1. Introduction

Welcome to the 2022 to 2025 Southend Special Educational Needs and Disabilities (SEND) Partnership Strategy for children and young people aged 0 to 25.

This SEND partnership strategy outlines our five key priorities and our aims and ambitions, all of which focus on improving the lived experiences of children and young people with SEND and their families.

Much has been done to improve services for children and young people with SEND since October 2018, when the Care & Quality Commission (CQC) and Ofsted carried out a Local Area joint inspection of the SEND offer in Southend. Four areas of weakness were identified, and the Southend SEND Partnership was formed to oversee the journey of improvement, so that children and young people with SEND in Southend and their families have better experiences.

In 2021 the progress and the difference made was recognised, but the need to keep improving remains.

This strategy has been informed by public consultation and was co-produced by the SEND Strategic Partnership. It builds on existing work and shows what will be done to ensure the SEND offer continues to improve.

Feedback from families tell us that the priorities set out here are important to them. We expect that children and young people with SEND and their families will feel the impact of the work of the Southend SEND Partnership.

2. What are special educational needs and disabilities?

A child or young person has SEND if they have a learning difficulty or a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities, which calls for special educational provision to be made for them.

This is a combined definition from the Children and Families Act 2014 and the Equality Act 2010. These Acts guide the responsibilities and statutory duties of the Southend SEND Partnership to ensure that children and young people have the support they need.

We asked some local children and young people **“What does having SEND actually mean for you?”**

They told us:

“I am comfortable and happy at home or at school but outside in the community it is more difficult.”

“Having special needs affects your confidence quite a lot.”

“You feel the need to prove yourself.”

“People judge before getting to know you.”

“Having SEND is helpful in school as people understand and I have support to get involved.”

They told us they want:

“To be in control and choose what I want to do, feeling welcome”

“Look forward to each day as it comes!”

“A feeling of belonging and inclusion in the school and local community

The Southend SEND Partnership is committed to working together to make things better for children and young people with SEND

3. Local context

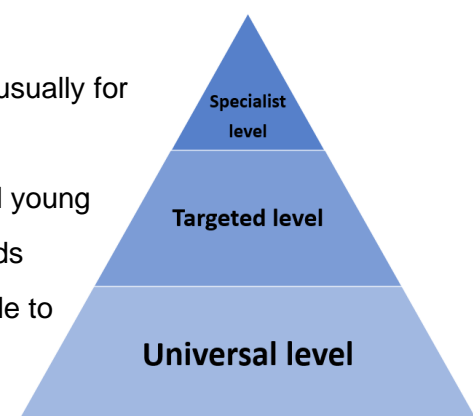

Southend City Council (SCC); the Mid and South Essex Integrated Care System (ICS) and Essex Partnership University Trust (EPUT) work alongside a range of schools and settings, providers, partners, voluntary organisations and other stakeholders to provide high quality provision for all children and young people with SEND.

To understand the prevalence of special educational need across Southend this section provides data about the numbers of children and young people with SEND and their needs* and some context on the range of provision available across education, health, social care and local services at a universal, targeted and specialist level.

Specialist level – services or provision that is highly specialist and usually for children or young people with significant and complex needs

Targeted level – services or provision that is offered to children and young people who need targeted support for a specific type or level of needs

Universal level – services or provision that is offered and is available to all children and young people.

SEN Support

Pupils who have an identified SEN need and require additional (targeted) provision in school are categorised as receiving SEN Support.

Data from the January 2022 schools census shows us those pupils who are recorded as receiving SEN Support in Southend:

- There were 2,966 children at SEN support in our local schools; this equates to 9.25% of the school population.
- This is 3.30% lower than the national average of 12.55%.
- 63% of those pupils at SEN support are male, which is consistent with the national picture.
- The largest cohort of pupils at SEN Support are in year 5 (10.9%).
- Pupils at SEN Support eligible for free school meals is 40.8%, above the national average of 36.4%.

Education Health and Care Plans

Education, Health and Care Plans (sometimes called an EHC Plan or EHCP) are for children and young people up to the age of 25 who require special educational provision (*over and above that which is provided at universal and targeted level*), to meet their special educational needs.

