the Council has full discretion on how it allocates its formula grant funding. Therefore, any unsupported borrowing undertaken is financed from the total available resources to the Council from both Grant and Council Tax.

4. Capital Programme 2016/17 to 2019/20 - Movements

4.1 The Council's current agreed capital programme for 2016/17 and future years is attached as Appendix 1 and totals £191.2m.

4.2 Movements and proposed new schemes and additions since the agreement of the revised programme in November 2016 have an overall effect of increasing the capital programme by £55.8m and are set out in Appendix 2, with more detail in Appendices 3 to 7.

5. Spending Plans 2017/18 to 2020/21

The proposed additions to the Capital Programme for 2017/18 to 2020/21 of £59.1m are set out in Appendix 6, with the details of each scheme and its funding explained in Appendix 7. The key areas of investment and funding for the Council are identified in the sections below.

5.1 Education

5.1.1 In February 2016 the Government confirmed the Education Maintenance Capital allocations and Devolved Formula Capital (DFC) for 2016/17 and gave an indication that a similar level of grant would be available for 2017/18, subject to downwards adjustments as more schools convert to academy status. Basic Need Grant was confirmed for the three years 2016/17 to 2018/19.

The grant funding was confirmed as follows:

- £0.537 million of basic need funding to provide school places to be paid in 2016/17 with £1.14 million paid in 2017/18 and £4.80 million in 2018/19.
- £1.55 million of Maintenance Capital to support the needs of the schools we maintain and for the Sure Start children's centres;
- £0.288 million of Devolved Formula Capital for schools;

5.1.2 All of these allocations will be delivered as capital grant.

5.1.3 The Government is due to announce in February 2017 the 2017/18 figures and indicative figures for the years 2018/19 and 2019/20. If these figures are available in time they will be included in the report to Cabinet on 14 February 2017.

5.1.4 The education capital programme for 2017/18 onwards will continue to be dominated by the need to provide more school places to cope with the rising pupil numbers.

5.1.5 The Basic Need Grant awarded to Local Authorities includes expansion at academies. The Government also expected all Local Authorities to fund capital works for any new academy arising from a Basic Need requirement unless the new school is funded directly from Central Government under the Free School Agenda.

5.1.6 The Primary School Expansion Programme has been completed although any changes to future demand will be monitored closely. The Secondary School Expansion Programme is now in the feasibility and planning stage.

5.1.7 Government funding is now ring fenced and Southend, like many other authorities, will be spending more on Basic Need than the awarded grant.

5.1.8 Improvement and provision of school places funding of £18 million has funded the purchase of the PROCAT building and to allow improvements and future expansions at Futures college under the umbrella of the incoming Partnership Learning Academy Trust. New accommodation for both Seabrook College elements under the umbrella of the incoming Parallel Learning Academy Trust has been identified and three secondary schools are at the planning application stage of their expansions.

5.1.9 In November 2015, following the three year indicative funding award published in January 2015, the Heads Asset Management Group agreed a draft three year building condition programme to allow schools to plan ahead. It was

agreed that only the first £1 million of Maintenance Grant per year would be used exclusively for this programme and the remainder would be made available to address condition items within the schools expansion programme.

- 5.1.10 The income received from Central Government for maintenance only covers maintained schools and will continue to reduce in relation to the increase in the number of academies. Academies are able to bid into a central pot directly to the Department for Education for capital funding.
- 5.1.11 The focus on additional places will mean that expenditure on condition schemes will continue and be limited, with up to £1 million to be allocated in 2017/18 to address high priority condition items at schools and children's centres, which if not done could result in a closure. The replacement of boilers, curtain walling and rewiring continues to dominate. This programme will be subject to adjustment as schools convert to academy and the grant income reduces accordingly.

5.2 Housing

- 5.2.1 As part of the HRA Land Review project it was agreed that officers should investigate a phased approach to the housing development on Council owned land. The plan is to construct 18 housing units within the Shoeburyness ward. The contractor is progressing well on site, the first five houses in Bulwark Road and Exeter Close have been handed over and it is anticipated that the six houses in Ashanti Close will be handed over in early January.
- 5.2.2 The Housing Revenue Account (HRA) capital programme for the 2016/17 financial year is £8,881,000 which comprises mainly Decent Homes work to the Council's housing stock including kitchen and bathroom modernisations, together with improvements to the common areas. This also includes a budget of £2,508,000 for the construction of new housing on HRA land as included above and £345,000 for some remodelling works to sheltered housing schemes.
- 5.2.3 A proposal for the use of the sheltered housing remodelling budget went forward to November Cabinet. It was agreed that a series of workshops would be set up to explore various schemes. The outcome of these workshops will be presented as a follow up Cabinet report with recommended options for developing a model of sheltered housing provision in order to meet the housing needs of older people in Southend.
- 5.2.4 The overall capital programme for the next four financial years 2017/18 to 2020/21 includes a commitment of around £6 million each year for major repairs and Decent Homes work to the Council's housing stock.

5.3 Highways and Transportation

5.3.1 The expenditure will be delivered by fully un-ringfenced capital grants.

5.3.2 The settlement is as follows:

	2017/18 £'000
Integrated Transport	1,401
'Needs Based' Highways Capital Maintenance Block	1,238

In addition, for the financial years 2018/19 – 2020/21 the following indicative allocations have been announced:

	2018/19 £'000	2019/20 £'000	2020/21 £'000
Integrated Transport	1,401	1,401	1,401
'Needs Based' Highways Capital Maintenance Block	1,121	1,121	1,121

5.3.3 The allocations for the Integrated Transport Block (ITB) 2018/19 to 2020/21 are indicative and are subject to review. The Department for Transport intend to refresh the data in April 2017 and then announce confirmed allocations.

5.3.4 The Department for Transport has recently issued a document titled 'Roads Investment – The roads funding package' which informs where the new funding of £1.3 billion will be allocated as per the Autumn Statement 2016.

5.3.5 The document also details information in relation to other funding and the following extracts are taken from that.

- Local Highways Maintenance Funding Needs Element - this existing Needs Based Formula totals £4.7 billion over the 6 years funding period to the end of this Parliament. The Funding allocated to each Local Highway Authority in England (outside London) is based on a formula using data provided by each authority regarding the assets for which they are responsible.
- Local Highways Maintenance Challenge fund - this fund is to enable Local Highway Authorities in England to bid more major maintenance projects that are otherwise difficult to fund through the normal needs element allocations they receive. A second tranche of the fund will be announced shortly.
- Local Highways Maintenance Incentive/Efficiency Element Funding – there is existing funding of £578 million to Local Authorities in adopting efficiency principles for highways maintenance. It is a mechanism for authorities to receive additional funding over and above the Needs Based Formula. Round two will be formally launched shortly.

- Pothole Fund – Funding of £250 million was announced in the Budget 2015. This funding is allocated by formula shared by Local Highways Authorities between 2016/17 and 2020/21 based on the road length for which each authority is responsible. The allocated sum to Southend Borough Council is £65k per year until 2020/21. In addition to that sum it has also been announced that a sum of £102k has been allocated for 2017/18.

5.3.6 To allow the full delivery of the 2016/17 Local Transport Plan (LTP) programme, the full spend is proposed to be met 100% by capital grant.

- Typical schemes are presented in the context of four 'Actions' as set out in the Local Transport Plan (LTP3) Implementation Plan 2015/16 to 2020/21.
- The recommended allocation to the 'Actions' is set out in Appendix 5a. The Deputy Chief Executive for Place will progress a prioritised list of schemes for both Integrated Transport and Highways Maintenance in consultation with the portfolio holder for Public Protection, Waste and Transport and the Director of Finance and Resources. This includes a list of schemes developed by the Traffic and Parking Working Party and Members requests.
- The prioritisation process is set out in diagram 1 of the implementation plan. In addition, maintenance schemes will be progressed using the latest information from the Gaist Asset Management work.
- As in previous years, this is flexibility to allocate funding between the two blocks and the LTP actions.

5.4 Other Services

5.4.1 In respect of the other proposed general fund schemes these are to be funded through borrowing, grants, capital receipts and from earmarked reserves and the required relevant borrowing costs have been factored into the Medium Term Financial Strategy.

5.4.2 The other proposed general fund schemes encompass the following key themes:

- Redevelopment of Delaware, Priory and Viking;
- Further new investment in Southend Pier of £11.6m;
- Car parking in the town centre and central seafront areas;
- Upgrade and modernisation of the ICT core infrastructure;
- ICT schemes in support of business transformation;

6. Capital Programme 2017/18 to 2020/21

- 6.1 The Council's proposed capital programme for 2016/17 and future years is attached as Appendix 8, which includes all of the adjustments identified in the other appendices.
- 6.2 The proposed capital programme represents a significant investment of nearly £247million on the part of the Council in the Southend area and the projected investment in 2017/18 alone amounts to nearly £59million.
- 6.3 In addition, the proposed schemes subject to external funding approval for the period 2017/18 to 2020/21 amount to over £42m, relating to the Airport Business Park and Better Queensway.

7. Funding the capital programme

- 7.1 The proposed capital programme presented in this report is currently fully funded and has been prepared based on the level of borrowing the Council can support, notified capital grants, prudent assumptions over the level of other grants and the timing and valuation of capital receipts (from the sale of existing surplus Council assets) that will be realised.

The proposed estimated funding for the programme is as follows:

Type of funding:	2017/18 £m	2018/19 £m	2019/20 £m	2020/21 £m	Total £m
External funding – capital grant	15.8	18.7	17.7	4.3	56.5
External funding – third party contributions	1.4	0.1	0.2	-	1.7
Capital Receipts	1.0	2.7	-	-	3.7
Major Repairs Reserve (Housing Revenue Account)	7.2	5.8	6.2	6.2	25.4
Earmarked reserves/ Revenue Contributions	3.5	1.3	-	-	4.8
Borrowing – Main Schemes ⁽¹⁾	24.9	27.1	14.2	3.0	69.2
Borrowing – Invest to Save ⁽¹⁾	5.0	5.5	11.3	2.7	24.5
Total	58.8	61.2	49.6	16.2	185.8

Note 1 - this relates to both internal and external borrowing

The estimated amounts of internal and external borrowing are shown in the table below:

Borrowing to fund capital schemes	2017/18 £m	2018/19 £m	2019/20 £m	2020/21 £m	Total £m
Internal borrowing	8.9	8.6	7.5	5.7	30.7
External borrowing	21.0	24.0	18.0	0	63.0
Total borrowing	29.9	32.6	25.5	5.7	93.7

- 7.2 An updated Corporate Asset management Strategy (CAMS) for the period 2015-25 was agreed by Cabinet on 22 September 2015 and endorsed by Full Council on 22 October 2015. This revised CAMS records a clear preference for the retention of freeholds but does recognise that in some circumstances, a disposal is the most appropriate course of action. The Capital Receipts target of £1m p.a. is retained but is not a key driver for the sale of property. Capital receipts will reduce the need for borrowing to support the Capital Programme if they can be generated.
- 7.3 When the Council enters into Prudential Borrowing to fund Capital expenditure, there is a revenue impact and therefore an increase to the Councils budget requirement. As an indicative guide to the revenue consequence, there is a cost of approximately £70k for every £1m borrowed or if £9m is borrowed this would equate to an increase in Council Tax of approximately 1%.
- 7.4 The full impact of borrowing costs associated with the funding of the proposed programme has been included in the Council's current financial planning for 2017/18 to 2020/21. The draft 2017/18 revenue budget elsewhere on this agenda incorporates the required borrowing costs budget requirement for 2017/18.
- 7.5 In summary, it is the Chief Finance Officer's view that the 2017/18 to 2020/21 proposed capital programme is Prudent, Affordable and Sustainable.

8. Capital Strategy, Corporate Asset Management Strategy & Prudential Indicators

- 8.1 Each year the Council agrees a Capital Strategy that sets out the framework for controlling and monitoring the Capital Programme. The Capital Strategy is a key document for the Council. It sets out the processes and policies relating to capital expenditure and includes reference to other key documents of the authority which influence capital investment such as the Medium Term Financial Strategy (MTFS) and the Corporate Asset Management Strategy (CAMS). It is best practice for this strategy to be reviewed annually alongside the MTFS, and an updated Capital Strategy will be presented to Cabinet in February 2017.
- 8.2 In addition, each year the Council agrees a Treasury Management Strategy and prudential borrowing indicators that includes identifying how planned capital investment is to be funded. The strategy will be presented to Cabinet in February 2017 as part of the suite of papers agreeing the overall 2017/18 to 2020/21 budget.

9. Other Options

- 9.1 The proposed Capital Programme is compiled from a number of individual projects, any of which can be agreed or rejected independently of the other projects.

10. Reasons for Recommendations

- 10.1 The proposed Capital Programme is compiled from a number of individual projects which either contribute to the delivery of the Councils objectives and priorities or enhance the Councils infrastructure.

11. Corporate Implications

11.1 Contribution to Council's Vision & Corporate Priorities

The projects directly contribute to the delivery and achievement of the Councils Corporate Priorities.

11.2 Financial Implications

As set out in the report.

11.3 Legal Implications

None at this stage.

11.4 People Implications

None at this stage.

11.5 Property Implications

The Capital Strategy and Corporate Asset Management Strategy (CAMS) may affect the Council's property holdings, assets and liabilities. The Strategy and CAMS will reflect the implications of the agreed capital programme and any impact on the level of required borrowing.

The CAMS now also includes a Commercial Property Investment Strategy setting out the Council's clear intention to proceed to make commercial property investments on the basis of specialist independent advice and where there is a good, sustainable return to be made both in terms of on-going revenue and long term capital appreciation.

11.6 Consultation

Consultation has taken place as agreed in the budget timetable.

11.7 Equalities and Diversity Implications

Assessments have been carried out for all capital investment proposals where appropriate.

11.8 Risk Assessment

All capital projects are delivered using best practice project management tools as appropriate. This requires a full risk assessment and management review to

be carried out. The programme includes an appropriate sum within each project to cover build risk and claims.

11.9 Value for Money

All projects are required to follow and adhere to procurement guidance issued by the Council. They must also comply with procedure rules for entering into and managing contracts with suppliers.

11.10 Community Safety Implications

Assessments have been carried out for all capital investment proposals where appropriate.

11.11 Environmental Impact

Assessments have been carried out for all capital investment proposals where appropriate.

12. Background Papers

12.1 None.

13. Appendices

This page is intentionally left blank

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

GENERAL FUND

DEPARTMENT OF THE CHIEF EXECUTIVE

C1 Priority Works - £500,000

17/18 - £0

18/19 - £0

19/20 - £0

20/21 - £500,000

This scheme is to ensure a £500,000 budget in this area is available for the start of each financial year to deal with any priority works that may arise during the year.

This scheme is to be funded from corporate borrowing after utilising any unspent budget from this scheme from the previous financial year.

C2 Replacement of the Boiler at Southend Crematorium - £130,000

17/18 - £130,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to ensure the Crematorium can continue to abate mercury at 100% in keeping with Government requirements.

This scheme is to be funded from corporate borrowing.

Sub-Total Department of the Chief Executive

£630,000

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

DEPARTMENT FOR PEOPLE

C3 Secondary School Expansion Programme - £20,000,000

17/18 - £0

18/19 - £7,996,000

19/20 - £8,579,000

20/21 - £3,425,000

This scheme is to expand the secondary schools within Southend to ensure that all pupils can access a school place where requested in line with the recent primary expansion programme. This is to enable the Council to meet its statutory duty to supply sufficient school places.

This scheme is to be funded by an estimated £10,000,000 from Government grant (subject to final Government capital funding announcements) with the remainder from corporate borrowing.

C4 School Refurbishment Programme - £1,000,000

17/18 - £1,000,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to undertake higher cost condition projects at our maintained schools where the schools do not have the income to fund the works. These works are to prevent the deterioration of the Council's school building stock and to ensure they remain fit for purpose.

This scheme is to be funded from Government grant.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C5 Re-development of Delaware, Priory and Viking - £9,500,000

17/18 - £300,000

18/19 - £2,900,000

19/20 - £6,300,000

20/21 - £0

This scheme is for the re-development of Priory and Delaware Residential Care homes and the Viking Day Centre for people with a learning disability. In order for the Council to proceed with the preferred option it would need to enter into procurement contracts for design and build and new facilities.

This scheme is in addition to the £2,052,000 budget already in the approved capital programme funded from corporate borrowing. The level of capital investment is likely to be around £11.5 million but the exact level of investment would be determined ultimately through the market testing of the procurement.

This scheme is to be funded by £2,000,000 of capital receipts generated through the sale of surplus sites, with the remainder funded by corporate borrowing. The full financing costs of the borrowing will be met from a leasing cost for the new buildings paid for by the new Adult Social Care Local Authority Trading Company.

Sub-Total Department for People

£30,500,000

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

DEPARTMENT FOR PLACE

A – CORE ICT INFRASTRUCTURE - £1,160,000

C6 ICT - Central Government IT Security Compliance - £150,000

17/18 - £75,000

18/19 - £75,000

19/20 - £0

20/21 - £0

This scheme is to create additional security and to procure products that keep the Council's business architecture up to date with Public Services Network (PSN) compliance and legislation. The scheme is to include full versions of the latest security software and techniques to provide adequate protection against Cyber Security, Ransomware and Data-Loss attack.

This scheme is to be funded from corporate borrowing.

C7 ICT - Core Application and Database Migration - £75,000

17/18 - £75,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to support the migration of core corporate applications and their databases to the newly built ICT infrastructure (which includes computers, storage and networks). If existing applications are not migrated they will not benefit from the speed the new infrastructure affords and the older infrastructure will become increasingly more expensive.

This scheme is to be funded from corporate borrowing.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C8 ICT – Enterprise Agreement - £640,000

17/18 - £80,000

18/19 - £280,000

19/20 - £280,000

20/21 - £0

This is an increase the existing Enterprise Agreement scheme and is to renew the Council's desktop operating and office systems as the Council is currently two versions behind on Windows 7. Features like Windows 10 and Office 2016 will require further licensing commitments alongside other collaboration components. The scheme is to prepare for the end of support of current arrangements for desktop and office services in January 2020. Currently there is an annual provision for this scheme which needs increasing from £200,000 p.a. to £280,000 p.a. and to continue into years 18/19 onwards.

This scheme is to be funded from corporate borrowing.

C9 ICT - Southend Network Monitoring Equipment - £60,000

17/18 - £40,000

18/19 - £20,000

19/20 - £0

20/21 - £0

This scheme is enable live views of the new Council Giga-bit Network including the Data Centre, Tickfield and potentially a new Intelligence Hub. Increased reliance on the Council's borough-wide network in a Digital City will require proactive software to monitor faults before serious failure occurs. Not doing this will mean potential loss of school business, unacceptable network outages at Council buildings across the Borough and loss of reputation going forward as we increase reliance on automation of Council services.

This scheme is to be funded from corporate borrowing.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C10 ICT - Upgrade of Capacity of Internet - £150,000

17/18 - £150,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to upgrade the capacity of the Council's internet provision, its libraries and the schools which sign up to the 1 gig Dark Fibre infrastructure offering. Now that the network providing connectivity to the Council's site and most schools in the Borough has been upgraded to 1 gig by City Fibre there is an associated need to upgrade the internet link from our Internet Service Provider (ISP). It is estimated that £50,000 of additional one-off revenue budget would be needed in 2017/18, which is accounted for in the Council's budget.

This scheme is to be funded from corporate borrowing.

C11 ICT - Mobile Working and Enterprise Mobility - £85,000

17/18 - £85,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to purchase new remote mobility software to allow working from home and in the borough securely and with increased staff uptake (including using older previously incompatible applications). It includes the installation of new technology for accessing apps on more devices remotely and compliance with Government standards around security.

This scheme is to be funded from corporate borrowing.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

B – CORPORATE ICT BUSINESS TRANSFORMATION - £700,000

C12 ICT - Phones Migration and Re-Tender - £80,000

17/18 - £80,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to transition the Council to mobile or soft phone telephony and release back office desktop phones for the majority of staff. This will aid mobile working and home working in line with the digital culture of a 21st Century workforce.

This scheme is to be funded from corporate borrowing.

C13 ICT - Digitally Enable the Council Offices - £120,000

17/18 - £80,000

18/19 - £40,000

19/20 - £0

20/21 - £0

This scheme is to digitally enable the Council Offices for conferencing, collaboration and paperless meetings in line with the needs of the 21st Century Public Servant. The scheme will include the installation of conferencing equipment on each floor in Civic 1 and the installation of wall mounted screens in meeting rooms for sharing information on-screen.

This scheme is to be funded from corporate borrowing.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C14 ICT - Delivery of Phase 1 of “Smart City Journey” - £500,000

17/18 - £0

18/19 - £500,000

19/20 - £0

20/21 - £0

This scheme is to deliver Phase 1 of the ambitions contained in the Council’s “Smart City Journey” which identifies both immediate and longer term opportunities for the Borough. The aims of Phase 1 are to provide:

- an Intelligence Hub/Centralised Control Room for Council/Borough;
- the provision of a data warehouse;
- the progression of a number of “Smart” pilots (proof of concept)
- the provision of an Open Data solution.

This scheme is to be funded from corporate borrowing.

C – DEPARTMENTAL ICT BUSINESS TRANSFORMATION - £635,000

C15 ICT - Upgrade of Enterprise Resource Planning (ERP) system - £75,000

17/18 - £75,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to upgrade the Unit4 ERP system to ‘Business World On!’ to support the Council’s payroll, procurement and general ledger requirements. Without the upgrade the system would ultimately become out of supported versions resulting in failed PSN status and development of the system would stagnate.

This scheme is to be funded from the Agresso reserve.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C16 ICT – Childrens and Adult Social Care – Development of the Liquid Logic Case Management System - £560,000

17/18 - £300,000

18/19 - £260,000

19/20 - £0

20/21 - £0

This scheme is to invest in the additional modules of the newly acquired Liquidlogic Care Management System in Adults and Children's' Social Care, to further empower individuals, partners and social care front line staff as well as support social care finance staff by improving processes. The aim is to maximise the potential of the system, which will support a whole system transformational approach to change and include community groups, health and social care. It is estimated that £50,000 of additional revenue budget would be needed for support and maintenance and hosting, which will be funded by the People Department's existing budget. This scheme is in addition to the £2,035,000 budget already in the approved capital programme, funded from corporate borrowing.

This scheme is to be funded from corporate borrowing.

D – OTHER PLACE SCHEMES - £19,260,000

C17 Travel Centre – Bus Service Provision in the Town Centre - £50,000

17/18 - £50,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is for door replacement and security improvements at the travel centre.

This scheme is to be funded from corporate borrowing.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C18 Wheeled Sports Facility Central Southend Area - £250,000

17/18 - £0

18/19 - £25,000

19/20 - £225,000

20/21 - £0

This scheme is to provide a concrete surfaced wheeled sports facility within the central Southend area to cater for users of varied ages and skill levels. This is to reduce the perceived nuisance of skaters and other wheeled sports activities in the town centre by providing a dedicated facility for this type of activity in the central area. The cost of the facility will depend on the location and the size of the facility.

This scheme is to be funded from corporate borrowing.

C19 Resort Assets - £50,000

17/18 - £50,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to provide commercial space in the form of 'beach hut' buildings on Southend Pier, rickshaw type bikes for the visitor offer and a shelter on City Beach. Adding to the visitor experience and income opportunities the Pier would host two commercial 'huts' offering goods and services throughout the season along with a small fleet of rickshaws to provide transport options. The other element is a contemporary shelter to offer summer shade and rain protection on City beach responding to business and visitor requests.

This scheme is to be funded from the capital reserve.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C20 Southend Pier – Pier Pavilion Platform Detailed Design (Gateway Review One) - £250,000

17/18 - £125,000

18/19 - £125,000

19/20 - £0

20/21 - £0

This scheme is to progress a preferred option for developing the Pavilion Deck of the Pier including detailed design and submission of planning and listed building consents. The Pavilion Deck offers the greatest potential to develop income generating uses on the pier and should the project not be progressed the Pavilion Deck will continue to be an underused asset.

Should the Pavilion Deck not be developed this Gateway Review could no longer be deemed capital and would need to be charged to revenue.

This scheme is to be funded from corporate borrowing.

C21 Southend Pier – Bearing Refurbishment - £1,000,000

17/18 - £500,000

18/19 - £500,000

19/20 - £0

20/21 - £0

This scheme is to undertake a planned programme of works of bearing refurbishment along gridlines 3 and 4 in order to clean and un-seize pile caps thereby reducing the risk of future pile cap failures. This is to address issues identified in the 'Southend Pier – Assessment of Pile Cap Fractures Interim Report – September 2016'.

This scheme is to be funded from corporate borrowing.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C22 Southend Pier – Timber Outer Pier Head - £8,000,000

17/18 - £500,000

18/19 - £5,000,000

19/20 - £2,500,000

20/21 - £0

This scheme is to reconstruct the timber outer pier head as recommended following a structural review of the area. Following storm damage in 2015 sections of the lower timber deck were removed and a detailed examination has been undertaken of the exposed structure. This has identified a requirement to rebuild the area of the Pier Head due to its condition.

This scheme is to be funded from corporate borrowing.

C23 Southend Pier – Structural Works - £500,000

17/18 - £0

18/19 - £0

19/20 - £0

20/21 - £500,000

This scheme is to deliver a continuing planned approach to addressing the condition works identified within the 'Southend Pier – Specific Condition Survey May 2014' and subsequent surveys thereby reducing the requirement for urgent and/or reactive condition works. This scheme is in addition to the £4,196,000 budget already in the approved capital programme for the years 16/17 to 19/20, funded from corporate borrowing.

This scheme is to be funded from corporate borrowing.

C24 Southend Pier – Prince George Extension (Phase Two) - £1,500,000

17/18 - £0

18/19 - £750,000

19/20 - £750,000

20/21 - £0

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

This scheme is to complete essential structural reinforcement works to the Prince George Extension of the pier. This is in addition to the £1,176,000 budget already in the approved capital programme, funded from corporate borrowing. Detailed investigations have identified that this funding will only enable elements of the deterioration of the Prince George Extension to be addressed. This work is being focussed on the area beneath the RNLI Lifeboat Station and the area immediately adjacent to the Pier Head.

This scheme is to be funded from corporate borrowing.

C25 Southend Pier – Pier Entrance Enhancement - £300,000

17/18 - £250,000

18/19 - £50,000

19/20 - £0

20/21 - £0

This is a scheme to reconfigure the Western side of the Pier Entrance. The scheme sees the re-occupation by the Council of the area currently used as an amusement arcade to enable the whole Pier Entrance area to be re-configured to create a much more welcoming space for visitors which also presents opportunities for visitor information, displays and small events to be held. The scheme will also deliver an area for refreshments which can be used by the public and in particular, visitors waiting for pier trains.

This scheme is to be funded from corporate borrowing.

Further New Investment in Southend Pier:

Year:	17/18	18/19	19/20	20/21	Total
Amount (£):	1,375,000	6,425,000	3,250,000	500,000	11,550,000

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C26 Energy Projects - £250,000

17/18 - £125,000

18/19 - £125,000

19/20 - £0

20/21 - £0

This scheme is for feasibility studies to investigate and demonstrate the opportunity for income generation, expenditure savings and to demonstrate the benefits of the following:

- Tidal and wave energy generation on the pier. Separate studies would be needed as tidal energy is more advanced than wave energy at present and are separate industries, although connected by both using the power of the sea. The deployment of both tidal and wave will be subject to a constraint that no additional load is to be placed on the Pier with devices generally tethered to the sea bed rather than the pier;
- Drainage sensors - to investigate, trial and install sensors in drains, gullies and sustainable drainage systems owned by the Council and Anglian Water to learn what happens with water flows to determine the most economic way to manage excess water events and to reduce surface water flooding. An element of this will be funded by Anglian Water;
- Solar PV and battery energy - to install solar PV panels on the roofs and/or batteries in selected buildings operated by the Council and others where the life of the building is likely to be more than 25 years.

This scheme is to be funded from the capital reserve with an element to be funded from third party contributions.

C27 CCTV Equipment Renewal - £420,000

17/18 - £420,000

18/19 - £0

19/20 - £0

20/21 - £0

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

This scheme is to upgrade the Council's CCTV system to support the Southend Community Safety Partnership, cover crime and disorder hotspots and assist the police to respond to and investigate incidents. This project is to replace 92 analogue CCTV cameras with modern digital units and to reinstall one further camera. In addition the scheme will include up to 20 dark fibre cables to enable connectivity to the existing camera network and potential future growth.

This scheme is to be funded from corporate borrowing.

C28 Improved Car Park Signage and Guidance Systems - £485,000

17/18 - £275,000

18/19 - £185,000

19/20 - £25,000

20/21 - £0

This scheme is to develop and improve the car park signage (including Variable Message Signs) for the whole Borough and to introduce new signage especially for other seafront car parks.

