

**Council – 22<sup>nd</sup> February 2018**

**Notice Of Motion –**

**Parking Provisions For Veterans On Remembrance Sunday  
Services Within The Borough Of Southend On Sea**

One can observe existing adoptive measures in place regarding the appropriation of special allocations for Remembrance Sunday services evidenced by Local Authorities both within the United Kingdom and among, but not exclusive to, Commonwealth nations abroad. Southend has a plethora of thriving veteran's associations whereby such recommendations of allocating free parking for Remembrance Sunday services to veterans would be deemed conducive and appropriate in keeping with existing contextual precedents set by local governments of various tiers.

**Motion To Council:**

We request that Council seek to formally action such a proposed implementation of free parking provisions for veterans which would be exclusive to Remembrance Sunday services within the Borough of Southend, an act encapsulated within the commemorative spirit of honouring those who fought for our freedom. We would also hope to encourage other authorities to emulate such initiatives in due course.

Proposed – Cllr David Burzotta

Seconded – Cllr Nigel Folkard
