

"We the undersigned petition the council to reconsider the licenced hours of trade of PlayFootball in Prittlewell Chase.

"At present PlayFootball is open until 10pm, 6 days a week and whilst we do not want to prevent customers from using the facilities, this has a significant impact on our lives. The noise levels prevent our children and those of us who work shifts from being able to sleep until well gone 10pm, once customers have left the site.

"We believe there could be a better balance of the needs of PlayFootball and their customers and the residents of the local area who were, after all, there before the facilities were installed and had no choice on the matter."