This scheme is to be funded from corporate borrowing.

C29 Car Parking in the Town Centre and Central Seafront - £5,000,000

17/18 - £250,000

18/19 - £2,500,000

19/20 - £2,000,000

20/21 - £250,000

This scheme is to review options and provide additional car park capacity at sites in the south of the Central Southend area.

This scheme is to be funded from corporate borrowing.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C30 Improving Resilience of the Borough to Flooding from Extreme Weather Events - £250,000

17/18 - £250,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to reduce the effect of extreme rainfall on the Borough to provide resilience to changing weather patterns. This would deliver short term measures and plan for the medium and longer term. There would be a further bid next year to continue delivery of short term measures once the outcome of this work is known.

This scheme is to be funded from corporate borrowing.

C31 Cliffs Pavilion – External Cladding- £320,000

17/18 - £320,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to replace the decaying mosaic tiles on the external wall of the building with cladding. The mosaic tiles have been in place since the Cliffs Pavilion was built in the mid-1960s and the bonding to the structural frame is failing, resulting in falling tiles. The work will not require any closure of the theatre but will require scaffolding around parts of the building and car parking and access requirements will need to be taken into consideration.

This scheme is to be funded from corporate borrowing.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C32 Chase Sports and Fitness Centre - Light Fitting Replacement - £70,000

17/18 - £70,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to upgrade and replace the light fittings in the main sports hall and upper gym. The condition survey carried out in April 2015 identified the lighting in the main sports hall as urgent and in need of immediate attention. The gym lighting was described as essential work required within one year to prevent further deterioration.

This scheme is to be funded 29% from external contributions and 71% from corporate borrowing.

C33 Southend Cliffs - Replacement of Handrails - £45,000

17/18 - £45,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to replace handrails along the Cliffs area as they are in a poor state of repair. The cost of the project is for materials only and assumes installation by the grounds maintenance team, if an external contractor is used the cost will need to increase.

This scheme is to be funded from the capital reserve.

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

C34 Southend Leisure and Tennis Centre - Building Management System (BMS) Control - £100,000

17/18 - £100,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is replace the current manual system which is not being used with an automatic system. Installing an automatic system will enable heating and cooling to operate in accordance with pre-programmed times when needed.

This scheme is to be funded from corporate borrowing.

C35 Palace Theatre Boilers Replacement - £125,000

17/18 - £125,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to replace the current boilers The heating systems and boilers were identified as an issue in the Council's condition surveys, with a recommendation of replacement. The controls and control panel were also identified at this time as being in need of replacement at the same time as the boilers.

This scheme is to be funded from corporate borrowing.

C36 Palace Theatre – Replacement of Asbestos Stage Safety Curtain - £100,000

17/18 - £25,000

18/19 - £75,000

19/20 - £0

20/21 - £0

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

This scheme is to ensure that the fire safety curtain meets the appropriate health & safety standards. Listed building consent is required for this work.

This scheme is to be funded from corporate borrowing.

C37 Replacement and Upgrade of Parks Furniture - £120,000

17/18 - £30,000

18/19 - £30,000

19/20 - £30,000

20/21 - £30,000

This scheme is to provide an annual provision for the replacement of furniture at parks and open spaces across the borough including litterbins, dog bins, signage and fencing. The project will include a review of the style and number of waste receptacles used and the development of a signage strategy to be used in all public open spaces across the town. The reviews will lead the replacement of the inadequate parks furniture and fences currently in place with more appropriate and lower maintenance options.

This scheme is to be funded from corporate borrowing.

C38 Sidmouth Park - Replacement of Play Equipment - £75,000

17/18 - £75,000

18/19 - £0

19/20 - £0

20/21 - £0

This scheme is to replace the old play equipment which is nearing the end of its current life.

This scheme is to be funded from corporate borrowing.

Sub-Total Department for Place £21,755,000

TOTAL CAPITAL SCHEMES - GENERAL FUND £52,885,000

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

HOUSING REVENUE ACCOUNT

C39 HRA Future Programme – £6,200,000

17/18 - £0

18/19 - £0

19/20 - £0

20/21 – £6,200,000

The investment relates to

- the continuance of completing the Decent Homes programme to bring the housing stock to decency levels;
- energy efficiency and health & safety works;

This scheme is to be wholly funded through the HRA by the Major Repairs Allowance.

TOTAL CAPITAL SCHEMES – HOUSING REVENUE ACCOUNT **£6,200,000**

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

SCHEMES SUBJECT TO EXTERNAL FUNDING APPROVAL

C40 Local Growth Fund (LGF) – £42,630,000

**17/18 – Airport Business Park: £10,440,000, Better Queensway:
£2,000,000**

**18/19 - Airport Business Park: £9,440,000, Better Queensway:
£10,375,000**

19/20 - Better Queensway: £10,375,000

20/21 - £0

This scheme is to deliver a range of significant infrastructure interventions which contribute towards economic prosperity of the borough which are aligned with Council priorities. There are two non-transport schemes which may require Council match funding which are at different stages in the LGF process:

Airport Business Park - £19,880,000

Better Queensway - £22,750,000

These projects are all Council priorities with budgets reflected elsewhere, however the commitment to match funding is required in order to secure the funding (where successful) and successfully deliver the outputs detailed in the business cases.

This scheme is to be funded 100% from Government grant.

Sub-Total Schemes Subject to External Funding approval £42,630,000

CAPITAL PROGRAMME - NEW SCHEMES/ADDITIONS
2017/18 to 2020/21

The annual profile of this total investment would be as follows;

Year	General Fund £'000	Housing Revenue Account £'000	Total £'000	Schemes Subject to External Funding Approval £'000
2017/18	6,055	0	6,055	12,440
2018/19	21,436	0	21,436	19,815
2019/20	20,689	0	20,689	10,375
2020/21	4,705	6,200	10,905	0
TOTAL	52,885	6,200	59,085	42,630

The annual funding for this total investment would be as follows;

Year	General Fund Borrowing £'000	General Fund Borrowing where financing costs to be met from savings/income generation £'000	General Fund External Funding £'000	General Fund Existing Funding ⁽¹⁾ £'000	Housing Revenue Account Self-Funded £'000	Total £'000	Schemes Subject to External Funding Approval £'000
2017/18	4,440	0	1,045	570	0	6,055	12,440

Report of Corporate Management Team

to
Cabinet

on
19 January 2017

Report prepared by: Ian Ambrose
Group Manager, Financial Management

Fees & Charges 2017/18
All Scrutiny Committees
Executive Councillor: Councillor John Lamb
A Part 1 Public Agenda Item

1 Purpose of Report

To consider the detailed fees and charges for services in 2017/18 included in the budget proposals for 2017/18.

2 Recommendation

That the Cabinet recommend that the proposed fees & charges for each Department as contained within the body of this report and the appendices be approved by Council.

3 Background

3.1 Income from fees and charges are an important part of the Council's overall financial strategy and assist in the overall balancing of the budget. Clearly the scope to increase fees or charges is determined by a number of factors, of which the most important are: strategic desirability, government direction, elasticity of demand for services, and impact on service users. There is no prescribed increase in individual fees and charges, although the medium term financial strategy assumes a 2% increase in net income collected (yield) from general price increases. Some proposed savings are also predicated on discreet increases over and above the assumed 2% increase in yield or new charges, and have been included within the schedules.

3.2 Members are asked to note

3.2.1 Allotments – there is no increase in charge for 2017/18. However given the yearlong notice period required before any increase, the schedule proposes an increase for 2018/19.

- 3.2.2 Pier & Foreshore – there has been a rationalisation of foreshore charges, removing redundant charges.
 - 3.2.3 Regulatory – similarly redundant charges have been removed. The annual licensing fee for Tables and Chairs outside cafés and restaurants has also been removed.
 - 3.2.4 Bereavement Services – there has been a rationalisation of the fee structure for burials, and the introduction of new fees for new service offerings.
 - 3.2.5 Council Tax Penalties – a new set of statutory charges are proposed for the failure to provide certain information to the Council within 21 days of the change occurring.
 - 3.2.6 Corporate Venues – there has been a complete overhaul of the charging structure for hire of various meetings rooms at the Civic Centre and at Tickfield to allow for a more competitive and consistent offering. As a result any prior year comparative has been made redundant. Discretionary discounts may also be negotiated for regular, combination and / or multiple block booking.
 - 3.2.7 General – the schedules show both the proposed monetary and percentage increase for each charge. Where a new charge is proposed, this is flagged accordingly.
- 3.3 Car parking fees - there are no proposals to increase parking charges this year. However, as a result of representations received and the outcome of the Steer Davies Gleave study, the opportunity has been taken to reduce charges for long stay parking along the seafront and in the town centre. At the same time, it is expected that the review of the parking permits will also free up more spaces for visitors. This is expected to encourage visitors to spend more time at seafront and town centre, assisting local economy and reducing parking pressure during busy summer days/months. Other parking charges and permits proposals are:-
- 3.3.1 Introduction of charges along currently free bays along the sections of Eastern Esplanade (East of No 65 to Warwick Road), Thorpe Esplanade (from Warwick Road to Thorpe Hall Avenue) and Ness road (from opposite No 59 to 144/146) for consistency along these roads. There will be residents' permits at a reduced price of £50 per annum.
 - 3.3.2 Annual permits along seafront car parks are withdrawn and replaced with "winter only weekday only" permits between 1 November to 31 March, to enable more capacity for visitors in the summer.
 - 3.3.3 It is proposed to Introduce limits for permits (percentages) based on the level of use of the car parks, encouraging more permits for the underused car parks and restricting the numbers at high demand / yield car parks.
 - 3.3.4 Recognising the needs of the Beach Hut owners, introduce new permits for them to park at nearby car parks.
 - 3.3.5 Introduce seasonal charges and permits at Shoebury Common and East Beach car parks to encourage greater use.
 - 3.3.6 Residents' permits fees for on-street parking in the town centre and sections of seafront are being reduced from £100 to £50 per annum.
 - 3.3.7 Introducing charging non-resident blue badge holder in car parks.
 - 3.3.8 Permit year will run from 1 April to 31 March.
 - 3.3.9 Introducing fixed £3 per day parking fee at the Civic Centre Complex and Beecroft at the weekend.

- 3.3.10 The seasonal summer and winter tariffs are maintained along central seafront and in response to representations received free parking after 6pm is also to continue.
- 3.3.11 The district car parks tariffs remain the same except for a reduction in the long stay parking charges and clarification that there will be free parking on Sundays and that a cap will be placed on the maximum number of permits. Furthermore, an opportunity has been taken to enable residents and businesses to buy parking permits through new flexible annual, quarterly and monthly permits.
- 3.3.12 With respect to the Town Centre car parks, Sunday charging times have been clarified to apply only from 11am to 5pm.
- 3.3.13 It is further proposed not to issue any permits for parking along the Central seafront area between Southchurch Avenue and Western Esplanade to enable greater capacity for visitors and permits in Seafront car parks will only be available during winter months (1 November to 31 March).
- 3.3.14 The charges for the existing special comprehensive, comprehensive, and all town centre car parks permits remain unchanged.
- 3.3.15 Introduce limited waiting restrictions (maximum 6 hours with prohibited return within 4 hours) at Priory Park, Chalkwell Park and Eastwood Park.

3.4 The Council is also commissioning a parking strategy which will undertake a fundamental review of the current parking provision, with the aim of maintaining the economic vitality of the town centre, future parking need and charges.

3.5 Where fees are subject to VAT, the rate of 20% has been incorporated into these proposals.

3.6 In addition some charges made by the Council are set by statute and therefore they are not at the discretion of the Council; these are clearly marked in the attached charges.

4 Proposals for 2017/18

4.1 Proposals for fees and charges for 2017/18 are set out in the Appendices to this report.

Appendix 1 – Department for People

Appendix 2 – Department for Place

Appendix 3 – Department of the Chief Executive

5 Other Options

No other options were considered. This report merely brings together the proposals for fees and charges, be they statutory or discretionary.

6 Reasons for Recommendations

Part of the process of maintaining a balanced budget includes a requirement to consider the contribution that fees and charges make towards that aim. This report is in fulfilment of that requirement.

ALLOTMENTS									
The rents for allotment plots within Southend-on-Sea have not had an increase since 1st April 2012. As set out in the current fees and charges the rent for non-concessions is £4.00 per rod. The Allotments Act and our tenancy agreement, require a years notice to be served outside the growing season on all allotment tenants advising of the changes to rents. It is proposed to inform all allotment tenants before the 25th March 2017 that Allotment rents are to be change as set out in the table below from 1st April 2018. These changes to the rents will be the first in five years									
1	Per 5.5m ² (rod) (plus water recharged at current rates)	4.00		4.00	4.50		4.50	0.50	12.50%

Licensing Act 2003 (statutory fees)

Applications for new premises licences and club premises certificates, variations, and annual fees

The licence fees payable for Premises Licences and Club Premises Certificates are based upon the rateable value in the local non-domestic rating list for the time being in force. The fees payable are set in Bands, depending upon the rateable value, in accordance with the table below.

In addition to the main fees payable upon application, an annual charge is also payable on the anniversary of the date of the original grant. The relevant fee must also be submitted in respect of variation applications.

In the case of applications relating to premises in the course of construction, they are assigned to Band C. In the case of premises without a rateable value, they are assigned to Band A.

Rateable Value Bands	A	B	C	D	E
Licence or Club Premises Certificate Application Fee £	100	190	315	450	635
Variation Application Fee £	100	190	315	450	635
Annual Fee £	70	180	295	320	350

Rateable Value	Band
No rateable value to £4,300	A
£4,301 to £33,000	B
£33,001 to £87,000	C
£87,001 to £125,000	D
£125,001 and above	E

A multiplier applied to premises in bands D and E where they are exclusively or primarily used for carrying on the premises the supply of alcohol for consumption on the premises:-

Band	D (x 2)	E (x 3)
Licence at Club Premises Certificate application fee £	900	1905
Variation Fee £	900	1905
Annual Fee £	640	1050

The above multipliers do not apply to premises for which Club Premises Certificates are applicable.

Applications for variation of conditions applicable to a Premises Licence or a Club Premises Certificate during the transition stage (between 7th February 2005 and 6th August 2005)

In the case of variations to premises licences, where the variation relates in any way to the provision of alcohol, the following variation fees shall be payable where the application is made at the same time as the application for an initial grant of the premises licence.

Rateable value bands	A	B	C	D	E
Variation Fee £	20	60	80	100	120

No variation fee is payable during transition stage for variations of club premises certificates, where such applications are made at the same time as the application for the initial grant of the Club Premises Certificate.

Exceptionally Large Events

Where the maximum number of persons to be allowed on the premises at the same time is more than 5,000, an additional fee is payable, in accordance with table below.

Number in attendance at any one time	Additional fee for application	Subsequent annual fee
5,000 to 9,999	£1,000	£500
10,000 to 14,999	£2,000	£1,000
15,000 to 19,999	£4,000	£2,000
20,000 to 29,999	£8,000	£4,000
30,000 to 39,999	£16,000	£8,000
40,000 to 49,999	£24,000	£12,000
50,000 to 59,999	£32,000	£16,000
60,000 to 69,999	£40,000	£20,000
70,000 to 79,999	£48,000	£24,000
80,000 to 89,999	£56,000	£28,000
90,000 and over	£64,000	£32,000

Exemptions

Certain exemptions to fees apply in the case applications for premises, club premises certificates, annual fees for such premises, and related variation applications.

The exemptions cover Regulated Entertainment only, and relate to:-

- a) Educational institutions comprising schools and colleges (in specified circumstances), and
- b) Premises which form part of a church hall, chapel hall or other similar building or a village hall, parish hall or community hall or other similar building.

Gambling Act

Table of Fees for Licensed Premises 2017/18

Report prepared by: Joe Chesterton
Director of Finance & Resources

Agenda
Item No.

8

Draft General Fund Revenue Budget 2017/18

All Scrutiny Committees – Executive Councillor: Councillor John Lamb

A Part 1 Public Agenda Item

1. Purpose of Report

1.1. To present for consideration a 2017/18 draft revenue budget.

2. Recommendations

That Cabinet;

- 2.1. Endorse the 2017/18 draft revenue budget and any required commencement of consultation, statutory or otherwise;**
- 2.2. Note that the 2017/18 draft revenue budget has been prepared on the basis of a Council Tax increase of 4.99%, being 1.99% for general use and 3% for Adult Social Care;**
- 2.3. Note that the 2017/18 draft revenue budget has been prepared using the provisional local government finance settlement and that the outcome from the final settlement will need to be factored into the final budget proposals for Budget Cabinet and Budget Council;**
- 2.4. Refer the 2017/18 draft revenue budget, as approved, for the views of all Scrutiny Committees, Business sector and Voluntary sector to inform Budget Cabinet, which will then recommend the Budget and Council Tax to Budget Council;**
- 2.5. Note the Schools budget position and that the recommendations to the Schools Forum on 18th January 2017, as set out in Appendix 14 and 14(i) are referred to People Scrutiny Committee and then to Budget Cabinet and Budget Council;**
- 2.6. Endorse the direction of travel for 2018/19 and beyond (Section 15).**

3. Council Budget Process

- 3.1. The Council must set its revenue budget and Council Tax by 11 March of the preceding financial year. If, for whatever reason, the Council cannot agree a budget and Council Tax at Budget Council on 23 February, Members should be aware that it is unlikely that the Council Tax bills could be sent out on time for the 1 April instalment (taking into account the necessary notice period and the time required to print the bills and accompanying leaflet).
- 3.2. It is also good practice to approve the capital programme and fees and charges at the same time as the revenue budget and reports elsewhere on this agenda deal with these matters. It should be noted that the revenue impact of both reports have been factored into the 2017/18 draft revenue budget proposed in this report.
- 3.3. The Housing Revenue Account (HRA) budget also needs to be agreed in a timely manner to ensure rent reviews can be reflected from 1 April of each year, and so a report on this can also be found elsewhere on this agenda.
- 3.4. The high level decision-making timetable is shown below:

Schools Forum	7 December 2016 & 18 January 2017
Cabinet approves proposals for reference to Scrutiny Committees, Business and Voluntary sectors	19 January 2017
Cabinet approval (delegated from Council) for the 2017/18 Council Tax base of 56,917.61 equivalent Band D properties	19 January 2017
Scrutiny and Consultation Scrutiny Committees:- - Place - People - Policy & Resources	23 January 2017 24 January 2017 25 January 2017
Business and Voluntary sector consultation	19 January 2017
Precept announcements Leigh-on-Sea Town Council Essex Fire Authority Essex Police Authority	17 January 2017 15 February 2017 Police Commissioner by 1 March 2017 (Essex Police and Crime Panel 26 January 2017)

Cabinet recommends the Revenue Budget, Council Tax, Fees & Charges, Capital Programme and HRA to Council	14 February 2017
Council approves the revenue and capital budget, Council Tax and HRA	23 February 2017

- 3.5. This report presents the draft General Fund revenue budget for 2017/18 for reference to the Scrutiny Committees and as the basis for consultation with the business and voluntary sectors.
- 3.6. A fuller report including the updated four year Medium Term Financial Strategy and the statutory statement by the Chief Finance Officer on the robustness of the estimates and adequacy of reserves under s25 of the Local Government Act 2003, will be presented to the Budget Cabinet at its meeting on 14 February 2017 and to Budget Council at its meeting on 23 February 2017.

4. Government Funding – Grant and Finance Settlement

- 4.1 Government funding of its main grant (formerly Formula Grant) is now the third ranked provider of funding for the Council's total general fund budget (excluding schools) after Council Tax and Business Rates. As such it represents a reducing factor in determining the Council's revenue budget. The provisional Local Government Finance Settlement for 2017/18 was issued by the Department for Communities and Local Government (DCLG) on 15 December 2016 and this represents the Government's next three year spending plans.
- 4.2 The latest Finance Settlement maintains the key changes in the way that Local Government is now financed, which were introduced in April 2013. To recollect for Members the main changes arose from the launch of the Business Rates Retention (BRR) scheme as the principle form of local government funding. In previous years, the settlement announcement provided local authorities with their expected general revenue allocations for the following financial year. The settlement now provides authorities with a combination of provisional Revenue Support Grant (RSG) allocation and confirmation of Business Rates top up grant.
- 4.3 A key change to last year's settlement was the Government's recognition of the demand and demographic expenditure pressures on Adult Social Care and the ability for Local Authorities to implement an Adult Social Care precept of up to 2% to support the growing expenditure on Council budgets in this area.
- 4.4 The Adult Social Care precept is confirmed to continue, however, the Government has now introduced a flexibility to the precept in that the maximum 6% increase allowed over the next three years (2017/18 to 2019/20) can be applied in any of the three years as long as the precept does not exceed an additional 3% in 2017/18 and 2018/19 and an additional 2% in 2019/20.
- 4.5 Additionally, last year's settlement introduced a minimum RSG settlement for 4 years up to 2019/20. This was conditional upon the Council submitting an Efficiency Plan by 14 October 2016, which was duly submitted by the due date.

DCLG has now confirmed acceptance of the Council's efficiency plan and therefore to its entitlement of a guaranteed minimum sum of RSG.

4.6 The key points arising from the provisional settlement for Southend-on-Sea Borough Council are:

- (i) The provisional Settlement Funding Assessment (SFA) (a combination of actual RSG and estimated business rates income) for 2017/18 is £47.618 million. This compares to an adjusted SFA of £53.638 million in respect of 2016/17 (a reduction of £6.020 million and equivalent to a 11.2% reduction);
- (ii) The RSG element for 2017/18 within the provisional SFA is £14.681 million. This compares to an adjusted RSG of £21.338 million in respect of 2016/17 (a reduction of £6.657 million and equivalent to a 31.2% reduction);
- (iii) The settlement provides indicative figures for a three year period (2017/18 to 2019/20);
- (iv) The introduction of an Adult Social Care Support grant funded by a reduction in the New Homes Bonus grant;
- (v) Some capital and specific grants are provisional and yet to be announced in full;
- (vi) As last year there is no Council Tax freeze grant offered by the Government this year;
- (vii) The 2017/18 referendum limit for Council Tax increases has been announced at a level of 5%, being 3% for expenditure on adult social care and 2% for other expenditure (2016/17 this was set at 4%, being 2% and 2% respectively);
- (viii) For 2017/18, funding to support social care and benefit health is being continued through the Better Care Fund; a pooled budget between the Council and Southend Clinical Commissioning Group (CCG). The provisional settlement has not indicated what the terms of the Better Care Fund are for 2017/18 but that these are to be announced in January/February. At that point the Council will have a better understanding of the pooled budget from existing NHS and Council resources will be in comparison to 2016/17. The proposed budget assumes that the Council's share of the BCF will at least remain unchanged;
- (ix) In addition, as announced in the 2015 Spending Review, the Council is also due to receive the first tranche of a new "improved" BCF directly through a S31 grant to further assist with the inherent pressures in adult social care. As yet the amount has not been confirmed.
- (x) The consultation on the provisional finance settlement ended on 13 January 2017. The actual timing of the final announcement has yet to

be announced, but would normally follow shortly after the consultation period has ended. The provisional settlement does refer to February for the final settlement. A verbal update will be given to Cabinet on any further information surrounding the final finance settlement and any implication on the setting of the Budget;

- (xi) There has been a national revaluation of business rateable values, for implementation from 1 April 2017. Nationally the revaluation has resulted in a net increase of RV's, although some areas and some business types have seen reductions. As the revaluation process is designed to be revenue neutral (apart from an inflationary increase), the rate in the £ has been reduced so as to raise (nationally) the same amount of money from businesses. The provisional small business non-domestic rates (NNDR) poundage (multiplier) has been set at 46.6p (2016/17=48.4p) in accordance with the RPI inflation for September 2016. The associated non-domestic poundage has been set at 47.9p (2016/17=49.7p). Non-domestic rates are set nationally by the Government and collected locally by Councils (billing authorities). Under the current arrangements for the localisation of business rates a sum of 50% is returned to Government who then reapportion this sum back to Local Government as part of their main grant settlement. The remaining 50% is retained 49% by the Council and 1% is distributed to the Essex Fire Authority. The Council's actual income from business rates is therefore dependent upon the performance of the local economy, the success of any rating appeals and collection rates. The Police Authority receive their funding separately;
- (xii) The Public Health service grant allocation for 2017/18 has been notified as £9.712million (a reduction of £0.245million on 2016/17).

5. Government Funding – Dedicated Schools Grant (DSG)

- 5.1 The Dedicated Schools Grant (DSG) was introduced in 2006/07, as a 100% specific grant to fund the Schools Budget. It excludes post-16 funding (with the exception of Special Educational Needs) and other specific grants. The Schools Budget includes funding for all maintained schools in Southend-on-Sea. It also includes other costs relating to pupil's education, mainly comprising: independent school placements, outside the Borough, for pupils with special needs; private, voluntary and independent providers of nursery education; the Southend-on-Sea Pupil Referral Unit; education out of school; behaviour support services; the admissions service; and initiatives agreed by the Schools Forum.
- 5.2 The DSG is now mainly based on pupil numbers in the October before the beginning of each financial year, plus an estimate for the Early Years Block, plus an allocated High Needs Block, allowing an estimate of total grant to be made in order for local authorities to calculate individual school budgets in February.
- 5.3 The current estimated total DSG for 2017/18 is £144.1 million (2016/17 = £140.1 million). In practice the final DSG will exclude funding for Academies and is estimated to reduce by at least £81.0 million to £63.1 million.

6. Schools Budget

- 6.1 The Schools Budget consists of delegated funding to schools and early years providers, the funding of some central services, and the funding related to individual children such as for children with special educational needs (SEN) also known as 'High Needs'.
- 6.2 The Schools Budget is funded from the DSG. In addition, funding for post 16 students in schools is received from the Education Funding Agency.
- 6.3 The Department for Education (DfE) announced on 20 December 2016 the funding details for 2017/18 which are summarised below:
- (i) Separation of the DSG budget between Schools Block, Early Years Block and High Needs Block.
 - (ii) Education Support Grant (retained services), that is used to fund the Council's statutory duties in relation to education, has been transferred into the Schools Block, and with the agreement of the Education Board transferred back to the Council.
 - (iii) Overall DSG funding will therefore be protected based on the current 2016/17 funding per pupil albeit split between the various blocks.
 - (iv) Schools will be protected by a Minimum Funding Guarantee (MFG) so as to lose no more than 1.5% per pupil compared to 2016/17.
- 6.4 The overall DSG to Southend-on-Sea for 2017/18 will be paid at:-

Area	Amount (£'s)	Detail
Schools Block	116,376,769	25,306 pupils @ £4,598.78 each
Early Years Block	8,212,992	Provision for 1,637 FTE 3 – 4 year old children @ £4.40 per hour
	1,571,544	Provision for 526 2 year old children @ £5.24 per hour
	157,959	Early years pupil premium
High Needs Block	17,783,562	Includes placement and top up funding
Total DSG 2017/18	144,102,826	

- 6.5 Decisions on the allocation of the DSG are effectively made by the Education Board (meeting as the Schools Forum), although their recommendations still need to be confirmed by the Council. The Schools Forum met on 7 December 2016 and 18 January 2017 to consider the Schools Budget. Subject to Cabinet approval, budget allocations to schools will be determined by the recommendations from the Forum.

- 6.6 Overall due to the cash flat settlement there is no increase in DSG funding per pupil in 2017/18.
- 6.7 In addition to funding from the DSG, schools will receive Pupil Premium grant, which will provide £1,320 / £935 of funding per primary / secondary pupil (2016/17 = £1,320 / £935 per pupil) who have been registered for free school meals in any of the past 6 years. Based on estimates the Pupil Premium will provide an additional £8 million for schools in Southend-on-Sea (both Maintained and Academy schools).
- 6.8 As a percentage of their total budget, the overall cash funding for schools will see an increase of circa 0.7% due to pupil number growth. The change in budget for individual schools will vary depending upon pupil numbers and pupil funding factors such as free school meals registration, with some seeing a larger change than 0.7% and some less.
- 6.9 Following the recommendation of the Schools Forum on 18 January 2017, Appendix 14 and 14(i) show the detailed breakdown of the 2017/18 Schools budget. The schools position for 2017/18 will now be submitted to the People Scrutiny Committee on 24 January 2017, through to Budget Cabinet on 14 February 2017, and then to the Budget Council on 23 February 2017 for final agreement of the Schools Budget, based on the recommendations from the Schools Forum and the comments from the Scrutiny Committee. Following this process, final budgets will be issued to schools.

7. Medium Term Financial Strategy (MTFS)

- 7.1 The Medium Term Financial Strategy that was approved in February 2016 was for a four year period up to the financial year 2019/20. It is now in need of updating as a result of the latest Local Government Finance Settlement, changes to the projections in the current financial planning figures and a review of our service delivery plans and recently refreshed corporate priorities.
- 7.2 It is good practice to update the rolling MTFS as part of setting the Council budget and Council Tax to ensure our financial planning is fully aligned and integrated.
- 7.3 The MTFS for the next four year period 2017/18 to 2020/21 will, therefore, be presented as part of the budget proposals for Budget Cabinet on 14 February 2017 and Budget Council on 23 February 2017.

