CP 1.3	The percentage of children reported to the police as having run away that receive an independent return to home interview [Cumulative]	Aim to Maximise	August 2016	65.1%	85%	85%			For August 2016 the figure of 65.1% is made up of 216 successful visits, 81 unsuccessful visits (visits refused by the child/young person or the young person wasn't seen during the visit) and 35 outstanding visits. Currently the percentage of successful visits for missing children living in the local area is 70.2%, while 93.9% have been offered a visit. The percentage of successful visits for children looked after by Southend but placed out of borough is 63.0%, with 79.6% offered a visit. The percentage of successful visits for children looked after by other local authorities placed in Southend is 30.3%, with 72.7% offered a visit.	People Scrutiny
CP 1.5	Rate of Looked After Children (LAC) per 10,000 [Monthly Snapshot]	Goldilocks	August 2016	71.4	57.7-68.3	57.7-68.3			The number of looked after children remain above target at 71.4 per 10,000 population against a target of 63. The Children's Service Improvement plan will address some of this as it is anticipated that more children will be supported to remain with their family. In addition work is being undertaken to design a service to support the parent's of adolescents to give appropriate parenting to their children during times of crisis preventing them from becoming looked after. A panel to decide whether children should become looked after is in development and this should also lead to a reduction in numbers of looked after children. These changes will take some time to implement. The changes will begin to take effect during quarter 4.	People Scrutiny

CP 4.3	% of Council Tax for 2016/17 collected in year [Cumulative]	Aim to Maximise	August 2016	44.10%	44.30%	97.20%			Although collection is slightly down in Council Tax it is still relatively early in the financial year and at present targeted recovery is now underway to increase collection over the remaining months to reach the end of year target. Since 1st April 2016 the net collectable position has increased due to new properties and the removal of single person discounts from the review that is currently taking place. High return of missed collections which was inevitable during a Borough wide roll out. The number of scheduled collections have also increased by approximately 240,000 per month that will make this a challenging target but one that we still aim to meet by end of year

Reported quarterly. Veolia commenced their new waste collection service roll out which included a new recycling service, which will take time to embed across the borough. On-going Mechanical, Biological Treatment (MBT) Plant issues are producing less tonnage to contribute to our performance. There is also a national downturn in recycling rates in the Essex region, particularly South of the County, which has also seen a significant decrease in recycling rates.

Priority. • Actively promote healthy and active lifestyles for all. • Work with the public and private rented sectors to provide good quality housing. • Improve the life chances of our residents, especially our vulnerable children & adults, by working to reduce inequalities and social deprivation across our communities.

Expected Outcome: Some slippage against target 4

We are awaiting data from the outreach provider this is anticipated to be available next month. The health check trajectory is still on track to hit target by the end of the year.

Priority. • Maximise opportunities to enable the planning and development of quality, affordable housing. • Ensure residents have access to high quality education to enable them to be lifelong learners & have fulfilling employment. • Ensure the town is 'open for businesses' and that new, developing and existing enterprise is nurtured and supported. • Ensure continued regeneration of the town through a culture led agenda.

Although collection is slightly down in Council Tax it is still relatively early in the financial year and at present targeted recovery is now underway to increase collection over the remaining months to reach the end of year target. Since 1st April 2016 the net collectable position has increased due to new properties and the removal of single person discounts from the review that is currently taking place.

Housing Revenue Account Summary Forecast	27

1. Commentary

This report outlines the budget monitoring position for the General Fund and Housing Revenue Account for 2016/17, based on the views of the Directors and their Management Teams, in light of expenditure and income to 31 August 2016.

The starting point for the budget monitoring is the original budget as agreed by Council in February 2016. Therefore, the full cost budget is being monitored, including fully allocated Management, Administrative and Technical Services (MATS) and capital financing costs. As at the end of June, corporate savings of £200,000 have still to be allocated to service departments and this will be done in the coming months as the detailed allocations are finalised by directors.

