A Part 1 Public Agenda item

1. Purpose of Report

2. Recommendation

- 2.1 **That Cabinet agrees the official Feed and Food Controls Service Plan 2016/17 set out in Appendix 1 of this report and commend it to Full Council for approval.**

3. Background

- 3.1 The Food Standards Agency Framework Agreement on Local Authority Food Law Enforcement requires the production and publication of a service plan to ensure the highest achievable levels of food control (food safety, standards and feeding stuffs) are maintained throughout the borough. Every local authority is required to develop an annual food enforcement service plan, which is the basis on which the local authorities are monitored and audited by the FSA.
- 3.2 To ensure local transparency and accountability, it is a requirement that the official Feed and Food Controls Service Plan is submitted to the relevant Member forum for approval.
- 3.3 The Legislative and Regulatory Reform Act 2006 requires Regulators to have regard to the Principles of Good Regulation. This means that our regulatory activities should be carried out in a way that is proportionate, accountable, consistent, transparent and targeted to situations that need action when we carry out a regulatory function and to have regard to guidance issued. The Statutory Code of Practice for Regulators which will include the provisions

contained in the Regulators Code April 2014 contains details of how this should be carried out.

4 Official Feed and Food Service Plan 2016-7

- 4.1 The Service Plan for 16/17 is attached as **Appendix 1**, forming an integral part of the organisation of the Regulatory Services within Public Protection.
- 4.2 In accordance with the requirements contained within the Framework Agreement, the food service is a mix of enforcement, intelligence based work, investigation and education.
- 4.3 The service plan is to ensure all high and medium risk category programmed inspections are completed within the current financial year and appropriate alternative approaches adopted for the remaining inspections. In Southend there are 1788 food premises 964 premises requiring an official food hygiene intervention this year. In addition, there are 9 Approved Food Premises within Southend which includes the cockle processors which are inspected annually. Food Standards inspections will not be targeted separately and will be undertaken at the same time as food hygiene inspections where they are due. The Inspection Programme is included at 2.4 in the Service Plan.
- 4.4 Regulatory Services assists businesses to comply with legislation and thereby protect the health of the public from food related illness. Resources will be targeted to ensure a balanced mix of services, which benefit the business sector, consumers and other stakeholders. In accordance with the amendments to the Food Safety Code of Practice in 2015 and the published Regulatory Services Team Enforcement Policy, the service will continue to focus enforcement action on the poorer performing businesses.
- 4.5 Priority for inspections and interventions was given to premises which had been risk assessed as presenting the highest risk in terms of their activity and the conditions at the premises. All high risk inspections were completed.