8. 2017/18 Budget Proposals

- 8.1 This Council budget has been prepared against the background of the Governments' spending plans through various Budget speeches, the Chancellor's Autumn Statement and the Local Government provisional finance settlement. The various Government announcements continue to see the most substantial contraction of available public sector funding, but particularly in Local Government, for many decades.

- 8.2 In addition, it continues to be based upon the Government's significant funding reform for Local Government that has been the most radical in generations. As a result of both the significant contraction of available funding and the financial reforms there is a consequent need to continue to find a significant level of revenue savings over the next four financial years at least on par with the last four year period.
- 8.3 Following cross party member input to the 2016/17 budget round as part of the three year budget process, the outcomes have assisted in formulating this years budget. Using this Member and portfolio holder input a detailed draft budget has been prepared by senior officers for the Cabinet to put forward that addresses the need for significant savings to be addressed and to set a balanced and robust budget. The various budget consultations have also assisted in informing the compilation of the Council's budget.
- 8.4 The draft 2017/18 General Fund revenue base budget requirement before savings and pressures is £126.924 million. Available funding, including Council Tax, estimated Business Rates and Government grant (excluding the Adult Social Care precept) is £117.008 million. A high level budget summary of the position is set out at Appendix 1. The draft 2017/18 revenue budgets for each Portfolio are then set out in Appendices 2 - 9 and show the original budget and probable outturn for 2016/17 and the 2017/18 base budget before savings and pressures.
- 8.5 The budget identifies a number of pressures being faced by the Council, which need funding and these total £3.000 million. These are set out in detail in Appendices 10 and 11. After applying the required pressures of £3.000 million to the base budget there is a budget gap to find in 2017/18 of £12.916 million through departmental savings, corporate contingencies, use of the adult social care precept and earmarked reserves.
- 8.6 Along with all other Local Authorities the Council is facing extreme demand and cost pressure in Adult Social Care and Children spending. The Local Government Association (LGA) estimates that Adult Social Care faces a national funding gap of £1.3 billion by 2019/20 (even with the measures announced in the 2015 Spending Review) based on pressures caused by demography, inflation and the National Living Wage. In addition to this, LGA analysis of "fair price" of care calculations developed by provider organisations suggests that the scale of the immediate challenge could be in the order of at least £1.3 billion. This is the minimum requirement to stabilise the provider market meaning that a total of at least £2.6 billion is needed by the end of the decade.
- 8.7 The Council's budget setting needs to recognise these spending pressures to ensure that a robust budget is set alongside managing the risks of service delivery in these areas.
- 8.8 The Budget Pressure proposals recognise these known cost pressures the Council is currently facing. For Adult Social Care spending, a number of the pressures can be financed by the on-going Adult Social Care Precept. However, Children's cost pressures will need to be financed by the Council Tax. Both areas of required funding have been recognised in the proposed draft budget. The

Adult Social Care and Children cost pressures identified for the 2017/18 proposed draft budget reflect the realignment of the respective base budgets to ensure there is adequate budget to manage the required service demands and delivery.

- 8.9 Additionally, given the volatile national picture outlined above, it is recommended that within the earmarked reserves that specific reserves are identified to act as a precaution to any further in year demands on Adult Social Care and Children spending. The identification of these reserves will form part of the S.151 officers statement on the adequacy of balances and the robustness of the budget in the final budget to be presented to Cabinet on 14 February 2017.
- 8.10 The proposed use of the Adult Social Care precept is as follows:-

	£m	£m
Service Investments		
Enhancement to services for complex care needs	0.800	
Investment to maintain community independence	0.200	
Total		1.000
Adult Social Care Pressures		
National living wage (part - 7P)	0.750	
Older People demographics (6P)	0.500	
Learning Disabilities – Transition of Children to Adults (5P)	0.400	
Total		1.650
Baseline Services		
Existing Adult Social Care Services	0.725	
Total		0.725
Grand Total		3.375

- 8.11 £1.650 million of the identified total pressures of £3.000million will therefore be met from the Adult Social Care precept. In addition, it is proposed to meet a further £0.850 million of the pressures (the remaining £0.250 million of the national living wage pressure on adult services (7P) and the £0.600 million children’s pressure (4P)) from the corporate inflation contingency. This reduces the pressures to be funded by £2.500 million to £0.500 million.
- 8.12 In addition, £0.725 million of the Adult Social Care precept will be used to fund existing adult social care services, effectively reducing the budget gap further.
- 8.13 The proposals in paragraphs 8.11 and 8.12 reduce the budget gap of £12.916 billion to £9.691 million.
- 8.14 The budget gap is then reduced further by various savings proposals, which total £6.921 million set out fully in departmental order in Appendices 12 and 13.
- 8.15 By agreeing the proposed savings of £6.921 million (excluding Public Health savings of £0.581 million, as these savings are ring fenced against the Public Health grant allocation) the budget gap falls to £2.770 million. Rather than make more savings to balance the budget, it is proposed to use £2.770 million of earmarked reserves to balance the budget.

- 8.16 The budget proposals therefore include the use of £1.133 million of the business rates retention reserve to fund the anticipated shortfall in business rates receipts following revaluation and £1.637 million earmarked reserves to allow the smoothing of the three year budget gap and therefore to fund the balancing of the 2017/18 core budget. Clearly the use of earmarked reserves to balance the budget is not sustainable unless arrangements are made to repay those reserves. The MTFs therefore also allows for the replenishment of the use of these reserves for the core budget, thereby increasing the savings targets in later years.
- 8.17 This will result in a balanced draft 2017/18 revenue budget of £119.778 million (2016/17 £121.915 million). The use of the Adult Social Care Precept will add £3.375 million to this budget, bringing the total budget to £123.153 million (2016/17 £123.206 million).
- 8.18 As part of the budget proposals, there are also some one-off growth items that are proposed to be funded for their temporary nature by the use of earmarked reserves. The items of revenue growth are;
- Energy Efficiency Team - £100,000 pa for 2017/18 and 2018/19. To continue support for the Energy Efficiency Team to undertake innovation and flexibility studies into energy efficiency resources that will produce annual revenue savings for both the Council and schools budget. This total funding is to be reimbursed to reserves as the team becomes self-sufficient in its operation;
 - Air Quality Management - £50,000 pa for 2017/18, 2018/19 and 2019/20. This funding is to provide the required specialist support needed to identify improvements for Air Quality in the town;
 - Edge of Care - £250,000 pa for 2017/18 and 2018/19. This funding is to reduce the number of children being taken into care by supporting the family to keep the child safe at home;
 - Economic Development - £50,000 for 2017/18 and £100,000 for 2018/19. This is to further enable one-off research and staff support for the promotion of the town;
 - Ofsted Improvement Plan £300,000 in 2017/18 and £150,000 for 2018/19 (6 months). Arising from the 2016 Ofsted inspection, time limited resources are required to ensure delivery of the agreed improvement plan;
 - School Improvement - £200,000 pa for 2017/18 and 2018/19. This funding is to continue school improvement support including support for pupils to attain Grammar School entrance.
- 8.19 A total of £1.850 million of earmarked reserves are being used to fund the above items of one-off project spending (of which £0.950 million is in 2017/18).

8.20 It is recommended that the draft budget is referred to all Scrutiny Committees and their comments considered by the Budget Cabinet on 14 February 2017 to enable the Budget Cabinet to make its recommendation on the 2017/18 budget to full Budget Council on 23 February 2017.

9. Staffing implications of budget savings proposals

9.1 The saving proposals outlined in this report will delete 10.4 full time equivalent (fte) posts across the Council, of which 8.4 (81%) are currently vacant.

9.2 Formal redundancy consultation with the recognised Trades Unions has commenced and all staff have been fully briefed on the implications of these proposals.

9.3 In addition, there are a number of transformation projects within the People Department, including Adult Services – Learning Disabilities (PE1), Liquid Logic Efficiency Savings (PE4), Transformation of Housing (PE6) and Business Support Review (PE9), which have the potential to displace staff. Once the transformation plans are fully scoped, the appropriate formal staff consultation processes for these areas will also take place.

9.4 The staffing reductions will be managed in accordance with the Councils policies on the Managing Organisational Change and Redundancy.

9.5 The Council's Workforce Planning Panel will continue to control recruitment to vacant posts (permanent and temporary) and, wherever possible, staff identified as 'at risk' of redundancy will be redeployed through the Talent Pool. In addition, the Council will be working with other Essex authorities and partners in order to maximise redeployment opportunities across the county region.

9.6 Volunteers for redundancy have already been sought and will be further sought in order to minimise the number of compulsory redundancies.

9.7 A comprehensive package of support for all staff but particularly those directly affected by these proposals has been put into place. This includes coaching and counselling, as well as practical support with job applications and money management.

10. Corporate Priorities

10.1 The proposed revenue budget has regard to the Council's 2017/18 Corporate Priorities, which are attached at Appendix 15.

11. Budget Consultation

11.1 The media coverage of the public sector economic situation places a worthy expectation for local authorities to engage communities in the difficult decisions that will determine what services are delivered by the Council and how.

11.2 The Council has undertaken a number of targeted consultations which have focused on service redesign and renewal of contracts for commissioned services to implement previously agreed savings, improve the service offer and

help inform budget proposals for 2017/18. Such consultations with service users and wider stakeholders have included those on: the Council Tax Reduction Scheme, Advocacy Support services, Dementia Care, Carer's Support and Children's Centres have all informed the budget setting process.

- 11.3 Alongside the targeted consultations, Our Town Our Future, a community visioning exercise to help shape the Council's contribution to the vision of the Borough has been taking place throughout 2016. The community conversations taking place are helping to shape the Council's future priorities.
- 11.4 The overall results and comments from the consultation have continued to help inform the preparation of the 2017/18 draft revenue budget.

12. Equality Impact Assessments (EIA) – Making fair financial decisions

- 12.1 Each department has produced a departmental equality analysis taking into consideration any equality and cohesion impacts that restructuring their service may have on staff and service users. The results were then challenged by an internal team of officers and then by the Corporate Management Team.
- 12.2 As before the aim will be to protect delivery of key frontline services as well as highlight greater opportunities for collaborative working with partners to deliver services. Staff, Councillors, Trade Unions, Service users and residents were consulted and engaged in the process. These include but were not limited to, Chief Executive briefing sessions, Departmental Management and Team meetings, workshops and resident engagement via the budget consultation process.
- 12.3 Recommendations made in departmental supporting action plans identify how each department will aim to address and mitigate any indirect differential impact on staff and services over the coming year.
- 12.4 An overarching EIA is attached at Appendix 16.

13. Council Tax Base 2017/18 and Estimated Collection Fund Surplus/Deficit 2016/17

- 13.1 The Council has to formally determine the Council Tax Base (the number of Band D equivalent properties) for 2017/18 and any estimated Collection Fund balance at the end of 2016/17. The Council Tax Base for 2017/18 is as reported in a separate report on this agenda for approval as delegated by Council at 56,917.61 (equivalent Band D properties) including Leigh-on-Sea Town Council.
- 13.2 The tax base for Leigh-on-Sea Town Council has been calculated for 2017/18 as 8,717.19 Band D equivalents.
- 13.3 The Council Tax base for Southend-on-Sea has increased as a result of a combination of a number of new properties on the list coupled with the on-going impact of the agreed discounts and exemptions.

13.4 The estimated balance on the Collection Fund in respect of Council Tax at the end of 2016/17 will be reported formally to the Budget Cabinet on 14 February 2017. The draft budget and Council Tax implications are currently based on the use of £0.5 million of the projected surplus attributable to the Council.

14. Council Tax (including Precepts)

14.1 The draft budget assumes a Council Tax increase at 1.99% for general use on the Southend-on-Sea element of the total Council Tax. There are no implications arising from this increase for a Council Tax freeze grant, as the Government has again not offered one this year.

14.2 The Cabinet (and Scrutiny Committees) may wish to bear in mind that a 1% change in Southend-on-Sea Borough Council's element of the Council Tax is £12.06 per annum for a Band D property. This equates to an amount of circa £0.686 million in the revenue budget for each 1% change.

14.3 The proposed Council Tax increase for general use of 1.99% will mean a Band D level of £1,206.18 per annum on the Southend-on-Sea element of the Council Tax (2016/17 the Band D level is £1,182.64). This equates to an annual increase of £23.54 and a weekly increase of 45p.

14.4 The total Council Tax payable by tax payers consists of Southend-on-Sea Borough Council precept, the Adult Social Care precept and the precepts for Essex Fire Authority, Essex Police & Crime Commission. Where applicable it also includes the Leigh-on-Sea Town Council precept.

14.5 At this stage the precepts from the major precepting authorities (Fire and Police) are not yet finalised. Also, the Leigh-on-Sea Town Council precept is not yet finalised.

14.6 Essex Police Authority through the Police Commissioner has by law to set its precept no later than 1st March 2017 (after consideration by its Police & Crime Panel on 26 January 2017). No indication has been given of the relevant precept level for 2017/18.

14.7 Essex Fire Authority is due to set its precept on 15 February 2017 (after consideration by its Policy & Strategy Committee on 4 January 2017). The precept level being proposed is an increase of 1.99%.

14.8 Leigh-on-Sea Town Council is due to set its precept at its Council meeting on 17 January 2017. No indication has been given of the relevant precept level for 2017/18.

14.9 The precepts will form part of the formal Council Tax setting at Budget Council on 23 February 2017. As part of the draft budget, estimations have been made of the expected precept levels pending formal approval by the precepting authorities. Any variances from that contained in the draft budget are expected to be minimal and will be contained within the overall budget proposals that will be presented to Budget Council.

14.10 In addition, the draft budget also assumes the continuation of the Adult Social Care precept a level of 5% of the main council tax (an increase of 3% over the previous year). The ability to apply this precept was introduced by the Government as part of the 2016/17 Local Government finance settlement. It was introduced to assist with the increasing demand and demographic expenditure pressures from Adult Social Care that Local Government has been experiencing and are continuing to face. The proposed increase of 3% equates to an annual increase of £36.12 (from £23.18 to £59.30) equivalent to a weekly increase of 69p. It is proposed that the Adult Social Care precept be used to support the service for a mixture of existing and new spending pressures as set out above in Section 8.

15. 2018/19 and Beyond

15.1 In addressing the national economic situation the Government has continued to emphasise the need to look further at a four year programme of public sector spending restraint and reconfiguration. This was reinforced in the Chancellor's annual Autumn Statement on 23 November 2016 with further restriction placed on the Government's public spending plans up to 2021 with the commitment to its departmental spending plans set out in the Spending Review 2015. The tightening and reduction of Government funding contributions to local government funding and the new Government's changes from April 2013 for the funding of Local Government, means that the current financial challenges for 2018/19 and beyond will continue. This needs to be seen as part of a continued period of financial retrenchment similar at least to the previous four years that Local Government has already encountered and that councils will need to consider a much longer spending reduction programme than previously identified by Central Government.

15.2 This report predominantly addresses, as we are required to do, a detailed budget for 2017/18 but it is also appropriate to identify the areas the Council should continue to explore in order to meet the budget constraints of future years and also tailor the services it provides and review its role within national policy and local circumstances.

15.3 Like all local authorities in England, Southend-on-Sea Borough Council is facing unprecedented financial challenges. The Council has, over a number of years, addressed significant funding gaps whilst also achieving improved efficiency and service delivery. In the current, and forecast, period of national financial stringency the scale of financial contraction is such as to challenge the scale, nature and purpose of the role of the Council.

15.4 Traditionally, and particularly over recent years, the nature of Council activity has seen an increase in the level of directly delivered services for the local populace and for local businesses and visitors. Many services have been delivered on a universal basis and free or at limited cost. As funding continues to reduce greater pressure is being placed upon the services provided by the Council and also the way in which these are delivered.

15.5 Since the beginning of the national fiscal situation the Council has striven to sustain its full range of services but it is increasingly likely that this approach will be unviable.

- 15.6 The Council will increasingly focus the delivery of its services in a targeted way, concentrating on delivering services to those residents who need the Council's help. The Council will also adopt this as an approach in tailoring the delivery of its many statutory services. To underpin this approach the Council will also reposition its role as one to help the community, its residents and businesses, to take personal control of as many factors affecting their lives as is possible.
- 15.7 The Council will continue to adopt an increasing approach of working, and delivering services, in partnership with other agencies, the voluntary and commercial sectors, and the community itself. As part of this approach the Council will encourage the sustenance of community services in collaboration with the local communities, encouraging community capacity to operate in appropriate circumstances.
- 15.8 The Council will also seek to address critical issues such as equality, disadvantage, lack of attainment and poverty by working with communities themselves, seeking enhanced training and opportunity and by fostering and promoting the local economy and thereby enhancing opportunities for aspiration, attainment, household income and personal achievement.
- 15.9 The Council will also seek to explore innovative income generation opportunities that will assist with increasing the Council's revenue sources to assist with bridging the significant budget gap the Council has to deliver. In addition, there is the intention to look greater at commercial opportunities for services of the Council.
- 15.10 Given the financial challenge we have and are to continue to face for a number of years, a continued programme of corporate working will continue with this efficiency drive and to help support the identification of savings for future years. This will allow us to have a programme driving transformational change in the organisation and will allow a clear focus on delivery of the required significant savings that will be required over this period.
- 15.11 Over the coming year it will be extremely important to consider future year potential savings proposals in anticipation of delivering tailored services for the community whilst addressing the known budget reductions required from our total budget and reflecting the estimated significant government grant reductions. It is currently anticipated arising from the Autumn Statement in late 2016, that further savings in the order of £22m to £25m will be required from the Council's circa £123m annual net budget for the three years 2018/19 to 2020/21.
- 15.12 It is clear that the budget savings presented for 2017/18 cannot be continually repeated in successive years without the Council considering how it delivers services across the borough to avoid duplication of overheads, achieve economic delivery and still provide facilities and services valued by the community.

16. Corporate Implications

16.1 Contribution to Council's Vision & Critical Priorities

The budget strategy is an integral part of the Council's Corporate Service and Resources Planning Framework.

16.2 Financial Implications

As set out in the body of the report.

16.3 Legal Implications

None at this stage.

16.4 People Implications

The draft budget will have an impact on staffing levels and the implications are set out in section 9 of this report.

16.5 Property Implications

None

16.6 Consultation

Consultation has taken place with the Chief Executive, Deputy Chief Executives and their Directors as part of the budget preparation process who are fully committed to working within the budget proposed. Members are being consulted through Cabinet, Scrutiny and Council.

Consultation with staff and unions will continue throughout the process. Briefings for local businesses and the voluntary sector have been undertaken to give them an opportunity to find out more about what is in the planned draft budget from the Leader and Chief Executive of the Council.

Staff have been kept abreast of progress and opportunities for contributions through personal briefings by the Chief Executive, a dedicated 'speak up' email suggestion inbox and through written briefings.

16.7 Equalities Impact Assessment

Assessments have been carried out for proposed savings in the 2017/18 draft revenue budget and an overarching EIA is attached as an Appendix to this report.

16.8 Risk Assessment

The budget proposals will be subject to the Deputy Chief Executives and Directors review of risk and robustness. This will inform the Director of Finance & Resources' Section 25 statement on the robustness of estimates and adequacy of reserves to be reported to the Budget Cabinet on 14 February 2017 and Budget Council on 23 February 2017.

16.9 Value for Money

The proposals set out in the report reflect the Council's drive to improve value for money and to deliver significant efficiencies in the way it operates.

16.10 Community Safety Implications

Assessments have been carried out for all revenue proposals.

16.11 Environmental Impact

Assessments have been carried out for all revenue proposals.

17. Background Papers

17.1 The provisional finance settlement 2017/18, DCLG

17.2 Budget working papers are held in the Finance & Resources' Accountancy section.

17.3 Equality Impact Assessments

18. Appendices

2017/18 BUDGET PRESSURES – ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

DEPARTMENT OF THE CHIEF EXECUTIVE

**1P Housing Benefit/Localised Council Tax Scheme Administration Grant
- £90,000**

This Government grant income provides funding support to the Local Authority for the administrative running of the national Housing Benefit and Localised Council Tax Scheme. The Department for Works and Pensions (DWP) announces annually the Local Authority allocations for the above grant. Nationally the total available for distribution for this overall grant has reduced year on year and the consequent reduction in the Council's annual grant for 2017/18 has now been estimated by the DWP as £90,000.

Sub-total Department of the Chief Executive

£90,000

2017/18 BUDGET PRESSURES – ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

DEPARTMENT FOR PEOPLE

2P Legal Services – Children’s Public and Private Law – £110,000

There is a small budget to cover the cost of the use of Counsel in proceedings. In addition, we seek advice from Counsel outside of proceedings however this is not a common practice.

Currently Counsel is used to cover many public law hearings due to lack of capacity within legal services. The issue of capacity relates to the following:

- Continued impact of public law outline with the average timescale for conclusion of proceedings being 19.1 weeks
- The impact of case law, Re:N, which has increased the number of applications we have made as we are issuing proceedings more frequently, and more quickly, when children are accommodated under Section 20.
- Increased challenge by family members when a Placement Order has been granted and an increase during proceedings prior to a Placement Order being granted.

3P Multi-agency Risk Assessment Team (MARAT) – £140,000

The MARAT is a multi-agency team which supports safety planning for victims of domestic abuse. Each agency who are part of MARAT fund their practitioners (children’s social care, adult services, early help, Police, NPS, CRC, IDVA and health).

There are new posts within MARAT which have costs attached and which are not part of the base budget.

MARAT manager – Level 10

MARAT administrator x 1 – Level 5

Children’s Social Worker – Level 8

During 2016/17 the above posts have been covered by agency workers with the costs of the permanent posts as follows:-

Marat Team Manager	70,000
Marat Social Worker	58,000
Marat Data research admin	45,000
	173,000

2017/18 BUDGET PRESSURES – ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

The MARAT manager post will be joint funded by SBC, Southend CCG and Essex Police in the future however the specific arrangements for this have not yet been confirmed, but income contributions are expected for the Team Manager costs reducing this pressure to £140,000.

4P Child Care - £600,000

Increased demand and cost pressures are being experienced in the Children's budget particularly around Childrens Placements. This sum will address the current budget deficiency in this area for the commencement of 2017/18.

5P Learning Disabilities - £400,000

There is a requirement for additional budget to fund the transition costs of supporting individuals with a Learning Disability who will reach the age of 18 and meet the eligibility criteria for adult social care intervention.

6P Older People Demographics - £500,000

There is a requirement for additional budget to cover the increased demand for care for Older People. This is due to the rise in the life expectancy of the residents in Southend who as a consequence remain in their own homes with a domicilliary care package/direct payment which will reduce their social isolation and increase their quality of life. This approach also aligns with the Care Act requirements to consider an individuals wellbeing and prevent, reduce or delay the need for more costly interventions. Supporting people in their own homes is a key priority as well as a more cost effective way in comparison to within a residential environment.

7P National Living Wage - £1,000,000

Additional resources are required to meet the increase in the National Living Wage to £7.50 per hour.

Sub-total Department for People

£2,750,000

2017/18 BUDGET PRESSURES – ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

DEPARTMENT FOR PLACE

8P Forum Facilities Management Contract - £100,000

The Facilities Management contract for the Forum is let by the Forum Management Company and recharged to the Council by agreement under a five year contract.

The Forum Management Company are looking at possible ways of reducing spend for the remaining two years of the contract but at present there will be a £100K pressure in both 2017/18 and 2018/19.

9P Regulatory Services Income - £60,000

Income has been received in 2016/17 and previous years for charging for Tables & Chairs on the Highway. With effect from 2017/18 it is proposed in the fees and charges schedule to delete these charges.

Gambling Act Income has been affected by changes in legislation affecting 2016/17 income, which enables premises to combine areas for certain gaming machines that previously were separate and for which separate fees were applicable. As a result there is a pressure on the income budget in this area.

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

DEPARTMENT OF THE CHIEF EXECUTIVE

CE1 Sutton Road Cemetery Mini Graves - £55,000

Income from new Memorial Scheme at Sutton Road Cemetery – Mini Graves arising from the capital investment made in 2016/17.

CE2 Sutton Road Crematorium Pergola Walk - £115,000

Income from new Memorial Scheme at Sutton Road Crematorium – Pergola Walk arising from the capital investment made in 2016/17.

CE3 Bereavement Services Income - £100,000

The Bereavement Service has for a number of years now experienced an excess of income above the budget. Consequently a saving of £100k can be declared even without an increase in the main cemeteries and crematorium charges in 2017/18.

CE4 Civic Campus & Transport Operations - £50,000

Following the deletion of a Group Manager post in 2016/17 there is a remaining budget that can be deleted.

CE5 Customer Services Centre (CSC) - £50,000

This saving arises from a reduction in telephony contact in favour of Citizens Account Self Service.

The increased use of the Self Serve Citizens Account Portal will lead to a reduction in telephony contact into the CSC. As a consequence the staffing numbers (2 fte at Level 6) can be reduced without detriment to the overall quality of the service.

CE6 Printing - £300,000

The whole approach to the provision of a print service for the authority has been reviewed and altered. Instead of tendering for a comprehensive solution from a single provider, the printing needs of the Council have now been tendered under 3 pillars; (i) the printer fleet (ii) bespoke printing and (iii) transactional printing including post out. The tendering exercise has concluded and the award of the contract has been made.

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

CE7 Registration Service - £25,000

In 2016/17 all pre RON (Registration Online) Registration Records held manually were digitalised. This includes all records previously held in handwritten records. Consequently, it is now possible to issue copy certificates quite readily from the electronic register as opposed to re-writing them by hand. Significant time is saved amongst Registration Staff and a saving would be made in one vacant post.

CE8 Asset Rental Income - £100,000

The budget has over achieved in recent years and this adjustment allows the budget to be realigned to income being generated.

CE9 Revenues Service Staffing - £30,000

This saving arises from the deletion of the remaining budget from the full year effect of a restructure in 2016/17.

CE10 Court Cost Income - £85,000

Additional net income that is being generated above the base budget.

CE11 Revenues Service new charges - £20,000

In line with statutory rates, new charges are being introduced for residents that do not notify the Council of changes for Council Tax purposes and also not supplying the required information and/or documentation.

CE12 External Audit Fees - £50,000

External audit fees have been reduced by the former Audit Commission body and this saving allows the realignment of the budget to reflect this position.

CE13 Members Refreshments - £10,000

The proposal is to abolish free teas and biscuits for Councillors at meetings.

Sub-Total Department of the Chief Executive

£990,000

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

DEPARTMENT FOR PEOPLE

PE1 Adult Services – Learning Disabilities - £500,000

Service redesign will continue with savings achieved through a number of areas including review of existing transport contract, further integration of services for adults with a LD, and reduction to social care costs through use of care navigators/coordinators for people with a LD.

PE2 Learning - £300,000

This covers a range of efficiency savings including staff and budget efficiencies which include known vacancies, education grants, use of more efficient recruitment software, and review of contracts, additional payments and market supplements.

PE3 Contract Rationalisation and Transformation - £860,000

Savings across the whole system will be made through efficiencies and negotiation across a wide range of contracts. This includes commissioning more appropriate accommodation (including increased utilisation of our own buildings), and reduction in costs of Foster Care and Residential Placements.

PE4 Liquid Logic Efficiency Savings (Childrens) - £50,000

New system will allow for more streamlined processes to commission services and make payments to suppliers.

PE5 Adult Services (exc. Learning Disabilities) - £1,000,000

By continuing to adopt a preventative approach to system redesign, savings will be found through a number of areas including review of high cost care packages, increased re-ablement services, prevention of admission into long term residential care, development of new domiciliary care contract, and efficiencies from the introduction of Liquid logic system.

PE6 Transformation of Housing - £270,000

Savings across housing will be achieved through a number of areas, including a review of the Private Sector Housing (PSH) team, Adaptations Team, ongoing review of existing SP contracts, review of Temporary Accommodation provision for homeless people, as well as the Sheltered Housing Review which will help frailer older people continue to live independently. In addition, the Strategic Housing review will increase the Council's ability to undertake more regeneration

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

schemes and enable more staff time to be charged to the capital programme.

PE7 Residential Care Costs - £500,000

Savings will be made by preventing some of the more expensive residential placements and preventing some of the young people on the Edge of Care from going on to become 'looked after'.

PE8 Families Matter (Edge of Care) Team - £250,000

Better outcomes for children and their families, and cost avoidance / savings to the authority in the form of reduced placement and court costs.

PE9 Business support review - £50,000

Review of business support function and processes to improve efficiencies.

PE10 Children with Disabilities (CWD) - £15,000

Review of CWD care packages to realise savings whilst meeting need.