2. Overall Budget Performance – General Fund

An overspend to the overall Council budget of £1,154,000 is currently being forecast for the year-end. This position reflects a projected overspend of £1,154,000 in Council departmental spending with no non-service area variations except for a transfer from earmarked reserves to offset the projected overspend. The budget pressures services are reporting are detailed in section 3 below.

General Fund Portfolio Forecast Comparison 2016/17 at 31 August 2016 - Period 5

Where Portfolios are forecasting an overspend by the end of the year, the relevant Director has been advised that appropriate action plans must be in place to address any projected overspend position so that a balanced budget for the Council is produced by the year end.

4. Appropriations to / from Earmarked Reserves

Net appropriations from Earmarked Reserves totalling £3,874,000 were agreed by Council when setting the 2016/17 budget in February 2016. The current outturn position allows for further in-year net appropriations from reserves, totalling £1,816,700. Total net appropriations from / (to) reserves for 2016/17 will therefore equal £5,690,700.

- £209,000 from the Business Transformation Reserve to enable the progression of various projects.
- £166,700 from the Earmarked Reserves relating to Social Work Training grants and the Practice Learning Fund
- £37,000 from the Specific Projects Reserve to cover advisory costs relating to the Phase 3 Printing Review
- £250,000 from the Queensway Reserve to cover on-going revenue costs of the project
- £1,154,000 appropriation from reserves at the year end to offset projected overspend

£1,816,700

5. Revenue Contributions to Capital Outlay (RCCO)

The original budget for 2016/17 included planned revenue contributions for capital investments, via the use of Earmarked Reserves, of £6,472,000.

6. Performance against Budget savings targets for 2016/17

As part of setting the Council budget for 2016/17, a schedule of Departmental and Corporate savings was approved totalling £10.086 million. These are required to achieve a balanced budget.

A monthly exercise is in place to monitor the progress of the delivery of these savings. A breakdown, by RAG status, of the Departmental Savings is shown below:

	Red £000	Amber £000	Green £000	Original Savings Total £000	Projected Outturn £000	Forecast Variance £000
Department						
Corporate Services	0	375	1,033	1,408	1,408	0
People	260	3,547	1,504	5,311	5,015	(296)

Total	510	5,012	4,564	10,086	9,250	(836)

Although the current forecast is showing a shortfall of £836,000 against the required savings total of £10.086 million, it is currently expected that the total savings will be delivered in full as part of each Department's overall budget total by the end of the financial year either by finding alternative savings or ensuring amber and red savings are delivered in full.

7. Overall Budget Performance – Housing Revenue Account (HRA)

The HRA budget was approved by Council on 25th February 2016 and anticipated that £2,287,000 would be appropriated to earmarked reserves in 2016/17.

The closing HRA balance as at 31st March 2016 was £3,502,000.

8. Budget Virements

In line with the approved financial procedure rules all virements over £50,000 between portfolio services or between pay and non-pay budgets are to be approved by Cabinet.

Below is a table showing the virements which fall within these parameters.

	DR £	CR £
Virements over £50,000 in reported period	144	(144)

b. Additional peak relief requirement to meet service needs during the wet Spring/Summer. Reduced staff to meet saving requirements didn't take effect until part way through the year causing an in-year pressure.	A wet Spring/Summer has required higher levels of relief staff and overtime. Staffing pressure expected to reduce due to upcoming vacancies/reduction in seasonal staff. Bulk material has been purchased and stockpiled in advance of its intended use for the Summer whilst vehicle and machinery hire and maintenance costs peak this time of year, pressure expected to fall periodically.

