

Southend-on-Sea Borough Council

Development Control Committee 8th January 2020

SUPPLEMENTARY INFORMATION

Page 111

Agenda Item 6

19/01807/BC3

North Shoebury Open Space, Shoebury Common Road, Shoeburyness

Address: Shoebury Common North, Shoebury Common Road, Shoeburyness

4 Representation Summary

Public Consultation

4.5 One additional representation from an interested party which has already submitted supporting comments has been received supporting the application. Their representation is summarised as follows:

- The full design and equipment chosen was based on a full public consultation and the overall design of the area is discussed for three years.
- Any storage of chemical toilets and materials to be removed once the works are completed.
- The views of the objecting neighbour would not be impacted.
- The proposed playground is sufficiently away from the objector's property.
- Parking would not be any worse as the playground would predominantly be used by local people who would walk there.
- Moving the playground area would disturb future plans for the open space.