PE11 Dementia Contract - £45,000

New contract re-modelled to move all funding to navigator roles with small grant opportunities for peer support/community resilience and social enterprise.

PE12 Efficiencies from the integration of Public Health to Department for People - £70,000

Managerial efficiency and savings from the integration of Public Health with the Department for People.

PE13 Management Savings - £50,000

Additional savings from further efficiency in management payments and review of roles.

Sub-Total Department for People

£3,960,000

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

DEPARTMENT FOR PLACE

PL1 Leisure Management Contract – £160,000

This is a proposal to delete a residual allocation in the budget following the contract procurement in the last financial year.

PL2 Southend Theatres subsidy - £180,000

It is proposed to negotiate away the annual subsidy, paid to operators HQ Theatres, in return for a longer contract at the economic break point post 2021 – this would also include the potential for the Council to earn additional income to support future year's budget exercises.

PL3 Libraries contract - £50,000

It is proposed to renegotiate a Libraries contract to better reflect the overhead incurred by the Council and deliver a saving.

PL4 Sport & Leisure staffing – £60,000

This manager post was agreed as a voluntary redundancy – it is proposed to delete the post and its duties are being covered by other colleagues in the team following a formal restructure process.

PL5 Park management – £25,000

This post was agreed as a voluntary redundancy – it is proposed to delete the post and its duties are being covered by other colleagues in the team following a formal restructure process.

PL6 Transport team staffing – £28,000

This post was agreed as a voluntary redundancy – it is proposed to delete the post and its duties are being covered by other colleagues in the team.

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

PL7 Extend use of Volunteers to run museums – £20,000

This proposal involves the extension of volunteers to assist staffing at Museum similar to their use in Libraries.

PL8 Rationalisation of sports pitches – £20,000

A rationalisation of the games pitches provided in the Borough's parks. Users would be moved to other existing pitches, increasing the efficiency of provision.

PL9 Southend Theatres (Energy) – £10,000

This saving results from the introduction of energy saving technology at Southend theatres.

PL10 Traffic Signals (maintenance costs) - £30,000

The on-going digitisation of traffic signals across the Borough enables a reduction in maintenance costs that support their management.

PL11 Streetlight Maintenance – £65,000

The on-going conversion of street lights to LED enables a further reduction in maintenance costs.

PL12 Public Transport efficiencies - £35,000

Reductions in public transport co-ordination which includes residual contract allocation.

PL13 Highways Maintenance efficiencies – £30,000

Signage / signal rationalisation enables a reduction in the maintenance costs associated with speed activated signs and other signals.

PL14 Drainage management – £10,000

This proposal is a reduction in the budget supporting drainage management.

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

PL15 Planning fees – £7,000

It is proposed to introduce new charges for search fees (£5K) and for express lawful development certificates (£2k) as part of the proposed fees and charges schedule.

PL16 Planning and Transport Income - £70,000

This is an increase which reflects the current and anticipated levels of planning (£15K) and building control (£5K) applications and additional income from highways licences (£50K).

PL17 Highways Permits income – £300,000

This increase in income target reflects the current and anticipated levels of permit application.

PL18 Car parking income – £400,000

The income received exceeds the current base budget for this area and this saving will realign the budget with projected income.

PL19 Planning Staffing - £8,000

This saving arises from the re-grading/deletion of a strategic planning post.

PL20 Bikeability level 2 training in schools - £1,000

Income to be raised by a charge to the school where training takes place.

PL21 Parking Compliance Contract – £110,000

The recently procured parking contract contains a remaining budget allocation which is now able to be released.

PL22 Pier charges - £75,000

As set out in the proposed fees and charges schedule.

PL23 Mooring fees - £10,000

As set out in the proposed fees and charges schedule.

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

PL24 Foreshore Income - £15,000

As set out in the proposed fees and charges schedule.

PL25 Business support staffing - £20,000

It is proposed to delete one vacant post in the business support team.

PL26 Event applications - £7,000

Introduction of a new events admin fee, as set out in fees and charges.

PL27 Waste contract efficiencies - £90,000

It is proposed to implement a more effective and targeted provision of waste collection receptacles to households as a result of the Council's new waste contract arrangements.

PL28 Grounds maintenance restructure – £10,000

Reducing the establishment by one full-time post and restructuring team roles differently.

PL29 Transfer of BT Lines to Daisy Telecoms - £50,000

During 2016/17 a number of BT telephony lines used by the Council were transferred to the management of Daisy Telecoms. The cheaper solution allows a reduction in costs for the same service.

PL30 Facilities Management - £75,000

The savings arise from a combined procurement of both soft and hard FM functions.

Sub-Total Department for Place

£1,971,000

2017/18 BUDGET SAVINGS - ALL COUNCIL SERVICES
(EXCLUDING SCHOOLS)

PUBLIC HEALTH

PH1 Contract Efficiencies - £261,000

Renegotiations and reducing contract values for existing 0-5 Health Visiting service (£224k) and sexual health services (£37k).

PH2 Public Health Recharges - £140,000

Cessation of the funding of public health projects delivered through other council departments.

PH3 Marketing Efficiencies - £20,000

Reducing expenditure on Social Marketing activity in the Health & Wellbeing programme.

PH4 Pre-Diabetic Health Checks - £75,000

Cessation of funding for Pre Diabetic Health Checks.

PH5 Back Office Efficiencies - £85,000

Further savings are being made through greater efficiencies from back office functions - travel costs, printing, training etc.

Sub-Total Public Health

£581,000

Summary

Chief Executives Department	£990,000
People	£3,960,000
Place	<u>£1,971,000</u>
Total Proposed Departmental Savings	£6,921,000
Public Health	£581,000

Schools Budget 2017/18

1 Background

- 1.1 This report sets out the proposed Schools Budget for 2017/18, to be set by the Council as part of its budget making in January 2017. This follows the DSG funding block announcements made on 20 December 2016.
- 1.2 In setting the individual school budgets, the agreed approach of keeping the underlying local formula unchanged has been applied, alongside the centrally retained funding approved by the Education Board at its last meeting. In addition the delegation to make minor adjustments to the basic entitlement allocations has also been used.
- 1.3 The 2017/18 Schools Budget has been prepared on a breakeven basis.

2 Dedicated Schools Grant Allocations

- 2.1 The Department for Education has set out the following funding blocks for Southend's Dedicated Schools Grant for 2017/18;
- | | |
|--|-------------------------|
| Schools Block | £116.377 Million |
| Early Years Block (provisional) | £9.942 Million |
| High Need Block (before direct recoupment) | £17.784 Million |
| Total | £144.103 Million |
- 2.2 The Schools block is based on a confirmed payment of £4,598.78 per pupil. For information average per pupil funding for selected areas is given below;
- | | |
|-----------------------------|-----------|
| Southend-on-Sea | £4,598.78 |
| Thurrock | £4,440.54 |
| Essex | £4,346.83 |
| Statistical Neighbour Group | £4,429.65 |
| London | £5,396.02 |
| East of England | £4,424.67 |
| South East England | £4,310.17 |
| England | £4,618.63 |
- 2.3 The Early Years funding rates are confirmed at £4.40 per hour for 3 – 4 year olds and £5.24 per hour for 2 year olds.
- 2.4 The high needs block has increase by £915,000 to £17.784 Million. Of this £3.994 Million will be deducted for high needs places funded directly by the EFA, leaving the locally available sum at £13.790 Million.

3 Schools Block

3.1 As set out at the December meeting of Education Board, there are no changes to the underlying funding formula previously agreed. The formula has been modelled on the October 2016 census numbers released by the EFA.

3.2 Basic entitlement has been set at;

Primary	£3,022.98
Key Stage 3	£3,899.72
Key Stage 4	£4,748.79

3.3 This maintains the Primary to Secondary funding ratio at 1:1.32.

3.4 The total modelled in the funding formula is £113,454,844 (before de-delegation, £113,369,611 after de-delegation). This includes MFG allocations of £496,979.

3.5 In addition to funding from the DSG, schools will receive Pupil Premium grant, which will provide £1,320 / £935 of funding per primary / secondary pupil (2016/17 = £1,320 / £935 per pupil) who have been registered for free school meals in any of the past 6 years. Based on estimates the Pupil Premium will provide an additional £8 million for schools in Southend-on-Sea (both Maintained and Academy schools).

4 Early Years Block

4.1 The Early Years Block will be set on the same basis as outlined in the October Education Board report, being around 530 2 year olds and 2,850 3 to 4 year olds accessing provision. The DfE funding includes additional monies for the extension of hours for working parents from September 2017. The income budget will also reflect this. The outcome of the Early Years Consultation is in line with the original DfE proposals, and therefore funding rates indicated in the October report will be implemented as agreed by the Education Board. This will include the transitional protection for school nurseries as Early Years moves to a single funding rate across all settings.

5 High Needs Block

5.1 The High Needs budget is shown as per the previous year, with indicative commissioning budgets for SLAs unchanged. There is currently a consultation being undertaken on a revised methodology for the distribution of the High Needs Block to ensure it remains sustainable and within its resource allocation into the future, and therefore individual budget lines have the potential to change. The revised methodology will be in place from 1 April 2017.

6 Centrally Retained Funding

6.1 Education Board approved the arrangements and amounts for Centrally Retained Funding. Those approved amounts have therefore been used in the construction of the schools budgets.

6.2 Two adjustments to the amounts have however been made:

- CLA/MPA Licences – the Council has received notification that the licences cost will be £122,297 (£121,000 had been assumed)
- Education Service Grant (ESG) Retained Duties – given that confirmed pupil numbers are lower than estimated, less ESG Retained Duties is due. The amount will be £413,217 (£427,260 had been assumed)

6.3 The final amounts therefore are confirmed as;

	Amount
De-delegated budgets	£86,145
<i>Being:</i>	
<i>Behaviour Support</i>	<i>£75,000</i>
<i>Licences</i>	<i>£1,245</i>
<i>Staff Costs (TU)</i>	<i>£9,900</i>
CLA/MPA Licences	£122,297
Combined Budgets	£941,288
Growth Fund	£690,000
Schools Admissions	£236,300
Servicing of Schools Forum	£18,700
ESG Retained Duties	£413,217

7 Conclusion

7.1 The overall position set out for 2017/18 is a balanced schools budget that does not rely on the use of DSG reserves. Following agreement by the Education Board, this budget will be recommended to the Council for approval.

Southend-on-Sea Borough Council's Corporate Priorities 2017-18

The Corporate Priorities support the aims and vision of the Council along with the objectives of Southend partnerships to improve the quality of life, prosperity and life chances for people in the borough.

Council's vision: 'Creating a better Southend'	
Council's 5 Aims:	Council's 15 Corporate Priorities:
Safe	To: <ul style="list-style-type: none"> • Create a safe environment across the town for residents, workers and visitors. • Work in partnership with Essex Police and other agencies to tackle crime. • Look after and safeguard our children and vulnerable adults.
Clean	To: <ul style="list-style-type: none"> • Continue to promote the use of green technology and initiatives to benefit the local economy and environment. • Encourage and enforce high standards of environmental stewardship.
Healthy	To: <ul style="list-style-type: none"> • Actively promote healthy and active lifestyles for all. • Work with the public and private rented sectors to provide good quality housing. • Improve the life chances of our residents, especially our vulnerable children and adults, by working to reduce inequalities and social deprivation across our communities.
Prosperous	To: <ul style="list-style-type: none"> • Maximise opportunities to enable the planning and development of quality, affordable housing. • Ensure residents have access to high quality education to enable them to be lifelong learners and have fulfilling employment. • Ensure the town is 'open for businesses' and that new, developing and existing enterprise is nurtured and supported. • Ensure continued regeneration of the town through a culture led agenda.
Excellent	To: <ul style="list-style-type: none"> • Work with and listen to our communities and partners to achieve better outcomes for all. • Enable communities to be self-sufficient and foster pride in the town. • Promote and lead an entrepreneurial, creative and innovative approach to the development of our town.

Appendix 16: Summary of Equality Analyses supporting budget proposals 2017/18

Outlined below is a summary of Equality Analyses (EA) which support specific budget proposals for 2017/18 and which have a direct equalities impact for equality groups with protected characteristics, as defined by the Equality Act 2010. The summary outlines mitigating action to meet the risks of proposals and has been endorsed by the Council's Corporate Management Team. Findings highlight where a full equality analysis will also be undertaken to accompany consideration, and implementation, of the proposals. All service restructures that impact on staff are required to be subject to an EA.

Department/ savings no.	Proposal (figures relate to 2017/18 savings proposals – unless stated)	Analysis findings
Chief Executive		
CE5 259	Customer Services Centre (CSC) - £50,000	More extensive use of My Southend for core council services (notably those relating to refuse collection and highways) will enable greater self-service by residents at times convenient to them and better able customers to track progress on their service request. The Council will continue to provide alternative means of reporting for those who do not use new technology, or with no access (mainly the very elderly or socially excluded) until such time as My Southend becomes established. Staff will continue to provide support to residents visiting the Civic Centre and signpost residents to appropriate support agencies including the community hubs.
1P (pressure)	Housing Benefit/Localised Council Tax Scheme Administration Grant - £90,000	The additional resources will mitigate the loss of central government support for this grant helping to support the administration of key benefits to some of the most vulnerable in the community.

Department/ savings no.	Proposal (figures relate to 2017/18 savings proposals – unless stated)	Analysis findings
People		
PE1	Adult Services – Learning Disabilities - £500,000	<p>Proposals reflect three year (and beyond) transforming care programme to adopt a more enabling approach to help those with care needs to help themselves to obtain the right support. Programme will impact on all clients who present themselves for assessment but particularly older people, those with long term conditions, including those with a learning or sensory disability. Approach is also likely to impact on carers who are more likely to be involved in determining levels of care and type of services received.</p> <p>A high level Equality Analysis will be undertaken for the asset based approach to care with specific Equality Analyses undertaken in relation to the review of transport policy (where it is anticipated a more appropriate targeting of service will follow).</p>
PE2	Learning - £300,000	<p>School Improvement: Impact will relate to loss of two posts. However, the Council will continue to work in partnership to invest in school improvement and support schools in tackling underperformance, particularly to promote early intervention, challenging unacceptable standards and taking necessary action with schools in special measures. Resources will be focussed on schools where children are most disadvantaged with a view to closing the gap in school attainment.</p> <p>Connexions: The service provides information and guidance for young people, helping them make the transition into adulthood and working life. The Council will continue to fulfil its statutory functions for 16-19 year olds in hard to reach groups, including those not in education, employment or training (NEETs).</p>

260

Department/ savings no.	Proposal (figures relate to 2017/18 savings proposals – unless stated)	Analysis findings
		<p>However, there may be a loss of service to other 16-19 year olds. A full Equality Analysis will be undertaken as part of the introduction of a revised service.</p>
<p>PE3</p> <p>261</p>	<p>Contract Rationalisation and Transformation – Total: £860,000</p>	<p>Learning Disabilities 18-64 Social Care: Cost savings largely relate to management and overhead efficiencies resulting from moving provision of supported living services to the Council’s social care trading company. Any change of provider/s should mean limited (or enhanced) impact, therefore, on service users with learning disabilities.</p> <p>Care Leavers and First contact accommodation, staying put and CCM: Impact of proposals will be on market providers of accommodation, rather than those in need of accommodation (who include care leavers, asylum seekers and the homeless).</p> <p>Private, Voluntary, Independent (PVI) Foster Care and Residential Placements: The service is working to develop a partnership with providers with a view to obtaining more local placements and minimising the number of children sent outside of the borough. Local placements offer a more positive experience for children in care, with support provided locally by family and social care staff.</p> <p>Special Educational Needs placements: Aim is to obtain efficiencies through renegotiation of high cost external placements, often for those with profound and multiple learning disabilities, with minimal impact on level of service provision.</p> <p>Savings delivered from Procurements/Negotiations: Proposals support the Council’s move from activity based contracts to more outcome focussed contracts which aim to reach a</p>

Department/ savings no.	Proposal (figures relate to 2017/18 savings proposals – unless stated)	Analysis findings
		<p>broader range of clients and offer a wider range of services that align better to the developing locality model of care for Southend.</p> <p>While new contracts will encourage more self-service in the community, there should be limited direct impact on range of service users, who include carers, young people, vulnerable adults and people with disabilities, including learning disabilities</p>
262 PE5	Adult Services (exc. Learning Disabilities) - £1,000,000	<p>Approach reflects the Transforming Care agenda to more enabling approach, with the emphasis on prevention and maximising independence, for older people, those with long term conditions and those with a learning or sensory disability. The development of a new domiciliary care contract will see a new model of service provision from May 2017 with all providers customising provision to clients rather than differentiating between ‘reablement’ and ‘mainstream’ domiciliary care. A full Equality Analysis will be undertaken in this area.</p> <p>Introduction of portals via Liquidlogic will enable people to access relevant information, advice and guidance and take themselves through stage 1 of a care assessment on-line. There will be a specific impact on those who find use of on-line access more difficult, notably the elderly and those with physical and learning disabilities. Alternative access and support to services will continue to be provided for those unable to use on-line systems.</p>
PE6	Transformation of Housing - £270,000	Full Equality Analyses to be undertaken in relation to Supporting People Contracts; New Adaptations Team, Sheltered Housing Review and Temporary Accommodation Review.

Department/ savings no.	Proposal (figures relate to 2017/18 savings proposals – unless stated)	Analysis findings
		Sheltered housing review aims to report on the fitness for purpose of the existing service and stock, develop of a vision for housing for older people and drive efficiencies. There is likely to be minimal impact on service for existing tenants from this saving.
PE7 and PE8	Residential Care Costs - £500,000 Families Matter (Edge of Care) Team - £250,000	Purpose of re-configured service is to enable investment and support to be targeted at adolescents with challenging behaviours (mainly boys), on the 'edge of care' with an emphasis on keeping children in families. Avoiding bringing children into public care will save money on placements, freeing resources for that investment.
PE10	Children with Disabilities (CWD) - £15,000	Service packages will be reviewed by senior managers for appropriateness, with the aim of better targeting of resources or to reflect change of circumstances.
PE11	Dementia Contract - £45,000	Aim is to provide a different model of care for a largely older client group and their carers through development of a consortium of local providers which will have positive impact on quality of service provision.
3P (pressure)	Multi-agency Risk Assessment Team (MARAT) – £140,000	The MARAT model has proved successful in providing more joined up multi-agency approach to victims of domestic abuse and the additional resources highlight the Council's commitment to supporting this approach.
4P (pressure)	Child Care - £600,000	Will support growing pressures on increasing numbers of children's placements in particular.
5P (pressure)	Learning Disabilities - £ 400,000	Additional funding goes some way to meet the growing demographic pressures from a growing older population and mitigating savings proposals.
6P (pressure)	Older People Demographics - £500,000	

263

Department/ savings no.	Proposal (figures relate to 2017/18 savings proposals – unless stated)	Analysis findings
7P (pressure)	National Living Wage (£1m)	Increase in the national living wage will enhance the standard of living of those on low pay and with varying wages (many of whom are employed in care work), aiding recruitment and retention of staff and consistency of service provision. The budget allocation will help offset, the additional costs that result.
C4 (capital)	School refurbishment programme (£1m for 17/18)	Investment in Council maintained schools will benefit pupils and staff at those schools where work is undertaken.
C5 (capital)	Re-development of Delaware, Priory and Viking (£300,000 for 17/18)	Start of programme for the re-development of Priory and Delaware residential care homes and Viking day centre. The programme is aimed to secure the provision of service for older people with most complex needs and those with profound and multiple learning disabilities, some with physical frailty. A full EA for phase one and elements of phase two of the programme has been undertaken and will be updated as required.
C16 (capital)	ICT – Childrens and Adult Social Care – development of the Liquid Logic Case Management System (£300,000 for 17/18)	- see comment for PE5
Public Health		
PH1	Contract efficiencies (£261,000)	Renegotiation of contracts should result in limited impact with challenge to providers to deliver desired expected outcomes, with, for example, the Hospital and SEPT generating efficiencies from providing an integrated sexual health service.
PH2	Public Health recharges (£140,000)	Some potential impact resulting in £60k reduction in training and advice for older people in preventing injuries.

264

Department/ savings no.	Proposal (figures relate to 2017/18 savings proposals – unless stated)	Analysis findings
PH4	Pre-Diabetic Health Checks (£75,000)	Resources had been earmarked to deliver an anticipated NHS England diabetes prevention programme that had been applied for (unsuccessfully). Those most at risk (largely the physically inactive and over-weight) will continue to be referred to the healthy Lifestyles service.
Place		
PL11	Streetlight Maintenance – £65,000	Programme to roll out LED programme, with improved (and the ability to vary) illumination levels, is enhancing community safety across the borough, with particular impact in relation to women and the vulnerable, while generating savings from energy use and maintenance and reducing CO2 emissions.
PL18 265	Car parking income – £400,000	Impact of changes to general parking charges will be felt by vehicle users from all equality groups. However, there will be an impact on blue badge holders from the introduction of a charge on those who obtained their blue badge from outside the borough, although their numbers are anticipated to be relatively small.
PL20	Charge for Bikeability level 2 training in schools - £1,000	Potential impact on younger cyclists if training is withdrawn by schools (although this is not anticipated).
PL22	Pier charges - £75,000	No increase to basic entry fee – some increase to cost of using the train. The means tested Advantage Card remains in place and offers discounts (ranging from 10% to 50%) on entry fees for adults, under 17s and over 60s, those on low income and carers.
PL26	Event applications - £7,000	Introduction of an additional £25 administration fee for event applications may deter some community groups from holding events.
PL27	Waste contract efficiencies - £90,000	Measures include increasing usage of blue boxes. No direct impact anticipated and assisted collection scheme will continue for those who have difficulty in placing refuse and recycling out

Department/ savings no.	Proposal (figures relate to 2017/18 savings proposals – unless stated)	Analysis findings
		for collection.
C27 (capital)	CCTV equipment renewal (£420,000 for 17/18)	Replacement of 92 CCTV cameras will help to enhance community safety in the borough, targeting crime hot spots and providing reassurance to the most vulnerable in the community.
C33 (capital)	Southend Cliffs: Replacement of handrails (£45,000 for 17/18)	Replacement of current handrails will ensure safety of users of the Cliffs paths and particularly those with mobility issues.

Key to Columns and symbols used in report

Column Heading	Description
Minimise or Maximise	Indicates whether higher or lower number is better: Minimise = lower is better, maximise = higher is better
Latest Month	The latest month for which performance information is available
Month's Value	Performance to date for the latest month
Month's Target	Target to date for the latest month
Annual Target 2016/17	Annual target for 2016/17
<u>Outcome</u>	<p>Symbol based on a traffic light system; Red, Amber, Green indicating whether an indicator's performance is on track to achieve the annual target. Symbols used and their meaning are:</p> <p> = at risk of missing target</p> <p> = some slippage against target, but still expected to meet year-end target (31/03/2017)</p> <p> = on course to achieve target</p>
Comment	Commentary for indicators not on track providing reasons for low performance and identifying initiatives planned to bring performance back on track
Better or worse than last year	<p>Symbol indicating whether performance for the Latest Month is better or worse than the same month in the previous year. Symbols and their meanings are:</p> <p> = Latest Month's performance is better than the same month last year</p> <p> = Latest Month's performance is worse than the same month last year</p> <p> = Data not available for current or previous year</p>

CP 1.3	The percentage of children reported to the police as having run away that receive an independent return to home interview [Cumulative]	Aim to Maximise	November 2016	73.4%	85%	85%			Between April and November end a total of 73.4% (390) of return to home visits were successful (i.e. the visit took place and the child was seen). A further 84 (15.8%) visits were unsuccessful (visit refused or child wasn't seen) and 57 (10.7%) visits are outstanding. Currently the percentage of successful visits for missing children living in the borough is 79.7% (314) and 4.8% of visits (or 19) are outstanding. The percentage of successful visits for children looked after by Southend but placed out of borough is 71.3%(62) , with 18.4% (16)	People Scrutiny

MPR Code	Short Name	Minimise or Maximise	Latest Month	Month's Value	Month's Target	Annual Target 2016/17	Expected Outcome	Better or worse than last year	Comment - explanation of current performance, actions to improve performance and anticipated future performance	Scrutiny Committee
									outstanding. The percentage of successful visits for children looked after by other local authorities placed in Southend is 28% (14) with 44% (22) outstanding.	
CP 3.2	Delayed transfers of care from hospital for social care per 100,000 population (ASCOF 2C(2)) [Year to date average]	Aim to Minimise	November 2016	1.97	1.43	1.43			The average level of delayed transfers of care is above target but we remain well below the regional average of 3.72. A lot of work has been and will continue to be put into ensuring that patients are discharged from hospital in a timely manner and appropriate services are available on demand. There will be closer attention to the delays made in the Non-Acute (Sept) side, as the weightings are towards the Social Care side.	People Scrutiny
CP 3.3	The proportion of people who use services who receive direct payments (ASCOF 1C (2A)) [Year to date Snapshot]	Aim to Maximise	November 2016	25.76%	30%	30%			The performance of this indicator has dropped slightly but remains in line with our comparable neighbours. A sample of direct payment cases and non-direct payment cases will be sampled to assist in identifying barriers to direct payments. This will inform further analysis of drop in this indicator.	People Scrutiny

Expected Outcome At risk of missing target
Responsible OUs Place

MPR Code	Short Name	Minimise or Maximise	Latest Month	Month's Value	Month's Target	Annual Target 2016/17	Expected Outcome	Better or worse than last year	Comment - explanation of current performance, actions to improve performance and anticipated future performance	Scrutiny Committee
CP 1.1	Score against 10 BCS crimes; Theft of vehicle, theft from vehicle, vehicle interference, domestic burglary, theft of cycle, theft from person, criminal damage, common assault, woundings, robbery. [Cumulative]	Aim to Minimise	November 2016	5719	5078	7389			Southend Community Safety Partnership have progressed a number of key recommendations from the 16/17 Strategic Intelligence Assessment. This includes a multiagency focus on certain key high crime areas such as York Road (Operation Stonegate), a review of crimes that are causing concern (violent crime), and improved strategic and operational links between the key partnership boards. The development of the Community Safety Hub will enhance partnership approaches to tackling	Policy & Resources Scrutiny

MPR Code	Short Name	Minimise or Maximise	Latest Month	Month's Value	Month's Target	Annual Target 2016/17	Expected Outcome	Better or worse than last year	Comment - explanation of current performance, actions to improve performance and anticipated future performance	Scrutiny Committee
									crime and ASB within Southend. An all member briefing with senior Police officers was held on 23 November to review crime statistics. In addition, the in-depth scrutiny review on enforcement is progressing and is due to take evidence from the Police and Crime Commissioner, among a range of other sources	
CP 2.3 271	Percentage of household waste sent for reuse, recycling and composting [Cumulative]	Aim to Maximise	September 2016	50.56%	54.00%	54.00%			September update - * This figure currently is unvalidated, by the end of December 2016 this data should be validated. Veolia completed their new waste collection service roll out which included a new blue box recycling service stream, which will take time to embed across the borough. There is also a national downturn in recycling rates in the Essex region, which has seen a decrease in recycling rates. It is a very challenging target and too early to predict end of year performance at the moment.	Place Scrutiny

Expected Outcome Some slippage against target

Southend Community Safety Partnership have progressed a number of key recommendations from the 16/17 Strategic Intelligence Assessment. This includes a multiagency focus on certain key high crime areas such as York Road (Operation Stonegate), a review of crimes that are

causing concern (violent crime), and improved strategic and operational links between the key partnership boards. The development of the Community Safety Hub will enhance partnership approaches to tackling crime and ASB within Southend. An all member briefing with senior Police officers was held on 23 November to review crime statistics. In addition, the in-depth scrutiny review on enforcement is progressing and is due to take evidence from the Police and Crime Commissioner, among a range of other sources

Between April and November end a total of 73.4% (390) of return to home visits were successful (i.e. the visit took place and the child was seen). A further 84 (15.8%) visits were unsuccessful (visit refused or child wasn't seen) and 57 (10.7%) visits are outstanding. Currently the percentage of successful visits for missing children living in the borough is 79.7% (314) and 4.8% of visits (or 19) are outstanding. The percentage of successful visits for children looked after by Southend but placed out of borough is 71.3%(62) , with 18.4% (16) outstanding. The percentage of successful visits for children looked after by other local authorities placed in Southend is 28% (14) with 44% (22) outstanding.

December 2016		
January 2017		
February 2017		
March 2017		

The number of looked after children per 10,000 is at target at 68.2 per 10,000 population against a target range of 57.3-68.3. We have a large number of children who are placed for adoption and who will therefore leave care over the next 6 months, depending on obtaining hearing dates from Court, and this will improve performance further. In addition we will see the impact of the work of the Edge of Care team over the coming months.

