Department for People – Executive Councillor: Councillor Salter**

A Part 1 Public Agenda Item

1. Purpose of Report

- 1.1 To present a draft of the Local Account of Adult Social Care services in 2015-16, including priorities and plans for 2016-17. This is the sixth year of producing an annual report of this sort.
- 1.2 The Local Account aims to provide information about the quality and value of the social care services to the users of services and local people. It is the Council's self assessment of how it provided services during 2015-16 together with plans for the future which contribute to the overall health and wellbeing of the local community.

2. Recommendation

- 2.1 **Member's views are sought on the attached draft Local Account 2015-16**
- 2.2 **That members note the draft Local Account as the Council's self assessment for these services**

3. Background

- 3.1 In the years leading up to 2010/11, an annual assessment of adult social care services was undertaken by the Regulator of adult social care services. The last annual assessment was carried out by the Care Quality commission (CQC) for the year 2009/10 where the Council was assessed as "performing well ... consistently delivering above the minimum requirements" and in two out of the seven areas assessed, achieving a rating of "excellent", the highest rating. This was the third year in succession in which adult social care services in Southend had improved.

3.2 Annual assessments by CQC have now ended. The Local Account is a self-assessment which summarises what Adult Social Services have done over the past year, how successful they have been delivered and what their future priorities are. The Adult Social Care Outcomes Framework (ASCOF) data for 2015-2016 is yet to be released but will be included when the draft Local Account is presented to Cabinet in November .

3.3 The intention of the Local Account is to promote transparency and enable local citizens to have a stronger voice in deciding how well services are doing and what Adult Social Care should be reporting on. The Local Account has now replaced the previous performance framework used to judge and rate our services by the national regulator, the Care Quality commission.