Forecast Outturn Variance	Year to Date Variance
a.	
b.	
c.	Current cohort of LDD placements and Direct Payments budgets are overspending.
d.	Overspend due to cost of Agency Social Workers in frontline child protection roles in Care Management and First Contact teams. Teams are unable to run with Vacancies due to caseloads.
e.	Forecast for current cohort of fostering places. The number of children with in-house foster carers or kinship placements is now 185. This compares to 134 a year ago, an increase of 40%. Partly this reflects success in increasing the number of available in-house carers, but it is also driven by overall higher numbers of children in care, with PVI placements also remaining high. In June 2016, there were 274 Looked After Children. The comparative number for 2015 is 225.
f.	
g.	
h.	Current cohort of 53 children and young people in PVI placements is forecast to overspend, making the £250k saving a significant challenge. Within this there are 22 Residential placements compared to 13 a year ago. This budget remains volatile and susceptible to sudden changes in demand from high cost placements such as secure accommodation placements.
i.	
j.	Continuing overspend due to the costs of legal representation in child protection cases, linked to high numbers of children in care. There is a risk this overspend could increase as in the previous financial year the overspend was £200K and related to approximately 120 cases. So far this year the current case load is 49.

k. As in last year this service is likely to underspend, however costs may start to rise once the growth in pupil numbers reaches the Secondary School Phase.

An underspend is anticipated due to staffing vacancies against establishment in the School Improvement service.

Forecast Outturn Variance	Year to date Variance
<p>a. The value of works recharged to the public for damage caused to the highway is below the targeted level creating a potential pressure of £140k.</p> <p>Structural maintenance repair works, particularly on footways, is likely to result in a budget pressure of around £160k based on current expenditure levels due to the number of identified category 1 defects.</p> <p>Street lighting energy costs are reducing due to the LED replacement project, however delays at the outset mean the full benefit is yet to be achieved. The saving in the 2016/17 budget was based on the projects original timetable which has resulted in a potential in-year pressure circa £279k which will be temporarily funded from reserves.</p> <p>Income from the street works common permit scheme is above the expected level. A significant proportion of this is due to penalties levied in relation to S.74 overruns. At current rates an income surplus of between £0.4-0.5m seems likely.</p>	<p>Overspends in street lighting energy costs, structural maintenance and rechargeable works are being offset by the income from the street works common permit scheme. All are in line with the annual projections.</p>
<p>b.</p>	
<p>c. Delays in the implementation of the new Compliance Management contract for decriminalised parking mean expected savings in the first half of the year have not been achieved. The budget pressure as a result of this is approximately £114k. There is also £100k pressure from a shortfall in the income which is due to lower numbers of PCNs being issued as new staff are trained and 'buddy' up on patrols for a period of time. In addition to this the bad debt provision required at the end of the year is projected at £143k for which there is no budget.</p>	<p>The variance to date is due to the purchase of up-to-date equipment with regard to the new Compliance Management contract ahead of the 'go-live' date.</p>
<p>d. A surplus on the income from on- and off-street parking provision of £300k is expected, based on levels achieved to August.</p>	<p>The variance to date is due to income exceeding the expected levels and accrued season ticket income from 2015/16 payments in advance.</p>
<p>e. Confirmed costs for the first quarter were lower than estimated and this has been reflected in a reduction in the estimated invoice for the third quarter. Based on these updated figures the projection for concessionary fares has reduced to £3.25m against a budget of £3.17m. The forecast overspend has been adjusted accordingly but fluctuations in the number of journeys made</p>	<p>Concessionary fares is overspent in line with the annual projection.</p>

mean this pressure could increase again or decrease further but this will not be known until later in the year.	
f.	Additional security levels required at the Travel Centre will cost approximately £70k for a full year which will cause a budget pressure of £60k.
g.	
h.	Traffic signal maintenance costs have reduced significantly since the upgrade to LED leading to a potential underspend of £88k.
i.	Traffic Management expenditure is consistent with that of the previous year which showed a significant drop in contractor costs, this results in a potential underspend of £80k.
j.	
k.	The savings made from the new waste collection contract need to be re-allocated out across the various elements of collection and cleansing.
l.	The savings made from the new waste collection contract need to be re-allocated out across the various elements of collection and cleansing.

o.	The savings made from the new waste collection contract need to be re-allocated out across the various elements of collection and cleansing.

q.	Underspend on vacant posts. Flooding Business Support Scheme funding to be allocated to eligible businesses.