Aim: CLEAN: Priorities • Continue to promote the use of green technology and initiatives to benefit the local economy and environment. • Encourage and enforce high standards of environmental stewardship.

Expected Outcome: At risk of missing target 1

Q4 2016/17		

September update - * This figure currently is unvalidated, by the end of December 2016 this

data should be validated. Veolia completed their new waste collection service roll out which included a new blue box recycling service stream, which will take time to embed across the borough. There is also a national downturn in recycling rates in the Essex region, which has seen a decrease in recycling rates. It is a very challenging target and too early to predict end of year performance at the moment.

Aim: HEALTHY: Priorities • Actively promote healthy and active lifestyles for all. • Work with the public and private rented sectors to provide good quality housing • Improve the life chances of our residents, especially our vulnerable children & adults, by working to reduce inequalities and social deprivation across our communities.
 Expected Outcome: At risk of missing target 2 Some slippage against target 3

December 2016		
January 2017		
February 2017		
March 2017		

The average level of delayed transfers of care is above target but we remain well below the regional average of 3.72. A lot of work has been and will continue to be put into ensuring that patients are discharged from hospital in a timely manner and appropriate services are available on demand. There will be closer attention to the delays made in the Non-Acute (Sept) side, as the weightings are towards the Social Care side.

CP 3.3	The proportion of people who use services who receive direct payments (ASCOF 1C (2A)) [Year to date Snapshot]

Data is still awaited from two GP Practices that migrated computer systems recently from EMIS to SystemOne and the outreach provider. The health check trajectory remains on track to hit target by the end of the year.

Aim: PROSPEROUS: Priorities • Maximise opportunities to enable the planning and development of quality, affordable housing. • Ensure residents have access to high quality education to enable them to be lifelong learners & have fulfilling employment. • Ensure the town is 'open for business' and that new, developing and existing enterprise is nurtured and supported. Ensure continued regeneration of the town through a culture led agenda.

Expected Outcome: Some slippage against target 1

Although collection is still below target it is an improvement on last month, when the collection rate was 1.3% down. This confirms the predicted outcome that the target will be met at the end of the financial year. The Service is focused on current year collection and are chasing ratepayers to obtain payments.

Aim: EXCELLENT: Priorities • Work with & listen to our communities & partners to achieve better outcomes for all • Enable communities to be self-sufficient & foster pride in the town • Promote & lead an entrepreneurial, creative & innovative approach to the development of our town.

Expected Outcome: At risk of missing target 1

Housing Revenue Account Summary Forecast	28

1. Commentary

This report outlines the budget monitoring position for the General Fund and Housing Revenue Account for 2016/17, based on the views of the Directors and their Management Teams, in light of expenditure and income to 30 November 2016.

The starting point for the budget monitoring is the original budget as agreed by Council in February 2016. Therefore, the full cost budget is being monitored, including fully allocated Management, Administrative and Technical Services (MATS) and capital financing costs. As at the end of October all corporate savings have been allocated.

2. Overall Budget Performance – General Fund

An overspend to the overall Council budget of £807,000 is currently being forecast for the year-end. This position reflects a projected overspend of £928,000 in Council departmental spending and a £121,000 underspend on financing costs and levies. The budget pressures which services are reporting are detailed in section 3 below. The forecast overspend of £807,000 is currently estimated to be met from earmarked reserves.

at 30 November 2016 - Period 8

Portfolio	Latest Budget 2016/17 £000	Projected Outturn 2016/17 £000	November Forecast Variance £000	October Forecast Variance £000
Leader	3,397	3,407	10	(200)
Culture, Tourism and the Economy	14,725	14,953	228	200
Corporate and Community Support Services	2,961	2,781	(180)	30
Housing, Planning & Public Protection Services	10,609	10,628	19	30
Children & Learning	31,187	31,507	320	655
Health & Adult Social Care	42,498	42,707	209	200
Transport, Waste & Cleansing	23,105	23,427	322	143
Technology	147	147	-	-
Total Portfolio	128,629	129,557	928	1,058
Non-Service Areas	(5,423)	(6,351)	(928)	(1,058)
Net Expenditure / (Income)	123,206	123,206	0	0

Where Portfolios are forecasting an overspend by the end of the year, the relevant Director has been advised that appropriate action plans must be in place to address any projected overspend position so that a balanced budget for the Council is produced by the year end.

3. Service Variances - £928,000 forecast overspend

The key variances are as shown in the following table:-

Portfolio	Unfavourable £(000)	Favourable £(000)	Net £(000)	Previous period £(000)
Leader

	1,346	(1,024)	322	171
Technology				
	0	0	0	0
Total	3,106	(2,178)	928	990

Non Service Variances (£121,000 forecast underspend)

Financing Costs – (£115K)

This provision is forecast to be underspent against budget at the year-end as; PWLB interest (£365K) due to reduced borrowing; reduced income from HRA Item 8 debit due to lower average rate % £50K; reduced interest from in-house investments due to reduced interest rates £130K; interest on short term borrowing (£40K); interest on Bonds £25K; interest property funds £130K; Schools and trust balances interest (£17K); finance lease costs £9K; payment to Minimum Reserve Provision (£37K).

Levies – (£6K)

The annual levy from the Coroners Court is less than advised by the organisation when setting the budget.

4. Appropriations to / from Earmarked Reserves

Net appropriations from Earmarked Reserves totalling £3,874,000 were agreed by Council when setting the 2016/17 budget in February 2016. The current outturn position allows for further in-year net appropriations from reserves, totalling £1,478,990. Total net appropriations from / (to) reserves for 2016/17 will therefore equal £5,352,990.

- £19,000 from the Business Transformation Reserve to enable the progression of various projects.
- £166,700 from the Earmarked Reserves relating to Social Work Training grants and the Practice Learning Fund
- £37,000 from the Specific Projects Reserve to cover costs relating to the Phase 3 Printing Review
- £250,000 from the Queensway Reserve to cover on-going revenue costs of the project
- £199,290 from the Public Health Reserve to fund services
- £807,000 appropriation from reserves at the year end to offset project overspend

£1,478,990

5. Revenue Contributions to Capital Outlay (RCCO)

The original budget for 2016/17 included planned revenue contributions for capital investments, via the use of Earmarked Reserves, of £6,472,000.

6. Performance against Budget savings targets for 2016/17

As part of setting the Council budget for 2016/17, a schedule of Departmental and Corporate savings was approved totalling £10.086 million. These are required to achieve a balanced budget.

A monthly exercise is in place to monitor the progress of the delivery of these savings. A breakdown, by RAG status, of the Departmental Savings is shown below:

	Red £000	Amber £000	Green £000	Original Savings Total £000	Projected Outturn £000	Forecast Variance £000
Department						
Chief Executive	0	262	1,146	1,408	1,408	0
People	260	3,547	1,504	5,311	5,015	(296)
Place	0	1,380	1,987	3,367	2,833	(534)
Total	260	5,189	4,637	10,086	9,256	(830)

Although the current forecast is showing a shortfall of £830,000 against the required savings total of £10.086 million, it is currently expected that the total savings will be delivered in full as part of each Department's overall budget total by the end of the financial year either by finding alternative savings or ensuring amber and red savings are delivered in full.

7. Overall Budget Performance – Housing Revenue Account (HRA)

The HRA budget was approved by Council on 25th February 2016 and anticipated that £2,287,000 would be appropriated to earmarked reserves in 2016/17.

The closing HRA balance as at 31st March 2016 was £3,502,000.

8. Budget Virements

In line with the approved financial procedure rules all virements over £50,000 between portfolio services or between pay and non-pay budgets are to be approved by Cabinet.

Below is a table showing the virements which fall within these parameters.

	DR	CR
	£	£
Virements over £50,000 in reported period	-	-
Virements over £50,000 previously reported	5,023	(5,023)
Virements approved under delegated authority	4,988	(4,988)
Total virements	10,011	(10,011)

There are no virements for Cabinet approval this period.

j. Loss of income as a result of the Pier train being out of service due to repairs of the pile caps during the busiest season of the year. There are also associated repairs and maintenance costs due to deckboard replacements as a result of the use of a buggy to transport some customers	Loss of income as a result of the Pier train being out of service due to repairs of the pile caps during the busiest season of the year. There are also associated repairs and maintenance costs due to deckboard replacements as a result of the use of a buggy to transport some customers. Tourism advertising costs incurred early in the year. The cash collection process has resulted in an internal issue with allocating income to the Pier.

**General Fund Forecast 2016/17
at 30 November 2016 - Period 8
Corporate and Community Support
Portfolio Holder - Cllr A Moring**

Forecast Outturn Variance	Year to Date Variance
a.	The number of cremations and burials is lower than in the same period last year. Repairs to the boiler are causing a pressure on the budget.
b.	A pressure due to unbudgeted IT costs is being offset by vacancies and higher income than predicted. Higher income in the Registrations Service than profiled due to a greater number of weddings in the summer period. As in previous years, this is expected to level out by year-end.
c.	Overpayments repaid relating to prior years
d.	
e.	
f. Forecast overspends on agency costs	A pressure on employees' budget due to overtime, agency costs and Vacancy Factor is being offset by an underspend against the Social Fund profiled budget
g.	Period 8 monitored position
h.	
i.	Vacancy in year. Office Expenses budget currently underspent.
j.	Expenditure relating to the Community Hub project. Income will be drawn down within the coming months to offset these project costs
k.	Additional income received from Suffolk CC to fund project work. It is anticipated, that income will fall this year due to less Schools using the HR service
l.	Corporate Training income is higher than budget to date but further costs are expected to offset the surplus
m.	Income from the Tickfield Centre is currently higher than budget
n.	Vacancy
o.	The fuel budget is underspent due to the running down of tanks and operating lease costs have reduced which is compensating for lower Internal Trading Income than predicted. No further fuel stock is being purchased as a fuel card programme has now been rolled out.

308

Forecast Outturn Variance	Year to Date Variance
p.	Vacancy
q.	
r. Staff Vacancies	Vacancies in the Financial Management and Planning & Control teams
s. Staff Vacancies	
t.	An underspend due to staff vacancies is being partially offset by an overspend relating to the purchase of professional expertise in the form of contractors
u.	In line with previous years, the furniture budget is currently underspent. This is being offset by an overspend on Contract Cleaning, Security and Repairs & Maintenance costs
v.	
w.	
x.	Rental income is higher than current budget partly due to rent increases and back payments
y. More income relating to court proceedings has been raised than anticipated	More court proceedings relating to Council Tax have been initiated than expected when the budget was set although this will be partially offset by a higher provision for Bad Debt at the end of the year. This is mitigating an overspend on Agency Staff and Vacancy Factor
z. Currently it is unlikely that the Vacancy Factor budget will be achieved	
aa. Staff vacancies.	
ab.	
ac.	Vacancies in year.
ad.	Higher income than the profiled budget
ae. Court Costs in relation to Children's cases are higher than expected at this time of the year. It is currently unlikely that the Vacancy Factor or the income budget will be achieved	
af. Underspend on staff budgets	
ag. Underspend on a vacant post.	
ah.

at 30 November 2016 - Period 8
Children and Learning
Portfolio Holder - Cllr J Courtenay**

Forecast Outturn Variance	Year to Date Variance
a.	
b. Current cohort of LDD placements and direct payments budgets are overspending.	
c.	
d. Overspend due to cost of Agency Social Workers in frontline child protection roles in Care Management and First Contact teams. Teams are unable to run with Vacancies due to caseloads.	Overspend due to cost of Agency Social Workers in frontline child protection roles in Care Management and First Contact teams. Teams are unable to run with Vacancies due to caseloads.
e. Forecast for current cohort of fostering places. This reflects success in increasing the number of available in-house carers, but it is also driven by overall higher numbers of children in care, with PVI placements also remaining high.	The number of children with in-house foster cares or kinship placements. This reflects success in increasing the number of available in-house carers, but it is also driven by overall higher numbers of children in care, with PVI placements also remaining high.
f.	
g.	
h. Current cohort of 53 children and young people in PVI placements is forecast to overspend, making the £250k saving a significant challenge. Within this there are 22 residential placements compared to 13 a year ago. This budget remain volatile and susceptible to sudden changes in demand from high cost placements such as secure accommodation placements.	Current cohort of 53 children and young people in PVI placements is forecast to overspend, making the £250k saving a significant challenge. Within this there are 22 residential placements compared to 13 a year ago. This budget remain volatile and susceptible to sudden changes in demand from high cost placements such as secure accommodation placements.
i. £29k pressure against budgeted vacancy factor as plans and review team is running at full establishment.	
j. Continuing overspend due to the costs of legal representation in child protection cases, linked to high numbers of children in care. There is a risk this overspend could increase as in the previous financial year the overspend was £200k and related to approximately 120 cases.	
k. As in last year this service is likely to underspend, however costs may start to rise once the growth in pupil numbers reaches the secondary school phase. An underspend is anticipated due to staffing vacancies against establishment in the School improvement service.	
l. Underspend due to a vacant post	
m.

**General Fund Forecast 2016/17
at 30 November 2016 - Period 8
Transport, Waste & Cleansing
Portfolio Holder - Cllr T Cox**

Forecast Outturn Variance	Year to date Variance
<p>a. Street lighting energy costs are reducing due to the LED replacement project, however delays at the outset mean the full benefit is yet to be achieved. The saving in the 2016/17 budget was based on the projects original timetable which has resulted in a potential in-year pressure circa £297k which will be temporarily funded from reserves. Structural maintenance repair works, particularly on footways, is likely to result in a budget pressure of around £205k based on current expenditure levels due to the number of identified category 1 defects and additional road marking. The value of works recharged to the public for damage caused to the highway is below the targeted level creating a potential pressure circa £140k. Income from the street works common permit scheme is above the expected level. A significant proportion of this is due to penalties levied in relation to S.74 overruns. At current rates an income surplus of between £0.4-0.5m seems likely.</p>	
<p>b.</p>	
<p>c. Delays in the implementation of the new Compliance Management contract for decriminalised parking mean expected savings in the first half of the year have not been achieved. The budget pressure as a result of this is approximately £114k. There is also £251k pressure created due to a shortfall in the income due to lower numbers of PCNs being issued as new staff were trained. In addition to this the bad debt provision required at the end of the year is currently projected at £164k for which there is no budget provision.</p>	<p>Overspend to date is in line with the forecast outturn</p>
<p>d. Continuing good weather has increased the expected surplus of income from on- and off-street parking provision to £400k.</p>	<p>Underspend to date is in line with the forecast outturn</p>
<p>e. Concessionary fares costs for the first & second quarter have been confirmed and our consultants have updated their estimated costs for the year. Based on these updated figures the projection has reduced to £3.24m against a budget of £3.17m. Fluctuations in the number of journeys made mean this pressure could increase again or decrease further but this will not be known until later in the year.</p>	

317

f.	Additional security levels required at the Travel Centre will cost approximately £70k for a full year which will cause a budget pressure of £60k.	
g.		
h.	Traffic signal maintenance costs have reduced significantly since the upgrade to LED leading to a potential underspend circa. £50k.	The to date variance shows an overspend due to government grants and EU funding for which claims are made in arrears.
i.	Traffic Management expenditure is consistent with that of the previous year which showed a significant drop in contractor costs, this results in a potential underspend of £82k.	
j.		
k.		
l.		Costs for MBT Plant are estimated pending actual charges from Essex CC
m.		
n.		
o.		There are currently vacancies within the team.
p.		Legal advice re New Waste Contract
q.	Current vacancies in the staffing establishment will result in an underspend of around £70k. Some of this underspend is being used to cover the revenue cost of storing spoil from the Cliff Stabilisation project for use in future flood defences.	The to date variance shows an overspend as full costs have been incurred already but the underspend on salaries is only recognised on a monthly basis.
r.	Due to the high levels of staff retention, the vacancy factor within the team is unlikely to be met and additional reductions in expenditure will need to be found	Due to the high levels of staff retention, the vacancy factor within the team is unlikely to be met and additional reductions in expenditure will need to be found

**Capital Programme Budget
Monitoring 2016/17**

Period 8

**as at 30th November 2016
Departmental Summary**

Capital Programme Monitoring Report – November 2016

1. Overall Budget Performance

The revised Capital budget for the 2016/17 financial year is £65.743million which includes all changes agreed at November Cabinet. Actual capital spend at 30th November is £28.547million representing approximately 43% of the revised budget. This is shown in Appendix 1. (Outstanding creditors totalling £0.708million have been removed from this figure).

The expenditure to date has been projected to year end and the outturn position is forecast to reflect the Project Manager's realistic expectation. This is broken down by Department as follows:

Department	Revised Budget 2016/17 £'000	Outturn to 30 November 2016/17 £'000	Expected outturn 2016/17 £'000	Latest Expected Variance to Revised Budget 2016/17 £'000	Previous Expected Variance to Revised Budget 2016/17 £'000
Chief Executive	9,289	665	5,481	(3,808)	-
People	12,612	9,338	14,541	1,929	-
Place	34,961	14,367	32,275	(2,686)	-
Housing Revenue Account (HRA)	8,881	4,177	8,881	-	-
Total	65,743	28,547	61,178	(4,565)	-

The capital programme is expected to be financed as follows:

Department	External Funding			Total Budget £'000
	Council Budget £'000	Grant Budget £'000	Developer & Other Contributions £'000	
Chief Executive	6,082	3,200	7	9,289
People	6,952	5,659	1	12,612
Place	20,788	13,233	940	34,961
Housing Revenue Account (HRA)	8,725	109	47	8,881
Total	42,547	22,201	995	65,743
As a percentage of total budget	64.7%	33.8%	1.5%	

The funding mix for the total programme could change depending on how much grant and external contributions are received by the Council by the end of the year.

The grants and external contributions position to 30th November is as follows:

Department	Grant Budget £'000	Developer & Other Contributions Budget £'000	Total external funding budget £'000	External funding received £'000	External funding outstanding £'000
Chief Executive	3,200	7	3,207	3,204	3
People	5,659	1	5,660	3,260	2,400
Place	13,233	940	14,173	8,864	5,309
Housing Revenue Account (HRA)	109	47	156	31	125
Total	22,201	995	23,196	15,359	7,837

2. Department Budget Performance

Department of the Chief Executive

The revised capital budget for the Department of the Chief Executive is £9.289million. The budget is distributed across various scheme areas as follows

Department of the Chief Executive	Revised Budget 2016/17 £'000	Outturn to 30 November 2016/17 £'000	Expected outturn 2016/17 £'000	Latest Forecast Variance to Year End 2016/17 £'000	Previous Forecast Variance to Year End 2016/17 £'000
Queensway	1,142	297	642	(500)	-
Council Buildings	9	6	9	-	-
Asset Management (Property)	7,162	280	3,854	(3,308)	-
Cemeteries & Crematorium	785	82	785	-	-
Subtotal	9,098	665	5,290	(3,808)	-
Priority Works (see table)	191	-	191	-	-
Total	9,289	665	5,481	(3,808)	-

Priority Works	£'000
Budget available	500
Less budget allocated to agreed schemes	(309)
Remaining budget	191

Actual spend at 30th November stands at £0.665million. This represents 7% of the total available budget.

Queensway

The Ground Penetrating Radar scheme of £142k is focused on determining the location of gas pipes, electricity cables and drainage around the Queensway site. The survey has now been completed and both the 2D and 3D models have been delivered. The data is currently being analysed to ascertain which services may be affected by the works proposal.

£500k of the remaining budget relates to an allowance for commercial property buy back and this full budget will be included as a carry forward request in the report to January Cabinet.

Council Buildings

All building works have now been completed at Tickfield and the final account is the only outstanding cost.

The Perimeter Security Improvements scheme is progressing well. Access swipe panels to the underground car park shutter and pedestrian door have now been installed with permissions for access issued to authorised members of staff. Cabling for additional cabinet and CCTV camera have also been installed and are awaiting new cameras.

Asset Management (Property)

A scheme to demolish the existing Southend Library car park and construct a new one is in progress with utility mapping, topographical surveys and laser scanning have already taken place. The new building will increase capacity for parking spaces and earn additional income. Planning submission is on target for February 2017.

Works on the Seaways Development Enabling Works are currently under review and £3k of the current budget will be included in the report to January Cabinet as a carry forward request.

The progress of the New Beach Huts scheme is pending a procurement review of phase one. This is unlikely to be completed by the end of 2016/17 therefore the full budget of £109k will be included as a carry forward request in the report to January Cabinet.

The scheme to redevelop the Civic East car park will commence following the completion of the Library car park enhancement. This will not be happening this year and therefore the full budget of £19k will be a carry forward request included in the report to January Cabinet.

Planning permission has now been granted for the Airport Business Park scheme and works commenced during November. Spend profiling is being reviewed regularly and a carry forward request of £1.177million will be included in the report to January Cabinet.

A budget of £2million for Commercial Property Investment will be included in the report to January Cabinet as a carry forward request. Further budget is available in 2017/18 but no suitable opportunities have become available in 2016/17 to allow this budget to be utilised.

Cemeteries and Crematorium

A scheme to improve the crematorium grounds and replace the aged Pergola Walk is taking place in 2016/17 to include memorials and interment units within the supporting structure. The contract has now been awarded with a start date scheduled for 2nd January 2017.

The scheme to install pre-made mini graves for cremated remains commenced on 25th November. Ground works have been completed, materials delivered and installation has begun. This scheme remains on target for time and budget.

Priority Works

The Priority works provision budget currently has £191k remaining unallocated.

Summary

Carry forward requests to be included to the report to January Cabinet are Queensway Commercial Property for £500k, Airport Business Park for £1.177million, Civic East Car Park Redevelopment for £19k, Commercial Property Investment for £2million, New Beach Huts Phase Two for £109k and Seaways Development Enabling Works for £3k.

Department for People

The revised Department for People budget totals £12.612million.

Department for People	Revised Budget 2016/17 £'000	Outturn to 30 November 2016/17 £'000	Expected outturn 2016/17 £'000	Latest Expected Variance to Year End 2016/17 £'000	Previous Expected Variance to Year End 2016/17 £'000
Adult Social Care	681	44	681	-	-
General Fund Housing	1,487	634	1,487	-	-
Children & Learning Other	64	-	64	-	-
Condition Schemes	992	608	1,000	8	-
Devolved Formula Capital	288	288	288	-	-
Primary and Secondary School Places	9,100	7,764	11,021	1,921	-
Total	12,612	9,338	14,541	1,929	-

Actual spend at 30th November stands at £9.338million. This represents 74% of the total available budget.

Adult Social Care

The Community Capacity grant is used to enable vulnerable individuals to remain in their own homes and to assist in avoiding delayed discharges from hospital. Plans for 2016/17 include the development of an independent living centre, investment in technology and extra care provision.

General Fund Housing

The Private Sector Renewal scheme is in place to ensure that the private sector stock is kept in a good condition.

The Empty Dwellings Management scheme is currently concentrating on bringing more empty homes back into use. Projects are currently taking place on three properties.

Minimal works are in the pipeline for the Works in Default enforcement scheme with a demolition planned for January.

Children & Learning Other Schemes

Retentions of £57k are being held for Kingsdown Special School roof works and will be paid once outstanding snagging and defects works are completed and fully signed off. This figure is included in the creditors shown above.

Condition Schemes

A budget of £0.992m has been allocated to address larger conditions in schools where the cost is over the schools capabilities to fund. Most of these works have been undertaken

over the school summer holidays to minimise disruption to the schools. Retentions of £17k are being held for works completed last year at seven primary schools.

Additional budgets for two of the condition schemes will be included in the report to January Cabinet to be funded from unallocated Department for Education grant. These schemes are Hamstel Juniors Fire Systems for £3k and Kingsdown Fire Systems Upgrade for £5k.

Devolved Formula Capital

This is an annual devolution of dedicated capital grant to all maintained schools. The grant for 2016/17 is £288k. This grant amount will reduce as further maintained schools convert to academy status.

Primary and Secondary School Places

The primary expansion programme is now complete. A review of places available against forecast demand will be done on an annual basis. If a need is identified, a further expansion of primary places will be explored to ensure that the Council's statutory duty to provide a good school place for all those that request it can be met. A secondary expansion programme is now in the beginning stages to ensure that the extra places supplied in primary are matched in secondary as they are needed. As part of this expansion programme, the PROCAT building in Southchurch Boulevard has now been purchased. Improvements to Special Education Needs and Pupil Referral Unit accommodation are also in the planning stages. A further £126k is also being held as retention payments against works completed in the previous financial year on primary expansion projects.

An accelerated delivery request will be included in the report to January Cabinet for the Secondary School Provision scheme for £1.911million. This is required to complete the purchase of Wentworth within this financial year. A further accelerated delivery is required for the Expansion of Two Year Old Childcare Places scheme for £10k.

Summary

Accelerated delivery requests to be included in the report to January Cabinet are the Secondary School Provision scheme for £1.911million and the Expansion of Two Year Old Childcare Places scheme for £10k.

Externally funded schemes to be added to the programme include Hamstel Juniors Fire Systems for £3k and Kingsdown Fire Systems upgrade for £5k.

Department for Place

The revised capital budget for the Department for Place is £34.961million. This includes all changes approved at November Cabinet. The budget is distributed across various scheme areas as follows:

Department for Place	Revised Budget 2016/17 £'000	Outturn to 30 November 2016/17 £'000	Expected outturn 2016/17 £'000	Latest Expected Variance to Year End 2016/17 £'000	Previous Expected Variance to Year End 2016/17 £'000
Culture	1,893	561	1,616	(277)	-
ICT Programme	5,030	2,975	4,633	(397)	-
Enterprise, Tourism & Regeneration	2,469	1,963	2,469	-	-
Southend Pier	1,066	209	866	(200)	-
Coastal Defence & Foreshore	881	296	881	-	-
Highways and Infrastructure	10,585	4,472	9,623	(962)	-
Parking Management	334	22	234	(100)	-
Section 38 & 106 Agreements	779	429	779	-	-
Local Transport Plan	3,013	1,316	3,013	-	-
Local Growth Fund	6,086	1,635	6,086	-	-
Transport	510	37	510	-	-
Energy Saving Projects	2,315	452	1,565	(750)	-
Total	34,961	14,367	32,275	(2,686)	-

Actual spend at 30th November stands at £14.367million. This represents 41% of the total available budget.

Culture

The tenders for the works on Westcliff Library as part of the Library Review scheme are due back during December and works are then due to commence for Westcliff and Leigh Library in the new year. To continue works into 2017/18, a carry forward request of £150k will be included in the report to January Cabinet.

Works to undertake the reinstatement and stabilisation of Belton Hill steps are now underway. Procurement has commenced for the appointment of a geo-technical engineer although due to pressures this is taking longer than expected. As a result of this, budget of £47k will be included in the report to January Cabinet as a carry forward request.

The materials for the Playground Gates scheme are currently being sourced via Contracts Finder and this has caused a slight delay to the project. A carry forward request of £80k will be included in the report to January Cabinet to allow for this.

ICT

A cyber security review is due to take place to inform the direction of the Barracuda Replacement scheme, the Mobile Device End Point Protection Replacement scheme and the Websense Replacement Scheme. Budgets of £30k, £45k and £30k respectively will be included in the report to January Cabinet as carry forward requests to complete the schemes in 2017/18 once the review has taken place.

The full budget of £100k on the ICT Priority Works scheme will be included as a carry forward request in the report to January Cabinet. Test network routing is currently being finalised to enable the scheme to progress in 2017/18.

Transcribing equipment has been purchased for the Human Resources Case Management System and this completes the planned spend for 2016/17. £17k of the current budget will be included in the report to January Cabinet as a carry forward request to complete the second part of the scheme in 2017/18.

The scheme to deliver a robust Social Care case management system is well underway with a full suite of test systems now available for use. The budget for 2016/17 is £1.4million and projected spend is currently on target. The data migrations rounds are progressing and further milestones have been achieved.

A project to review the end to end process for reports and requests received by the Council in respect of waste, public protection, highways and parking related matters is now underway which has commenced with waste during August. This scheme has a view for self-serve automation and the removal of manual intervention from the process. Quotations have come back higher than expected therefore further suppliers have been invited to give a presentation on the service they could provide. A carry forward request of £175k will be required and this will be included in the report to January Cabinet.

Enterprise, Tourism & Regeneration

The Regeneration projects include all the work currently taking place on the City Deal Incubation Centre and the Coastal Communities Fund.

The Three Shells Lagoon is complete and was officially opened on 21st July. The toilet block drainage is nearing completion with weather conditions delaying works on the cladding. This is expected to complete in early 2017.

Several projects are planned for 2016/17 under the Property Refurbishment Programme including works at Priory Park yard, Campfield Road toilets, Belfairs Park drainage investigations and Central Museum windows. Some of these works require listed building approval therefore they are likely to take place later in the year.

Southend Pier

Additional works have been carried out on the pile caps on Southend Pier and works are on-going. It is anticipated that this full budget will be spend during 2016/17.