Data from the January 2022 schools census shows those pupils who have an EHC Plan in Southend schools:

- The largest cohort of pupils with an EHC plan are in year 6 (10.1%)
- Pupils with an EHC plan that are eligible for free school meals is 43.3%, compared to 39.7% nationally
- 75% of pupils with an EHC plan are male which is consistent with the national picture.
- The percentage of pupils who have an Education Health and Care plan attending Southend schools is 3.71%
- This is similar to the national average of 3.95%
- Approximately 180 pupils with a Southend maintained EHC plan attend out of area schools
- Approximately 10 pupils with an EHCP are Electively Home Educated
- Of all pupils in Southend special schools, 86% have a Southend maintained EHC plan.

As of September 2022 Southend maintained 1,545 EHC plans.

When looking at the combined picture of all pupils at SEN Support and with EHC plan we know that prevalence of SEND in Southend is highest amongst primary age pupils and drops off in older years groups. This has been consistent over the past 3 years. The percentage of all SEND pupils in Southend schools categorised as having a Social, Emotional and Mental Health primary need is 21.6% (2022) and is the most prevalent need in Southend.

**Different time points for data collection and reporting periods mean that there is not a consistent time point at which data is reported, for example a mixture of calendar, academic and financial years. The schools Census and the DfE SEN2 return, provides the major source of data collected on children and young people with SEND and is published here. This data has been used alongside with Southend's internal reporting dashboard. Some figures have been rounded to the nearest 10 to comply with suppression rules.*

Education Provision

In Southend there is a wide range of educational provision to meet pupil need at a universal, targeted or specialist level:

- 45 mainstream schools spanning infant to secondary age,
- 3 independent schools,
- 5 special schools,
- A special free school, colleges and a university.

As of August 2022 100% of LA Maintained schools (all primary phase) were judged Good or Outstanding in addition to 94% of Primary phase, 83% of Secondary phase and 80% of Special schools (*published on the Ofsted website*)

Southend's Special Schools cater for a range of needs and age groups:

| | | |
|-----------------------|---|-----------------------|
| Kingsdown School | Type of need - Physical Difficulties, Profound & Multiple Learning Difficulties, Severe Learning Difficulties | Age range 3-14 years |
| Lancaster School | Type of need - Physical Difficulties, Profound & Multiple Learning Difficulties, Severe Learning Difficulties | Age range 14-19 years |
| St Nicholas School | Type of need - Autism, Moderate Learning Difficulties | Age range 11-16 years |
| Sutton House | Type of need – Social Emotional and Mental Health | Age range 5-16 years |
| St Christopher School | Type of need - Autism Spectrum Disorder, Moderate Learning Difficulties, Social Emotional and Mental Health | Age range 3-19 years |

Alternative Education Provision in Southend is made by the 2 following registered settings

| | | |
|---|--|-----------------------|
| Victory Park Academy | Type of need – Social Emotional and Mental Health | Age range 5-16 years |
| Southend YMCA Community School (<i>free school</i>) | Type of need: pupils who have, by reason of illness, disability, social, emotional or mental health issues, require alternative educational arrangements | Age range 14-16 years |

In addition to mainstream and specialist settings Southend Local Authority commission a number of resource bases (sometimes called Enhanced Provision) that provide targeted support for pupils with:

- Autism
- Speech, Language and Communication Needs
- Learning Difficulties

| | | |
|-------------------------------|--|-----------------|
| Hamstel Infant School | Autism Resource Base | Key Stage 1 |
| Temple Sutton Primary School | Autism Resource Base | Key Stage 1 & 2 |
| Blenheim Primary School | Autism Resource Base | Key Stage 1 & 2 |
| Greenways Primary School | Autism Resource Base | Key Stage 1 & 2 |
| Southend High School for Boys | Autism Resource Base | Key Stage 3 & 4 |
| Fairways Primary School | Speech, Language and Communication Resource base | Key Stage 1 & 2 |
| Chase High School | Learning Resource Base | Key Stage 3 & 4 |
| Shoeburyness High School | Learning Resource Base | Key Stage 3 & 4 |

There are a number of pupils that are Electively Home Educated (EHE) in Southend. As of 1st September 2022 there were 403 pupils recorded as EHE.

In Southend there are many post-16 options offering AS/A-levels, vocational qualifications at all levels, apprenticeships, traineeships, supported internships and bespoke packages of learning. There are also 16 to 19 academies, and vocational learning and training providers

The local area encompasses:

- School sixth forms (both mainstream and special schools)
- South Essex College - a further education college offering a variety of courses, apprenticeships and supported internships.
- Southend Adult Community College offers apprenticeships and SEND provision in addition to their specialist Westcliff Centre for 19-21 year olds.

Social Care and Early Help

There is a range of support available for families requiring Social Care input.

