1. Introduction

Local authorities are required to publish an annual infrastructure funding statement (IFS) providing details of developer contributions to infrastructure¹ from the Community Infrastructure Levy (CIL)² and Section 106 (S.106) planning obligations³.

Southend-on-Sea Borough Council became a CIL Charging Authority, and commenced CIL charging, in July 2015; and has been securing developer contributions through planning obligations since the introduction of Section 106 of The Town and Country Planning Act 1990 (as amended).

For the purpose of this IFS, the Reported Year is the financial year from 1 April 2021 to 31 March 2022.

Further information regarding CIL and S.106 planning obligations can be found on the [Council's website](#) or obtained from the [Planning Portal](#) or the Government's online [Planning Practice Guidance](#).

¹ Regulation 121A of the Community Infrastructure Levy (CIL) Regulations 2010 (as amended). The matters included in this IFS reflect the requirements set out in Schedule 2 of the regulations.

² The Community Infrastructure Levy (CIL) is a charge which can be levied by local authorities on new development in their area. It is an important tool for local authorities to use to help them deliver the infrastructure needed to support development in their area.

³ Planning obligations under Section 106 of the Town and Country Planning Act 1990 (as amended), commonly known as S.106 agreements, are a mechanism which make a development proposal acceptable in planning terms, that would not otherwise be acceptable. They are focused on site specific mitigation of the impact of development.

The contribution this CIL expenditure makes to particular Southend 2050 Outcomes²¹ is shown in Figure 1 below, which reflects column 6 ('Total budget allocated to each itemised project (£)') of Table 2 above. The main focus of investment has been on a range of projects to ensure that 'Our streets and public spaces are valued and support the mental and physical wellbeing of residents and visitors.'

More information on Southend 2050 is provided in Appendix 1, including a list of all the 2050 Outcomes.

²¹ See www.southend.gov.uk/southend2050 for further details.

4. Section 106 (S.106) planning obligation contributions for 2021 to 2022

The total amount of money under any planning obligations carried over from previously reported years, which had not been allocated and was available to spend at the start of the reported year was £1,726,797.35 ²².

The total amount of money received through planning obligations, agreed in any year, retained at the end of the reported year (less £1,304,351.44 allocated funds) was £1,681,626.93 ²³.

4.1 S.106 financial contributions received

Income received during the reported year 2021 to 2022 amounted to £141,825.49.

Figure 2 below indicates the contribution of S.106 income received towards achieving 2050 Outcomes²⁴. Most of the contributions are to be targeted towards the outcome 'We are well on our way to ensuring that everyone has a home that meets their needs'. Other outcomes that will benefit from S.106 income are 'Our children are school and life ready and our workforce is skilled and job ready', and 'People have a wide choice of transport options'.

4.3 S.106 financial contributions not required and returned

It is confirmed that in financial year 2021 to 2022 no S.106 financial contributions were returned as a consequence of not being required.

4.4 S.106 financial contributions allocated but not yet spent

The funds set out in Table 5 have been allocated to projects but not yet spent. All of the S.106 contributions set out in Table 5 have been allocated to either the Strategic Housing or Education service areas. They will contribute towards the 2050 Outcomes ‘We are well on our way to ensuring that everyone has a home that meets their needs’ and ‘Our children are school and life ready and young people are ready for further education, training or employment’. The Southend 2050 Outcomes are set out in full in Appendix 1.

Total amount of money under any planning obligations which was allocated but not spent at the end of the reported year was £1,304,351.44.

5. Estimated future income from developer contributions

5.1 Value of CIL set out in all Demand Notices issued in the reported year

The total value of CIL set out in all Demand Notices issued in the reported year (i.e. between 1 April 2021 and 31 March 2022) was £1,127,607.67.

5.2 Value of S.106 planning obligations entered into in the reported year²⁵

Table 6 below sets out the details of the planning obligations that were entered into during the reported year (i.e. between 1 April 2021 and 31 March 2022). The total amount of money to be provided under planning obligations, which were entered into in the reported year, cannot yet be confirmed as the developments concerned included an outline planning permission (dwelling numbers to be agreed as part of a reserved matters planning application, at which point formulae will be applied to developer contributions).

Table 6 includes details of non-monetary contributions such as affordable housing, open space provision, travel plans and highway works. No monetary value has been attributed to these contributions for the purpose of this report but the infrastructure benefits are noted and are set out in each Section 106 agreement as part of the planning file for each development.

It should be noted that there is no guarantee that the developer contributions set out in this section of the report will be delivered as they may relate to either development that has yet to commence or implemented schemes for which the due date for contributions has not yet been reached.

²⁵ These amounts include some contributions that are stated in Section 106 agreements as a maximum and are subject to agreement between the parties depending on final cost of infrastructure provision required; and also exclude some contributions that are subject to viability assessment or final costing post-commencement.

6. Planning for infrastructure expenditure

6.1 What do developer contributions deliver?

Developer contributions, secured through CIL and S.106 planning obligations, provide strategic and site specific infrastructure to support development and growth in the borough. The projects that will be funded, wholly or partly by developer contributions fall within the following infrastructure and affordable housing categories:

- education
- health and social wellbeing
- coastal flood protection
- social and community
- leisure and recreation
- public realm and environment
- affordable housing

6.2 Future spending priorities

The categories listed in paragraph 6.1 above reflect the infrastructure needs identified in the Council's [Infrastructure Delivery Plan \(February 2015\)](#) as identified for the Development Plan period. The current Southend Development Plan covers the period up until 2021 and a review is underway as part of the new [Southend Local Plan](#). This review will comprise a detailed assessment of infrastructure requirements to support growth.