The Prince George extension works involve concrete trials which are scheduled to go ahead in 2016/17 at a cost of approximately £200k. The tenders went out in October and are currently being evaluated.

£200k has been transferred from Priority works for the Pier View Gallery. This budget will be included in the report to January Cabinet as a carry forward request when the works will begin.

Coastal Defence and Foreshore

The cliff stabilisation scheme on Clifton Drive is working to remediate the cliff slip and reinforce it against further slippage. The final works of fixing anti-slip strips to the step edges took place in early November which completes the main project. The final account is in the process of being prepared.

Funding totalling £160k from the Environment Agency has been received as part of the Southend Shoreline Strategy and development of the strategy is currently underway.

Highways and Infrastructure

A scheme to invest in the highways infrastructure to reduce long term structural maintenance and improve public safety has been approved for 2016/17. The works are based on priorities identified by the outcome of the asset management condition survey. Schemes have been put forward for approval with regards to verge hardening and proposed works will take place in February 2017. Carriageway works on The Fairway are being delayed until July 2017 therefore a carry forward request of £160k will be included in the report to January Cabinet.

A grant of £65k has been received from the Department for Transport for the repair of potholes throughout the Borough. This grant has been secured for the next 5 years.

The Cinder Path scheme has encountered further delays and budget of £802k will be included in the report to January Cabinet as a carry forward request.

The Street Lighting budget is a multi-million pound, multi-year scheme to be part funded by the Challenge fund from the Department for Transport. The luminaires installation is substantially complete and the columns are expected to be in place by Christmas.

Parking Management

A new scheme to improve car park surfacing, structures and signage and to replace pay and display machines in order to maximise capacity and usage is taking place in 2016/17. The scheme will aim to rationalise and upgrade pay and display equipment across all car parks, surface improvements at East Beach, lighting upgrades at Belton Gardens and layout alterations to improve accessibility and security at University Square. The tender process has commenced with works expected for January 2017. A number of projects are in the planning stages including works at Tylers Avenue and Elm Road. A carry forward request of £100k will be included in the report to January Cabinet in order to consider improvements in 2017/18 resulting from the operation of the new parking contract.

Section 38 and Section 106 Schemes

There are a number of S38 and S106 schemes all at various stages. The larger schemes include works to Shoebury Park enhancement and Fossetts Farm bridleway works.

Local Transport Plans (LTP Schemes)

The Local Transport Plan schemes cover various areas including better networks, traffic management, better operation of traffic control systems and bridge strengthening. Schemes are well underway with further schemes currently being put forward for approval scheduled for February 2017.

Local Growth Fund

The A127 Growth Corridor projects will support the predicted growth associated with London Southend Airport and the Joint Area Action Plan (JAAP) proposals developed by Southend, Rochford and Essex County Councils to release land and create 7,380 high value jobs. The improvement will also support background growth of Southend and Rochford.

The final business case for A127 Kent Elms junction improvements has been approved by the South East Local Enterprise Partnership to draw down the 2016/17 funding.

The contractor has been appointed for the main highways works at Kent Elms. Works commenced on the 21st November and the footbridge has been removed to allow for construction of the additional inbound and outbound lanes. Works are focusing on the inbound carriageway laying the new kerbline and drainage up to the new crossing. New drainage is being laid for the new outbound carriageway at the west of the junction.

The works to the Bell junction will be focusing on options to put forward for the business case. Pedestrian surveys have been undertaken and a review will commence shortly.

Bridge and Highway Maintenance works will be focusing on investigation works for improvements to the A127 corridor and supporting Kent Elms works. Surfacing is now complete to the east bound section of the A127 from boundary to just prior to the Progress Road improvement works and in the vicinity of Bellhouse Lane. Further surveys for drainage, traffic data, lighting and safety barriers are yet to be undertaken.

Transport

The final account is still being negotiated with the contractor for the main works on the A127 Tesco junction improvements. The Road Safety Audit report has been reviewed with minor adjustments being carried out on traffic signals as necessary.

Minor adjustments to traffic signals on Progress road are yet to be completed.

Southend Transport Model is an on-going scheme to support various multi modal transport projects.

Energy Saving Projects

As part of the energy Efficiency Projects, installation will commence in University Square car park in January with surveys to take place on the pier. £100k of the current budget will be included in the report to January Cabinet as a carry forward request to carry out the remaining works.

The tender is currently in process for the Solar PV Projects alongside negotiations with the Cliffs Pavilion and Garons. £450k of the current budget will be included as a carry forward request in the report to January Cabinet as it is likely much of the scheme will take place in 2017/18.

Temple Sutton Primary School are to make a decision on the pool works in January which will result in a carry forward request of £200k in the report to January Cabinet as potential works will not commence until 2017/18.

Summary

Carry forward requests to be included in the report to January Cabinet include Library Review for £150k, Belton Hill Steps for £47k, Playground Gates for £80k, Barracuda Replacement for £30k, ICT Priority Works for £100k, IT Human Resources Case Management System for £17k, Mobile Device End Point Protection Replacement for £45k, Place Business Transformation in End to End Reporting for £175k, Websense Replacement for £30k, Southend Pier View Gallery for £200k, Car Park Infrastructure Improvements for £100k, Cinder Path for £802k, Highways Planned Maintenance Investment for £160k, Energy Efficiency Projects for £100k, Solar PV Projects for £450k and Temple Sutton School Energy Project for £200k.

Housing Revenue Account

The revised budget for the Housing Revenue Account capital programme for 2016/17 is £8.881million. The latest budget and spend position is as follows:

Housing Revenue Account	Revised Budget 2016/17 £'000	Outturn to 30 November 2016/17 £'000	Expected outturn 2016/17 £'000	Forecast Variance to Year End 2016/17 £'000	Previous Forecast Variance to Year End 2016/17 £'000

Council House Adaptations	500	275	500	-	-
Sheltered Housing Remodelling	345	-	345	-	-
Other HRA	3,117	1,854	3,117	-	-
Total	8,881	4,177	8,881	-	-

The actual spend at 30th November of £4.177million represents 47% of the HRA capital budget.

Decent Homes Programme

Following the review of the Decent Homes works to reflect life expired component replacements, the programme is continuing on target to complete in March 2017. Works are in progress for flooring replacements, bin stores and Cecil Court lift refurbishments. The project to renew footpaths across the Borough has also commenced.

Council House Adaptions

This budget relates to minor and major adaptations in council dwellings. Spend depends on the demand for these adaptations and works are currently in progress for 2016/17.

Sheltered Housing Remodelling

A proposal for the use of this budget went forward to November Cabinet. It was agreed that a series of workshops would be set up to explore various schemes. The outcome of these workshops will be presented as a follow up Cabinet report with recommended options for developing a model of sheltered housing provision in order to meet the housing needs of older people in Southend.

Other HRA

The plan for the HRA Land Review scheme is to construct 18 housing units within the Shoeburyness ward. The site contractor is progressing well on site and is on target for completion. The first five houses in Bulwark Road and Exeter Close have been handed over and are not tenanted. The six houses in Ashanti Close will be handed over in early January.

Summary of Capital Expenditure at 30th November 2016

Appendix 1

	Original Budget 2016/17 £000	Revisions £000	Revised Budget 2016/17 £000	Actual 2016/17 £000	Forecast outturn 2016/17 £000	Forecast Variance to Year End 2016/17 £000	% Variance

Notice of Motion - Affordable Housing and Viability Issues

10

In April 2013 DCLG published 'Section 106 affordable housing requirements'

This stated that:

'2. Unrealistic Section 106 agreements negotiated in differing economic conditions can be an obstacle to house building. The Government is keen to encourage development to come forward, to provide more homes to meet a growing population and to promote construction and economic growth. Stalled schemes due to economically unviable affordable housing requirements result in no development, no regeneration and no community benefit. Reviewing such agreements will result in more housing and more affordable housing than would otherwise be the case.'

Inevitably this has led to many schemes all over the country (including recently permitted schemes which haven't had time to 'stall') but which include affordable housing being amended to delete that housing. The financial equivalents which are given as an alternative do not equate to the actual built development which is lost.

According to recent figures from DCLG the number of new affordable homes built in 2015-16 fell by over 50% between 2014/15 and 2015/16. The Local Government Association estimates up to 5.4 million people will need affordable housing by 2024. The need is desperate and we consider the current position to be incompatible with an inclusive and caring society, hamstringing local authorities in providing for affordable housing and detrimental to the social wellbeing of residents.

It is therefore requested that this Council, through the Local Government Association, or alone if it has to, seeks the support of other Councils for a case to be made to Government that the ability to review provisions in agreements relating to affordable housing on the grounds of viability should be rescinded and that affordable housing becomes mandatory in developments either within the development, on suitable alternative sites at the developer's expense or through the true equivalent in financial contributions, thus allowing Councils to secure suitable affordable housing provision for their residents.

Proposer - Cllr Carole Mulroney

11

Report of Deputy Chief Executive (Place)

to
Cabinet

on

10th January 2017

Report prepared by: Emma Cooney, Director of Regeneration
and Business Development

**Future of Southend General Market
Place Scrutiny Committee
Executive Councillor: Councillor Ann Holland
Part 1 Public Agenda Item**

1. Purpose of Report

- 1.1. To provide Cabinet with an update on the activity of the Thursday General Market in the High Street following three years of trading.
- 1.2. To seek Cabinet's approval for the next steps for the market to ensure its continued growth and sustainability.

2. Recommendation

- 2.1. **That Cabinet considers the options set out in this report and approves the recommended approach of outsourcing the market to an experienced operator external to the Council.**

3. Background

- 3.1. During the initial work for the Market Task and Finish group, background research from consumers and businesses indicated that a weekly High Street market would be positively received. Members agreed to progress the introduction of a general market in the town centre which was implemented by officers and has been operating since October 2013.
- 3.2. Over the last three years Southend General Market has grown to 20 stall holders, totalling 45 pitches. The market is made up of the following traders:
 - Homeware
 - Ladies Clothing x3
 - Plus Size Clothing
 - Menswear
 - Plants/Garden Ornaments
 - Giftware
 - Pet Food and Accessories

- Food
- Greengrocer
- Breads, Pastries and Patisseries
- Cheese and Pies
- Jewellery and watches
- Fishmonger
- Haberdashery
- Bed Linen and Throws
- Footwear and Accessories
- Cosmetics

3.3. Officers in the Economy and Tourism team have continued to work to maintain the market's current size and vitality. Gaining new stalls offsets those lost in a volatile environment and the market now enjoys a consistent number of stalls each week. The Market Task and Finish group has expressed a clear ambition to see the market offer develop further and expand.

3.4. Since the introduction of the market it has been managed through the Council's Town Centre Management function. This has been additional to the existing workload but has been able to draw on some additional temporary resource in the team such as an apprentice and has involved close working with key traders. However, to further expand and enhance the market the resources available to support it must be reviewed if the growth is not to be to the detriment of other town centre management activities.

4. Options

4.1. There are three options for consideration

4.2. **Option 1** – This is the preferred option with the management of the market outsourced to an experienced market operator via a procurement process. From early soft-market testing there are already two interested parties, one current trader on the Thursday market and the other from Essex Farmers Markets who operate the Saturday Farmers and Craft Market as well as seven other markets in the region.

Outsourcing the market would mean that the day to day management, organisation and running of the market would be undertaken by an external party with a proven track record of market management. The Town Centre Manager would be the point of contact for them but it would significantly reduce the time currently invested by the Town Centre Manager, Rating and Income (in managing payments) and Parking Management (in managing access and permits). It would also continue to generate an income for the Council while retaining the presence of the market.

4.3. **Option 2** – Recruit a part time in-house market manager to be responsible for the day to day operation of the market and promotion. As a dedicated resource they would be tasked with not only maintaining and growing the existing market but exploring options for additional markets and related activities. Based within the Town Centre Management function this would reduce some of the draw on officer time while maintaining the delivery of the market. Financially it would be

likely to result in a broadly cost neutral exercise as employee costs would offset any current surplus generated.

- 4.4. **Option 3** – Do nothing. This could either see the market stay as it is or increase the market with a reduction in other town centre management activity. As the Task and Finish Group has already expressed a clear ambition to see the market further expand, and a range of interventions and support are required to work with town centres in the face of a changing environment, this is not considered to be a viable option.

5. Reasons for Recommendations

- 5.1. The preferred option is option 1 which is to outsource the market. As a result the general market would benefit from industry expertise and contacts as well as the ability to grow and enhance the offer. It would also have the benefit of releasing up officer time to focus on other activity.
- 5.2. To provide a long term approach and secure return on investment from an operator a three year contract with an option for a further two years is recommended. This would include a financial model which would ensure that the Council continues to receive a revenue from the market(s).

6. Corporate Implications

- 6.1. Contribution to Council's Vision & Corporate Priorities

Prosperous – The General Market was introduced, and has subsequently been continued, to add further vitality and variety to Southend's High Street. This serves to attract footfall into the town centre supporting existing businesses as well as the individual market traders. It has also offered an opportunity for local charities to raise awareness of their activities in supporting the communities of Southend through the charity stall which changes charity each week.

Excellent – The enhancement of the general market and potential addition of other specialist markets drawing on expertise, capacity and networks beyond those already in place would deliver a continually improving offer.

- 6.2. Financial Implications

The market based upon the current number of traders generates a net surplus to the Council of circa £32k per annum. However, as trader numbers fluctuate the net income will also vary.

Should the recommended approach be adopted, the new market operator will be liable for the business rates, marketing and promotions, and all resources necessary to administer and manage the market.

The Council could either enter into a fixed fee or profit sharing option with the appointed contractor with set milestones for improvement. However, the financial arrangement would need to maintain the Council's net income position at the relevant time otherwise there will be a cost to the Council of outsourcing

the management of the market. Any shortfall in the procurement would need to be funded from within the existing budget of the Place Department.

The aim is to provide a vibrant sustainable offer to the public whilst achieving a viable market for both the Council and the market operator.

6.3. Legal Implications

The market currently has planning consent for 45 stalls. Expansion of the market and/or the introduction of specialist markets in other locations, would require further planning consent.

Regulatory requirements regarding the sale of goods must also be met. Draft regulations have been developed and assessed by the Council's legal team but may need to be further amended to reflect the changing times of the market.

Outsourcing the management of the market would be undertaken through a compliant procurement process with appropriate contracts in place for the duration of the term.

6.4. People Implications

Outsourcing the market would reduce the additional duties within the Council's Town Centre Management area and therefore enable officers to focus on other key areas of delivery, such as supporting secondary trading areas i.e. Thorpe Bay, Leigh-on-Sea etc.

The current billing system for the general market is creating an additional burden on the workload of the Revenues Team as well as the Traffic Management Section, whereas a fixed contract with a market operator or profit share arrangement would only require one point of contact rather than dealing with each individual trader so would further reduce the draw on Council staff time.

6.5. Property Implications

The High Street is owned and maintained by the Council. Any other sites would could accommodate further specialist markets would have to be considered on a case by case basis.

6.6. Consultation

Shoppers and businesses were consulted regarding the introduction of the market and generally found to be supportive.

Initial soft market testing to gauge whether there would be any interest in the outsourcing of the market has identified two potential opportunities.

6.7. Equalities and Diversity Implications

None

6.8. Risk Assessment

A full assessment of interested parties would be undertaken during the procurement process which would minimise financial and reputational risk to the Council.

The risks of not introducing dedicated resource to supporting the market are that the existing market may begin to dwindle, opportunities to enhance the market are limited and the additional activities to further integrate this in the town centre offer cannot take place without a detrimental effect on other town centre activities.

6.9. Value for Money

A financial model would be put in place with any outsourced operator to ensure that the Council continues to receive a revenue return from the market proportional to the market opportunity.

6.10. Community Safety Implications

None

6.11. Environmental Impact

None

Report of Deputy Chief Executive
(Place)

to
Cabinet

on

10 January 2017

Report prepared by: Rosemary Pennington,
Cultural Development Manager

Development and Expansion of Jazz Centre (UK) in the Beecroft Art Gallery

Relevant Scrutiny Committee(s)
Executive Councillor: Councillor Holland
Part 1 (Public Agenda Item) / Part 2

1. Purpose of Report

To inform Members of the proposal for Jazz Centre (UK) to develop and expand its programme to take over areas of the lower ground floor of the Beecroft Centre, Victoria Avenue.

2. Recommendations

- 2.1 That Members support in principle the Jazz Centre (UK) proposal to extend its presence beyond the current single room on the Lower Ground Floor of the Beecroft Centre.
- 2.2 That Members authorise the Deputy Chief Executive Place to approve the terms of a lease in consultation with the Portfolio Holder for Culture, Tourism and the Economy based on the terms negotiated and recommended by Asset Management.
- 2.3 That Members note the future aspirations of Jazz Centre UK to further develop a Jazz Club for Southend into a regular performance space subject to future self-funding and planning considerations.

3. Background

- 3.1 The National Jazz Archive (NJA) was established in Loughton Library in 1988 as a charitable organisation to ensure that the cultural heritage of jazz is safeguarded for future generations of enthusiasts, professionals and researchers. In 2015 Southend Borough Council was approached to create a second centre in Southend to foster and develop jazz in the borough. A 10 year SLA was signed in July 2015 with the NJA with the aims to increase cultural activities within the borough and to promote jazz related events and activities across the borough from this new centre. Local jazz musician Digby Fairweather

has been the key driver involved in this project and has used his influence in the national jazz arena to support this initiative. The NJA would use the space provided (initially one room) as a facility to preserve and display parts of its collection with a vision to engage with local communities, academic partners to develop educational projects around oral and social history, and to provide academic research opportunities and work experience where appropriate. Since that time the centre has plans to develop beyond the remit of NJA, and a separate body Jazz Centre (UK) has been created in order to expand the activities offered.

- 3.2 The Council has already provided a room in the basement of the Beecroft gallery exclusively for Jazz Centre (UK). This room has been designated as “The Archive Room”. No charge is made to Jazz Centre (UK) for utilising this space.
- 3.3 Jazz Centre (UK) has recruited a team of volunteers to staff “The Archive Room” as a resource open to the public one day a week at present.
- 3.4 There was a highly successful opening in February 2016, with several hundreds of visitors during the one day event. Subsequent events have also been successful. As a result the interest in the centre has grown, and an increasing number of volunteers work at the archive. Celebrities and international musicians including Sir Michael Parkinson, Van Morrison, Jamie Cullum and Jools Holland are lending some support to the activity.

Proposals

- 3.5 Jazz Centre (UK) is now a constituted body based in Southend, and has negotiated an agreement with the National Jazz Archive to enable the existing archive collection to remain in the centre and to enable performances, exhibitions and events to take place at the centre; these activities go beyond the charitable objectives of the National Jazz Archive.
- 3.6 Jazz Centre (UK) has ambitious plans to develop a National Jazz Centre reflecting the town’s interest in jazz. In order to progress this it has recruited a group of volunteers to develop a jazz centre with an outreach programme funded through the group. They are also appointing a fund-raiser to support their financial objectives. The Council has been clear that there is no direct funding available to support the project.
- 3.7 The Jazz Centre’s initial plan is to expand into the lower floor currently used by the Beecroft Gallery. There are longer term aspirations to develop a larger separate facility that would need further approval, funding and planning considerations.
- 3.8 Through the proposed plans the Jazz Centre (UK) will increase community use of the lecture theatre in the building, for talks, films and performances.
- 3.9 Space currently allocated in the Gallery for artistic displays will be relocated to under-utilised areas of the Gallery, with design and costs of changes covered by Jazz Centre (UK).

- 3.10 The longer term aspirations for development would deliver regular performances, exhibitions, talks, meetings with objectives to:
- Encourage visitors to the centre from outside the borough.
 - Attract new interest in jazz and cultural activities across the borough
 - Engage with university and South Essex College to develop a programme of events for students.
 - Engage with schools across the borough to raise the profile of jazz for young people.
 - Promote travelling and in-house exhibitions of jazz, art and artefacts.
 - House a full museum facility including instruments and jazz memorabilia; amongst them the Humphrey Lyttelton Archives and the 'Louis Armstrong Special' trumpet designed and played by Armstrong.
 - Utilise the Lecture theatre area with a range of live performances.
- 3.11 A new SLA between Southend Borough Council and the Jazz Centre (UK) will be rewritten, and will include either a lease charge, or a contribution towards the running of the building to reflect the increased use will be negotiated.
- 3.12 It has been suggested that a Council Member be invited to join the Jazz Centre UK Trust to interlink mutual objectives and increase connectivity on this important cultural opportunity.

4. Other Options

To continue with the current arrangement and lose the opportunity of improving the cultural offer in Southend.

5. Reasons for Recommendations

- 5.1 To decide, in principle, to support the Jazz Centre UK's aspirations so it can progress fundraising and business planning.
- 5.2 To provide a new cultural facility and asset to the town for the express purpose of developing jazz in the borough, without any capital investment required by the local authority.
- 5.3 To encourage cultural tourism to the town, with the associated social and economic benefits this could bring to the borough.
- 5.4 To enable increased community use of an existing civic building.
- 5.5 The former Central Library has proved to be a successful site for the Beecroft Gallery, and additional investment in these facilities is important to improve the cultural offer in central Southend.

6. Corporate Implications

6.1 Contribution to Council's Vision & Corporate Priorities

- 6.1.1 Healthy Southend - Support Southend to be active and alive with sport and culture.
- 6.1.2 Prosperous Southend - Ensure continued regeneration of the town through a culture led agenda.
- 6.1.3 Excellent Southend – Enable communities to be self-sufficient and foster pride in their town.

6.2 Financial Implications

- 6.2.1 There are no capital funding implications for the council.
- 6.2.2 Subject to the lease being agreed, the Jazz Centre would contribute either rent and or running costs to assist building costs.
- 6.2.3 There will be no costs to the Council relating to relocating space in the Gallery.
- 6.2.4 Any leasing arrangements will be prepared and agreed by the Council to ensure there is no financial liability on the Council.
- 6.2.5 Future investment in the Beecroft building may be required to improve the facilities and secure the necessary environment to safeguard the collection.

6.3 Legal Implications

- 6.3.1 The agreed area of the Beecroft Gallery will be leased to NJA/Jazz Centre on terms to be agreed.
- 6.3.2 The council must demonstrate it has secured the best consideration reasonably possible and good value for money. The Asset Management Team will be involved in the negotiation of the lease terms, and the transaction will need to be certified for best consideration before the lease can be entered into.

6.4 People Implications

- 6.4.1 Cultural Services Officers' time will be used to assist the JAZZ CENTRE (UK) in the initial planning of this project.
- 6.4.2 Cultural Services Officers' time will be used to monitor and oversee the service level agreement.

6.5 Property Implications

- 6.5.1 The Asset Management Team in consultation with Cultural Services will work to agree detailed lease terms to ensure that the Council's position is suitably protected and that there is not any detrimental effect on the Beecroft Gallery; and ensure that best consideration and value for money are addressed relating to the proposals.

6.6 Consultation

6.6.1 JAZZ CENTRE (UK) has consulted with officers and with audiences and participants to its programme of events.

6.7 Equalities and Diversity Implications

6.7.1 This will be addressed through the design process to ensure this meets the required access requirements.

6.7.2 The programme promoted by NJA/Jazz Centre will be wide ranging and will look to incorporate specific events to celebrate the diversity of the town.

6.7.3 It is anticipated that NJA/Jazz Centre will have its own Equalities Assessment in place.

6.8 Risk Assessment

RISK	Likelihood (L) & Impact (H)	Mitigation
Funding Application not successful	M/H	Officers continue regular communication to assess situation in advance.
Insufficient numbers of volunteers to support and deliver the events	L/H	Officers to continue regular communication to assess situation and assist where necessary.
Unable to agree heads of terms for the Lease	L/H	Officers to work with NJA/Jazz Centre to agree terms.
JAZZ CENTRE (UK) unable to sustain the proposed activities.	L/H	Officers continue regular communication to assess the situation in advance.

6.9 Value for Money

6.9.1 The Council will not need to contribute financially to the development or delivery of the project or on-going revenue costs.

6.10 Community Safety Implications

6.10.1 Jazz Centre will produce risk assessments for all events and projects.

6.11 Environmental Impact

No environmental impact.

7 Background Papers

Southend-on-Sea Borough Council

Report of Deputy Chief Executive (Place)

To
Cabinet
On
10th January 2016

Agenda
Item No.

13
14

Report prepared by: Emma Cooney, Director of
Regeneration and Business Development

Re-ballot of Southend Business Improvement District Ltd

Relevant Scrutiny Committee(s)
Executive Councillor: Councillor Ann Holland
Part 1

1. Purpose of Report

- 1.1 To update Cabinet on the success of the Southend Business Improvement District (BID) since its launch in April 2013.
- 1.2 To seek agreement from Cabinet to provide the support required, subject to approval of the BID Proposal, for a renewal ballot of Southend town centre and central seafront businesses in regards to another five year term of the Southend BID. To inform the ballot process, the BID must produce a BID Proposal. The Business Improvement Districts (England) Regulations 2004 require that a BID Proposal is submitted to the local authority to ensure that it meets the requirements of the regulations and a ballot can therefore proceed.

2. Recommendations

- 2.1 That the progress and impact of the BID in Southend's town centre and central seafront area is noted.
- 2.2 That Cabinet agrees that the Deputy Chief Executive (Place), in consultation with the Executive Councillor for Culture, Tourism and the Economy, be given delegated authority to:-
 - 2.2.1 Consider on behalf of the Council as billing authority, whether the proposal conflicts with any formally adopted policy of the Council, and, if it does, give notice of this in accordance with the BID regulations;

- 2.2.2 Determine whether the Council should support the BID proposal and if so, to vote yes on its behalf in the BID ballot. If a 'no' vote is proposed, this will be referred to Cabinet for further consideration;
- 2.2.3 Formally manage the ballot process in accordance with BID regulations.
- 2.2.4 That subject to a 'yes' vote at ballot by the relevant BID business community, the Council as relevant local billing authority will manage the billing and collection of the additional levy, and its transfer to the BID company. In the event of a 'no' vote, that the costs of the ballot be recovered from the BID Company as per the BID regulations.
- 2.2.5 Review and update the Operating Agreement, as required, that details the billing, collection and enforcement provisions as well as the arrangements for transmitting the BID receipts to the BID in consultation with the Director of Finance and Resources.
- 2.2.6 Enter into a revised service level agreement with the BID company regarding the operation of the BID and delivery of Council requirements and baselines.

3. **Background**

- 3.1 On 4th September 2012 Cabinet considered and agreed a report regarding the establishment of the BID in Southend town centre and central seafront area (Report DETE12053, Minute 227).
- 3.2 The BID ballot took place in November 2012 with the majority of businesses in the defined area voting in favour of the BID (turnout in the ballot was 49% with 92% of businesses by number voting in favour and 84% in favour by size.) The BID company was then formally established and commenced operation April 2013.
- 3.3 The BID is governed by a board of directors and a wider committee. Its aim is to work with local businesses and the Council to enhance and add value to the area covered by the BID in line with the priorities of the business community which are set out in a business plan for the term of the BID.
- 3.4 Since its launch the Southend BID has:
- Embedded a team of Street Rangers – a uniformed team on hand to welcome visitors. Extremely valued by local businesses and have assisted Police and businesses to tackling crime and antisocial behaviour.

Street Ranger Figures April 2013 to date

Visitor Enquiries	14321
Rough Sleeper Engagement/Relocation	4328
Retail Crime Assists	4030
Buskers Relocated	379
Unauthorised Collectors / Events	450
First aid Incidents	374
Anti-Social Behaviour Intervention	4072

- Child Safety Scheme has reunited in excess of 250 children with their parents. Police have confirmed this scheme has reduced the number of reported missing child incidents in the BID area and has allowed them to allocate available police resources to other reported incidents.
- Evening Economy - £11k additional night time policing funded by the BID since 2013.
- Annual events programme including, Outdoor Cinema, Italian Festival, Purple Festival, Southend Seafront Fireworks Programme, Christmas Lights Switch On, Christmas 4D Light Show. Also one of very few BIDs in the UK to secure Arts Council funding for events - Southend Charabanc/Disco Turtle event. Since 2013 BID events have attracted in excess of 100,000 visitors to the town centre and seafront as well as visitor spend and improved public image.
- Delivery of rebranded Visit Southend website to promote the town in partnership with the Council. The website updates visitors on upcoming events, promotions and attractions as well as including listings for businesses. Since the rebrand web traffic to Visit Southend from London IP addresses has increased over 300%.
- Successful Visit Southend multimedia advertising campaigns raised the profile of the town as well as promoting it as an attractive place to visit. There is now a combined following across the website and social media channels of over 50,000 people which is continuing to grow.
- Improvements to public space by improving the appearance of empty premises such as the vacant BHS unit in the High Street and the large HMV unit in Queens Road.
- Enhancement of the existing hanging basket scheme by introduction of a third container to all High Street columns as well as extending the scheme to include side streets. Bespoke wicker planters for the seafront.

