

Equality Analysis Screening Sheet

To be completed in combination with the Equality Analysis template where needed

Directorate	Neighbourhoods and Environment
Executive Director	John Burr
Head of Service	Elizabeth Georgeou
Report Author	Elizabeth Georgeou
Project	Feed and Food Service Plan

- In order to determine if an Equality Analysis is required, please consider the following:
- What are the aims or purpose of the new/changed policy, service function, restructure or other proposed changes?
This is an annual report that is required to go to Cabinet, it reports demands on the service and reports against the previous year's performance against the previous years' service plan.
- What are the main activities relating to the new/changed policy, service function, restructure or other proposed changes?
The Service plan is set out in accordance with the Food Standards Agency's (the responsible food authority) Framework Agreement. They direct us what should be included in line with the Food Standards Agency priorities, national standards for feed inspections and national priorities for sampling. As required by the framework agreement it reflects the local area being a seaside location and the local cockle industry.
- What will be the impact of the proposed change(s) on the following groups of protected Characteristics
(There is an EA Checklist for groups with Protected Characteristics that you may find useful [here](#))

Protected Characteristic	Positive Impact	Negative Impact	No Impact	Unclear
Age (inc Looked After Children)			Y	

Disability (inc carers)			Y	
Gender Re-assignment			Y	
Marriage & Civil Partnership			Y	
Pregnancy & Maternity			Y	
Race			Y	
Religion or Belief			Y	
Sex			Y	
Sexual Orientation			Y	
Socio-Economic			Y	
Intersectionality			Y	

5. Is the proposed change generic? (Examples of generic change might be removal of parking bays, increasing parking charges, highways footpath maintenance).
If yes, consideration should be given to whether any of the protected groups may be more disadvantaged
Yes, the statutory service for food and feed control is applied across the Borough.
6. Where no impacts across all groups are identified, please evidence below, making reference to any research or data you have used to arrive at this conclusion.
The Food Standards Agency is a national body, applying standards across England and Wales. Equalities Assessments are undertaken by the Food Standards Agency on the delivery of the statutory service.
7. Where impacts on any group or groups are identified, please complete a full Equality Analysis
None
