Traveller Incursions In The Borough

This Council shares public concern about travellers illegally occupying public open spaces and other areas in the Borough. Whenever travellers are evicted by the Council from one site they move on to occupy another available site in the vicinity.

This has been going on for many months at the expense of public funds. The process of undertaking travellers' needs assessments, court orders and injunctions is not only costly and time consuming but also causes a good deal of inconvenience and anxiety to the local residents. Subsequent cleaning up and securing of the sites after the travellers' eviction is achieved at further expense to the taxpayer.

By their very nature, our public open spaces need to remain open and accessible to residents. Whilst the council uses a number of methods to seek to prevent illegal encampments on our public open spaces, this is difficult to achieve without stopping residents from accessing them.

The council therefore seeks to achieve a balance between actively discouraging illegal encampments and maintaining access for residents from those who are determined to set up illegal encampments without affecting residents' rights of access to their public open spaces.

A strong partnership approach to illegal encampments on our public open spaces between the council and the police is required. Police action can speed up the eviction process and we are dependent on the police service's ability to continue to support us in this way.

This Council therefore resolves that it should:

1. Take a proactive approach and take any additional measures that are required to secure our public open spaces in the borough by working closely with the business community, councillors and local residents on cost effective, practical and innovative solutions that help prevent illegal encampments whilst maintaining access for residents where possible.
2. Continue to adopt a strong stance in order to permanently prevent travellers from illegally occupying public spaces in the future
3. Take measures to improve communication with local residents when unauthorised encampments do occur, to ensure clear and regular communications that our councillors distribute to residents where such issues have arisen in their wards.

4. Officers seek through the Courts a borough wide injunction to deter illegal encampments and ensure their swift removal.