- At a universal level 0-19 Early Help Family Support (EHFS) Service provide for children, young people and their families with a range of needs including parenting, family support and youth work. All children and young people are assessed and supported according to their individual specific needs, whether that is SEND, diagnosed or not.
- At a targeted level all new referrals to children's social care are received via MASH+ (the Multi Agency Safeguarding Hub) and assessed against statutory thresholds and duties for social care intervention and eligibility criteria. The eligibility criteria must be met to receive paid services, including personal budgets which are agreed at a resource allocation panel that makes the decision on financial care packages.

- Teams and services across statutory Children’s Social Care operate at a specialist level. One of the teams within the department is the Children with Disabilities Team which provides assessment, support and intervention for children and young people with SEND from the ages of 0 – 18 that are severely disabled and meet the eligibility criteria for the team. The team works with children, young people, and their families to ensure that they are supported to have every chance of achieving success through to adulthood. The team is based at the Lighthouse Development Centre and is one of a several providers based at the Centre supporting children with disabilities meaning that children, young people, and their families are provided with a fully inclusive service.

The Children with Disabilities Team support children with various care packages that may consist of direct payments for Personal Assistance support, care or activities at home, care or activities away from home such as after school or holiday clubs; or overnight (short term) breaks away from home.

The Children with Disabilities Team will link closely with all professionals involved in the young person’s life from Health, Education and Adult Services and facilitate a transition for a child/young person into adult services beginning preparation from the age of 14 years to the transfer to adult services.

Health provision

Health services for children and young people including those with SEND are delivered at a universal, targeted and specialist level and include the following services:

- Universal care is provided by Primary Care Networks and GP practices
- Children, Young People and Families 0-19 Public Health Services (Southend City Council) offers a universal service for all families, children, and young people that including Health Visiting and School Nursing. They also offer targeted services for the following:
 - The Health Visitor targeted pathways for those children that have specific needs.
 - A Specialist Public Health Nurse (SCPHN) for children with Special Educational Needs in mainstream school.
 - Specialist Public Health Nurse (SCPHN- EHE) for children who are Home Educated.

- Targeted provision from GP practices for Learning Disability Health Checks (from 14 years of age)
- A Better Start Southend (ABSS) offer targeted Speech and Language Therapy through the Let's Talk programme provided in 6 ABSS ward areas of Southend.
- The Family Nurse Partnership provides a targeted offer for those under 20 expecting their first baby. A family nurse offers pregnancy support, after the birth advice and guidance for up to 2 years.
- The multi-disciplinary team at Lighthouse Child Development Centre provided by Essex Partnership University Foundation Trust (EPUT) offer targeted and specialist services for:
 - Specialised outpatient care for children and young people up to the age of 19 years of age with significant delay or concern and have, or are likely to require, the support from more than one service or discipline.
 - Targeted and specialist support from Community Paediatricians, Physiotherapy, Occupational Therapy and Speech and Language Therapy
 - An integrated pathway for neurodevelopmental assessment for children and young people with suspected Autism and Attention Deficit Hyperactivity Disorder (ADHD) pathways or other neurodevelopmental needs.
- The core mental health service for children and young people up to 19 years of age (up to 25 if they young person has an EHCP) is Southend Essex and Thurrock (SET) Child and Adolescence Mental Health Service (CAMHS). SET CAMHS offer targeted and specialist community-based assessment and treatment. The service is provided by North East London Foundation Trust (NELFT) and includes a central single point of access (SPA) for referrals providing clinical triage leading to; advice and guidance, onward referral to specialist teams (i.e. Eating Disorder, Learning Disability etc.), locality teams and signposting to other services.
- NELFT also provide targeted support in Southend through Mental Health in Schools Teams (MHST). Targeted support is currently offered across 8 mainstream school settings and one further education setting as part of a national pilot.
- Southend University Hospital Foundation Trust (SUHFT) as part of Mid and South Essex Partnership Foundation Trust (MSEFT) offer targeted and specialist services from urgent and emergency treatment, acute paediatric care, outpatient and audiology services
- Specialist referral routes with regional condition specific tertiary centres such as Great Ormond Street, South London & Maudsley, Evelina and Addenbrookes NHS Foundation Trusts.