- Christmas Lighting upgrade incorporating twinkling lights and festive lighting for side streets as well as taller bespoke 40ft Christmas tree.
- Reduction of vacancy rate in BID zone to 9.2% (from 10.5% during 1st quarter this year) with the creation of approx. 34 new jobs.
- Over £70,000 acquired through sponsorship and Friends of the BID scheme in addition to levy collected – invested back into the BID zone.

- 3.5 BIDs are established for a five year term at which point a renewal ballot must take place in order for the BID to continue. To inform the ballot process, the BID must produce a BID Proposal. The Business Improvement Districts (England) Regulations 2004 require that a BID Proposal is submitted to the local authority to ensure that it meets the requirements of the regulations and a ballot can therefore proceed.
- 3.6 The Council therefore has a multi-layered relationship with the BID. It must review the proposal and, if it is agreed, then manage the ballot process and undertake the billing and collection of the BID levy should the vote be in favour of the BID. As a landowner within the BID area the Council is a BID member and levy payer. The Council also has a seat on the BID committee – occupied by the Executive Councillor for Culture, Tourism and the Economy – and a service level agreement with the BID articulating how the Council, as a key strategic partner, and BID will work together over the five year term.
- 3.7 The local authority has a statutory responsibility to support the development of BIDs and facilitate their establishment and successive re-ballots. This includes conducting the ballot and collecting and enforcing the levy. The authority must also confirm that the proposed BID does not conflict with area plans and schemes. If the local authority is of the opinion that the Business Improvement District arrangements are likely to conflict to a significant extent with an existing policy, place a financial burden on rate payers or the burden from the levy is unjust, it can decide to veto the proposals. The local authority can only veto proposals within 14 days from the date of the ballot.
- 3.8 The Council must consider the respective roles that it may play in the process of developing the BID renewal process in line with BID legislation as a billing authority, as a land owner/ occupier in the BID area and as a ballot holder. The local authority ballot holder remains legally responsible for the ballot process as set out within government regulations.
- 3.9 The Council must also work with the BID Company to ensure that the ballot process follows a thorough research and consultation phase that focuses on the needs and requirements of the potential contributors within the area of the BID.

- 3.10 It is a requirement of the BID Regulations that the BID proposals include a statement of the existing baseline services provided by the Council and any other public authority in the proposed BID area. This statement will form part of the BID proposals which demonstrate to businesses voting for the BID that the proposed BID services are additional to the baseline services provided by the public authorities.
- 3.11 The Council is required to manage the collection and enforcement of the BID levy charges known as an Operating Agreement.
- 3.12 Part 4 of the Local Government Act 2003 (“the Act”) introduced BIDS. The creation, regulation and operation of BIDs is governed by the provisions of the Act and Regulations made under the Act, the Business Improvement Districts (England) Regulations 2004 (“the Regulations”) which have been amended by the Business Improvement Districts (England) Amendment Regulations 2013. The government has also issued the following guidance:
- *Guidance on the Business Improvement Districts (England) Regulations 2004*
 - *Business Improvement Districts: technical guidance for local authorities (“the Technical Guidance”)*
 - *Business Improvement Districts: guidance and best practice (“the Guidance”)*

4. Other Options

- 4.1 There are certain functions within the BID ballot process which can only be undertaken by the local authority. Therefore if the Council is to support a second term of the BID, subject to approval of the Proposal, it must be willing to undertake these activities.

5. Reasons for Recommendations

- 5.1 The Southend BID company has leveraged funding from businesses in the BID area which wouldn’t otherwise have been available to invest in the town. Paragraph 3.4 provides an overview of the impact the BID has made in the town centre and central seafront area funded through the levy and additional contributions. These interventions and value adding activities have been to the benefit of the town and could not have been delivered under the previous Town Centre Partnership/Management arrangement.
- 5.2 A second term is subject to a positive outcome from the business ballot and therefore the decision to progress is one that is led by the business community to meet their needs and is recognised as good practice by Government.
- 5.3 The detail of the Proposal, Operating Agreement and SLA will be negotiated over the coming months prior to ballot. Delegated authority

is sought in order that these discussions can be undertaken in a timely manner which allows the process to progress.

6. Corporate Implications

6.1 Contribution to Council's Vision & Corporate Priorities

Prosperous – The initiative is business led and sees a greater participation of a wider group of stakeholders from around the town. Additional funding would be invested over the further five years of the BID to enhance the town centre. The town centre would continue to be a more attractive proposition for residents, visitors and investors.

Safe – One of the key objectives for the businesses is to continue with the on-going safety of the town centre and seafront environment. Initiatives with additional security measures will continue to be a priority.

Excellent – The rationale for a BID is to put local stakeholders and their financial contribution to in a position of taking ownership of the defined area. The Council is demonstrating support for a business led initiative.

6.2 Financial Implications

6.2.1 The billing, collection and enforcement of BID levies will be undertaken using an additional module of the current Revenues & Benefits system - Northgate. This software was purchased by the Council and the BID is repaying the cost at £5,000 per year for the five year term. At the end of the initial BID term the initial purchase of the software will have been recovered. However there will still be on-going software licence costs and a need to develop the system that will need to be financed by the BID. during the 2018-2023 BID term to ensure there is a nil cost to the Council. The costs will be identified for recovery from the BID prior to the commencement of a new BID term from 2018. The utilisation of a similar software arrangement ensures that the procedures used to successfully collect Business Rates are extended to cover the proposed BID scheme. This also assists in minimising costs.

6.2.2 The ongoing costs incurred by the Revenues & Benefits Service for the billing, collection and enforcement arrangements for the BID will also need to be fully reimbursed by the BID. The likely cost of this annual support is £35 per hereditament as per BID legislation.

6.2.3 The administration process for operating the BID scheme will be set out in an Operating Agreement that details the billing, collection and enforcement provisions as well as the arrangements for transmitting the BID receipts to the BID. It is essential to keep the arrangements to a realistic level so that the cost of delivering them is efficient. In the event that the BID demands a level of monitoring that is not proportionate to the scale of the BID scheme then the Council's right to charge for such additional monitoring is reserved.

6.2.4 The Council will continue to maintain a separate BID revenue account in accordance with Section 47 Local Government Act 2003. This account is similar to the Council's Collection Fund in terms of ring-fencing the receipts for specific purposes, namely the BID, so that they can use monies to carry out their stated objectives.

6.2.5 The BID levy is based on the rateable value (RV) of a hereditament. As the Valuation Office will be undertaking a revaluation of RVs in 2017 the amount to be leveraged by the BID will be subject to change from the first five year term when c£370,000p.a plus a balancing sum, as necessary, has been paid to the BID. The change to business rates following the 2017 revaluation may result in appeals by a number of businesses within the BID area which may then see retrospective claims against the levy paid. This will need to be addressed through the balancing sum each year with the BID to ensure that there is no negative impact on the Council.

6.2.6 It should be noted that under the first term of the BID the Council's funding in support of the BID has reduced each year. Funding under the second term of the BID will be agreed through a revised SLA.

6.3 Legal Implications

6.3.1 The legislation supporting BID schemes was introduced by the Local Government Act 2003 and the billing, collection and enforcement arrangements are governed by legislation and the BID levy rules as set out in the Business Improvement Districts (England) Regulations 2004.

6.3.2 The BID requires a ballot and the rules also require notice must be given to the Secretary of State of the intention to ballot businesses. Failure to do this at the correct time or comply with the ballot and levy procedure rules could invalidate the BID.

6.3.3 Prior to a ballot of businesses taking place, the Council will need to formally accept and support the BID proposal.

6.3.4 If there is a successful ballot and a BID in place the levy collection would need to be enforced through usual business rates collection channels. In the event that the BID ballot is unsuccessful, then the scheme will fail.

6.3.5 If there is a successful ballot the Council will need to enter into with the BID Company Baseline Agreements, a Service Level Agreement and an Operating Agreement which will define:

1. The method of operating the BID scheme
2. The billing, collection and enforcement regime
3. Any complementary services that are contracted by the Council to the BID Company

6.3.6 There are statutory provisions under which the Council may, as the billing authority, in prescribed circumstances, veto the proposals. This is

generally where the BID's proposed work programme is already being carried out or if the scheme is considered to be unworkable.

6.4 People Implications

The current arrangements are proposed to continue with the BID Manager remaining as an employee of the Council. The BID Manager will deliver the BID business plan objectives on behalf of Southend BID Ltd.

6.5 Property Implications

Council owned properties within the BID area whose rateable value exceed the minimum threshold will be subject to the levy.

6.6 Consultation

In order for the BID to be granted a second term, a majority of businesses votes needs to be achieved. Consultation is essential with the businesses and organisations in the BID area and will be delivered as part of the preparation process. Throughout the current BID term, all businesses have been consulted via an annual survey as well as substantive one to one meetings with Street Rangers which feed into the proposed business plan. The Southend BID has been engaging and consulting with businesses within the BID area throughout the term of the original BID and feedback from hereditaments continues to be favourable.

6.7 Equalities and Diversity Implications

The BID is a separate entity to the Council and provides services that are over and above those undertaken by the Council. The BID's aims and objectives are likely to help the Council in advancing equality of opportunity and fairness and that will maximise opportunity for all Southend residents to benefit from economic growth in BID area.

6.8 Risk Assessment

6.8.1 The risks and mitigations identified prior to commencement of the first term of the BID will be reviewed and updated on receipt of the BID proposal. Having participated in and supported four years of BID operation there are now more 'knowns' and a track record of delivery on which to base analysis.

6.8.2 The BID process is seen by the government as an innovative process of enabling business communities to contribute significantly to the future economic development of their local area and regenerate high streets. The risk of an area not embracing this potential is that investment needed to retain businesses, increased footfall and attract inward investment in a local district centre may not be forthcoming, compared with neighbouring areas where this opportunity is being exploited.

6.9 Value for Money

Via the BID levy additional funding is made available for investment in the town centre and central seafront. The BID provides value for money in the short and medium term as the project will continue to see more ownership by a wider group of stakeholders. The additional c£2.5M investment over the first five year term resulting from the BID would not be otherwise realised. In addition to the levy, many BIDs attract voluntary contributions from interested partners and businesses as well as grants and profile via national schemes such as BITC's Healthy High Street initiative. Since the BID started trading in April 2013 it has successfully delivered a range of services and activities which have met both the businesses and the public's expectations – see section 3.4

6.10 Community Safety Implications

Safety has been one of the priorities of the BID's first term with the introduction of Street Rangers and child wrist bands among other interventions. It is anticipated that a key focus of the new BID proposal will include additional local safety and security initiatives to add to the Council's on-going commitment. In this way, a BID will play a part in orchestrating business led solutions to criminal and anti-social behaviour.

6.11 Environmental Impact

The Council will ensure that all environmental considerations are given appropriate assessment at all levels of the delivery of projects which deliver more employment opportunities for the borough's residents.

CABINET

Tuesday, 10th January 2017

COUNCIL PROCEDURE RULE 46

The following action taken in accordance with Council Procedure Rule 46 is reported. In consultation with the appropriate Executive Councillor(s):-

1. The Chief Executive authorised:

- 1.1 Airport Business Park: Planning and Highway Agreements
Pursuant to Cabinet Minutes 640 (January 2014) and 372 (November 2014), Henry Boot Developments Ltd acting as the Council's development partner for the Airport Business Park submitted a planning application to Rochford District Council (RDC) for the business park.

RDC resolved to grant planning permission subject to the completion of a planning agreement pursuant to section 106 of the Town and Country Planning Act 1990.

Terms have been agreed for the s.106 agreement and are almost agreed for the s.278 Agreement which is required for the roundabout works on Cherry Orchard Way and this SO.46 records the decision to complete the s.106, proceed to complete the s.278 as soon as it is agreed and to progress with the Phase 1 Infrastructure works consisting of the construction of the roundabout, the first section of the spine road and all associated services and utilities infrastructure.

The SO.46 sets out the contributions required to be made to RDC and Essex County Council and how they are to be funded.

- 1.2 Disposal of 2a Bournemouth Park Road and 4 Cranley Avenue
The disposal of 2a Bournemouth Park Road, Southend and 4 Cranley Avenue, Westcliff at auction. Both properties are not part of the HRA and their disposal is considered necessary in light of the potential implications of the Housing and Planning Bill and payments that the Council could be called upon to make based on the value of vacant housing.

2. The Deputy Chief Executive (People) authorised:

2.1 Secondary School Place Planning

Further to the current discussions to secure additional capacity at several secondary schools within the Borough, the continued dialogue with a broader range of schools to meet the predicted level of secondary schools places required for 2020, as supported by the School Places Working Party.

3. The Deputy Chief Executive (Place) authorised:

3.1 Minor Modifications to the Southend Central Area Action Plan (SCAAP) Proposed Submission Version November 2016

In accordance with Minute 329 of the meeting of the Place Scrutiny Committee held on 10th October 2016 and Minute 404 of Council held on 20th October 2016, a number of minor amendments proposed by the Strategic Planning Team to provide further clarity and to provide additional emphasis in particular places. These amendments will be made prior to the public consultation commencing on 3rd November 2016.

3.2 Essex County Council and Southend Borough Council Joint Working Agreement (JWA)

Details relating to the above-mentioned issue as detailed on the confidential sheet.

3.3 Southend Central Area Transport Scheme (S-CATS) Junction Improvements – A127 Victoria Avenue Junctions at Great Eastern Avenue and East Street/West Street

Further to Minute 724 of the meeting of the Cabinet held on 15th March 2016, the inclusion of the following two junction improvements under the above-mentioned scheme before the deadline of 31st March 2017:

- Great Eastern Avenue
To allow a right turn movement from Great Eastern Avenue on to Victoria Avenue
- East Street
Remodelling of junction to allow greater right turn movement from Victoria Avenue eastbound into East Street.

3.4 Lansdowne Avenue

The advertisement to amend the traffic flow in Lansdowne Road to one-way southbound, in accordance with the recommendation to the Traffic & Parking Working Party and Cabinet Committee and not as erroneously recorded in Resolution 12 of Minute 251 of the meeting held on 19th September 2016.

Southend-on-Sea Borough Council

Agenda

Report of Deputy Chief Executive (Place)
to
Traffic and Parking Working Party and
Cabinet Committee
on
9th January 2017

Report prepared by: Cheryl Hindle-Terry
Team Leader Parking, Traffic Management and Road Safety

Objections to Traffic Regulation Orders – Various Locations

Executive Councillor: Cllr Tony Cox

A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 For the Traffic and Parking Working Party and the Cabinet Committee to consider details of the objections to advertised Traffic Regulation Orders in respect of various proposals across the borough.

2. Recommendation

- 2.1 **That the Traffic and Parking Working Party consider the objections to the proposed Orders and recommend to the Cabinet Committee to:**

- (a) Implement the proposals without amendment; or,
(b) Implement the proposals with amendment; or,
(c) Take no further action

- 2.2 **That the Cabinet Committee consider the views of the Traffic and Parking Working Party, following consideration of the representations received and agree the appropriate course of action.**

3. Background

- 3.1 The Cabinet Committee periodically agrees to advertise proposals to implement waiting restrictions in various areas as a result of requests from Councillors and members of the public based upon an assessment against the Council's current policies.
- 3.2 The proposals shown on the attached **Appendix 1** were advertised through the local press and notices were displayed at appropriate locations informing residents and businesses of the proposals and inviting them to make representations in respect of the proposals. This process has resulted in the objections detailed in **Appendix 1** of this report. Officers have considered these objections and where possible tried to resolve them. Observations are provided to assist Members in their considerations and in making an informed decision.

4. Reasons for Recommendations

- 4.1 The proposals aim to improve the operation of the existing parking controls to contribute to highway safety and to reduce congestion.

5. Corporate Implications

5.1 Contribution to Council's Vision & Corporate Priorities.

- 5.1.1 Ensuring parking and traffic is managed while maintaining adequate access for emergency vehicles and general traffic flow. This is consistent with the Council's Vision and Corporate Priorities of Safe, Prosperous and Healthy.

5.2 Financial Implications

- 5.2.1 Costs for confirmation of the Order and amendments, in **Appendix 1**, if approved, can be met from existing budgets.

5.3 Legal Implications

- 5.3.1 The formal statutory consultative process has been completed in accordance with the requirements of the legislation.

5.4 People Implications

- 5.4.1 Works required to implement the agreed schemes will be undertaken by existing staff resources.

5.5 Property Implications

- 5.5.1 None

5.6 Consultation

- 5.6.1 This report provides details of the outcome of the statutory consultation process.

5.7 Equalities and Diversity Implications

- 5.7.1 Any implications will be taken into account in designing the schemes.

5.8 Risk Assessment

- 5.8.1 The proposals are designed to improve the operation of the parking scheme while maintaining highway safety and traffic flow and as such, are likely to have a positive impact.

5.9 Value for Money

- 5.9.1 Works associated with the schemes listed in **Appendix 1** will be undertaken by the Council's term contractors, selected through a competitive tendering process to ensure value for money.

5.10 Community Safety Implications

5.10.1 The proposals in **Appendix 1** if implemented will lead to improved community safety.

5.11 Environmental Impact

5.11.1 There is no significant environmental impact as a result of introducing the Traffic Regulation Orders.

6. Background Papers

6.1 None

7. Appendices

7.1 **Appendix 1** - Details of representations received and Officer Observations.

**Appendix 1 Details of representations received and Officer Observations
relating to the Report on Traffic Regulation Orders**

Road	Proposed By	Proposal	Comments	Officer Comment
Western Road Junction with Theobalds Road	Resident	Reduce existing waiting restrictions (removal of double yellow lines) including opposite the junction.	<p>2 letters of objection received.</p> <p>One property is supportive of the proposal however the adjoining properties have objected to the proposal based on the loss of visibility when leaving the property and all day parking by vehicles.</p>	<p>The proposal is to increase parking availability and of the properties directly affected, 2 residents are opposed to the proposal therefore it is recommended to take no further action.</p> <p>As the existing restrictions are in excess of guidance and the distance which would be proposed for a junction, recommended to proceed with proposal.</p>
Western Road between Harley Street and Canvey Road		Reduce existing waiting restrictions	<p>The proposal is to reduce the existing waiting restrictions while maintaining an adequate level of junction protection.</p> <p>One property is supportive of the proposal however the adjoining properties have objected to the proposal based on the loss of visibility when leaving the property and all day parking by vehicles.</p>	<p>The proposal is to increase parking availability and of the properties directly affected, 2 residents are opposed to the proposal with 1 resident in favour, it is not possible to all residents needs due to the position of the properties therefore it is recommended to take no further action.</p> <p>As the existing restrictions are in excess of guidance and the distance which would be proposed for a junction, recommended to proceed with proposal.</p>

**Appendix 1 Supplementary Details of representations received and Officer Observations
relating to the Report on Traffic Regulation Orders**

Road	Proposed By	Proposal	Comments	Officer Comment
Salisbury Road	Resident/Members	Introduce parking restrictions	<p>7 letters of objection received.</p> <p>1 objection received from Leigh Town Council</p> <p>Proposal will also prevent residents from parking, should be permits. parking not a problem so why is this proposed ?</p> <p>10 letters of support received.</p> <p>Will resolve parking issues.</p> <p>Additional telephone calls received expressing concerns from residents in adjacent streets that the parking will be concentrated in their streets rather than "shared".</p>	<p>Proposal originally progressed via petition however initial support appears to have been withdrawn by some properties who have submitted objections.</p> <p>Support marginally higher than opposition,</p> <p>Officers are concerned that this is acting in isolation contrary to the agreed policy and will displace parking into nearby streets resulting in further requests to deal with parking issues on a street by street basis.</p> <p>No evidenced safety grounds for proposal.</p> <p>Recommend Members consider the outcomes of the consultation which does not indicate a large majority in support of the proposal and the concerns of displacing parking.</p>

Road	Proposed By	Proposal	Comments	Officer Comment
Tyrone Road and Fermoy Road	Member	Amend existing hours of operation from 2pm to 3pm to 11am to 12 noon.	<p>High level of comments received including petition with approximately 3000 signatures and 21 letters received opposed to the proposal. Comments include</p> <p>Inability to visit the surgery without being able to park nearby and cannot always guarantee an appointment time outside of the restricted hours.</p> <p>Will effectively make the surgery inaccessible for one hour each day and at a time when we should be fully utilising available hours, this proposal will impact heavily on the surgery and the patients.</p> <p>7 letters of support received and 83 pre-printed letters (65 of these are from the same properties ie more than one resident has sent in the letter). Comments include;</p> <p>Less congestion, will stop parking over driveways, will prevent roads from being dangerous, will prevent all day parking. Will make the restriction for all roads in the area the same time.</p>	<p>The timing of the restriction was amended from 11am to 12noon to 2pm to 3pm in 2006 to accommodate surgery patients. The remaining streets are restricted between 11am to 12noon.</p> <p>The road is of adequate width to accommodate parking, no known traffic issues resulting from any parking in this residential street. No evidenced safety issues.</p> <p>Recommend Members consider representations and support.</p>
Dale Road	Members and residents	Install junction protection	<p>3 letters received</p> <p>2 letters objecting to the proposal, comments include;</p> <p>Will impact on visitors and tradesmen, restrictions at Crescent Road end will move residents into Dale Road. suggesting timed restrictions instead.</p> <p>1 letter of support, fully supports the measures and would like more stringent measures and adequate enforcement.</p> <p>1 additional comment from Leigh Town Council offering no objection</p>	<p>The proposal is to install waiting restrictions around the junctions of Crescent Road and Dynevor Gardens to provide visibility for road users.</p> <p>Junction protection is being provided at all junctions as and when an issue is identified. The standard length of 10 metres is proposed, as recommended in the Highway Code.</p> <p>Timed restrictions at a junction are not appropriate as junctions should be kept clear of parked vehicles at all times.</p> <p>Recommend to proceed with proposal</p>

Road	Proposed By	Proposal	Comments	Officer Comment
Woodfield Road	Residents and Members	Amend existing waiting restrictions to reduced operational hours	<p>3 comments received;</p> <p>2 letters of objection received</p> <p>Resident concerned that the reduction in operational hours will result in vehicles being parked over their driveway and requesting double yellow lines over access.</p> <p>Concerns that the reduction of operational hours will lead to reduced visibility for roundabout and Glen Road.</p> <p>1 additional comment from Leigh Town Council offering no objection</p>	<p>The proposal is to provide residents with more opportunity to park while deterring commuter parking. the existing restrictions prohibit parking from 8am to 6pm Monday to Saturday and the proposal is to prohibit parking from 10am to 4pm Monday to Friday.</p> <p>While the concerns are understood, the authority has no powers to provide waiting restrictions for the purpose of protecting a private access and enforcement action is possible should motorists park over driveways.</p> <p>With regard to visibility concerns, the areas are both subject to a waiting restriction prohibiting parking at any time providing adequate visibility.</p> <p>The existing restrictions only operate part day/part week meaning parking is permitted outside of these times. Accident data has been checked and no accidents have been recorded at the junction including during times when the part day restriction is not operational.</p> <p>Recommend to proceed with proposal.</p>

Road	Proposed By	Proposal	Comments	Officer Comment
Lansdowne Avenue	Members	Amend traffic flow to one-way	<p>6 letters received;</p> <p>5 comments supporting the proposal but raising concerns that speeds will increase and of increased journey times</p> <p>1 comment objecting to the proposal stating that we need to set infrastructure and social policies.</p> <p>1 additional comment from Leigh Town Council offering no objection</p> <p>1 additional comment from Essex Police supporting the proposal but advising of concerns relating to increased speeds and requesting one-way traffic flows are supported with adequate signing.</p>	<p>The proposal was designed to meet residents desires to reduce vehicle conflict. Speeds may increase however the road is on a slight incline southbound which will naturally reduce speeds.</p> <p>Recommend proceed with proposal.</p>
Cliffsea Grove	Members	Amend traffic flow to one-way	<p>3 comments received;</p> <p>1 letter supporting proposal</p> <p>1 letter supporting but suggesting the opposite direction</p> <p>1 objection stating speed will increase and raising parking difficulties</p> <p>1 additional comment from Leigh Town Council offering no objection</p> <p>1 additional comment from Essex Police supporting the proposal but advising of concerns relating to increased speeds and requesting one-way traffic flows are supported with adequate signing.</p>	<p>The proposal was designed to meet residents desires to reduce vehicle conflict. Speeds may increase however the road is on a slight incline southbound which will naturally reduce speeds.</p> <p>Residents were consulted and supported the proposed direction of traffic.</p> <p>The proposal is not designed to address parking issues which are due to too many vehicles attempting to park in the limited availability.</p> <p>Recommend proceed with proposal.</p>

Southend-on-Sea Borough Council

Report of Deputy Chief Executive (Place)
to
Traffic & Parking Working Party and
Cabinet Committee
on
9th January 2017

Agenda
Item No.

16

Report prepared by: Cheryl Hindle-Terry
Team Leader, Parking, Traffic Management and Road Safety

Requests for New or Amended Traffic Regulation Orders
Portfolio Holder – Councillor Tony Cox
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 For the Traffic and Parking Working Party and the Cabinet Committee to authorise the advertisement of the amendments and/or new restrictions/traffic Regulation Orders in accordance with the statutory processes.

2. Recommendation

- 2.1. **That the Traffic and Parking Working Party and the Cabinet Committee:-**
- a) **Consider the requests to advertise the requisite Traffic Regulation Orders as shown in appendix 1;**
 - b) **If approved, further agree that in the event of there being no objections to the proposals, the proposal will be added to the existing work programme and the Traffic Regulation Order be confirmed;**
 - c) **Note that all unresolved objections will be referred to the Traffic and Parking Working Party for consideration.**

3. Background

- 3.1 Requests for new or amendments to existing waiting restrictions are regularly received from residents and the businesses.
- 3.2 All requests are assessed and investigated against the policy criterion agreed criteria by the Cabinet Committee in January 2016.

4. Other Options

- 4.1 Each request needs to be considered on its individual merits and their impact on public safety, traffic flows or parking and wider impact on the surrounding network. Members may consider taking no further action if they feel it is appropriate.

5. Reasons for Recommendations

- 5.1 Where recommended the objective is to mitigate for likelihood of traffic flows being impeded, to improve safety or increase parking availability.

6. Corporate Implications

6.1 Contribution to Council's Vision & Corporate Priorities

- 6.1.1 Ensure the highway network is effectively managed contributing to a Safe and Prosperous Southend.

6.2 Financial Implications

- 6.2.1 Where recommended, the source of funding will be from allocated budgets, where funding is provided from alternative budgets, this is highlighted as appropriate.

6.3 Legal Implications

- 6.3.1 The formal statutory consultative process will be completed in accordance with the requirements of the legislation where applicable.

6.4 People Implications

- 6.4.1 Staff time will be prioritised as needed to investigate, organise the advertisement procedures and monitor the progress of the proposals based on the committee priorities.

6.5 Property Implications

- 6.5.1 None

6.6 Consultation

- 6.6.1 Formal consultation will be undertaken including advertisement of the proposal in the local press and on the street as appropriate.

6.7 Equalities and Diversity Implications

- 6.7.1 The objectives of improving safety takes account of all users of the public highway including those with disabilities.

6.8 Risk Assessment

- 6.8.1 Neutral.

6.9 Value for Money

- 6.9.1 All works resulting from the scheme design are to be undertaken by term contractors appointed through a competitive tendering process.

6.10 *Community Safety Implications*

6.10.1 All proposals are designed to maximise community safety through design, implementation and monitoring.

6.11 *Environmental Impact*

6.11.1 All proposals are designed and implemented to ensure relevant environmental benefits are attained through the use of appropriate materials and electrical equipment to save energy and contribute towards the Carbon Reduction targets where appropriate.

