SW01-UP	<p>Adult Demographic Change</p> <p>Every year the number of people eligible for adult social care increases. This increase is made up of people receiving services as children who turn 18 and are eligible for adult social care, adults of working age and older people who become newly eligible for support through a change in personal circumstances, and people whose needs increase as a result of increased frailty or complexity. This amount is calculated from known costs for children turning 18, and a set of assumptions about population change for older people and adults of working age.</p>	n/a	830,000
SW02-UP	<p>Adult Social Care Provider Uplifts - Residential, Supported Living, Day Services</p> <p>This additional investment is to cover the increases in costs for providers of adult social care. It is intended to cover costs relating to increases in National Living Wage, National Insurance, and other costs increases. This will help to improve the pay and conditions of the social care workforce and support the stability of the provider market. The additional monies set aside for this area will support an increase in prices paid for care and enable care providers to increase minimum wages so that they are able to meet statutory requirements. Detailed modelling has been carried out and the intention is to award increases as set out below. This is subject to final review and confirmation and individual providers may receive different amounts depending on individual circumstances.</p> <ul style="list-style-type: none"> • Residential Care 7.1% (<i>correction of rate published in Jan 2022</i>) • Supported Living 7.4% • Interim Residential/Respite 7.1% • Day Services 7.8% 	n/a	2,161,000
SW03-UP	<p>Adult Social Care Provider Uplifts - Direct Payments</p> <p>Direct payments are funds provided to individuals to purchase their own care and support. Then majority of these funds are spent on services provided by individuals or companies and an estimate of the impact of wage and cost increases has been allowed for to enable direct payment recipients to increase their payments to providers at the same rate as the council, including taking homecare and PA support, to the equivalent hourly increase.</p>	n/a	806,000
SW04-UP	<p>Essential Living Fund</p> <p>This investment is required to realign the base budget of this programme and to continue to fund the ongoing support delivered by the Essential Living Fund Team to local eligible residents. This proposal ensures that there is a permanent budget to continue to fund this main programme of activity for vulnerable residents.</p>	n/a	117,000

SW07-IA	<p>Adult Social Care Provider Uplifts - Homecare</p> <p>Homecare is a key element of the support that the council offers to vulnerable people and has faced considerable issues over the last year. The impact of both increases demand (approximately 15% more care over the last year) and workforce challenges have resulted in a significant shortage of home care staff.</p> <p>This has had a substantial impact on people needing care – some of whom have had to wait longer than they should for permanent care packages and may have had to remain in a hospital or care home for longer than they need, on the health and social care system – where the reduction in capacity has led to flow issues, and on providers – who are having to work harder than ever to recruit staff and ensure visits are covered.</p> <p>Because of the current concerns about the homecare market, and the broad shortage of staff we are recommending an increase in our home care rate from £16.57 an hour to £19 an hour. This increase takes into account increases in National Living Wage, National Insurance, and other cost increases, as well as the particular circumstances of the homecare market in Southend.</p>	n/a	1,316,000
SW08-IA	<p>Adult Social Care Provider Uplifts - Residential Care Legacy Rate</p> <p>This corrects a historical position where some care home placements are funded at a lower rate than the standard agreed basic rate, and uplifts these payments to the new agreed minimum level for care home placements in Southend. This will ensure a good quality of care for people receiving these services.</p>	n/a	125,000

SW09-IA	<p>Children's Social Work Creation of five additional Children's Social Worker (SW) posts and the introduction of a qualified SW Advanced Practitioner scheme. The additional posts are planned in the following areas; Children with Disabilities, Adolescence Intervention and Children in Need/Looked After Children (three posts). The Advanced Practitioner (AP) scheme will introduce flexibility in the number of AP posts in frontline Children's Social Worker teams. This will reduce expenditure on agency social workers by making it easier to recruit and retain experienced qualified social workers. Up to ten SW posts will convert to AP posts in the frontline Children's Social Worker teams that are hard to recruit to. When an AP post is vacated there will be opportunity for current SW post holders to be promoted, provided the criteria and competitive interviewing process is successfully completed. The SW post will then be recruited to through the normal routes. The teams to be included will be those that are hard to recruit to, that are large enough to support more than one AP post and that deliver frontline statutory social work services to Children subject to Child Protection Plans and Looked After Children.</p>	5.00	350,000
SW10-IA	<p>Housing staffing Due to legislative changes, the Housing team are facing unprecedented demand. This investment will fund a number of staff in both the Housing Register and Housing Solutions teams. This increased capacity will provide a more responsive and transparent service which users understand and are engaged with.</p>	4.00	200,000
SW11-IA	<p>Community Safety Investment Increased capacity is required within the Community Safety team to respond to a wide variety of issues across the Borough. This investment will provide additional Community Safety Officers, as well as an Operations Coordinator to deliver office based functions allowing the team to remain visible across the Borough.</p>	5.00	250,000
SW12-IA	<p>Increase in Public Health Burials In 2019/20 the team were asked to assist with 41 public health burials. Arrangements were made for 21 with the remainder being arranged once next of kin had been found or someone else had agreed to undertake the burials. In 2020/21 there was an increase in referrals to 78, with arrangements being made for 34 and the remainder again being arranged by other persons. Midway through 2021/22, there had been 42 referrals, which extrapolates to 84 for the year, again an increase. This investment will allow us to increase the officer resource from 0.2 FTE to 0.6 FTE, the level required to meet current need.</p>	0.40	20,000

SW14-IA	<p>Street Lighting column replacements</p> <p>A number of street lighting columns are damaged each year by vehicles. Where possible these costs are recovered from insurance companies but where suitable evidence is not available or the driver is uninsured we remain responsible for incurring the cost of replacing the damaged street furniture. This will bring the budget into line with the average expenditure incurred over the last 4 years.</p>	n/a	100,000

PJ01-TR	<p>Stop the use of Glyphosate in parks and open spaces</p> <p>The majority of weed control is currently undertaken by the use of systemic herbicide with the active ingredient of glyphosate.</p> <p>The Council has received comments from interest groups and individuals relating to the use of glyphosate-based herbicides calling for a reduction or a complete end to their use on Council managed land in the Borough due to their concerns over potential impact on bees and other insects and people's health. As a result of this representation alternative methods of control will be investigated.</p> <p>To eliminate the use of glyphosate in the Borough's parks and green spaces, with a minimum impact on the appearance of the sites, a mixed approach is seen as the best option. This will include manual removal of weeds, the application of mulch on shrub beds, hot water/foam used on hard surfaces in Children's play areas and where necessary the application of non-glyphosate based weed killer using knapsack sprayers on other hard surfaces.</p>	n/a	120,000
