# WORKING PROTOCOL BETWEEN PEOPLE SCRUTINY COMMITTEE AND SOUTHEND HEALTH & WELLBEING BOARD

## Background

The People Scrutiny Committee ('the Scrutiny Committee') is a Committee of Southend-on-Sea Borough Council and which acts as the Health Scrutiny Committee. The Scrutiny Committee fulfils the Council's responsibilities under 'The Local Authority (Public Health, Health and Wellbeing Boards and Health Scrutiny) Regulations 2013' to have health scrutiny provision.

Guidance to support local authorities and their partners to deliver effective health scrutiny was published in June 2014<sup>1</sup>. The "primary aim of health scrutiny is to act as a lever to improve the health of local people, ensuring their needs are considered as an integral part of the commissioning, delivery and development of health services".

The Scrutiny Committee has the power to hold NHS bodies to account for the quality of their services, through powers to obtain information, ask questions in public and make recommendations for improvements that have to be considered. The Scrutiny Committee can refer matters via full Council to the Secretary of State. All commissioners and providers of publicly funded health and social care are covered, as well as policies arising from the Joint Strategic Needs Assessment (JSNA) and Health & Wellbeing Strategy (HWBS).

This document has been drawn up to provide a framework for beginning to explore the complementary roles and responsibilities of health scrutiny and Southend's Health & Wellbeing Board (HWB), on a practical level.