**Capital Programme Budget
Monitoring 2016/17**

Period 5

**as at 31st August 2016
Departmental Summary**

Capital Programme Monitoring Report – August 2016

1. Overall Budget Performance

The revised Capital budget for the 2016/17 financial year is £76.576million which includes all changes agreed at June Cabinet. Actual capital spend at 31st August is £19.517million representing approximately 25% of the revised budget. This is shown in Appendix 1. (Outstanding creditors totalling £0.899million have been removed from this figure).

The expenditure to date has been projected to year end and the outturn position is forecast to reflect the Project Manager's realistic expectation. This is broken down by Department as follows:

Department	Revised Budget 2016/17 £'000	Actual 2016/17 £'000	Expected outturn 2016/17 £'000	Latest Expected Variance to Revised Budget 2016/17 £'000	Previous Expected Variance to Revised Budget 2016/17 £'000
Corporate Services	17,235	1,438	16,871	(364)	(314)
People	14,329	8,293	13,779	(550)	(550)
Place	34,082	7,363	33,206	(876)	(876)

Total	76,576	19,517	74,786	(1,790)	(1,740)

The capital programme is expected to be financed as follows:

Department	External Funding			Total Budget £'000
	Council Budget £'000	Grant Budget £'000	Developer & Other Contributions £'000	
Corporate Services	17,037	4	194	17,235
People	7,696	6,633	-	14,329
Place	18,754	13,117	2,211	34,082
Housing Revenue Account (HRA)	10,768	109	53	10,930
Total	54,255	19,863	2,458	76,576
As a percentage of total budget	70.9%	25.9%	3.2%	

The funding mix for the total programme could change depending on how much grant and external contributions are received by the Council by the end of the year.

The grants and external contributions position to 31st August is as follows:

Department	Grant Budget £'000	Developer & Other Contributions Budget £'000	Total external funding budget £'000	External funding received £'000	External funding outstanding £'000
Corporate Services	4	194	198	4	194

Total	19,863	2,458	22,321	12,618	9,703

2. Department Budget Performance

Department for Corporate Services

The revised capital budget for the Department for Corporate Services is £17.235million. The budget is distributed across various scheme areas as follows

Department for Corporate Services	Revised Budget 2016/17 £'000	Actual 2016/17 £'000	Expected outturn 2016/17 £'000	Latest Forecast Variance to Year End 2016/17 £'000	Previous Forecast Variance to Year End 2016/17 £'000

Total	17,235	1,438	16,871	(364)	(314)

Priority Works	£'000
Budget available	500
Less budget allocated to agreed schemes	(72)
Remaining budget	428

Actual spend at 31st August stands at £1.438million. This represents 8% of the total available budget.

Queensway

The Ground Penetrating Radar scheme of £142k is focused on determining the location of gas pipes, electricity cables and drainage around the Queensway site. The radar is able to give accurate location information within 100mm. Cat surveys have completed the footway element and moved onto the verification stage of the carriageway element along with the underground car park adjacent to the tower blocks. The remaining budget of £1million relates to commercial property buy back and a project budget for the continuance of the scheme.

Tickfield

All building works have now been completed at Tickfield and the final account is the only outstanding cost.

Asset Management (Property)

A scheme to demolish the existing Southend Library car park and construct a new one is taking place in 2016/17 and utility mapping, topographical surveys and laser scanning has already taken place. The new building will increase capacity for parking spaces and earn additional income.

The scheme to redevelop the Civic East car park will take place following the Library car park reconstruction. £75k of this budget will be included as a carry forward request in the report to November Cabinet to take account of the scheme continuation into 2017/18.

Planning has not yet been submitted for the scheme to discharge the East of England Development Agency agreement and it is unlikely this will progress during 2016/17. The full budget of £164k will be included as a carry forward request in the report to November Cabinet.

The progress of the Seaways Development Enabling works is currently subject to quotes and planning therefore £75k of the £1.950million budget will be included as a carry forward request in the report to November Cabinet.

