Audit Committee self-assessment of good practice

This questionnaire provides a high-level review that incorporates the key principles set out in CIPFA's 2018 Position Statement: Audit Committees in Local Authorities and Police (also attached to the email distributing this checklist). Where an audit committee has a high degree of performance against the good practice principles, this is an indicator that the committee is soundly based and has in place a knowledgeable membership. These are the essential factors in developing an effective audit committee.

A regular self-assessment can be used to support planning of the audit committee work programme, training plans and can also inform an annual report.
