These steps will have a greater level of durability, have a longer design life and require minimal maintenance. This investment is also to significantly refurbish four of the concrete steps and ramps at Chalkwell Esplanade.  This investment is being moved up from the 'subject to viable business case' section and will also utilise £50,000 of the budget of £75,000 already in the approved capital investment programme for 22/23. In addition to this the project will also include revenue expenditure of £200,000 which is already in the sea defences revenue maintenance budget.  East Beach Sea Wall Refurbishment (23/24 - £500,000)  This investment is for the replacement of failing gabion baskets with new ones with an additional facing layer at the front, which that can be replaced easily in the future without needing to replace the rest of the structure.  This investment is being moved up from the 'subject to viable business case' section. |

| Change programme.  Our connect and print approach enable us to better de making, au services au experiences | nciples to digital to facilitate ecision utomated nd digital         | 1,700,000  Funded by: Capital Receipts  Roadmap: Customers can access all Council services digitally / online | My Southend Replacement (23/24 - £1,000,000, 24/25 - £700,000)  This investment is to replace the existing digital solution for residents to transact online, working with services to transform their processes and enable them with technology. The investment will deliver a range of initiatives to enable productivity gains, streamlining of processes and improving end to end customer experience.   |
| Souther leading smusing techrismart with enable impresident stand ensur inclus                              | C4  Ind is a mart city, hology in ays to approved ervices, e digital | 940,000 Funded by: Capital Receipts   | Technology Modernisation Programme (23/24 - £940,000)  This is the 23/24 programme of works for the ICT – Smart Council project. This capital investment is to continue to provide the ICT core services to the Council (software and hardware). This project also includes a fast-track migration to the cloud which enables the Council's transformation, mitigates the disaster recovery risk, negates the need for a cyclical investment and realises the cost savings that can be achieved from such a strategy. By utilising the cloud for the Council's infrastructure there is no longer a need to replace ICT Infrastructure, resulting in significant cost savings. The additional work has been broken down into projects, which, when delivered together, will achieve quantitative and qualitative benefits and mitigates risk.  Part of the project is to provide regular device refreshes, to ensure the estate does not go beyond the end of its supported life and result in security risks and to enable officers and members to carry on working remotely.  The Technology Modernisation Programme is fundamental to enabling the transformational blueprint. It has a total estimated cost of £14,873,000 over the years from 21/22 to 25/26. The forecast costs over the remaining years from 23/24 to 25/26 of £10,400,000 is estimated to be £3,990,000 of capital investment and £6,410,000 of revenue investment. |
|   | Total  | 3,640,000   | Inclusion of the rest of the Smart Council project in the main programme is subject to approval of appropriate viable business cases.  General Fund  |

#### 3. Proposed Additional Investment Subject to Viable Business Cases

Viable business cases will need to be produced and approved before these schemes can progress and be brought into the capital investment programme.

| Theme   |               | Total (£)   | Proposed Initiatives   |
|---|---------------|---|--|
| A city rising to the climate change challenge.  We act as a city embracing Climate Emerge | jency Declara | ges of the  | Climate Change Provision (£1,500,000)  This capital budget provision is to deliver suitable projects aimed at reducing the impact of climate change and support the Council's aspirations to achieve net-zero emissions by 2030 in line with the Climate Emergency Declaration.  Inclusion in the main programme for individual projects is subject to approval of a viable business case.   |
|   | in 2019.      |   |  |
| A city with a good quality of life.   | C7            | 1,000,000  Funded by: Third party contributions   | Playground Refurbishment (23/24 - £750,000, 24/25 - £250,000)  This investment is to deliver refurbishment works to the city's playground infrastructure. This is needed to support the development of the area to enable more access to safe open spaces for children.  This investment is to be funded from Community Infrastructure Levy (CIL) monies.  Inclusion in the main programme is subject to approval of a viable business case. |
| A city with a good quality of life.   | C8            | Funded by: Third party contributions/ borrowing  Roadmap:  Increased numbers of active people | Cycle Paths  This investment is to deliver refurbishment works to the city's cycle path infrastructure. This is needed to support the development of the area to provide more people with the opportunity to live an active lifestyle and support the Council's aspirations to achieve net-zero emissions by 2030.  Inclusion in the main programme is subject to approval of a viable business case.  |