Various options have been explored for the development of the land at 16 Brunel Road however nothing commercially viable is yet developed to progress. Work continues with PSP Southend LLP and via other routes but no expenditure is planned for 2016/17. The full budget of £50k will be included as a carry forward request in the report to November Cabinet.

£850k has now been committed on the Airport Business Park scheme for pitch construction and archaeology. A commitment for road and services infrastructure is also expected during November with the full 2016/17 budget to be spent by March 2017.

Cemeteries and Crematorium

A scheme to improve the crematorium grounds and replace the aged Pergola Walk is taking place in 2016/17 to include memorials and interment units within the supporting structure. Tender evaluations have now taken place and they have been returned to procurement to award the contract.

Screening and removal of surplus soil on the new burial site is 90% complete. Once this phase has been completed, landscaping and setting out the new extension can commence.

The Perimeter Security Improvements scheme is progressing well. The five additional CCTV cameras have been installed in the lower ground floor of the Civic Centre and are now operational. Works to be completed are the installation of access swipe panels around the new barriers and the re-sighting of the original CCTV cameras.

ICT

The scheme to deliver a robust Social Care case management system is well underway with a full suite of test systems now available for use. The budget for 2016/17 is £1.4million and projected spend is currently on target. The Children's finance configuration work shop has now been completed and form design continues within the service area. Test plans and

scenarios have now been produced for user acceptance testing and preparation for data migration continues.

A project to review the end to end process for reports and requests received by the Council in respect of waste, public protection, highways and parking related matters is now underway which has commenced with waste during August. This scheme has a view for self-serve automation and the removal of manual intervention from the process. This element of the project is scheduled to complete in December at which time the additional elements will commence.

Priority Works

The Priority works provision budget currently has £428k remaining unallocated.

Summary

Carry forward requests to be included in the report to November Cabinet are the Capital Allocation to Discharge the EEDA Agreement for £164k, Civic East Car Park Redevelopment for £75k, 16 Brunel Road for £50k and Seaways Development Enabling Works for £75k.

Department for People

The revised Department for People budget totals £14.329million.

Department for People	Revised Budget 2016/17 £'000	Actual 2016/17 £'000	Expected outturn 2016/17 £'000	Latest Expected Variance to Year End 2016/17 £'000	Previous Expected Variance to Year End 2016/17 £'000

Primary and Secondary School Places	9,537	7,540	9,537	-	-
Total	14,329	8,293	13,779	(550)	(550)

Actual spend at 31st August stands at £8.293million. This represents 58% of the total available budget.

Adult Social Care

The Community Capacity grant is used to enable vulnerable individuals to remain in their own homes and to assist in avoiding delayed discharges from hospital. Plans for 2016/17 include the development of an independent living centre, investment in technology and extra care provision.

General Fund Housing

The Private Sector Renewal scheme is in place to ensure that the private sector stock is kept in a good condition. A carry forward request of £300k is to be included in the report to November Cabinet in line with expected spend for 2016/17.

The Empty Dwellings Management scheme is currently concentrating on bringing more empty homes back into use. £120k spend is forecast on three current properties with a carry forward request of £200k to be included in the report to November Cabinet.

Minimal works are in the pipeline for the Works in Default enforcement scheme therefore a carry forward request of £50k will be included in the report to November Cabinet.

Children & Learning Other Schemes

Retentions of £57k are being held for Kingsdown Special School roof works and will be paid once outstanding snagging and defects works are completed and fully signed off. This figure is included in the creditors shown above.

Condition Schemes

A budget of £1.215m has been allocated to address larger conditions in schools where the cost is over the schools capabilities to fund. Most of these works have been undertaken over the school summer holidays to minimise disruption to the schools. Retentions of £23k are being held for works completed last year at seven primary schools.

Devolved Formula Capital

This is an annual devolution of dedicated capital grant to all maintained schools. The grant for 2016/17 is £288k. This grant amount will reduce as further maintained schools convert to academy status.