- Essex Partnership University Trust (EPUT) offer a range of targeted and specialist community paediatric services to support the needs of children and families in Southend:
 - The Paediatric Community Nursing Team provides clinical nursing care for children with complex and on-going health needs.
 - An integrated Diabetes Service (in partnership with MSEFT).
 - Continence Service.
 - Paediatric Asthma & Allergy Service plus dedicated asthma, eczema and allergies training for patients and families.
 - Epilepsy Nursing provision.
 - Service provision is also in place for Specialist School Nursing and Specialist Health Visitors.
 - Community Learning Disability Services.
- The Play and Parenting service (Jigsaws) provides specialist support to families from maternity to age 5, offering support to families with complex and life-limiting conditions.

Support Services and the voluntary sector

The SENDIASS service (Special Educational Needs and Disability Information, Advice Support Service) is jointly commissioned by Education, Health and Social Care is well established and well used by families who require advice and support on SEND issues.

The Department for Education funded parent carer forum; Southend SEND Independent Forum (SSIF) were established at the end of 2020 and provides a great deal of community support and advice to SEND parent carers.

Voluntary sector organisations based in or local to Southend provide a range of universal, targeted and specialist services to support children and young people with SEND and their families. The Local Offer website provides information, advice and guidance on local services and details of organisations and groups in the local area

www.southend.gov.uk/sendlocaloffer

4. The Southend SEND Partnership

The Southend SEND Partnership works together to drive high standards and continuous improvement and is committed to improving the experience of our children and young people with SEND by providing the right help and support at the right time.

The strategic partnership consists of:

- Southend City Council teams responsible for SEND services across Education, Early Years, Children's and Adult Social Care and Public Health.
- Health partners from Mid and South Essex Integrated Care Board (ICB), including The Lighthouse Child Development Centre as part of Essex Partnership University Trust (EPUT) and Southend University Hospital Foundation Trust (SUHFT).
- Southend SEND Independent Forum (SSIF), the Department for Education funded Parent Carer Forum for Southend.
- Representatives from mainstream and special schools, early years and further education settings.
- The voluntary sector and representatives from a range of community initiatives including A Better Start Southend (ABSS) and Healthwatch.

The Southend SEND Partnership commits to listening to the child and young person's voice and hear about their lived experiences. Everything we do will be shaped by better understanding of the individual needs of all children and young people with SEND and their families, no matter their circumstances or need.

Our ambition is for all children and young people to thrive and be happy in communities where families and services work together to help them achieve their potential and fulfil their dreams.

We will achieve this ambition as a whole system partnership, with shared aims and values. Working together we will focus on improving the lived experiences of children and young people with SEND and their families.

5. Our aims

We know that children and young people with SEND, and their families need additional support, and a strong local partnership is essential to achieve our shared ambition.

Our aim is to:

- raise aspirations.
- improve outcomes and opportunities.
- have high quality, accessible, local services.
- support a successful transition into adulthood, enabling independence and resilience.
- ensure children's wishes, dreams and aspirations are at the heart of decision making.
- have an easy to navigate, open and transparent SEND system.
- make a real and measurable impact on the lives of children and young people with SEND and their families.

We want Southend to be a place where all children and young people with SEND and their families:

- 1) Feel welcomed, are listened to and are equal, respected and valued partners in decision-making.
- 2) Have high aspirations, choice and control over their future and can make a positive contribution to the wider community.
- 3) Are communicated with sensitively and compassionately.
- 4) Feel safe, and are supported by skilled education, health and care practitioners who understand individuals needs and how these can be best met.
- 5) Have access to consistent high quality childcare, health care, education and training opportunities and employment.
- 6) Benefit from evidence-based practice.

- 7) Benefit from a system where practitioners support children and young people to be the best version of themselves and have inclusive and equal access to services and opportunities alongside their peers.
- 8) Can access services that are responsive and preventative.
- 9) Receive support that is personal and encourages self-help and resilience to enable individuals to become the best version of themselves.
- 10) Are supported and encouraged to provide feedback which helps the SEND Partnership to continually improve.

6. Developing the priorities

A programme of engagement with parents, carers, young people, education settings and colleagues who support children and young people with SEND was undertaken to identify the priorities that mattered to them. Various methods of engagement were used including online surveys, group meetings and one to one conversation.

Children and Young People told us:

“Staff need more training to help me and understand what support I need.”

“Share information using videos and animations; they are easier than reading lots of writing.”

“We want our own spaces where we can meet other young people and socialise and know that we have a refuge if we feel unsafe.”

“We feel we have to live up to older people’s expectations and want to be valued for ourselves.”

Parents and Carers told us:

“We need joined up services with a strong parental input.”

“Better and quicker access to services for families.”

“Putting the right people in the important, supportive roles.”

“Help should be timely, not taking years, and appointments should be given in an effective time span.”