7. **Background papers**

None

8. **Appendices**

Appendix 1 – List of requests and comments

APPENDIX 1 – TRO CHANGES/WAITING RESTRICTIONS REQUESTS

Location	Request Details	Requested By	Relevant Criteria Points	Officer comments
Western Esplanade Between Casino and Shorefield Arches	Provide pedestrian crossing.	Public and Members	NA	<p>A request was received to provide pedestrian ramps in the area near to the Rossi Cafe.</p> <p>On inspection during the summer period, it was apparent that the levels of pedestrian activity at or near this location was extremely high and waiting times to cross was at times, considerable, with pedestrians using sometimes inadequate gaps in moving traffic to cross.</p> <p>While a ramp will be an advantage to those with mobility difficulties, prams and pushchairs, the level of activity in this area is highly likely to be of a level warranting a formal crossing facility.</p> <p>Attempts to undertake counting failed due to the high volumes of vehicular and pedestrian activity with officers unable to correctly monitor numbers.</p> <p>While this level of activity is seasonal, a pedestrian crossing will undoubtedly be of benefit and reduce the potential risk to those pedestrians who risked crossing at inappropriate times. The area is heavily used by older pedestrians who may have a slower than average walking speed therefore increasing risk.</p> <p>A crossing would require the removal of parking availability to ensure that visibility for both pedestrians and drivers is not compromised however until a design is created, the number of spaces to be lost is unknown.</p> <p>It is estimated that at least 6 parking bays may require removal.</p> <p>Recommend that a pedestrian crossing facility be provided.</p>

Location	Request Details	Requested By	Relevant Criteria Points	Officer comments
Westcliff Parade	Extend permit parking controls to include Westcliff Parade between Westcliff Avenue and Wilson Road.	Public and Members	NA	<p>Following the introduction of permit parking controls in the area surrounding the Cliffs Pavilion, residents of Westcliff Parade requested the controls be extended to Westcliff Parade in the section between Westcliff Avenue and Wilson Road.</p> <p>Ward Members have undertaken the requisite surveys which, on the date the report has been prepared, are undergoing analysis and to enable a decision to be taken without undue delay, the item has been included in this report. The results of the analysis will be available for the meeting.</p> <p>Officers recommend that in the event of the parking scheme Policy criteria being met, the proposal to extend the existing permit parking controls is progressed. If the level of support falls below that defined within the criteria, no further action is taken.</p>

This page is intentionally left blank

APPENDIX 1 SUPPLEMENTARY – TRO CHANGES/WAITING RESTRICTIONS REQUESTS

Location	Request Details	Relevant Criteria Points	Officer comments
Walton Road and Clievdn Road	Reduce existing waiting restrictions adjacent to Roslin Hotel	NA	<p>Item deferred from November 2016 meeting</p> <p>The two streets are situated either side of the hotel and are subject to a seasonal waiting restriction operational from 9am to 6pm From March to October.</p> <p>As the request is for the removal of restrictions, the criteria is not applicable. There are no safety or traffic flow concerns resulting from the suggestion.</p> <p>Two previous Members requests via the local ward Members have been progressed in this area and these are set out below;</p> <p>An Experimental Traffic Regulation Order in May 2015 designed to amend the operational times of the seasonal waiting restriction to 10am to 3pm during June to August in Walton Road, Lynton Road and Clieveden Road.</p> <p>The Order was progressed however due to a very high volume of objections by residents, the amendment was withdrawn at the instruction of the ward Members.</p> <p>A request by the local ward Members to reduce the existing length of the seasonal restriction in Lynton Road, Walton Road and Clieveden Road from the existing double yellow lines northwards was advertised in February 2016 and a total of 37 objections were received from residents of the affected streets;</p> <p>13 objections from residents of Clieveden Road</p> <p>24 objections from Walton Road</p> <p>As previous proposals have resulted in significant opposition, it is considered highly likely that should the proposal be progressed, similar views will be submitted.</p> <p>Recommend that Members consider the request and the level of objections resulting from previous proposals</p>

Petition for Action on Excessive Speeds, Wells Avenue
Executive Councillor: Councillor Tony Cox
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 To advise Members of a petition from residents of Wells Avenue requesting action on excessive speeds travelled in the road.

2. Recommendation

That the Traffic & Parking Working Party and Cabinet Committee:

- a) Thank the petitioner for taking the time to compile the petition, and;**
b) Agree to take no further action.

3. Background

- 3.1 Wells Avenue is a residential street situated near to Southend Airport; the road is approximately 530 metres in length with a carriageway width of less than 7 metres.
- 3.2 Parking is currently unrestricted with vehicles regularly parked on street. The majority of the properties feature off street parking.
- 3.3 Concerns of excessive speeds were raised via the ward Member and in response; monitoring equipment was installed in the road on 14th October 2016 and removed on 21st October 2016. The equipment monitors all activity and records;
- Speed of vehicles
 - Numbers of vehicles
 - Lengths of vehicles

- 3.4 The results of the monitoring activity show that average speeds in the road are 21mph with 43 (1.7%) of the 2528 vehicles recorded travelling over 35mph.
- 3.5 No personal injury accidents have been recorded.
- 3.6 As the high majority of vehicles are travelling at fairly low speeds with no recorded accidents, no action is appropriate.
- 3.7 In accordance with the agreed recommendations of the Scrutiny Committee, In Depth Report, no action is to be taken with regard to reducing speed limits in the short term.

4. Other Options

- 4.1 Given the very low numbers of vehicles travelling in excess of the speed limit, action is not appropriate. Future proposals may result in area wide speed reductions, but at this time, enforcement action is the only available option which is not a power which the local authority hold with the Police being responsible for this action.

5. Reasons for Recommendations

- 5.1 To reflect the low incidence of excessive speeds evidenced.

6. Corporate Implications

6.1 Contribution to Council's Vision & Corporate Priorities.

- 6.1.1 While no action is recommended in this street, the monitoring of speed and accident information contributes to a Safe and Healthy Southend.

6.2 Financial Implications

None.

6.3 Legal Implications

None.

6.4 People Implications

None.

6.5 Property Implications

None.

6.6 Consultation

None.

6.7 *Equalities and Diversity Implications*

None.

6.8 *Risk Assessment*

None.

6.9 *Value for Money*

None.

6.10 *Community Safety Implications*

None as no safety issues are evident.

6.11 *Environmental Impact*

None.

Request for Waiting Restrictions – Belfairs Park Drive
Portfolio Holder – Councillor Tony Cox
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 For the Traffic and Parking Working Party and the Cabinet Committee to consider officer recommendations regarding a request to propose waiting restrictions in Belfairs Park Drive.

2. Recommendation

- a) **That the Traffic and Parking Working Party and the Cabinet Committee consider the information provided in this report and agree to take no further action.**

3. Background

- 3.1 A Member request was received to extend the existing waiting restrictions at the junction of Belfairs Park Drive and the Fairway due to delays on The Fairway caused by vehicles being unable to turn right into Belfairs Park Drive due to both parked vehicles and vehicles waiting to exit onto The Fairway.
- 3.2 As The Fairway is a distributor route and the right turning vehicles could impact on traffic flow, the request met the criteria for the provision of waiting restrictions and a proposal to extend the existing junction protection markings was advertised.
- 3.3 Following the publication of the advertisement, a number of objections were received from residents requesting that waiting restrictions be provided in the entire length of Belfairs Park Drive to deter non-resident parking. The comments were considered by the Traffic and Parking Working Party along with comments from residents who attended the Committee.
- 3.4 The Committee instructed officers to investigate the issue and report the findings to this meeting.

- 3.5 Belfairs Park Drive is a residential street running East/West between The Fairway and Woodside. The majority of properties feature off street parking provision however some properties appear to have maintained their frontage as gardens and are likely to rely on parking being available on street.
- 3.6 The carriageway width ranges from 6.6 metres to 7 metres and is sufficient to accommodate parking while maintaining adequate width for traffic. Very small delays may occur with vehicles being required to give way to oncoming traffic in the locations where on street parking is occurring. As the road is not a major route, this is not a concern.
- 3.6 Site visits have not identified any traffic or safety issues likely to be caused by the parked cars and an interrogation of the accident recording system shows no personal injury accidents have occurred. Photographs showing the on street parking on a weekday are provided at **Appendix 1** to this report.
- 3.7 Installing waiting restrictions in locations which serve no purpose place a strain on the Councils limited enforcement resources. The restriction which prohibits parking for a very short period of the day is particularly resource intensive requiring the patrol to be focussed on a small area at a specific time reducing flexibility and increasing travel time. The growing number of this style of restriction being implemented throughout the borough is placing pressure on the Council's enforcement resources.
- 3.8 As the vehicle is a minor road and no personal injury accidents have been recorded, the request does not meet the agreed waiting restriction criteria adopted by this Committee in January 2016 and officers recommend no further action is taken in regard to this request.

4. Other Options

- 4.1 Propose waiting restrictions. Each request is considered on its individual merits and the likely impact on public safety, traffic flows or parking and the wider impact on the surrounding network. Proposing waiting restrictions where there is no traffic flow or safety reason to do would be contrary to the Policy agreed by the Committee.

5. Reasons for Recommendations

- 5.1 The recommendation reflects the findings of officer's investigations and the agreed criteria for the provision of waiting restrictions.

6. Corporate Implications

- 6.1 *Contribution to Council's Vision & Corporate Priorities*

The assessment of waiting restrictions against the agreed criteria ensures the highway network is effectively managed contributing to a Safe and Prosperous Southend.

6.2 *Financial Implications*

Where action is recommended, the source of funding will be from allocated budgets, where funding is provided from alternative budgets, this is highlighted as appropriate.

6.3 *Legal Implications*

None.

6.4 *People Implications*

None.

6.5 *Property Implications*

None.

6.6 *Consultation*

None.

6.7 *Equalities and Diversity Implications*

The objectives of improving safety takes account of all users of the public highway including those with disabilities.

6.8 *Risk Assessment*

Neutral.

6.9 *Value for Money*

None.

6.10 *Community Safety Implications*

None.

6.11 *Environmental Impact*

None.

7. Background papers

Petition for One-Way Traffic Flow, Westcliff Parade
Executive Councillor: Councillor Tony Cox
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1.1 To advise Members of a petition signed by 131 signatories requesting the traffic flow of Westcliff Parade be amended to one-way.

2. Recommendation

That the Traffic & Parking Working Party and Cabinet Committee:

- a) **Thank the petitioner for taking the time to compile the petition, and;**
- b) **Agree to amend the traffic flow to one-way westwards in Westcliff Parade;**
- c) **Note that due to the current workload, the proposals will not be progressed until after April 2017.**

3. Background

- 3.1 Westcliff Parade is a busy east-west route running from Clifftown Parade to the Cliffs Pavilion. The carriageway ranges from approximately 8 metres wide to over 11 metres wide.
- 3.2 Parking is currently unrestricted with vehicles regularly parked on both sides of the street. Parking is attributed to residents' vehicles, visitors to the seafront and visitors to the Cliffs Pavilion.
- 3.2 In the narrower sections of the street, there are high levels of conflict between drivers travelling in opposing directions failing to give way.
- 3.3 Amending the traffic flow to eliminate this issue however, amending traffic flows to one-way can result in increased speeds and monitoring will need to be undertaken to assess speeds before and after any changes are implemented.

3.1 Two personal injury accidents have occurred in the period between April 2013 and March 2016. Both accidents are attributed to drivers misjudging the width of the road when parked vehicles are present and colliding.

3.3 Amending the traffic flow to one-way will prevent further accidents of this nature.

4. Other Options

4.1 There are two options. Take no action. An alternative option is to prohibit parking on one side of the road, however given the parking difficulties in the area, this is likely to negatively impact on residents.

5. Reasons for Recommendations

5.1 To reflect residents views while meeting the parking needs of the local community.

6. Corporate Implications

6.1 *Contribution to Council's Vision & Corporate Priorities.*

Reducing potential conflict leads to a Safe Southend.

6.2 *Financial Implications*

Any costs will be met through existing budgets.

6.3 *Legal Implications*

Statutory consultation is required for any amendment to traffic flows.

6.4 *People Implications*

Officer time to progress the works.

6.5 *Property Implications*

None.

6.6 *Consultation*

As above.

6.7 *Equalities and Diversity Implications*

The traffic network is designed and maintained to consider the needs of all road users. The proposal impacts all road users and no equality or diversity issues have been identified.

6.8 *Risk Assessment*

Risk assessments are undertaken when modifying the highway.

6.9 *Value for Money*

All works are undertaken by term contractors procured through competitive processes demonstrating value for money.

6.10 *Community Safety Implications*

The action recommended will reduce potential anti-social behaviours resulting from driver conflict.

6.11 *Environmental Impact*

None.

7. **Background Papers**

None.

8. **Appendices**

None.

Report prepared by:
Cheryl Hindle-Terry - Team Leader, Parking, Traffic
Management and Road Safety Team

Petition for One-Way Traffic Flow, St Lukes Road
Executive Councillor: Councillor Tony Cox
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 To advise Members of a survey undertaken by the Parish Church involving 18 residents of St Lukes Road. The resulting petition requests the traffic flow be amended to one-way (Eastwards) from Bournemouth Park Road to Ely Road.

2. Recommendation

That the Traffic & Parking Working Party and Cabinet Committee:

- a) **Thank Father McClusky for taking the time to compile the petition, and;**
- b) **Agree to amend the traffic flow to one-way eastwards in St Lukes Road from Bournemouth Park Road to Ely Road, and;**
- c) **Note that due to the current workload, the proposals will not be progressed until after April 2017.**

3. Background

- 3.1 The Parish Church offers a number of activities attracting visitors. Parking is currently unrestricted outside of the church and utilised by these visitors, which narrows the carriageway resulting in traffic having to give way to oncoming vehicles. The road can become busy and an alternative to restricting parking is to amend the traffic flow to one-way which reduces the likelihood of conflict between vehicles.
- 3.2 A questionnaire was given to each of the 18 properties in this section of the street asking the residents views on the traffic and asking if there was support for amending the traffic flow. The results indicate 84% of the residents are in favour of the suggestion.

- 3.2 While in general, amending traffic flows to one-way increases traffic speeds, this section of the road is approximately 140 metres in length and features a sharp bend which is likely to act as a traffic calming measure.
- 3.1 One personal injury accident has been recorded in this section of the road in April 2014; however this relates to a collision with a moving vehicle hitting a stationary vehicle. The driver left the scene and when identified, gave a positive breath test.
- 3.3 Ward Members have been party to discussions with the Church and residents.

4. Other Options

- 4.1 Take no action. The single recorded accident does not involve circumstances, which can be remedied by engineering measures and as such, taking no action will not compromise safety, however the proposal will reduce conflict between drivers without reducing parking availability for community activities.

5. Reasons for Recommendations

- 5.1 To reflect residents' views while meeting the parking needs of the local community.

6. Corporate Implications

- 6.1 *Contribution to Council's Vision & Corporate Priorities.*

Reducing potential conflict leads to a Safe Southend.

- 6.2 *Financial Implications*

Any costs will be met through existing budgets.

- 6.3 *Legal Implications*

Statutory consultation is required for any amendment to traffic flows.

- 6.4 *People Implications*

Officer time to progress the works.

- 6.5 *Property Implications*

None.

- 6.6 *Consultation*

As above.

6.7 *Equalities and Diversity Implications*

The traffic network is designed and maintained to consider the needs of all road users. The proposal impacts all road users and no equality or diversity issues have been identified.

6.8 *Risk Assessment*

Risk assessments are undertaken when modifying the highway.

6.9 *Value for Money*

All works are undertaken by term contractors procured through competitive processes demonstrating value for money.

6.10 *Community Safety Implications*

The single recorded accident does not involve circumstances, which can be remedied by engineering measures, however the action recommended will reduce potential anti-social behaviours resulting from driver conflict.

6.11 *Environmental Impact*

None.

Petition for Removal of Waiting Restrictions, Centurion Close Shoebury
Executive Councillor: Councillor Tony Cox
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 To advise Members of a petition from residents of Centurion Close requesting removal of recently introduced waiting restrictions at and around the junction of Lowry Close.

2. Recommendation

That the Traffic & Parking Working Party and Cabinet Committee:

- a) **Thank the petitioner for taking the time to compile the petition, and;**
- b) **Agree to take no further action as the location is a junction and the waiting restrictions provided formalise the guidance in the Highway Code that vehicles should not park within 10 metres of a junction.**

3. Background

- 3.1 Centurion Close is a small residential street situated off of Constable Way. Lowry Close is accessed from Centurion Close.
- 3.2 Contact was received from a resident requesting junction protection at the junction of Centurion Close and Lowry Close.
- 3.3 The site was assessed and as the location is a junction, the request was referred to this meeting on 23rd September 2014 for approval to advertise a Traffic Regulation Order. The request was agreed and placed on the work programme for progression.
- 3.4 The proposal was advertised as part of a larger advertisement relating to other locations in the local newspaper on site on 15th July 2015. On the 17th July 2015, Ward Members were emailed a copy of the advertisement and a letter was sent to the properties affected advising residents of the proposals.

- 3.5 No comments were received relating to Centurion Close, however comments concerning other items proposed within the Traffic Regulation Order were received.
- 3.6 For information, when advertising a number of items within a single Traffic Regulation Order, any proposals cannot be progressed until all comments relating to any item within the Order have been resolved. While this can sometimes delay less contentious proposals, there are significant cost savings achieved by working in this manner.
- 3.7 The un-related items were resolved in due course and the Traffic Regulation Order was confirmed on 28th September 2015. The agreed proposal was placed on the works list for future referral to the contractor. Members of the Traffic & Parking Working Party agreed in September 2015, that no works would be undertaken pending the capture of all existing waiting restrictions for the now completed online Traffic Regulation Order system. This meant that installation of the lines was held in abeyance.
- 3.8 Following completion of the online Traffic Regulation Order survey, works were sent to the contractor and completed in August 2016.
- 3.9 The waiting restrictions act as protection from parking at the junction and as such, meet the requirements for installing such waiting restrictions. Whilst the petition is noted, there were no objections received to the proposal when it was advertised and there is no justification on highways grounds for removing them after they have been so recently installed.

4. Other Options

- 4.1 Remove the waiting restrictions. This is not recommended as the location is a junction and the restrictions provided maintain a clear area of visibility for road users.

5. Reasons for Recommendations

- 5.1 To reflect the existing policy and practice to provide waiting restrictions around junctions.

6. Corporate Implications

- 6.1 *Contribution to Council's Vision & Corporate Priorities.*

Waiting restrictions contribute to road safety leading to a Safe and Healthy Southend.

- 6.2 *Financial Implications*

None.

6.3 *Legal Implications*

None.

6.4 *People Implications*

None.

6.5 *Property Implications*

Agenda
Item No.

22

Report prepared by:
Cheryl Hindle-Terry - Team Leader, Parking, Traffic
Management and Road Safety Team

**Petition Requesting Permit Parking Controls
Roots Hall Avenue
Executive Councillor: Councillor Tony Cox
*A Part 1 Public Agenda Item***

1. Purpose of Report

- 1.1 To advise Members of a petition signed by 16 residents of Roots Hall Avenue requesting Permit Parking Controls to deter non-resident parking.

2. Recommendation

That the Traffic & Parking Working Party and Cabinet Committee:

- a) **Note the petition and thank the residents for taking the time to compile the petition; and agree to;**
- b) **Advertise a proposal to introduce a Permit Parking Area in Roots Hall Avenue and review all existing waiting restrictions in the street. The operational hours of the scheme to be decided by discussion with residents.**
- d) **Further agree that in the event that no objections are received to the proposal, the Traffic Regulation Order be confirmed. Any objections will of course be referred to this Committee for consideration.**

3. Background

- 3.1 Roots Hall Avenue is a cul-de-sac, which is subject to a parking restriction prohibition parking at any time on one side of the street due to its narrow width. The opposing side of the street remains unrestricted. The residential properties have no private frontages and residents rely on parking availability on street.
- 3.2 Roots Hall Avenue is sited off of West Street, which is subject to parking controls prohibiting parking at any time with a small area of limited waiting parking fronting the shops on the south side of the street. West Road commences further westwards and is subject to a parking prohibition at any time from West Street to Shakespeare Drive.

- 3.2 The road nearest to Roots Hall Avenue is Colchester Road, this road is part of a Residents Parking Scheme with a small number of parking bays subject to a limited waiting period. Roots Hall Drive is situated further westwards and is subject to a parking prohibition operational at all times due to the narrow road width.
- 3.2 The Policy related to permit parking controls states that individual streets should not be considered for such parking controls due to the likelihood of parking being displaced to nearby roads, however due to existing parking controls, this is extremely unlikely.
- 3.3 The road features 26 residential addresses, 16 signatories represents 61% of the residents therefore meeting the response and support criteria set out in the Policy which requires 40% of residents respond to any consultation and of 70% of those responding express support for parking controls.
- 3.4 The location and extent of existing parking controls in the area provide the opportunity to consider Roots Hall Avenue as an exception to the current Policy as displaced parking is highly unlikely to result from permit parking controls being introduced.

4. Other Options

- 4.1 Take no further action. The Council is required to consider petitions related to parking controls and success from other permit parking style controls demonstrates that we can improve the parking situation for residents by introducing controls.

5. Reasons for Recommendations

- 5.1 To manage parking.

6. Corporate Implications

- 6.1 *Contribution to Council's Vision & Corporate Priorities.*

Managing parking leads to a safer environment contributing to a Safe Southend.

- 6.2 *Financial Implications*

Any costs are met through existing budgets.

- 6.3 *Legal Implications*

The statutory consultation will be undertaken prior to any further action.

- 6.4 *People Implications*

None.

6.5 *Property Implications*

None.

6.6 *Consultation*

Traffic Regulation Orders are subject to statutory consultation requirements.

6.7 *Equalities and Diversity Implications*

Waiting restrictions are amended to manage parking, reduce accidents and/or improve traffic flows. The objectives of managing parking and improving safety takes account of all users of the public highway including those with disabilities and childcare responsibilities.

6.8 *Risk Assessment*

None.

6.9 *Value for Money*

N/A

6.10 *Community Safety Implications*

None.

6.11 *Environmental Impact*

None

Update on Petition Requesting Permit Parking Controls Southend East

Executive Councillor: Councillor Tony Cox

A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 To advise Members of discussions between ward Members of Southchurch, Thorpe and Kursaal wards to discuss a petition signed by 324 residents of the roads north of Southend East Railway Station requesting parking controls to deter all day parking by commuters.

2. Recommendation

That the Traffic & Parking Working Party and Cabinet Committee:

- a) **Note the outcome of the meeting and agree to;**
- b) **Acknowledge the concerns of ward Members regarding any proposals to introduce a Permit Parking Area in the streets detailed in Appendix 1.**
- c) **Confirm that no further action is to be taken with regard to proposals to introduce a Permit Parking Area in the streets detailed in Appendix 1 to this report, and;**
- d) **Agree to progress with hardening parts of the verge in Riviera Drive.**

3. Background

- 3.1 A Permit Parking Area operational for part of the day was requested by way of a petition and this was reported to the Traffic and Parking Working Party and Cabinet Committee on 19th September 2016.
- 3.2 The streets north of Southend East railway station feature a mixed design of properties. Several streets feature houses with adequate frontage to accommodate vehicles on the property whereas other streets front directly onto the street resulting in residents relying solely on parking provision on street.

- 3.2 Southend East railways station attracts large numbers of commuters; the level of parking by non-residents is increasing resulting in residents being prevented from parking near to their homes.
- 3.3 Members of the Traffic and Parking Working Party and Cabinet Committee considered the request, but raised concerns related to displacing the parking into other streets.
- 3.4 Officers were instructed to arrange a meeting with ward Members from Southchurch, Thorpe and Kursaal wards to seek their views.
- 3.5 Members met on 7th November 2016 and discussed the effect that any proposals to restrict parking may have on adjoining streets and whether, from their understanding of residents views, it would be practical or possible to gain resident support to extend the area to reduce the risk of displacing parking into adjoining streets. This extended area is shown at **Appendix 2** to this report.
- 3.6 Discussions whether to include streets south of the railway station resulted in the view that as most of the properties feature off street parking provision, it was unlikely that residents would be supportive of a Permit Parking Area and therefore, displaced parking would be highly likely in these streets.
- 3.7 Ward Members agreed the following;
- (a) Restricting some of the area will concentrate the parking problem into the adjacent streets;
 - (b) Residents of the wider area were not supportive of controls when asked, implementing controls around the proposed area will displace the parking into these roads which essentially moves the parking issue rather than provide a solution.
 - (c) To try and relieve the parking pressure in the immediate area, the ward Members are requesting that the Committee agree to a verge hardening proposal at the eastern end of Riviera Drive to be undertaken as soon as practical. The number of additional spaces this could provide is not known until the area has been surveyed and a design created.

4. Other Options

- 4.1 Introduce the Permit Parking Area. While this is an option, support for similar controls in the wider area is unlikely leading to the parking issue being moved elsewhere rather than resolved.

5. Reasons for Recommendations

- 5.1 To reflect Members views on the impact to the wider area of a Permit Parking Area being introduced in the area shown in Appendix 1 to this report.

6. Corporate Implications

6.1 Contribution to Council's Vision & Corporate Priorities.

6.1.1 While no action is recommended, Members and officers have worked together to fully consider all residents views leading to an Excellent Southend.

6.2 Financial Implications

Any costs will be met through existing budgets.

6.3 Legal Implications

None if the recommendation is agreed.

6.4 People Implications

Officer time to progress verge works.

6.5 Property Implications

None.

6.6 Consultation

None.

6.7 Equalities and Diversity Implications

None.

6.8 Risk Assessment

Risk assessments are undertaken when modifying the highway.

6.9 Value for Money

All works are undertaken by term contractors procured through competitive processes demonstrating value for money.

6.10 Community Safety Implications

None.

6.11 Environmental Impact

While green areas of Riviera Drive will be hardened, any existing trees will be retained to soften the landscape and prevent additional surface drainage strain.

7. Background Papers

Report to the Traffic and Parking Working Party and Cabinet Committee 19th September 2016.

Petition Requesting Pedestrian Crossing, Waiting Restrictions and a School Crossing Patrol, Darlinghurst Grove Leigh on Sea – Information Item

Executive Councillor: Councillor Tony Cox
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 To advise Members of a petition received from school users requesting a pedestrian crossing facility, waiting restrictions and a School Crossing Patrol be provided.

2. Recommendation

That the Traffic & Parking Working Party and Cabinet Committee:

Note the petition and that officers will assess the location and provide a report of the findings to this Committee.

3. Background

- 3.1 Requests for Pedestrian crossings are assessed periodically to determine;

The number of pedestrians crossing at or near the requested location,
The number of vehicles using the road at or near the location,
Any geographical features which may affect the installation of a pedestrian crossing,

Where the volume of pedestrians and vehicles meet the required threshold and there are no visibility issues such as a bend, trees or other feature, the request is agreed and progressed.

- 3.2 In school areas, the assessments are undertaken during the busy morning and afternoon periods. This is also the case for assessment of sites for School Crossing Patrol attendance.

- 3.2 An assessment will be undertaken and the findings reported to this Committee in March 2017.

Petition for Maintenance Works, Ashleigh Drive Leigh on Sea
Executive Councillor: Councillor Tony Cox
A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 To advise Members of a petition from residents of Ashleigh Drive highlighting the state of footways and carriageways and requesting that the Council rectify this as soon as possible.

2. Recommendation

That the Traffic & Parking Working Party and Cabinet Committee:

- a) **Thank the petitioner for taking the time to compile the petition, and;**
- b) **Agree to take no further action as the location is a junction and the waiting restrictions provided formalise the guidance in the Highway Code that vehicles should not park within 10 metres of a junction.**

3. Background

- 3.1 To ensure public safety, our entire highway network is inspected on a regular cyclical basis, at least once per year, by our inspectors and any Category 1 defects that are identified at that time are prioritised for urgent repair. Inspections are undertaken by a team of inspectors.
- 3.2 Due to the limited budgets for highway maintenance, regrettably the Council can currently only prioritise repairs that are classified as 'Category 1' highway defects. These are highway defects that meet the threshold of being 40mm deep or deeper in the carriageway and are therefore considered to be a risk to the safety of road users. This is in line with national guidelines.
- 3.3 We also employ an independent company to carry out an annual condition survey of all our roads and footways throughout the Borough and this information is used to create our maintenance programme.

- 3.4 Based on the results of the latest assessment, the carriageway is considered to be “mid-life” and surfacing is not programmed until 2021/22 financial year. The footways are in a “fair” condition and no major works are planned.
- 3.5 The road will be inspected to ensure any Category 1 defects are repaired.

4. Other Options

- 4.1 Resurface the carriageway and footways. Resurfacing and major works are planned under a forward programme. Inclusion in the programme is based on the need for repairs and prioritised according to the condition and to include Ashleigh Drive in the programme prior to that planned will result in planned works for a road with more serious defects being delayed. Budgets are limited and need based prioritisation is a fair and consistent manner by which to manage the required works within these budgets.

5. Reasons for Recommendations

- 5.1 To reflect the existing practice of a need based work programme.

6. Corporate Implications

- 6.1 *Contribution to Council’s Vision & Corporate Priorities.*

Management of major works on a needs based priority system ensures a fair and consistent approach contributing to a Safe Southend.

- 6.2 *Financial Implications*

None.

- 6.3 *Legal Implications*

None.

- 6.4 *People Implications*

None.

- 6.5 *Property Implications*

None.

- 6.6 *Consultation*

None.

- 6.7 *Equalities and Diversity Implications*

None.

6.8 *Risk Assessment*

The condition of the street has been assessed and programmed based on the current surface condition.

6.9 *Value for Money*

All highway works are undertaken by term contractors procured competitively demonstrating values for money.

6.10 *Community Safety Implications*

Waiting restrictions are provided at junctions to contribute to road safety.

6.11 *Environmental Impact*

None.

7. **Background Papers**

None.

8. **Appendices**

None.