Primary and Secondary School Places

The primary expansion programme is now complete with the final two projects at St Helen's Catholic and St Mary's Primary Schools handed over. A review of places available against forecast demand will be done on an annual basis. If a need is identified, a further expansion of primary places will be explored to ensure that the Council's statutory duty to provide a good school place for all those that request it can be met. A secondary expansion programme is now in the beginning stages to ensure that the extra places supplied in primary are matched in secondary as they are needed. As part of this expansion programme, the PROCAT building in Southchurch Boulevard has now been purchased. Improvements to Special Education Needs and Pupil Referral Unit accommodation are also in the planning stages. A further £128k is also being held as retention payments against works completed in the previous financial year on primary expansion projects.

Summary

Carry forward requests will be included in the report to November Cabinet for Empty Dwellings Management for £200k, Private Sector Renewal for £300k and Works in Default Enforcement for £50k.

Department for Place

The revised capital budget for the Department for Place is £34.082million. This includes all changes approved at June Cabinet. The budget is distributed across various scheme areas as follows:

Department for Place	Revised Budget 2016/17 £'000	Actual 2016/17 £'000	Expected outturn 2016/17 £'000	Latest Expected Variance to Year End 2016/17 £'000	Previous Expected Variance to Year End 2016/17 £'000

Energy Saving Projects	3,125	126	3,125	-	-
Total	34,082	7,363	33,206	(876)	(876)

Actual spend at 31st August stands at £7.363million. This represents 22% of the total available budget.

Culture

Works to undertake the reinstatement and stabilisation of Belton Hill steps are now underway. Procurement is now underway for the appointment of a geo-technical engineer although due to pressures this is taking longer than expected. This project will be reviewed before November Cabinet with the potential of the budget being carried forward into 2017/18.

The display cases for the Prittlewell Prince collection have now been delivered. The bespoke display mounts are currently on order and awaiting delivery.

Enterprise, Tourism & Regeneration

The Regeneration projects include all the work currently taking place on Southend Pier and the City Deal Incubation Centre as well as the Coastal Communities Fund.

Work is on-going for the design to maximise opportunity of additional office space at the Incubation Centre. These works are subject to funding confirmation from the environment for Growth (E4G).

The Three Shells Lagoon is complete and was officially opened on 21st July. The only outstanding works relate to a toilet block which is scheduled for completion in October 2016.

An order has been placed with the contractor for the Pier Hill lift replacement scheme. Works are expected to complete by the end of September 2016.

Several projects are planned for 2016/17 under the Property Refurbishment Programme including works at Priory Park yard, Campfield Road toilets, Belfairs Park external repairs and Central Museum windows. Some of these works require listed building approval therefore they are likely to take place later in the year.

Emergency works orders have been placed under the Southend Pier condition scheme totalling £165k. This relates to work on the pile caps.

The Prince George extension works involve concrete trials which will be going ahead in 2016/17 at a cost of approximately £300k. The remaining budget will be required once the trial is completed which is likely to be in 2017/18 therefore a carry forward request of £876k will be included in the report to November Cabinet.

Coastal Defence and Foreshore

The cliff stabilisation scheme on Clifton Drive is working to remediate the cliff slip and reinforce it against further slippage. The project has progressed substantially and is approaching completion. An error by the concrete pre-casting company, who have provided the concrete units for the cascade steps at the east end of the site, has led to a delay in the completion of that detail. This will take an estimated two weeks to correct and will prevent use of those steps. With this exception, full public access is programmed to be restored by 16th September. All footpaths to the western half of the site are now open. Final landscaping works will proceed in the autumn.

Highways and Infrastructure

A scheme to invest in the highways infrastructure to reduce long term structural maintenance and improve public safety has been approved for 2016/17. The works are based on priorities identified by the outcome of the asset management condition survey. Footway renewal works have now commenced and are set to continue throughout the rest of the year.

A grant of £65k has been received from the Department for Transport for the repair of potholes throughout the Borough. This grant has been secured for the next 5 years.