“Early mental health intervention.”

“Ensure that what is in the Education Health and Care Plan is delivered. Hold schools accountable so parent doesn’t have to fight school alone for provision to be made.”

Members of the Southend SEND Partnership told us:

“We need better systems in place to identify SEND.”

“Ensure health services have capacity to undertake assessment.”

“Smooth transition to adult services.”

“The voice of the child and their family should be central to all decisions made in relation to the young person’s life and future.”

“Ensure our education workforce is fully trained and upskilled in supporting children and young people with SEND and their families.”

“More investment in early intervention and prevention.”

Listening to what matters to families and children and young people has helped to shape our priorities.

7. Agreeing the priorities

The feedback gained from children, young people, their families and members of the Southend SEND Partnership, together with feedback from the SEND inspection re-visit and the SEND improvement programme has identified 5 priorities for action over the next 3 years. These form the basis of this strategy.

Our 5 key priorities

Transitions

Early intervention

Good mental health and wellbeing

Plans

The Local Offer

Transitions: Children and young people are prepared and supported to thrive at each change in their lives, helping them to feel secure and confident

This is important because:

Change is part of everyday life so it is important to help children and families learn how to successfully adapt.

Children and young people with SEND and their families will go through lots of changes. This could be a different school or setting, a different service provider or worker, moving into employment or a change in personal circumstances and needs.

Without effective planning and the right support for children and young people with SEND, transitions can be unmanageable for the child, which can have a lasting impact.

One young person told us a good transition means “Feeling prepared and ready!”

Early Intervention: Identification, assessment and effective support are provided at the earliest opportunity.

This is important because:

Children and young people who have their needs recognised earlier have better outcomes.

Children and young people may find it easier to manage day to day life and access the world around them.

Families feel supported and better able to cope.

The right support can be provided at the right time, in the right place, which may reduce needs or prevent them from increasing.

One young person told us “Good support means being empowered to do things on my own.”

Good mental health and wellbeing: Children and young people are provided with the best chance to achieve positive mental health, be happy and thrive within their family, education and social lives, develop their potential, build strong relationships and contribute to their community.

This is important because:

It helps children and young people cope better with day-to-day life.

It helps children and young people to engage with others and maintain positive relationships.

It helps to build self-esteem and confidence.

It helps children and young people to effectively understand and communicate their own needs.

It helps children and young people to make positive choices.

One young person told us “I see a counsellor and my music has helped me through my thoughts and feelings.”

Plans: EHCPs and other plans for children and their families have the young person at the centre, are well co-ordinated, co-produced, timely, and lead to well informed and effective support, which is regularly monitored and reviewed.

This is important because:

Effective plans show the child or young person’s needs, ensure the correct support is in place and lead to better outcomes.

Children and young people’s hopes and aspirations can be turned into meaningful and achievable outcomes.

Children and young people and families are listened to, understood, and well supported.

Those providing the support within the plan know what they are expected to do and when they need to do it.

Timely planning and reviews provide the right support, in the right place and at the right time.

One young person told us “The support I receive is a really big balancing act as it needs to be at the right time in the right way.”

The Local Offer: Southend’s Local Offer website is a widely and easily accessible resource that signposts to a range of universal, targeted and specialist support services and high quality provisions for Children and Young People with SEND and their families.

This is important because:

Children and young people, families and professionals know who to go to for consistent advice and support.

It helps children, young people, families and professionals to feel empowered, make informed choices and better engage with the community.

A range of high quality provision will help children and young people and families to access support close to home.

Children and young people, families and professionals have relevant and up to date information that can be found quickly and easily.

One young person told us “We need fully accessible sports clubs that are clued up on SEND specific needs.”

8. Developing our actions

Once the priorities had been agreed a draft strategy setting out the proposed actions went out for wider consultation.

Feedback was invited from young people, parents and carers of children and young people with SEND and professionals who work with and support children and young people with SEND.

People were able to provide feedback through face to face or online engagement events and also via a survey.

The Parent and Carer Forum (Southend SEND Independent Forum) worked closely with the SEND Partnership to engage a wide range of stakeholders and supported the review of consultation feedback. This is to ensure that the key priorities and the proposed actions reflect the needs of the SEND community.