More detail will be provided in subsequent infrastructure funding statements regarding what infrastructure will be delivered, including when and where once the new Local Plan is adopted. The current CIL Main Fund (as at the end of the financial year 2021 to 2022) is therefore carried forward and it is proposed that its spending will be prioritised as part of the Development Plan review, which will identify essential infrastructure required to deliver growth set out in the new Southend Local Plan. S.106 planning obligations will continue to meet the statutory tests in [regulation 122](#) of the CIL Regulations 2010 (as amended) and as policy tests in the National Planning Policy Framework. They must be:

- necessary to make the development acceptable in planning terms;
- directly related to the development; and
- fairly and reasonably related in scale and kind to the development.

In accordance with the CIL Regulations 2010 (as amended), the Council will continue to allocate 5% of total CIL receipts to administrative expenses associated with CIL; and 15% of total CIL receipts (less surcharges) to localised neighbourhood projects.

Details relating to the governance arrangements (including spending and reporting arrangements) for CIL can be found in the [CIL Governance Framework \(July 2015\)](#).

Decisions relating to S.106 planning obligation requirements are made by the Development Control Committee. Further details in relation to the Council's approach and priorities in respect of seeking planning obligations when considering planning applications can be found in the Supplementary Planning Document '[Planning Obligations: A Guide to Section 106 and Developer Contributions 2015](#)'.

7. Conclusion

Southend-on-Sea Borough Council is committed to working with its partners to ensure that CIL and S.106 developer contributions are used in a fair and transparent way to maximise the benefits and opportunities arising from development, such as new affordable homes, community infrastructure, jobs and environmental improvements.

Appendix 1: Southend 2050 Outcomes

Southend 2050 is the borough's ambition for the future. It was developed following extensive conversations with those that live, work, visit, do business and study in Southend-on-Sea. These conversations asked people what they thought Southend-on-Sea should be like in 2050 and what steps are needed now, and in the coming years, to help achieve this. The ambition is grounded in the values of Southenders. It is bold and challenging and will need all elements of our community to work together to make it a reality.

The Southend 2050 programme is not about one single publication or statement. It is a mind-set – one that looks to translate the desires of local people and stakeholders into action, something that looks to the long term, but also at the action that is needed now and in the medium-term.

Southend 2050 is made up of the ambition, associated themes and the outcomes we want to achieve. Our Road Map²⁶, and all future delivery plans, strategies and policies will reflect this. The Road Map builds on our existing achievements and outlines what the Council wants to achieve in the coming five years. Our delivery plans will focus on achieving desired outcomes that reflect our ambition.

All the investment set out in this Infrastructure Funding Statement will contribute to achieving the 2050 Outcomes. Please see next page for a breakdown of the 2050 Themes and Outcomes.

²⁶ See www.southend.gov.uk/downloads/file/6148/southend-2050-ambition for further details.

Southend 2050 Themes & Outcomes

	<p>Pride and Joy By 2050 Southenders are fiercely proud of, and go out of their way, to champion what our city has to offer.</p>	<ol style="list-style-type: none"> 1. There is a tangible sense of pride in the place and local people are actively, and knowledgeably, talking up Southend. 2. The variety and quality of our outstanding cultural and leisure offer has increased for our residents and visitors and we have become the region's first choice coastal tourism destination. 3. We have invested in protecting and nurturing our coastline, which continues to be our much loved and best used asset. 4. Our streets and public spaces are valued and support the mental and physical wellbeing of residents and visitors.
	<p>Safe and Well By 2050 people in Southend-on-Sea feel safe in all aspects of their lives and are well enough to live fulfilling lives.</p>	<ol style="list-style-type: none"> 1. We have a fast-evolving, re-imagined and thriving town centre, with an inviting mix of shops, homes, culture and leisure opportunities. 3. Our children are school and life ready and young people are ready for further education, training or employment. 4. Key regeneration schemes, such as Queensway, seafront developments and the Airport Business Park are underway and bringing prosperity and job opportunities to the Borough. 5. Southend is a place that is renowned for its creative industries, where new businesses thrive and where established employers and others invest for the long term. 6. Southend provides fulfilling careers for our residents, and enough job roles to match the needs of the population. 7. Southend businesses feel supported to respond to economic shock; adapt to evolving global markets; and, have the tools to preserve their businesses by responding effectively and positively to change.
	<p>Active & Involved</p> <p>By 2050 we have a thriving, active and involved community that feel invested in our city.</p>	<ol style="list-style-type: none"> 1. Even more Southenders agree that people from different backgrounds are valued and get on well together. 2. Residents feel the benefits of social connection, in building and strengthening their local networks through common interests and volunteering. 3. Residents are routinely involved in the design and delivery of services. 4. A range of initiatives help increase the capacity for communities to come together to enhance their neighbourhood and environment. 5. More people have physically active lifestyles, including through the use of open spaces.

Connected & Smart

By 2050 people can easily get in, out and around our borough and we have a world class digital infrastructure.

1. Working with the public transport providers to enhance and encourage the use of the existing provision moving towards a long-term aspiration to open new routes, enabling a wider accessibility to public transport options.
2. People have a wide choice of transport options.
3. We are leading the way in making public and private travel smart, clean and green.
4. Southend is a leading digital city with world class infrastructure that reflects equity of digital provision for the young, vulnerable and disadvantaged.