The Street Lighting budget is a multi-million pound, multi-year scheme to be part funded by the Challenge fund from the Department for Transport. The luminaires installation is currently 5 months ahead of schedule and is expected to complete by Christmas. Works to replace concrete columns on the seafront have commenced. 1,000 additional concrete five metre columns at various sites are to be replaced and this work is programmed to commence in January 2017. De-illumination of street signs and replacement of LEDs has also commenced. Trials of smart city applications are programmed for November.

Parking Management

A new scheme to improve car park surfacing, structures and signage and to replace pay and display machines in order to maximise capacity and usage is taking place in 2016/17. The scheme will aim to rationalise and upgrade pay and display equipment across all car parks, surface improvements at East Beach, lighting upgrades at Belton Gardens and

layout alterations to improve accessibility and security at University Square. A new contract is in place and detailed plans for car park improvements are underway.

Section 38 and Section 106 Schemes

There are a number of S38 and S106 schemes all at various stages. The larger schemes include works to Shoebury Park enhancement and Fossetts Farm bridleway works.

Local Transport Plans (LTP Schemes)

The Local Transport Plan schemes cover various areas including better networks, traffic management, better operation of traffic control systems and bridge strengthening.

Local Growth Fund

The A127 Growth Corridor projects will support the predicted growth associated with London Southend Airport and the Joint Area Action Plan (JAAP) proposals developed by Southend, Rochford and Essex County Councils to release land and create 7,380 high value jobs. The improvement will also support background growth of Southend and Rochford.

The final business case for A127 Kent Elms junction improvements has been approved by the South East Local Enterprise Partnership to draw down the 2016/17 funding. Further work is underway for the final bridge and highways maintenance business cases for 2016/17 onwards.

The 2016/17 works on Kent Elms are focusing on the design and construction of the main works. The final design has now been agreed. Highways works are now out to tender and consultations with land owners are underway.

The works to the Bell junction will be focusing on options to put forward for the business case.

Bridge and Highway Maintenance works will be focusing on investigation works for improvements to the A127 corridor. Surfacing is now complete to the east bound section of the A127 from boundary to just prior to the Progress Road improvement works and in the vicinity of Bellhouse Lane. Further surveys for drainage, traffic data, lighting and safety barriers are yet to be undertaken.

Transport

The final account is still being negotiated with the contractor for the main works on the A127 Tesco junction improvements. The Road Safety Audit report has been reviewed with minor adjustments being carried out on traffic signals as necessary.

Minor adjustments to traffic signals on Progress road are yet to be completed.

Southend Transport Model is an on-going scheme to support various multi modal transport projects.

Energy Saving Projects

The tender for the solar panels at Eastwood Schools is currently being prepared and is due to be issued by the end of September.

The solar panels at Southend Adult Community College and Temple Sutton School are now live and the efficiency elements works took place over the summer. Planning permission

has been received for the biomass boiler at Southend Adult Community College and the works will take place during October 2016. The pool cover and heat pump for Temple Sutton Primary School has been designed and agreed with the school. The tender for the works is due to be issued by the end of September 2016.

Summary

A carry forward request will be included in the report to November Cabinet for the Prince George extension works for £876k.

Housing Revenue Account

The revised budget for the Housing Revenue Account capital programme for 2016/17 is £10.930million. The latest budget and spend position is as follows:

Decent Homes Programme

The Decent Homes programme for 2016/17 is currently on schedule. The contract for structural survey works at Longbow, Bewley Court and Temple Court has been awarded and these works began in September. All other capital schemes for 2016/17 have been programmed to be completed by 31st March 2017.

Council House Adaptions

This budget relates to minor and major adaptations in council dwellings. Spend depends on the demand for these adaptations and works are currently in progress for 2016/17.

Sheltered Housing Remodelling

A proposal for the use of this budget will go forward to November Cabinet and more details will be known if these works are approved.

Other HRA

The plan for the HRA Land Review scheme is to construct 18 housing units within the Shoeburyness ward. Building works are progressing well. Brickwork is nearing completion on five housing sites with internals including plastering now moving forward. Works are on schedule for completion by spring 2017 and a phased delivery for handover of sites is expected.