Through this consultation families said that actions should focus on:

- Improving mental health service provision and waiting lists
- Increased visibility of professionals in the community to meet SEND families
- Simple pathways that support navigation of the SEND system
- Ensuring plans are concise, simple and child focused
- End of school transition support to college or into the workplace
- A reduction in waiting times for diagnosis
- Strong community connections like clubs and sports
- Better promotion of services and provision in the area
- More opportunities to get young people into work
- Keeping families more informed and part of the process

The wide range of feedback from the consultation has been collated and is available to view on the Local Offer website www.southend.gov.uk/sendstrategy

9. Making it happen – what we will do.

This strategy provides an opportunity to refresh our planned actions so that children, young people and their families feel the impact of better support, services and intervention.

This section sets out each priority and what we will do over the next 3 years.

Priority - Transitions: Children and young people are prepared and supported to thrive at each change in their lives, helping them to feel secure and confident

We will:

- Ensure assessments are prioritised for children and young people approaching transitions.
- Produce and embed guidance that sets out agreed expectations for school-based transitions for children and young people with an EHCP, on SEN Support or with complex medical conditions.
- Provide support and training for children and young people parent carers and professionals to ensure all children and young people with SEND are prepared as early as possible for adulthood and the transitions they face.
- Develop an agreed set of skills across the Education, Health and Social Care workforce so that practitioners work to the same preparing for adulthood principles, awareness of what good health, social care and education transitions look like and what provision is in place and at which level.
- Work as a SEND partnership to share (where appropriate) information to ensure children, young people and families, do not have to repeat their story and that risk or vulnerabilities are mitigated.
- Produce and publish a roadmap of what is expected at each stage for key transition points in a child or young person's journey (health, education & social care) so that all professionals are working towards the same goals and pathway.
- Provide clear information to parents, children and young people about options at each transition stage so they can make informed choices.
- Work with employers and Further Education providers to develop a greater range of options, education, training and employment, for young people when they move on from compulsory education.

Priority - Early Intervention: identification, assessment and effective support are provided at the earliest opportunity

We will:

- Ensure there is proactive signposting to early support services so that families experience of the SEND system improves and appropriate support is available at the earliest opportunity.
- Continue the review of therapy provision (the balanced system review) and implement the recommendations.
- Continually review and improve the advice and support available to schools and settings.
- Undertake a capacity and demand review to ensure effective use of resources.

- Embed the Graduated Response across education, health and care with a range of supportive materials which set out our expectations of how children and young people's needs should be met within mainstream schools and local services.
- Build resilience in schools to manage challenging behaviours which will improve the life chances of young people and preventing escalation to crisis and entering the criminal justice system.
- Review SEND decision-making systems and ensure that processes are transparent and understood by families.

Priority - Good mental health and wellbeing: Children and young people are provided with the best chance to achieve positive mental health, be happy and thrive within their family, education and social lives, develop their potential, build strong relationships and contribute to their community.

We will:

- Support community services to be more inclusive to provide better support, improve mental health and life chances.
- Improve data collection to support effective commissioning.
- Review the provision of Counselling Services for all children and young people and publicise what is available on the Local Offer.
- Offer training updates on early identification of need and appropriate sign posting to all frontline practitioners and those that have contact with children and young people.
- Develop a person-centred behavioural approach which provides the support, tools and training needed to build resilience for parents, carers and families to manage challenging behaviour.
- Develop a set of agreed expectations for education settings to support children and young people around emotional wellbeing.
- Support the development of mental health services that are inclusive of SEND.

Priority - Plans: EHCPs and other plans for children and their families have the young person at the centre, are well co-ordinated, co-produced, timely, and lead to well informed and effective support, which is regularly monitored and reviewed.

We will:

- Consistently capture and act upon the voice of the child and young person and their families at the earliest opportunity to influence and shape their plans.
- Get better at reviewing plans so they grow with the child and reflect their current aspirations.
- Provide support and challenge to providers to ensure the support detailed in all plans is delivered effectively.
- Enhance quality assurance processes around EHCPs to ensure a consistent, person centred approach, unique to each child and young person which raises parental confidence in the quality and impact of plans.
- Review the impact and effectiveness of the EHC Hub.
- Improve the timeliness of production of draft EHCPs.
- Produce guidance and information on routes and sources of support for families if they experience difficulties that are not being addressed by settings or if they feel that their child's needs are not being correctly identified or met.

Priority - The Local Offer: Southend's Local Offer website is a widely and easily accessible resource that signposts to a range of universal, targeted and specialist support services and high-quality provisions for Children and Young People with SEND and their families.

We will:

- Develop and implement a communication plan which effectively advertises and promotes the Local Offer as the 'go to' information source for all children and young people with SEND, their families and SEND professionals.
- Work with local groups and holiday support services to ensure there is advice, support and guidance on how to make provision for children and young people with SEND.
- Finalise the evaluation of the Local Offer website and deliver improvements. If necessary, a new codesigned website will be reprocured to ensure that the website is the best it can be.
- Complete a SEND partnership review of provision available for children and young people to close gaps in provision through effective identification of need and joint commissioning involving all partners.
- Complete the delivery of the Southend SEND Capital Programme.
- Produce a clear map of provision across the city that is easily understood and has clear routes on how to access them.
- Complete an audit in reference to inclusion across the local area and educational settings.
- Identify support and resources across settings to better enable children and young people to be educated and participate in activities alongside their peers.
- Promote awareness and understanding of SEND and SEND support services amongst families, practitioners, education settings and our wider communities by recruiting SEND champions.

The Southend SEND Partnership have 5 core commitments:

1. Increase the voice and engagement of children and young people with SEND and their families.
2. Develop our workforce across the Southend SEND Partnership to ensure they have the right knowledge, skills, confidence and resilience, with opportunities to learn together.
3. Be the best we can be focusing on quality, impact, innovation and improvement supported by evidence of what works well.
4. Improve communications across the SEND Partnership and with children, young people and families, professionals, settings and the voluntary sector.
5. Improve joint working and make the best use of available resources.

10. Measuring impact and progress

This strategy is underpinned by a detailed action plan for which the Southend SEND Partnership is accountable. The partnership will drive the delivery of this strategy and the action plan.

Progress against the strategy will be monitored at least termly, with scrutiny and challenge from:

- Southend SEND Strategic Partnership Board.
- Southend City Council Children's Improvement Board.
- Southend Health and Wellbeing Board.
- The Mid and South Essex Integrated Commissioning Board.
- Southend City Council Scrutiny committee.
- The Mid and South Essex Children and Young Peoples Growing Well Board.

Our success will be determined by the lived experience of our children, young people, and families to understand if, and how, they are seeing the difference.

We will monitor impact by:

- Listening to feedback from children and young people, their families and professionals.
- Working with Southend SEND Independent Forum (SSIF) and other groups.
- Working with the SEND Young People's Forum and other youth groups to hear directly from young people.
- Reviewing feedback from regular surveys.
- Designing new and creative ways to capture feedback.
- Reviewing provision arrangements for SEND in Southend schools and settings.

11. Keeping you informed

Progress and updates will be published on the SEND Local Offer website:

www.southend.gov.uk/sendstrategy. This will provide key documents and opportunities to feedback, ask questions or make suggestions on the progress of the SEND Partnership.

Our SEND Partnership e-newsletter will also provide regular updates on the work being done and the difference it is making sign up with this link [Southend-on-Sea City Council \(govdelivery.com\)](http://Southend-on-Sea City Council.govdelivery.com)

12. Thanks

With special thanks to everyone who contributed to this strategy, including the children, young people and families who took part in the engagement meetings and online survey, Southend SEND Independent Forum (SSIF) - the Department for Education funded parent carer forum in Southend, schools, youth groups and other organisations in Southend who have been involved, local authority teams, the Mid and South Essex Integrated Care Board and other health organisations, and the elected members of Southend City Council.

13. Legislation and Policy

Legislation driving provision for children and young people with SEND is currently under review by HM Government. We will ensure that this strategy is in line with any changes to legislation, national and local policy and best practice during its lifespan. At present, that legislation and policy is:

National

- Breaks for carers of disabled children regulations 2011
- National strategy for autistic children, young people and adults: 2021 to 2026
- NHS Long Term plan 2019.
- Reasonable adjustments for disabled pupils (2012): Technical guidance from the Equality and Human Rights Commission.
- SEND and Alternative Provision Green Paper (right support, right place, right time) 2022
- Special Educational Needs and Disability Code of Practice 2015
- Supporting pupils at school with medical conditions (2014): statutory guidance from the Department for Education.
- The Autism Act 2009
- The Care Act 2014.
- The Children Act 1989/ 2004.
- The Children Act 1989 Guidance and Regulations Volume 2 (Care Planning Placement and Case Review) and Volume 3 (Planning Transition to Adulthood for Care Leavers).
- The Children and Families Act 2014.
- The Chronically Sick and Disabled Persons Act 1970
- The Education Act 1996.
- The Equality Act 2010
- The Mental Capacity Act 2005.
- The Mental Capacity Act Code of Practice: Protecting the vulnerable (2005).
- Working Together to Safeguard Children (Statutory guidance)

Appendix 2

| <h3>14. Glossary</h3> | |
|-----------------------|--|
| ABSS | A Better Start Southend is a partnership of organisations who operate in six local wards – Westborough, Victoria, Milton, Kursaal, West Shoebury and Shoeburyness. |
| ADHD | Attention Deficit Hyperactivity Disorder is a condition that can affect a person's behaviour, concentration and impulse |
| ASC | Autistic Spectrum Condition is a lifelong developmental disability which affects how a person communicates, relates to other people and makes sense of the world around them |
| EHC Plan or EHCP | Education, Health and Care Plan is a statutory plan setting out child's special educational needs and the provision set out to meet them |
| EHE | Electively Home Educated is a term used to describe a choice by parents to provide education for their children at home - or at home and in some other way which they choose, instead of sending them to school full-time |
| EPUT | Essex Partnership University Trust – a local health provider |
| GP | General Practitioner a local health provider |
| ICB | Integrated Care Board is a partnership of organisations that come together to plan and deliver joined up health and care services, and to improve the lives of people who live and work in their area |
| LA | Local Authority is responsible for a range of vital services for people in defined areas such as social care, schools |
| LD | Learning Disability is a term that describes a person with a physical or mental impairment which has a substantial and long term adverse effect on their ability to carry out normal day to day activities |
| MASH+ | Multi agency safeguarding hub a referral point to access children's social care |
| MHST | Mental Health in Schools Teams are a national pilot offering support for children and young people from trained practitioners in evidence based mental health interventions in schools supervised by NHS staff |
| MSE ICB | Mid and South Essex Integrated Care Board a new partnership between the organisations that meet health and care needs across mid and south Essex |
| MSEFT | Mid and South Essex Partnership Foundation Trust – a group of hospitals covering mid and south Essex |
| NHS | National Health Service – leaders of health care in England |
| PD | Physical Difficulties a limitation on a person's physical functioning, mobility, dexterity or stamina that has a substantial and long-term negative effect on an individual's ability to do normal daily activities. |
| PMLD | Profound & Multiple Learning Difficulties is term to describe severe learning disability and other disabilities (such as difficulties with hearing, speaking and moving) that significantly affect a person's ability to communicate and be independent. |
| RB | Resource base (sometimes called Enhanced Provision) provide targeted support in a setting attached to a mainstream school which enables children to make progress, achieve their identified outcomes and continue to access the mainstream curriculum and school |
| SCC | Southend City Council is the local government authority providing services for the area |

| | |
|------------------------|--|
| Schools census | An electronic collection of pupil data from primary, secondary, special schools and pupil referral units, which takes place three times a year |
| SEMH | Social Emotional Mental Health is a term to describe someone who has a range of social and emotional difficulties which manifest themselves in many ways and behaviours. |
| SENDIASS | Special Educational Needs and Disabilities Information Advice and Support Service is a free, impartial and confidential service offering information, advice and support for parents and carers of children and young people with special educational needs and disabilities (SEND) and to young people. |
| SEND | Special Educational Needs and or Disabilities is a term referring to a learning difficulty and/or a disability that means a child needs special health and education support. |
| SEND Capital Programme | Funding provided by the Government, through the Department for Education to help local authorities shape facilities for children with Special Educational Needs |
| SEN Support | Educational or training provision that is additional to or different from that made generally for others of the same age. This means provision that goes beyond the differentiated approaches and learning arrangements normally provided as part of high quality, personalised teaching. It may take the form of additional support from within the school or require the involvement of specialist staff or support services. SEN support is the term used to describe the support that schools provide for pupils who have been identified as having SEN but who do not need an Education, Health and Care (EHC) needs assessment. Pupils at SEN Support are given support that is additional to and different from the majority of children and is paid for out of the school's resources. Most pupils with SEN in mainstream schools are provided for at SEN Support. |
| SLD | Severe Learning Difficulties is a term to describe significant and profound cognitive difficulties. |
| SET CAMHS | The Child and Adolescence Mental Health Service provides advice and support to children, young people and families who need support with their emotional wellbeing or mental health difficulties. The service covers Southend, Essex and Thurrock. |
| SSIF | Southend SEND Independent Forum is Southend's local Parent Carer Forum funded by the Department for Education. |
| SCPHN | Specialist Public Health Nurse provides support for children with Special Educational Needs in mainstream school. |
| SCPHN - EHE | Specialist Public Health Nurse provides support for children who are Home Educated |
| SUHFT | Southend University Hospital Foundation Trust. |
